

Important from Washington.—The National Intelligencer of Thursday contains the following startling intelligence in the form of a postscript:

"Late last evening, after an Executive session of several hours, the Senate removed the injunction of secrecy from the treaty, and documents accompanying it, for the annexation of Texas. We have not, of course, had any opportunity of examining these papers, but we learn orally that, by a communication from the President yesterday, the Senate was informed that he had ordered a military force to repair to the frontier of Texas, to open a communication with the President of that Republic and act as circumstances might require; and had also ordered a naval force to Vera Cruz to remain off that port, and prevent any naval expedition of Mexico, if any such should be attempted, from proceeding against Texas!

ANOTHER GRIN FROM THAT SAME OLD COON!

It is settled that the recent election in Virginia has gone for the Whigs. The Richmond Enquirer at length gives it up. The N. Y. American says:

"At the worst it seems that we must have a majority of four on joint ballot, with a chance of eight or ten. This secures of course a Whig U. S. Senator for six years from the 4th of March next, and is a foretaste of what Virginia will do in the Presidential contest.

Since last autumn, the Whigs, with the broad banner of Henry Clay and Protection waving over them, have CARRIED the following states by decisive majorities:

OHIO!
GEORGIA!
VERMONT!
VIRGINIA!
KENTUCKY!
MARYLAND!
RHODE ISLAND!
CONNECTICUT!
MASSACHUSETTS!

Since the first of January last, the Whigs have carried the following cities, at charter and state elections:

TROY, RICHMOND,
ALBANY, PRINCETON,
BOSTON, HARTFORD,
HUDSON, NEW HAVEN,
BANGOR, BROOKLYN,
LOWELL, PROVIDENCE,
NEWARK, PITTSBURGH,
ST. LOUIS, ROCHESTER,
GALENA, BALTIMORE,
DETROIT, JERSEY CITY,
BUFFALO, SCENECTADY,
TRENTON, INDIANAPOLIS,
PORTLAND, N. BRUNSWICK,
PHILADELPHIA.

Twenty-seven cities of the Union!—That will do very well in this line of Whig business, for the first four months of 1844—the great Clay Whig year.—We have no reason to complain, as yet.

Within the same time the Locos have carried
New Orleans, Harrisburgh,
Cleveland, Utica,
And lost

NEW-YORK!
So much for so much! and yet the Locos impudently tell the victorious Whigs that their rejoicings are but a part of a "grand game of brag!" The above facts speak for themselves. We leave the people to judge for themselves who has reason to brag.—*Albany Am. Citizen*

ELECTION OF 1825.—The Free Press abuses Mr. Clay, because he did not vote for Gen. Jackson in 1825. We have a short answer to that. Mr. Van Buren's friends in Congress, acting under his advice, did not vote for Gen. Jackson, but for William H. Crawford. The choice was made on the first ballot, but it is well known that these Van Buren men from New York, had determined to vote for Mr. Adams on the second ballot. They endeavored to dissuade Gen. Van Rensselaer from voting for Mr. Adams at the first trial, and told him that on the second, they would all go in for Mr. A. and thus decide the election in his favor. Mr. Van Buren did not in fact come out against Mr. Adams for something like a year, and until Mr. A. refused to appoint Mr. Van Buren Minister to England, as he was urged to do by Rufus King, after De Witt Clinton declined. Martin Van Buren was as little an original Jackson man as Henry Clay. If the one is blameworthy, then is the other. And as for Gov. Cass, he was an Adams man through the entire Adams administration.—*Advertiser*

A SON.—On the train of cars passing from Detroit to Ypsilanti May 23d, a proposition was made and agreed to between our whig friend, Morgan Bates of Detroit, and our Locofoco host of the Junction Hotel, to take a vote on the question of the Presidency, which resulted as follows:

For Henry Clay 62
" Van Buren, 36
" Birney, 6
" Cass 3

So we go. Hurrah for Clay and Frelinghuysen. Poor business for Locofoco to run against this team.

CHARTER ELECTIONS.—Syracuse has just elected whig charter officers (except one Constable) by an overwhelming majority—average on Trustees, 172. This is beyond all precedent. There was a great change among the adopted citizens to the whig side.

GEDDES, also in Onondaga Co. has elected four whig out of five, always before Locofoco.

ROME, Oneida Co. has elected an entire whig charter ticket except Police Constable, Calvin B. Gay, an eminent Conservative, President. The total vote 395, larger than ever before, and the whig majority 30. Rome has long been a regency strong hold.

