Law of Pre-emption.

Mr. Editor:— I send you herewith for publication the following abridgment of the Pre-emption law of 4th September 1841, the provisions of which have been applied to the public lands in this Territory. This I do at the suggestion of some of the settlers, and because I believe that at the present time it is inconvenient for most of the pre-emptors in Kansas to peruse that law as readily and frequently as they might desire.

I. Lands subject to pre-emption. By sec. 10 of said act it is provided that the public lands to which the Indian title had been extinguished at the time of the settlement, and which had also been surveyed prior thereto shall be subject to pre-emption, and purchase at the rate of one dollar and twenty-five cents per acre. And by the act of 22d July, 1854, Sec. 12, the pre-emption of unsurveyed lands is recognized as legal.

Lands of the following description are excepted: Such as are included in any reservation, by any treaty, law or proclamation of the President of the United States, or reserved for salines or for other purposes; sections 16 and 36 in each township, they being reserved for school purposes (organic act of Kansas § 34); lands included within the limits of any incorporated town, or which have been selected as the site for a city or town; lands actually settled and occupied for the purposes of trade and not agriculture; and lands on which are situated any known salines or mines.

II. The amount designated is any number of acres not exceeding one hundred and sixty.

III. Who may pre-empt. "Every person being the head of a family, or widow, or single man, over the age of twenty-one years, and being a citizen of the United States, or having filed his declaration of intention to become a citizen, as required by the naturalization laws." But no person shall be entitled to more than one pre-emptive right; and no person who is the proprietor of three hundred and twenty acres of land in any State or Territory of the United States; and no person who shall quit or abandon his residence on his own land to reside on the public land in the same State or Territory shall acquire any right of pre-emption.

IV. The method to perfect the right. The pre-emptor must make a settlement on the land in person; inhabit and improve the same and erect thereon a dwelling. And when the land has been surveyed previous to settlement the pre-emptor shall within thirty days of the date of the settlement file with the register of the proper district a written statement describing the land settled upon and declaring the intention of such person to claim the same under the provisions of the pre-emption law. And within twelve months of the date of the settlement such person shall make the requisite proof, affidavit and payment. When unsurveyed lands are pre-empted (act of 1854) notice of the specific tracts claimed shall be filed with the surveyor general, within three months after the survey has been made in the field. And when two or more persons shall have settled on the same quarter section the right of pre-emption shall be in him or her who made the first settlement; and questions arising between different settlers shall be decided by the register and receiver of the district within which the land is situated, subject to an appeal to and revision by the Secretary of the Treasury of the United States.

And the settler must make oath before the receiver or register that he or she has never had the benefit of any right of pre-emption under the pre-emption act; that he or she is not the owner of three hundred and twenty acres of land in any State or Territory of the United States, nor hath he or she settled upon and improved said land to sell the same on speculation, but in good faith to appropriate it to his or her own exclusive use or benefit; and that he or she has not directly or indirectly made any agreement or contract in any way or manner with any person or persons whatsoever, by which the title which he or she might acquire from the Government of the United States should ensue in whole or in part to the benefit of any person except himself or herself; and if any person taking such oath shall swear falsely in the premises he or she shall be subject to all the pains and penalties of perjury and shall forfeit the money which he or she may have paid for such land and all right and title to the same; and any grant or conveyance which he or she may have made, except in the hands of bona fide purchasers for a valuable consideration, shall be null and void.

Proof of the requisite settlement and improvement shall be made by the pre-emptor to the satisfaction of the register and receiver, in the district in which the lands so claimed lie, who shall each be entitled to receive fifty cents from each applicant for his services rendered as aforesaid; and all assignments and transfers of the right here-by secured, prior to the issuing of the patent shall be null and void.

In the above I have sought to give all the material parts of the pre-emption act in as condensed and clear a form as practicable; trusting it may be of service to those who wish to avail themselves of the beneficial provisions of that law.

Very respectfully,  
C. C. ANDREWS,  
FORT LEAVENWORTH,

receives, in the district in which the lands so claimed lie, who shall each be entitled to receive fifty cents from each applicant for his services rendered as aforesaid; and all assignments and transfers of the right here-by secured, prior to the issuing of the patent shall be null and void.

