

DR. J. W. MAGUIRE,
SPECIALIST,
Diseases of Eye, Ear, Nose and Throat.

Glasses Scientifically Adjusted. Office in Main building, Hutchinson, Kansas.

LOCAL AND PERSONAL.

Rev. Archibald preached at the Reformatory last Sunday in the absence of Rev. Metzger.

Hutchinson people who attended the Wichita street Fair last week, say it was an elaborate affair and a success, but everything was red, very red.

A. Potter of Loda township, was a caller at this office Friday. He has just returned from a two weeks' trip to Nebraska.

H. Pierce assisted the county attorney of Ness county in prosecuting a couple of jointists last week and won both cases. The week before he assisted in a hard murder case in Rush county.

The Christian church board of this city have employed D. Y. Donaldson from Kentucky to be their pastor. He will not however commence his work here till January 1st when he finishes his labors there.

Mrs. Dr. Maguire was buried Thursday from the Episcopal church where the services were held. Six of the physicians of the city acted as pall bearers and elaborate floral offerings were also furnished by the brother physicians.

Mr. F. A. Thompson who attended the state council of the Imperial Order of Red Men at Osage City, was highly honored by that order in being elected prophet and representative to the Grand Council of the United States. He was Grand Sachem before.

George Livingston through his attorneys Martin & Roberts has now brought suit against Sheriff W. E. Long for \$5,000 damages for false imprisonment. Livingstone was in jail twenty days pending the determination of the insanity case and his attorneys allege the sheriff had no authority for casting him in jail.

Peter Graybill, brother of Sam S. Graybill of this city was killed in a railroad wreck in Colorado Saturday. He had been a railroad man for several years, employed on the main line of the Santa Fe. The remains were sent to Newton for burial where others of the family reside and Mr. Graybill of this city went there to attend the funeral.

Elsewhere in this paper notice the ad of Sam Hill's sale of fine Poland China hogs. The sale will be held at his farm five miles east of Elmer on Thursday, November 9 with lunch at noon. His herd is one of excellent breeding and it affords an excellent opportunity for farmers to get stock to improve their herds. Read his ad carefully and see if he hasn't something you want.

The twenty-ninth annual meeting of the Reno County Sunday School Association will be held at the Presbyterian church in this city November 13 and 14. A number of distinguished Sunday school workers are on the program, among whom are Rev. Garces of Newton, Rev. Page, of Leavenworth, J. H. Little, of LaCrosse, J. H. Engle, of Abilene, Don Kenney, of Newton, Rev. Drubber, of Wichita, and Rev. Archibald of this city.

Mrs. B. L. Mathew of the north part of Reno county who was implicated by the "confession" of Alva Ballard, the convict, last spring and arrested by the sheriff of Sedgewick County, has brought suit against the sheriff of Sedgewick County Simmons, Henry Striner and W. P. Fleeman, the penitentiary officer to whom the "confessions" were made, for \$1725 damages. The papers were filed by David Crewson of Wichita, and Hettinger and Hettinger of this city.

Hirst's new photographic rooms are the largest and best equipped in the State. Come in.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. church, South Pt. Pleasant W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by all druggists.

Swell Visitors.

Thursday afternoon of last week Frank Gould and his sister, Helen, the heirs of the late Jay Gould, who are very heavily interested in the Hutchinson salt works were here looking over the plants with a crowd of the high officials of the Missouri Pacific and the Salt Company. Among these were C. G. Warner, vice president; Mr. Webb, general superintendent and W. B. Doddridge, general manager. The party was shown over the city and through the salt plants by the local officials of the salt company and other local capitalists. The party was making a tour of inspection of the road.

Attempted Child Desertion.

An attempt at child desertion was made a few miles east of town Monday night. A man and woman drove up to the residence of James Nelson a Swede and wanted to leave a three weeks old baby with them for an hour while they could drive to Hutchinson and meet a sister of the woman. They did not return and next morning the child was brought to this city and turned over to Commissioner Miskimen and then taken to the poor farm.

The next morning also, citizens of Burrton noticed a man and a woman who had been living near there and were the parents of a babe born about three weeks ago, getting ready to take the train without the child. Their suspicions were aroused that some wrong had been committed to the child and they were taken in charge by indignant citizens to whom it seems they acknowledged what disposal had been made of it. They were immediately brought here and lodged in jail.

The man gave the name of Shaffer and it seems the couple had only been in the neighborhood of Burrton about a week before the birth of the baby. They were well dressed and when they left the child, drove a good team to a top buggy. The woman was large and fine looking, apparently twenty-two or twenty-three years old, he a little older. Apparently it was a swell couple trying to hide disgrace by the most inhuman means.