Newburgh has done nobly. The following is the average vote:
Whig 270; Nativo 177; Loco 166—*Tribune*.

To bring the dead to Life.—Immediately, as soon as the body is recovered from the water, press the chest suddenly and forcibly, downward and backward and instantly discontinue the pressure.—Repeat this without interruption, until a pair of common bellows can be procured. When obtained, introduce the nozzle well upon the base of the tongue. Surround the mouth with a towel or handkerchief and close it. Direct a bystander to press firmly upon the projecting part of the neck (Adam's apple) and use the bellows actively. Then press upon the chest to expel the air from the lungs, to imitate natural breathing. Continue this, at least an hour, unless signs of natural breathing come on.

Wrap the body in blankets, place it near a fire, and do every thing to preserve the natural warmth, as well as to impart an artificial heat, if possible. Everything however, is secondary to inflating the lungs. Send for a medical man immediately.

Avoid all frictions, until respiration shall be in some degree restored.—*Id.*

"ET TU BRUTE!"
"Speak out Old Virginia! With the same thrilling words proclaim the condemnation of traitors, and the success of a glorious cause.—*Madisonian*.

It is exceedingly fortunate for John Jones that there is no law for a back-handed strike, in which light we must regard the above heavy imprecation upon Captain Tyler. We cannot believe that the editor intentionally aimed so heavy a blow at the President, and yet every body will agree that he has hit him and his pack of political stock-jobbers right between the eyes. And what is better than all, Virginia is nobly responded to the call—she has "spoken out," and "proclaimed the condemnation of traitors, and the success of a glorious cause." If Captain Tyler should happen to construe the remark of the Madisonian in the same way that other people do, he will be likely to send John Jones to Botany Bay for his impudence.—*Whig Standard*.

TO THE DEMOCRATIC WHIGS OF MICHIGAN.
MASS STATE CONVENTION.

The Whig State Central Committee, in accordance with a resolution adopted at the last State Convention, hereby give notice that a Mass Convention of the Democratic Whigs of the State Michigan will be held at Marshall, on the Fourth day of July next, at ten o'clock in the forenoon of that day, to respond to the nominations of HENRY CLAY for President, and THEODORE FREELING HEYSEN for Vice President of the United States; and also to nominate five Presidential Electors to be supported at the ensuing November Election. The Whig county committees are respectively requested to take the necessary measures, to insure a full attendance at the Convention of the whigs of their respective counties. Let the convention be worthy of the cause and the man.

The Committee avail themselves of this occasion, to congratulate the whigs of the state upon the bright prospects, and glorious triumphs that every day attend the Whig cause. Harmonious in feeling, cordial and united in action, with purposes well understood, and with principles well settled, the Whigs under the banner of their favorite chieftain, march forth once more to the rescue of the country.

CAUTION CIRULAR.
To Druggists and country Merchants.

Those valuable articles, Oldridge's Balm of Columbia for the Hair, and Ha'y Liniment for the Piles, etc. have been extensively counterfeited. Those wanting these preparations will please write, when ordering from any other houses, for Comstock's articles.—The true articles have that name or signature always on the wrapper, and vendors will do well to remember that, when ordering, as the imitations are so exposed in nearly all the newspapers throughout the country, that they could not be sold, should they be so unfortunate as to get them.

Our friends throughout the Union are requested to give us immediate notice, by letter should any of the counterfeit's appear in their respective places. Respectfully,

From the Boston Chronicle, Jan. 10.

WE see by an advertisement in another column that Messrs. Comstock & Co., the American agents for Oldridge's Balm of Columbia, have deputed to sell that article in Boston and elsewhere. We know a lady in Boston in this city whose hair was so nearly gone as to expose entirely her phenological deyelopements, which, considering that they betokened a most amiable disposition, was not, in reality, very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and, after a year's fruitless resort to misalled restoratives, purchased, some months ago a bottle of or two, of Oldridge's Balm, and she has now ringlets in rich profusion, glossy, and of oven blackness. We are not puffing—none of the commodity has been sent us, and, indeed, and we do not want any for we have now, through its virtue, hair enough, and of a possible quality, of our own.

DARING FRAUD.
The Balm of Columbia has been imitated by a notorious counterfeiter. Let it never be purchased or used unless it have the name of L. S. Comstock, or the signature of Comstock & Co. on a splendid wrapper. This is the only external test that will secure the public from deception.
