TO PREVENT LYNCHING.

Luray, Va., July 23.—Albert Young, aged about seventeen years, was brought to Luray last night by Sheriff E. J. Miller, of Rappahannock county, and lodged in the Page county jail to prevent lynching. Young is charged with committing an assault upon Gussie Welch, an eleven year old girl, living near Flint Hill, in that county.

The crime was committed several days ago, and after a hearing before Justice Booton, of that county, Young was lodged in the Rappahannock jail awaiting action by the grand jury.

Sheriff Miller was notified at a late hour yesterday that a mob was forming in the neighborhood of the crime for the purpose of lynching Young. He immediately summoned a deputy, Sheriff Miller at once started across the Blue Ridge, having Young in charge.

When seen in the Luray jail this morning, Young denied the charge, and said it was the outgrowth of a strong prejudice against him and his family in the Flint Hill neighborhood. He said that the Welch girl was his first cousin, and, though having often been in company with her, his actions were always proper. The crime is alleged to have been committed while the girl was alone with her grandmother.

There is a very strong feeling in Rappahannock against Young, and Deputy Sheriff Wood, of Page county, is taking every precaution for the safe keeping of the prisoner.

Riamond, Va., July 16.—The grand jury this afternoon handed down seventy-five indictments against business and professional men for having overlooked the payment of their State license for the current year.

After hearing that Harry Thaw once went all the way to Europe to buy a trunkful of cigarettes, his lawyers began to take a little stock in their insanity plea themselves.—Washington Post.

Mr. W. C. Phalen, of the Geological Survey, has returned to Washington from Rappahannock county, where he made an examination of the copper deposits near Little Washington. The report will be forthcoming in a short time. Citizens of Rappahannock have known of these deposits for a long while, and it is believed they are worth working—the deposits, not the citizens, though either construction might well be true, for there are many prosperous farmers in old Rappahannock, whose cattle-raising, fruit-growing and diversified agriculture generally are sources of wealth.

Don't Be Backward

Do not hesitate to ask for a free sample of Chamberlain's stomach and liver tablets. We are glad to give them to anyone who is troubled with biliousness, constipation, or any disorder of the stomach. Many have been permanently cured by their use. B. Schmidt's drug store.

An exchange says: Small men with small purposes do not help to make a town lively and progressive. The man who never contributes to public enterprise or voluntarily assists in supporting any of the public enterprises is not worth coaxing to remain in a town, and should be decided to move out of it as a matter of course. It is always a matter of congratulation: it's units and not mere ciphers that counts for nothing. "Be a unit."

More Ice Men See Trouble.

Cincinnati, July 23.—Sixteen indictments on charges of restraint of trade in the matter of advancing the price of ice were returned today by the grand jury. Ten individuals and five firms were indicted, all being members of the ice dealers' exchange. Those indicted are members of the exchange who attended a meeting on May 30 when a general advance in the price was decided.

Strange Experience of Pious Clifton Forge Woman.

Friday night Mrs. McNeal of Clifton Forge attempted to cross Jackson's river on the railroad bridge, and found that she was between two trains, one going east and the other west. She lay down near the guard rail but was struck by one of the engines and thrown into the river sixty feet below. She was soon taken up and carried to the C. & O. hospital and was found to be uninjured. She expressed a desire to go to early mass and was later released from the hospital.

Carl Smelser, the Young Man From Page, Passes Away.

Carl Smelser, the young man found early last Tuesday morning lying beside the C. & O. railroad track with his scalp badly cut and suffering from shock to the spine, from which he was paralysed from his neck down, died Saturday night about 8 o'clock at the King's Daughters' hospital where he had since lain.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the cure derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Mr. Leon Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Walton & Smoot.

Again have the last of the "insurgent Filipinos surrendered," and complete peace is now expected.

This is the last dispatch from Manila, but similar reports were received in Spain periodically for nearly four hundred years.

KEEDY—BRILL.

Mr. Charles Keedy, one of our most quiet, industrious and economical young men, has by the sweat of his brow accumulated enough to buy land and build a neat little dwelling; acting upon the principles which he believed to be right, that it is best to build the cage and pay for it before catching the bird, which he carried out to the very letter. On last Saturday he succeeded in catching Miss Susie Brill, of near Zepp, Va. All things being ready, they drove to the Lutheran parsonage, at Woodstock, where Rev. J. F. W. Kitzmeyer, pronounced them man and wife. They went on their way rejoicing and in a few days will occupy the new home.

HARRISVILLE.

There has descended from Mr. Wm. and Catharine Fravel, 8 children, 2 dead, 48 grand children of which 19 are dead, 44 great grand children of which 5 are dead, and one great grand child which is now four months old. Counting the old mother there is 102 in all. They have a picture of the five generations.

Mrs. Catharine Fravel is 87 years of age and is in good health, yet the infirmities of old age is pressing hard upon her. For a number of years she made her home with Mr. Edd McInturf, South of Woodstock, but is now spending some time with her sons at Harrisville. What can be the thoughts of her mind and the desires of her heart when she looks down upon such a huge family as this, surely God has blessed this aged mother and permitted her to see one of her great grand children and her family now is more in number than Israel's was when they went down into Egypt. She can rest assured that her name will be perpetuated for generations to come and her many friends wish her still a longer life, and when it is the will of our Heavenly Father to call her from time to eternity that she will have a home with the Saints and Angels there.

Mr. Wm. Fravel and Miss Catharine Hottle were married in 1837.

Mr. John W. Fravel and Miss Jennie Smoot were married in 1898.

Miss Mary Fravel was married to Mr. H. F. Lantz, in 1905; to this union the great grand child was born.

REPUBLICANS OF SHENANDOAH.

In an article in the Herald of last week signed "Republican," the writer undertakes to criticize the County Organization and especially the County Chairman. Among other things he says the party "appears to be completely disorganized, divided and disheartened." However this may be, he does not say what part he took in this disorganization, nor whose action can be held responsible for it. It is not necessary as all Republicans know that notwithstanding the fire brands that were continually hurled into our ranks by this man who now miscalls himself Republican, the present organization by its conciliatory policy not only held its own but steadily made gains, till (THIS SO CALLED) "Republican" and his friends, failing to dictate the party's candidate, joining hands with the Democrats to defeat Republican candidates. Now Republicans, no matter who fathered the article by signing it, it emanates from the same hand and brain that produced the first article last year threatening Republicans with defeat unless they nominated his man for County Clerk, and who, when his man failed to get the nomination, was closeted almost daily with leading Democrats of Woodstock devising wags and means of defeating our candidates.

And now this patriotic, unselfish philanthropic gentleman who under so many non de plumes admonished you last fall to vote the Democratic ticket, this gentleman who has the interests of the party so much at heart, breaks out afresh with the advice that you discard the organization that has time again led you to victory, and put yourselves under leadership that will be dominated by him.