A Word.

Having heard that it is being circulated that we will not support E. Rayl, our brother, for sheriff, we wish to deny such rumor at the start.

THOMAS RAYL,
HARLES RAYL,
W. L. RAYL,
LEVI RAYL.

Why experiment on yourself with remedies of doubtful utility when you can get Chamberlain's Cough Remedy, which has stood the test of time? Twenty five years' sale and use have proven that remedy to be a prompt and certain cure for colds. It will cure a cold in a day if taken as soon as the cold has been contracted and before it has settled in the system. Sold by all druggists.

We want your butter and eggs at C. Millers.

Marriage Licenses.

The following marriage licenses have been issued by the Probate Judge since our last issue:

The Livingston Insanity Case.

The peculiar case of George Livingston of Medora township in which it was charged by his wife and daughter that he was insane, was tried the second time in the probate court Saturday. It was not alleged that Livingston was insane upon any subject save that of jealousy for his wife and daughter. Martin & Roberts represented Livingston in getting a new trial and Prigg & Williams assisted the prosecution. The attorneys for Livingston obtained fifty odd signers from among his neighbors asking for a new trial. About the same evidence as in the first trial was introduced to show him insane while the defense claimed that he had reason to be jealous of his family and that the firearms etc., found in his room had always been kept by him and in about the same place.

A large number of the neighbors from the community were brought in as witnesses and considerable disgusting testimony regarding family affairs was brought out. But it appeared that at the second trial the bringing of the case was a mistake and after a trial of two and a half days it was dismissed by the county attorney. However Mrs. Livingstone may have honestly believed him to be insane. But his neighbors did not seem to think he was.

Next day after the case was dismissed in the probate court, Mrs. Livingstone brought suit for divorce in the district court and for a division of the property. This is generally thought to be what should have been done in the first place.

F. H. Shaw will hold a public sale at his place five miles south and one mile west of Hutchinson on Thursday, November 2 commencing at 10 a. m. of all his stock, farm machinery, household goods, feed, etc. L. S. Kent will be the auctioneer.

Purity flour 70 cents per sack at C. Millers.

More Escapes at the Reformatory.

Monday morning in the very early dawn the citizens of Hutchinson were again awakened by the melodious notes of the Reformatory whistle. It set people wondering how an escape could be made at that time of night, or morning when it would be supposed all the inmates would be locked in their cells.

Next morning it was learned on the streets that four inmates had escaped sometime during the night. They were probably gone an hour or two before the fact was discovered, but the whistle was not turned on until the early morning. Their escape is much of a mystery. One that escaped, Jack Burns, was one of the burglars caught a year ago last summer when Sella Circus was here. Burns was a young man of striking appearance who would attract attention anywhere. At his trial he had a nonchalant, daredevil air, but was apparently a young man of good raising, culture and education. He had been of late given some privileges and was what is called a cell house boy at the new temporary cell block. It is supposed he knew some tricks of the locks and had in some manner secured false keys with which he let out of their cells his three companions and opened the outer door. These boys were Casey, Criswell and Wheeler, of good behavior in the Reformatory but of bad previous record. Superintendent Simmons does not deny that it was probably the result of carelessness somewhere. He has dismissed the cell house guard and is making further investigations.

Martin's Big Millinery Deal.

While East Mr. P. Martin of the P. Martin Dry Goods Company concluded a big deal for \$1500.00 worth of stylish fall millinery, bought the entire lot in bulk and got it for about half price. These goods have been received at the Hutchinson store and will be placed on sale immediately. There are enough hats to supply all Hutchinson and vicinity and the beauty of it is that you receive the advantage of their big cash purchase and can now possess an ultra-stylish fall or winter hat at about one half the regular price. Read carefully Martin's ad on the front page of this paper.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay county, West Virginia, struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by all druggists.

Soda and oyster crackers the very best at six cents at C. Millers.

The New Firm.

No doubt the readers of the GAZETTE will remember the half page announcement of the new dry goods store opened in Hutchinson September last, called "The Magnet." This store has made a remarkable showing for the time it has been in business, through the untiring efforts of both members of the firm, Mr. John C. Curran and Mr. Harry Squire. These young men are well known to most of our readers and attribute their growing success to the use of printers' ink and courteous treatment they give their customers when they call. They opened in the Midland block where they are now located, but find their present room is entirely too small for their trade and have leased the new Krouse building now being built on the east side of Main street, No. 120 North Main. This will make The Magnet a handsome room having the latest style front diagonal plate glass, and the rear of the building is to be all plate glass, giving the best light of any building in the city. The new room will be 25x150 feet. In making the move the Magnet informs the editor that several new departments will be added to the new store.
