

Erie. 3d. The Railroad from Erie west to the line between Pennsylvania and Ohio. 4th. The Railroad from the last mentioned line to Cleveland. The passage can now be made between the two cities at all seasons of the year in six hours. (Det. Tribune.)

An excellent cement for seams in the roofs of houses, or in any other exposed places, is made with white lead, dry white sand, and as much oil as will make it into the consistency of putty. The cement gets as hard as any stone in the course of a few weeks.

R-R-R

The triple R's we perceive, in the majority of our exchanges, stands forth in bold relief, it has carried hope to the hearts of thousands, it has performed the most remarkable cures on record. It has raised the dying invalid from a bed of misery to the scenes of health and pleasure, in a few days. It has put flesh upon the wasted form and new life to the worn-out trunk. It will stop the most cruel pang of pain in an instant, and cure the most tormenting toothache in a second—the most acute Rheumatic pains in a few minutes, Diarrhoea, Dysentery, Neuralgia, Sick-headache, and all other nervous, bilious, or rheumatic pains almost instantly. It is magic like in its effects. In England, Russia, France, Austria, the Chief Physicians to their Majesties have been staggered at its remarkable efficacy and electrical speed, in stopping pain and curing its cause. In all cases ask for *Radway's Ready Relief*. [2w.]