In the above I have sought to give all the material parts of the pre-emption act in as condensed and clear a form as practicable; trusting it may be of service to those who wish to avail themselves of the beneficial provisions of that law.

Delaware Squatter Meeting.

Pursuant to notice a large and respectable meeting of the citizens of Kansas Territory, convened at Leavenworth on Saturday the 4th inst., for the purpose of regulating the terms of ownership of claims on the Delaware lands.

Dr. Charles Lieb was called to the Chair and Robert Riddle was appointed Secretary.

On motion, A. Macaulay, B. H. Twombly, J. Clark, Dr. Fackler, A. Payne, and Col. Richardson were appointed a Committee to draft resolutions expressive of the sense of the meeting.

In the absence of the committee the meeting was addressed by Judge Flenniken, J. M. Alexander, Esq., Col. Hunter and C. C. Andrews Esq.

The committee reported the following resolutions which were adopted:

Whereas, the welfare of Kansas Territory requires the immediate settlements of the lands ceded to the United States by the Delaware Indians, and that the claimants of said lands should become actual residents of said Territory and occupants in good faith of the respective claims made by them, and whereas the best portions of said lands are claimed by non-residents, thereby depriving others of the privilege of making actual settlements, and retarding the progress of the Territory, debarring the citizens thereof of the aid and society that they would otherwise enjoy, preventing production and improvement, imposing upon the pioneer settlers all the hardship of frontier life, in preparing the country for occupation, while such non-residents are enjoying the advantages and comforts of civilized life in the states and their claims enhancing in value from the privations and labors of the actual residents, therefore

Resolved, That we recognize as a valid claim upon the Delaware lands, only such as is occupied as the actual and only residence of the claimant or of some person or persons residing on the same as his tenant or by his procurement.

2d. Resolved, That after the expiration of twenty-five days from this date all lands within the Delaware purchase and within the boundaries hereinafter described except those held as above mentioned shall be subject to claim by any person who may be entitled to hold a pre-emption under the United States laws.

3d. Resolved, That no claim shall contain more than 160 acres of land and that the same shall be selected in bodies according to the United States laws regulating pre-emptions.

4th. Resolved, That for accomplishing these ends, an association be organized to be known as the Delaware Squatter Association, and that the jurisdiction of the same shall be coextensive with the Territory ceded to the United States by the Delaware Indians.

5th. Resolved, That a committee of five persons be appointed to draft a constitution and by-laws for the government of this association and report the same to an adjourned meeting, at such time as may be appointed.

And, whereas in the opinion of this meeting the early organization of this Territorial Government is of vital importance to us, and "a consummation most devoutly to be wished."

Resolved, That general, public notice shall immediately be given to the settlers of Kansas Territory, requiring them to assemble at convenient and proper localities, on Monday the 27th of the present month (November), for the purpose of electing an agent to represent them in the next Congress, and electors of each local section to hold their election at such hour in the day and in such manner as to them shall seem expedient, and to report the result of such election to the Governor or Secretary of the said Territory, at Fort Leavenworth.

accredited delegate, and that we respectfully suggest to his Excellency Gov. Reeder, the propriety of his early and speedy action in the matter, such as will be consistent with his duties and the public good.

Resolved, That a copy of these proceedings be respectfully forwarded to his Excellency, together with our expressions of consideration and esteem.

The following gentlemen were appointed a Committee under the fifth resolution to draft a Constitution and By-Laws for the government for this association, viz: J. M. Alexander, A. Payne, Dr. Fackler, M. Clark, J. Clark, who were on motion, instructed to prepare and report the same to a meeting to be held at Leavenworth on Saturday, 11th inst.

Kansas Herald, Weston, St. Joseph and Parkville papers were requested to publish these proceedings.

On motion, The meeting adjourned to convene on Saturday 11th inst., at Leavenworth.

CHARLES LIEB, Chairman.  
ROBERT RIDDLE, Sec'y.

Advertisement.

To F. Starr, D. H. Stephens, H. Miles Moore, W. S. Murphy, Geo. W. Hardisty, J. B. Evans, G. W. Gist, L. D. Bird, J. F. Bruner.

