Carter has just added to his already large list of surgical instruments one of the latest improved compressed air outfits for the treatment of catarrh, and all head and throat troubles, a Phonendoscope one of the latest and best instruments known to the medical profession for the testing of lung and heart trouble and a Laryngoscope an instrument for inspecting the throat which enables him to see into the lungs and detect the least irregularity. He will in a short time add an X-Ray. He has one of the most up-to-date surgical outfits in the Valley of Virginia and has shown great enterprise in securing the latest improved instruments for the benefit of our people.

RAIN. Nothing pays its debts, it is said, so well as the weather. After several years of dry weather, the bureau seems to have gone into liquidation. The long promised rain commenced on Friday, and notwithstanding the fact that the rivers were full and all labor was stopped on the water works, it continued to rain. In spite of Mr. Moore's predictions and the active use of the costly instrument of the weather bureau, the water continued to fall, sometimes leisurely and at others in heavy showers. Saturday, Sunday, Monday, Tuesday, and Wednesday, it was either raining or threatening to rain. The deceptive promises of the weather bureau were as brittle as pie-crust. April has furnished one to throw water on the large cooking stoves of the new water system. But in spite of wind and weather the work goes briskly on.

ELECTRIC LIGHTS. Several engineers and dealers in electrical supplies have been in town recently soliciting the contract to supply Woodstock with electric lights. We are not advocating this improvement, but nevertheless it is coming, as is also the long distance copper metallic circuit Telephone line which has already reached Harrisonburg and is on its way Northward, while our friends at Winchester are now talking about a trolley line through the Valley. With our "pure mountain water," long distance telephone line, electric lights and rapid transit, what is to prevent our community from keeping abreast of the times?

THE LAST SERMON

OF THE REV. SAMUEL M. BOWMAN.

Eleven Hours Later He Was a Corpse.

From the Staunton News. Mr. Sidney, Va., April 22.—"Now the Lord said unto Abraham. Get thee out of thy country, and from thy kindred, and from thy father's house unto a land that I will show thee; and I will make thee a great nation, and I will bless thee and make thy name great, and thou shalt be a blessing." (Gen. XII: 1-2) were the words of the text of an excellent and very impressive sermon preached by Rev. Samuel M. Bowman, the newly appointed pastor of the Parnassus circuit, before the Mt. Sidney congregation at 11 a. m., Sunday. Eleven hours later the Rev. Mr. Bowman was dead.

Mr. Bowman had for the past four years been pastor of a charge at Brunswick, Md., and was appointed pastor of this charge at the recent annual conference at Roanoke. Arriving at Mt. Sidney on Saturday evening, Mr. Bowman stopped at the home of Jos. P. Shumake, expecting to preach here on Sunday morning and at Spring Hill the afternoon following, returning to Mt. Sidney and going from this place to the parsonage at Parnassus, where his household furniture had preceded Monday.

Owing to the inclement weather he decided not to go to Spring Hill, but to make necessary preparations to go to Parnassus Monday. He seemed to be in the best of spirits and was heard to remark on Sunday morning that he was feeling better than he had felt for four years. After eating a hearty dinner he walked out on the front porch, resting Mr. Shumake's little boy and seeming unwell.

About 4 o'clock he walked down the street a short way, staggered, and sat down on a pile of lumber lying along the street. Seeing Messrs. John L. Stetson and John Shaver he called and beckoned them to his assistance. They carried him into the house suffering from severe cramps.

Dr. Frank Crawford was summoned and succeeded in relieving him to some extent, but he finally grew worse. About 10 o'clock he became very restless, turning over and over in his bed. He had strange rattling in his throat and turning to Mr. Shumake, who was standing near him, asked if he thought it was the death rattle. The latter replied that he thought not. "All is well," called his wife to his side and expired.

Deceased was 45 years old. His death falls like a pall over our village. His wife's life has the sympathy of our entire community.

