PLATFORM

Adopted by the State Convention of the People's Party at Wichita.

Resolved, That we, the representatives of the People's party of Kansas, in convention assembled, ratify the St. Louis preamble and platform of principles of February 22d, 1892, and reaffirm every sentence and line of the same as fully as though set out herein, and we only desire to add to it by specializing and emphasizing some of the vital truths therein expressed.

Resolved, That we believe all legislation should be directed to the end of securing to the laborer the full fruits of his toil, and that the betterment of his condition, morally and intellectually, should be alike purpose of law. We therefore denounce all monopolies of the products of labor, and all monopolies of the soil and other natural resources of the earth, like the minerals and coal, and all elements of nature, like electricity, by the use of which the human race through labor subsists.

Resolved, That we believe that government only is good where an injury to one is the concern of all; that public needs should be supplied by public agencies, and that the people should be served equally and alike; and that among other things the government should provide public telephones and telegraph lines, and a postal currency for convenience in transmitting small sums of money, and that as nearly as practicable the mail of all the people be delivered at their homes free.

Resolved, That we favor a liberal pension law, and a law making good to the old soldiers their loss by reason of payment for services in depreciated currency, and that the government issue United States notes, full legal tender, to pay this difference.

Resolved, That we condemn the present board of railroad assessors for their action in reducing the valuation of the property of the railroads of the state, whereby the burdens of taxation already imposed upon the people have been unjustly increased; and we commend the bold stand taken in congress by the senators and representatives of the People's party in their determined fight against monopolistic corporations, and we hereby pledge to them our united support, and express our unbounded confidence in their wisdom and ability.

Resolved, That we approve the wise and progressive legislation passed by the lower house of the legislature at its last session, and condemn the Republican senators for non-concurrence in the same. And especially do we commend the action of such house in passing a bill providing for the weekly payment of wages by all corporate companies, and condemn the senate for defeating the same; and we demand that the next legislature enact such law, and for the benefit of our miners we favor the adoption of the

Missouri screen law as the law of this state.

We condemn the betrayal of the promises of the Republican party in its platform of 1890, by its representatives in the senate, in defeating by non-action the Australian ballot bill and the bill providing for the election of railroad commissioners by the people, both of which were promised in its platform, and we commend the action of the People's party representatives in the lower house for redeeming their promises to us.

We commend the People's party representatives in the lower house for the passage of the bill making Pinkerton's detective system amenable to law; and for the passage of the bill prohibiting the blacklisting and discharging of corporate employes without an opportunity to be heard in their defense, and we condemn the Republican senate for failing to pass such bills.

We also favor just and equitable pension laws for the benefit of railroad employes who are injured in the company's service, such pensions to be paid by the companies, and to be a first lien on their property. We commend the People's party representatives of the lower house at the last session in passing the maximum freight rate bill, and condemn the Republican senate for allowing the same to die on its calendar, confident of the fact that if it had become a law the interior cities of the state, which are justly complaining of discrimination against them by the railroads in favor of Missouri river points, would find the evil removed, and we pledge the people in city and country to remedy the same by legislation.

Resolved, That we favor the abolition of the system of passes in general use by railroad companies as a species of favoritism dangerous to the freedom of American sovereignty. We favor the election of United States senators by direct vote of the people, and favor the submission to a vote of the people of Kansas of an amendment to the state constitution providing for equal suffrage of all American citizen without regard to sex.

Resolved, That, although the People's party of Kansas is largely composed of farmers, we sympathize with all classes of laborers, and will aid them in their contest for a better system and more equitable division of the profits of their toil, and we invite their co-operation in our warfare against a common enemy.

TO THE ALLIANCE BROTHERHOOD.

A Swedish weekly newspaper, to be published at Lindsborg, Kansas, is about to be started; a paper that will further the interests of the people. A stock organization has been formed, and the object in view is to raise \$5,000.00 subscribed stock, divided into one thousand shares at \$5.00 a share. As soon as \$2,000.00 is raised, the subscribed stock will, according to the constitution, be collected and the company will commence with the publication of the paper.

For a long time there has been and still is a great demand for a paper of this kind, a paper published in the Swedish language, that will advocate the interests of the laborers and the farmers. Long has this demand been seen, but no efforts have been made to supply it. Now is the time to make it a success, and the paper ought to be published as soon as possible.

Therefore we also solicit our American friends to take a hand in this enterprise. Anyone who wishes to subscribe stock, can receive more full information from our authorized agents, Chas. Ferm, of Lindsborg, and Nels Anderson, of Topeka. Mr. Oscar Ostenberg, district clerk of Saline county, is agent at Sa-

lins; Mr. H. Hellstrom and J. F. McGill, at McPherson. If none of our agents can be seen write to Mr. C. J. Johnson, president of the board, or to O. W. Esping, secretary, Lindsborg, Kansas.

The paper we are starting is in the interest of reform. We cannot reach the Swedish people in any other way than by literature in that language. The church to-day ostracizes its members who dare to be and become Alliance members. We that are ostracized are too few and weak to alone start this undertaking. We therefore call on you to help us Americanize our people. Let every Alliance in the state act and take one or more shares.

Shawnee County Alliance took three shares.

It is not possible to visit all counties; the expense would consume the profit, therefore act in our absence. All stock and money in aid should be sent to H. Hellstrom, McPherson, Kan., Box 322.

Reform papers please copy.

County committeemen of the People's party in counties having Swedish settlements and who desire the services of Nels Anderson during the campaign, are requested to make application to J. B. French, Topeka, Kan. On receipt of these applications, meetings will be arranged as to time, so as to economize in traveling expenses and make the cost upon each county as light as possible.

The Fight in Georgia

You cannot fully understand the length and breadth of the great cyclone of reform which is sweeping this country from center to circumference unless you subscribe for the

SOUTHERN ALLIANCE FARMER

It is the paper centered upon by the money power to be crushed because of its fearless and bold stand for the right.

They turned their bloodhounds loose upon it, but it still stands unshaken, an its fearless editor, M. D. Irwin, still holds the banner of the people to the breeze.

This journal should be in the home of every working man in the land.

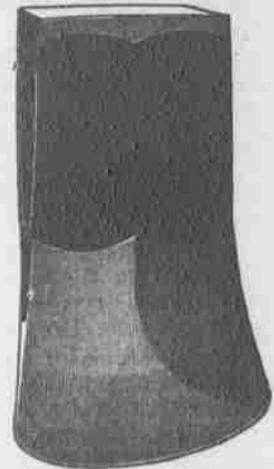

It was the bold stand of its editor that prevented Georgia from being delivered into the hands of the money power. It was by the exposure of the scheme that Georgia stands today shoulder to shoulder with the west for the redemption of the laboring people from industrial slavery.
