It will be worth while for Southwestern Kansas to make a trip to Garden City, October 25-27.

There will be three aeroplane flights daily by the Curtis Exhibition Company at the Valley Fair, the participants of which are Gray, Kearny and Finney counties. The Curtis fliers are those who have broken all records and are not excelled by any other aviators. The performance is absolutely legitimate and will be faithfully made.

The million and a quarter dollar beat sugar mill will be running and that in itself will be an interesting feature to those who have not seen this Western Kansas industry.
