Rollin

The Chanute Business College secures positions for its graduates.

Corn in these parts is almost finished for this year's plowing and as a rule in the immediate neighborhood is looking very fine.

Quite a number of people were disappointed at North Valley Sunday morning on account of the German minister Rev. Bunge, not appearing.

Elmer Lock was fishing one day last week and landed 17 nice cat fish in a very short time.

A large congregation attended the meetings at Rollin Sunday and in the evening after John Foose, the speaker had spoken about an hour said if any of the boys had to see after their horses they had better go for he was going to begin anew, and they did.

Henry Burghart kept bachelor hall with brother Albert, Sunday.

William Burghart and wife were hostess to a large crowd of Sunday dinner guests.

Mr. Singer and wife of Leanna spent Sunday at Rettie's.

Hy Pilgrm and wife called at the former's brother, Herman Sunday evening.

Rev. Crowe has traded his residence property at Rollin to Mr. Cooper in Chanute.

And again Sam Nofsaker seems to be getting quite popular among the ladies here of late.

Ike Whitworth sold a herd of 20 steers recently for \$80 a head.

Mr. and Mrs. Elmer Lock spent Sunday at Dr. Wellman's.

Mr. and Mrs. Albert Voltz of Chanute spent a day or two at Elmer Lock's the fore part of last week.

Tom Gingrich is about to have a job of threshing done. Ike Romine contemplates doing the work.

Mrs. Peter Gingrich has been quite poorly here of late.

It is said that a certain farmer's house mate remarked recently that her hired girl would not get to set any more hens for her, because the eggs never hatched well. She intends to do her own setting hereafter. What shall the harvest be!

Willard Akers bought Leatherman Bros. hay baler lately and thus Willard and Bert Roberts are doing a land office business baling hay.

Strange it does seem that a young man should believe all an old lady says. But Henry Burghart seems to be so inclined, for after hearing a woman say that her boys could never get married until they got a new buggy, he has now got the buggy, but this much is all we can report at present, but hope it proves up to the standard and there will then be a great demand for buggies.

We noticed in last week's Tribune that Chanute held a sane fourth, as there were but few arrests and not many drunks and no serious accidents. Now that's nothing to boast about as they had no celebration. Just see her neighboring city on the southeast. To be frank I will say Rollin. They had a celebration and a big one too. Am not even able to give an estimation of how many attended. And listen, there were no drunks, no arrests, no fights or quarrels and no accidents and not even a policeman in town. Tell me Rollin ain't good and patriotic.

James D Likens and wife are here at present. They were called on account of the severe illness of their daughter, Grace who was on a visit in Parsons and took sick while there. She was able to return to Urbana Monday and will soon regain her health.

Lyons and Iles are threshing in this vicinity. C C Yockey had one piece of wheat that made about 17 bushels per acre. This is the best reported A J Smith had one piece that only made about 3 bushels to the acre. The condition of the corn crop is better than at the same time last year and with a few more showers will surely make a good yield.
