DANGEROUS GROCERIES

are easy to buy and hard to detect. But good groceries are fully as easy to buy if you only know where, as dangerous once, and the groceries that we are in the habit of dealing out are not only good, but you'll know they are good on the very first trial. That's the trial we want you to give them.

After the trial your verdict will be the simple word "best" or the simpler word "more" and you will get more as others do.

YES MORE

- Sugar, 18 lbs. \$1.00
- Apple butter 3 1/2 lbs. 25
- Mince meat 3 lbs. 25
- Saur kraut 3 lbs. 25
- 8 Crown Raisins 5 lbs. 25
- Evaporated Peaches 3 lbs. 25
- " Raspberries 1 lb. 25
- " Cal. Prunes 3 lbs. 25
- " Cal Figs 3 lbs. 25

OR MORE

- Arkansas Coffee 1 lb. 21
- Arbuckle Coffee 1 lb. 21
- Clover Blend Coffee 2 lbs. 75
- Iowa Oat Flake 2 packages. 25
- Bulk Oat Flake 8 lbs. 25
- Best Japan Rice 3 1/2 lbs. 25

And of course more

NAVY INCREASE.

Secretary Herbert Will Ask for More Battleships.

SETTLERS MADE HOMELESS.

By a Legal Decision Entries on Certain Wisconsin Lands Will Have to Be Cancelled—The Treasury Reserve—Disinfection of Hides.

WASHINGTON, Nov. 20.—Secretary of the Navy Herbert expects to complete his annual report to the president about the latter part of this week. The secretary has given particular attention in his report to the feature in regard to the increase of the navy. It has been stated that Mr. Herbert would make no recommendations for an increase. This is untrue. The secretary has always been an advocate of constant addition to the force of vessels in service, and his report this year will not differ very much from those he has made in the past. What the United States particularly needs in the opinion of the secretary are battleships and torpedo boats, and his report will contain recommendations for the construction of some of these vessels. The bureau of ordnance recommended that twelve torpedo boats be built, and this is about the number Mr. Herbert will urge congress to authorize. At present it looks as though he will ask for two battleships at least and the number of torpedo boats referred to. He will also ask congress to authorize the construction of two training ships, of the sailing type, for the use of naval cadets, their cost to be \$250,000 each.

Settlers Made Homeless.
ASHLAND, Wis., Nov. 20.—One hundred and twenty settlers south of Ashland are, by a decision received from the general land office yesterday, made homeless. Their claims, 25,000 acres of land with every quarter section containing a house and barn, will be taken away from them by the government and given to the Wisconsin Central Railroad Co. This decision is carrying out the ruling of the supreme court in the Knight-Osborne case. Under this ruling certain lands through this region which were supposed to belong to the government and which have been opened for settlement and entry by the government and have been taken up by scores of settlers are held by the supreme court to rightfully belong to the Wisconsin Central railway. Now the government is obliged to cancel all the entries on these lands in order to give the railroad company title.

The Treasury Reserve.
WASHINGTON, Nov. 20.—The treasury reserve stands to-day, with all the gold withdrawals of the past few days deducted, at \$84,593,594. Since July 13, when the gold exports were resumed, which have continued with slight cessation since that date, \$7,500,000 in gold has been withdrawn from the United States treasury for export to Europe. It is said here that further shipments on Sunday may be expected. Secretary Carlisle, who is now in New York, it is understood, will confer with New York financiers as to replenishing the gold reserve if it falls below the point of confidence.

Disinfection of Hides.
WASHINGTON, Nov. 20.—The secretary of the treasury will issue in a day or two the details of a new method of disinfection of imported hides of neat cattle, suggested by the secretary of agriculture, by means of sulphur fumigation for dry hides and immersion in a carbolic acid or bichloride of mercury solution for fresh or moist hides. The new method of disinfection, it is claimed, will avoid injury to the hides, which, it is said, they were subject to under the old method of disinfection.

HAVANA ALARMED.

The Cuban insurgent General, Maximo Gomez, Marching Toward Gen. Campos' Headquarters—A Reported Battle.
KEY WEST, Fla., Nov. 20.—Much alarm exists in official circles in Havana in consequence of the confirmation of a rumor that the chief of the insurgents, Maximo Gomez, is only a short distance from the headquarters of Martinez Campos, near the village of Santa Clara. The eldest son of Gen. Campos, accompanied by an inspector of artillery, yesterday reconnoitered on horseback the outskirts of Havana, locating the strategic points, where will be placed the new batteries of heavy Krupp cannon which will shortly arrive there.

A New York Herald dispatch from Havana of late date says: Rebel reports received here declared that a big battle has been fought in Santa Clara near Macanagua, the Cuban forces being led by Gomez, who defeated the Spanish troops and killed Alvaro, their general, with two other high military officials. The report, however, is flatly contradicted by the Spanish authorities.

