Buy Hair at Auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, g-o-n-e!" Stop the auction with Ayer's Hair Vigor. It certainly checks falling hair; no mistake about this. It acts as a regular medicine; makes the scalp healthy. Then you must have healthy hair, for it's nature's way.

The best kind of a testimonial—

That old wagon may not hold. Better be sure of it and buy a new one.

THE MOLINE WAGON
Will stand the haul; it's built that way—right in every part, from the tip to end-gate, from spring seat to wheels.
Moline wheels have oak hubs of ample size into which the spokes are driven, after being dipped into hot glue up to the shoulder. They cannot possibly get loose or rattle, especially when further held by oak fellos of extra depth which hold the end of the spokes securely, because the tenons are larger and larger. Then the tire is put on such a way that it binds the whole wheel solidly at just the right dish. This wheel will carry the load, and every other part of the wagon is built just as carefully. Come and see it. The price is an object too.