THE Officers of the Leavenworth Association, of which you are members, committed acts of aggression, wherein my "rights and privileges," as a citizen of Kansas Territory "have been disregarded, infringed upon, and grievously violated" within the last few days, by certain officers of the Leavenworth Association, by demolishing my house, near your town site, whereby the "domestic quiet" of my family, "the sacred honor of my son and daughters, the safety of our property, the security of our living and person, the good name my father left me," "each and all disrespected, and vilely aspersed, and contumaciously threatened" and put into execution by tearing down my house with mob violence, whereof it is imperiously demanded, that the public should know what part or lot you, as order-loving and law-abiding citizens, had in the above offence.

This becomes the more necessary, as but a few days since you subscribed to preambles, (the ink of which is yet scarcely dry,) setting forth certain grievances threatening you, all of which have been visited on me in Kansas Territory, by your acts, or those of your officers. Now, I ask, is it to be supposed that principles differ with a change of territory? Or, are your preambles and resolutions encompassed in an india rubber frame, that contracts or expands as interest operates upon it.

F. HAWN.  
Columbia, Sept. 18.

The "Advertisement" of a certain F. Hawn, revised and corrected.

If the public would have a clear understanding of this captivating advertisement, it will be necessary to consider the following questions; viz: Who wrote this fine production for Hawn? The ears of the animal seem to be well known by several of our citizens. Is not the real Anthon the same fellow who is known as Mc's lawyer? The same pettifogger that gave F. Hawn such sage counsel—the same fellow who takes a "dirty animal for a dirty business"? Why was it needful to carry this advertisement way down the river for publication, since there are three printing presses in our vicinity? Was it necessary for Hawn to go from home to get credit? Or did he suppose that the flower which he had fathered must be planted in some distant soil, because he clearly foresaw, that when its petals were unfolded but a little, it would send forth such an ill order as would not be endured by the olfactories of those who have known him for the last ten years? Why did not H. pin his choice pink to the sable wing of a well known "buzzard," under whose somber shade he was pleased to recline in former days? Oh, I do forget me so. F. Hawn, no doubt, carried this delightful posy away to Columbia for the unfolding of its beautiful corolla, because he greatly feared some ghostly spirit of Illinois or York State would blow upon the precious blossom and blight it in the bud. A due consideration of the above questions may afford a key by which the deep meaning of the advertisement can be unlocked.

But look a little more particularly into the heart and vitals of this dear fellow, as exhibited whilst he was in the employ of the Leavenworth association. This F. Hawn contracted to survey and lay out Leavenworth City, and commenced the work; but directed his own, as well as the attention of hands furnished him by the Association, to the cutting off of certain portions of the proposed city site for his own benefit, thus setting up a claim to some thirty acres of land, which had been ceded to the Association by Mr. M. Clark, the original claimant, all of which, H. was assured could be proven by forty witnesses; still H. persisted in his unlawful work until he was discharged. A short time after this, a small frame building was found upon this claim of 30 acres. In a few days, the same house was found on the levee in the highway near the Missouri river. No it so happened that a short time before this house was found, some building lumber of mine was taken from the bank of the Missouri river, near the city site, without my knowledge.

sent. Several things seemed quite certain to my mind; 1. Some fellow had taken my lumber without right or title. 2. That the lumber could be found. 3. That the "sacred honor of a certain son and daughter, the safety of my property" &c, imperatively demanded that I should go in search of my lumber, and lastly, I myself, found the said lumber worked up, the said house upon the banks of the said river, and I myself, with a hired hand, took my lumber from the aforesaid house and put it where it rightly belonged.

N. B. There was no india rubber in the above named house, though there may have been a little in the fellows conscience who took my lumber without leave of license. WM. S. MURPHY.

Desirous to locate in a milder climate than that of northern Pennsylvania, where I have enjoyed for several years a successful practice at one of the best bars in the State, I have selected this place for a permanent residence, and trust my connection with the public will prove pleasant and satisfactory in connection with the practice of law, (as will be seen by an appended card,) I have associated, in the business of LAND-BROKING with S. D. PITCHER, whose position, and residence in the Territory for several years, renders him well qualified to conduct and eminently qualified for the undertaking.