Miners Granted Their Demands.
LEAVENWORTH, Kan., Nov. 20.—Stops have been taken by the owners of the Home and Riverside mines to end the strike that has been in progress here for a month. Yesterday evening the miners were notified that the company would pay 80 cents a ton, mine run, the price they were holding out for. There is still some difference about a check weighman, but this will likely

be arranged by a committee which will report to a mass meeting of miners. By the settlement at this mine 200 men will go back to work.

Johnson County Poultry Show.
WARRENSBURG, Mo., Nov. 20.—The second annual exhibition of the Johnson County Poultry association opened here to-day, and will continue for four days. A large number of premiums are offered and much interest is manifested. About 700 birds have already been entered and many more are expected.

WEATHER FORECAST.
KANSAS CITY, Mo., Nov. 20.—Forecast until 3 p. m. Thursday: For Missouri—Generally fair; rising temperature; southerly winds. For Kansas—Fair; southerly winds.

Many Stores Destroyed.
EVANSVILLE, Ind., Nov. 20.—A telephone message from Madisonville, Ky., at 2 o'clock this morning asked for assistance in fighting a fire raging in the business portion of Madisonville. An engine and hose were sent at 2:30 o'clock. At 4 o'clock advices were received that the fire was under control. The city hall, Jones' hotel, the large building owned and occupied by the Henecke Coal Co. and ten stores were destroyed. The loss will reach about \$80,000, with insurance \$30,000. The Henecke Coal Co. place their loss at \$30,000. No one was injured.

Jealous Negroes Let Children Burn.
SOUTH PITTSBURG, Tenn., Nov. 20.—Early this morning the house occupied by Irvin Robinson, a respectable colored laborer, was destroyed by fire and two of his children, aged 1 and 4 years respectively, were burned to death. Robinson and his wife being absent at the time. Negroes living near stood by and saw the children burned without making any effort to save them. Their conduct was prompted by jealousy of Robinson's superior attainments.

College Boys as Thieves.
SCHENECTADY, N. Y., Nov. 20.—The mystery of the burglaries that have been baffling the police for three weeks past was solved yesterday by the arrest of C. G. Humphrey, of Unadilla, and C. C. Miller, of Batavia, two young college students, the former a sophomore and the latter a freshman. A wagon load of stolen property was found in the prisoners' room at North college.

METHODIST APPROPRIATIONS.

Provisions for Mission Work in Various Sections of the World.
DENVER, Col., Nov. 20.—The Methodist general missionary conference finished its work last night. The first work of the day's session was the adoption of the report of the committee on Scandinavian missions. It apportioned the appropriation as follows: Norway, \$12,770; Sweden, \$16,025; Upsala school, \$1,395; Denmark, \$6,975; for debt, \$930; Finland, \$4,200.

The following appropriations were made, the amounts to be divided among the missions of the countries named: Peru, \$7,905; Italy, \$33,660; church at Rome, \$7,200; Mexico, \$49,642; Africa, \$5,301; China, \$118,761; Japan, \$50,600; Korea, \$14,889; India, \$130,000.

The eastern or domestic work was again taken up and appropriations made for work among the Danes, Norwegians, French, Spanish, Japanese, Chinese, Bohemians, Italians and American Indians of the United States, the 7 per cent. reduction from last year's figures being observed in most cases.

CONFESED TO MURDER.

Mrs. Williamson, or Leonard, Says She Helped Kill Leonard at Wichita.
WICHITA, Kan., Nov. 20.—The coroner's jury has not yet completed its labors in connection with the murder of Henry H. Leonard, whose body was found in an alley. Mrs. Williamson, or Mrs. Leonard No. 2, as she claims to be, confessed yesterday that herself, F. M. Williamson, her former husband, and her son, Norville, were all partners in the crime. Her ex-husband will not admit his guilt.

Western Baseball League.

CHICAGO, Nov. 20.—The managers of the Western Baseball league met here and completed the club circuit by admitting the Toledo and Columbus claimants for franchise. Omaha was a competitor but lost on account of geographical location. The league is now composed of the following clubs: Indianapolis, Detroit, Toledo and Columbus in the eastern division and Milwaukee, St. Paul, Minneapolis and Kansas City in the western division.

Special Schools for the Negroes.

COLUMBIA, S. C., Nov. 20.—The constitutional convention finished up the consideration of the educational article yesterday. A clause was inserted providing for the establishment of an industrial, mechanical and normal school for negroes. The state already has a college for them in connection with Claflin university, but the two will be divorced and the state will assume entire control.

Calso, Ill., Twice Shaken Up.

CALSO, Ill., Nov. 20.—Two slight earthquake shocks were felt here at 1 o'clock and 2 o'clock yesterday morning. They were preceded by a light shock at 10 o'clock Sunday night. In connection with this earthquake, the local residents are much interested in recent reports announcing similar shocks at Charleston, W. Va., 10 miles west.