Besides his wife, Mr. Bowman is survived by four brothers, N. M. and one who was named as don't remember, of Mitchell, Ind., J. J. of Franklin, Pendleton, W. Va., Frank Bowman, of Warren county, Va., and two sisters, Mrs. Root, of Strasburg Springs and Mrs. Pence, of Roanoke.

The remains will be taken to Mt. Jackson on the 6 o'clock a. m. train on the B. & O. Tuesday. The funeral and interment will be at place at Rinkerton, on the 10 o'clock a. m. train. Preparatory services conducted by Rev. J. E. Armstrong of Staunton.

His brother, T. A. Bowman of Franklin county, Va., who happened to be in Harrisonburg at the time of his death, came up on the 7:40 a. m. train.

Mr. Bowman was well known and had many friends in this county. He had taught school for some years before he entered the ministry. He was an excellent man. He passed through Woodstock on Wednesday of last week, looking unusually well. His death is deplored by a large number of friends in Shenandoah.

Big Blaze at Shenandoah. Three handsome residences on Second Street, Shenandoah, were burned to the ground yesterday morning. The flames starting, it is believed, from the explosion of a lamp in the hall of Mrs. John Harrison's house. The people were powerless to save the adjoining property of Joseph Taylor and W. W. Shank, occupied by James Foltz and the Stouffer family. The personal property in the Harrison home was almost totally destroyed, that in the other houses was, for the most part, saved.

The flames were discovered at 2 a. m., and had already made great headway. We are informed that, as the fire caught at the entrance of Mrs. Harrison's house, escape by the door was cut off, and it was necessary for the inmates to escape by a window. Mr. Harrison was away from home at the time. The fire burned fiercely for two hours, and for a time other structures were in danger.—Page News.

Robbed the Grave. A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken. My nose coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 60 cts., guaranteed, at B. Schmitt's Drug Store.

A REPLY. I desire to reply to a statement in last week's issue of the Herald, regarding the Hardware bill furnished the Geary Hotel. The reasons for doing so is, that I may be known as a man who furnished the heavy part of the Hardware as stated, and how much. I agree with the gentleman that he was to furnish the nails for the building, and that when the time came he did not have the sizes and kind required, and of course did not furnish them. Of the 14 kegs that have been and will be used in the building, he has furnished the actual goods, and at prices that defy competition. Builders' Hardware a specialty. F. S. Bowman.

The Demand For Town Property. A great deal of Town property has changed hands this spring and there is yet a demand for more. We know of several parties anxious to purchase property in town. Some persons think that this change has been brought about by the inauguration of a new water system.

OBITUARY.

MRS. MAGDALENE HESLEY.

Mrs. Magdalene Hesley, an octogenarian, died late last night at her home on Eleventh avenue, Homestead, after a short illness of a complication of diseases.

She came of a noble family, remarkable for its size being the twenty-fourth child of a family of twenty-five children, nearly all of whom lived over three score years. Her parents were Joseph and Susannah Fultz, who were among the first settlers in Virginia, having come from Germany in 1790 and settled in the Shenandoah Valley. Her father was 19 years of age when he landed in this country. He fought in the Revolutionary war, winning honors for his bravery and daring. He received a commission as quartermaster in the colonial army. In later years he often visited Washington at his home, Mr. Vernon, and loved to tell his children about the great man. He died surrounded by nineteen of his children at his old home in Virginia, at the advanced age of 87 years. All of the twenty-five children are now dead with the exception of the one son, who is living at the old home in the Shenandoah Valley at the age of 94 years. Several of the children, passed the century mark. Mrs. Hesley, who died last night, was the next to the youngest of the family. After marrying she resided for many years in West Virginia and in 1864 removed to Belleair, O., where she resided until six months ago, when she came to homestead. Her husband died eight years ago in Belleair. She is survived by one daughter, Filomena C. Hesley, and seven sons, Jacob, of Bridgeport, O., Charles, of Martins Ferry, Geo., of Marion, Ind., and Min, Cassius and Millard F., of Homestead. The arrangements for the funeral have not yet been completed.—The Pittsburg Press.
