WINCHESTER'S BIG DAY.

Reported for the Baltimore Sun Saturday, Winchester observed its sesqui-centennial today with a rousing old time celebration, in which firemen, militia and various secret organizations from this and many neighboring cities participated.

The beautiful commodious Hotel has accommodations for 750 guests while the numerous cottages are most delightful for those wishing more retirement.

Under the new management every effort will be made for the comfort and pleasure of the guests.

The cottages are being rapidly filled. Bishop Gibbons and family are among the late arrivals.

Miss Stribling has her usual number of health and pleasure seekers.

The outlook gives promise of a delightful and successful season, as the beauty and healthfulness of this resort makes it more popular every year.

ROANOKE COLLEGE.

The Catalogue of the forty-ninth year of Roanoke College shows that students were enrolled from fourteen states and from Porto Rico, England, and Korea.

The session closed successfully on June 11th, and this widely known College has now entered upon its fiftieth year.

In connection with the semi-centennial celebration next June, two buildings are projected. To the full courses in ancient and modern languages, Spanish has been added.

The library of 22,000 volumes is much used. For the advantages offered, the cost at Roanoke is small.

Mr. Stephen Saum and wife, of Des Moines, Iowa, are visiting Mrs. Ellen Wilkin and friends of this place.

On Saturday, July 6th, with wagons decorated with evergreen and flags, about forty of the Sunday school scholars filled the wagons and buggies to overflowing and with hearts light and buoyant, started for the picnic grounds one mile south of Woodstock to attend the picnic of Edinburg and Sausville Sunday school. Program consisted of singing, speeches, recitations and resolutions and oh, yes! a hearty meal to each. The day was enjoyed by all.

The corn is now looking well in nearly all parts of the county and vegetation of all kind has made favorable change since the late rains.

ORKNEY SPRINGS, VA.

Under the shadow of the beautiful Alleghanies nestling among them blue hazel clad peaks, in the far famed Shenandoah Valley, the traveler will find the famous Orkney Springs resort, a place that possesses all the beauties of nature can unfold, and suggests to the weary traveler from the city, rest and repose, and to the invalid restoration to health.

Wild mountain crags, crystal streams, deep dells, and caves, in which the laurel, ferns and fragrant honeysuckle rind riot. Where trailing arbutus hides its waxen buds and the gorgeous scarlet creeper flutters its gaudy trumpets, where the waving plumes of chestnut bloom and blushing beauty of the rhododendron combine to make this a garden fair, a scene unrivalled, which language fails to portray and the brush of a skilled artist can give but a faint idea of its beauty.

Situated 2300 feet above sea level, it has the advantage of a pure atmosphere and every breath of the delicious air is an exhilarating draught. The climate is a realized dream of a summer paradise, but greatest, is the number, variety and marvelous remedial potency of its springs; the marble-working waters of Orkney might well have been the inspiration for the search for the fabled fountain of perpetual youth. There are seven of these wonderful pools. The bear "Wallow" is unequalled in this country and ranks with the famous waters of Germany. To the invalid it is strength and vigor. The arsenic spring is a beautifier making a sallow complexion clear. The Iron Sulphur spring stimulates a debilitated constitution and aids digestion, in fact, there is scarcely a human ailment that may not find alleviation in the waters of Orkney.

The beautiful commodious Hotel has accommodations for 750 guests while the numerous cottages are most delightful for those wishing more retirement.

Under the new management every effort will be made for the comfort and pleasure of the guests.

Harvest is nearly over and some are threshing. The wheat turns out well for the quantity of straw.

Some of our farmers are not quite done harvesting, but they are still peck ing at it, with their cradles.

If any one wants cats killed tell him to send this way. One of our neighbors had twelve small chickens killed by a cat, and since that time, it is dangerous for a cat to move around in this neighborhood.

PUGH'S RUN.

Some of our young people drove to Winchester to attend the glorious fourth. They report a fine time, and we know they had a warm reception from the state of the atmosphere here. They returned in the wee small hours of the morning.

Quite a number of Woodstock girls and boys were enjoying the day by the banks of Old Pugh's Run, and we'd not like to say that all stayed on the banks.

These gentle showers have so washed the farmers' faces into smiles that they now seem in good humor, all the time as they call "Gee there, Ball."

Chas. Funk on coming home from a festival at Maurerstown last Saturday night ran on a rock pile upsetting, badly injuring his horse and himself and considerably damaging his vehicle.

We are told the rocks were in the middle of the pike with out a lantern; if this be true they should be made pay damages and thereby teach them a lesson in carelessness, that's why we pay toll.

Wm. Funk's have a new boy at their house. He is a welcome member of that household.

R. Wilkin's brother of the Forge spent the first of the week with him.

Jos. Smith is having another nice lot of little chicks hatching in the incubators.

This claim is a broad one, but no broader than the guarantee behind it. This guarantee is from us to you, not from some distant unknown manufacturer.

We have L. & M. Pure Paint in cans of any size and almost any color. The price is 1.65 in one gallon buckets (full measure too). In smaller cans we charge an advance on this price.

Call or send for color card and advertising matter before deciding on the paint you will use.

Varnishes, many kinds. Hard Oil Finish. Flaxseed Oil, only the pure. Prices to please you.

B. SCHMITT, Druggist, Woodstock, Va.

Soda Water, "Fine by intention, Not by accident."

Cigars. We never saw any man who had money to burn in bad cigars. It isn't the price that determines the quality of a cigar.

There are some five cent cigars infinitely superior to some ten cent cigars. We take no chances. Our stock represents the brands in cigars and tobaccos of some of the most reliable factories in the country.

We buy them at right prices and sell them right, too.

R. L. BARGELT.
