

NORTHERN TRIBUNE.

THURSDAY, MARCH 19, 1885.

THE CITY.

Bargains in fine watches at L. T. Limpert's.

Now is the time to get a good watch cheap. Call on L. T. Limpert.

Limpert, the jeweler, is making quite a stir in the watch trade, prices way down.

Wm. Hess was down at Wolverine last week making repairs on the boiler in O'Beare's mill.

The badly drifted walks last Sunday interfered seriously with the attendance at the different churches.

The ladies of the Baptist church desire to see you at their Home Mission supper at the church next Wednesday evening.

The Bay City fishermen are remonstrating against the passage of the bill enlarging the meshes of fishing seines.

Thomas Leonard's camp, getting out logs for Thompson Smith's sons, broke up last Saturday, the crew coming to town.

Two teams crossed to Bois Blanc Island Saturday with furniture and supplies for the settlers. It was a terrible day to make the trip.

James Fox, station agent of the Michigan Central at Mackinaw City, and wife came down on the train yesterday morning and spent the day in town.

Cheboygan was not the only place in the state that experienced a cold St. Patrick's day in the morning. Weather way below zero was in fashion all over the state.

The new library for the Congregational Sunday school has been received and the books were issued last Sunday for the first time. The children are delighted with them.

J. H. Greene, manager of Hecker's dredges at work at Sault Ste. Marie spent Tuesday in the village on his way to Saginaw. He left Sault Ste. Marie Monday morning.

Col. N. B. Mason, left for Clyde, Ohio, last Friday. He expects to be absent a couple of weeks. On his return he will prepare for an active season's work at brick making and expects to begin work just as soon as the weather will permit.

The Presque Isle County Advance is of the opinion that there is no need of a brass foundry at Indian River. The check exhibited by the citizens of that burg in the matter of the new county, the editor thinks will fill the bill for years to come.

It is said that owing to the reduction of the clerical force in the White House, these retained are compelled to work sixteen hours a day to keep up with the work. How does this strike the advocates of the eight hour law as a movement towards reform?

P. Kerr took a lead of supplies over to Bois Blanc island last Friday. While driving across a crack in the ice both of his horses broke through, going down until the water was over their backs. By prompt work they were rescued and the trip successfully continued.

Homer J. Field is going to take the small tug Katie to Black Lake as soon as the ice is out of the lake so that he can get her in. She should do a good business and be quite an accommodation to settlers and lumbermen having logs to bring across that lake.

The following from the St. Ignace News will be of interest to many of our citizens, as the young lady mentioned formerly resided in Cheboygan and has many warm friends residing here:

Miss Stella Seaman, of Drummond's Island, left her home on Friday morning with a team of six dogs and arrived here at 4:30 Sunday evening, having traveled a distance of 115 miles in three days. The first day out she made Detroit, the next Strongsville, and the third this city. She intended, on starting out, to take the stage at Strongsville, but she found her own rig so comfortable she changed her mind. Throughout the journey she kept her feet warm by the aid of a bottle of warm water, which she got refilled at every house she passed. She continued on her journey from here to Fife Lake on a visit to her sister. A young lady who would undertake a trip like this all alone, through the wilds of northern Michigan, and in such severe weather, should be placed on record as a heroine.

Home Mission Supper.

The ladies of the Baptist church will give their annual Home Mission supper in the audience room of the church next Wednesday evening, March 25.

In order to accommodate all, supper will be served at 6:30 and also at 9 o'clock.

No assurance need be given that this entertainment will be first-class. All are invited. Admission 25 cents.

DIED.

At the residence of her Aunt, near Elk Rapids, Michigan, February 28th, 1885, Mrs. Amanda LaLone, wife of George LaLone, aged 22 years, 11 months and 17 days. The deceased was formerly a resident of Cheboygan.
