

The Goodland Republic.

VOLUME 10.

GOODLAND, KANSAS, FRIDAY MORNING, NOVEMBER 8, 1895.

NUMBER 11.

BATTLE OF BALLOTS ENDED.

Republicans Swing Four Doubtful States Into Line.

New York, New Jersey and Maryland have been lost to Democracy—Drake 2 Iowa's Governor—Maxwell Beaten by Norval in Nebraska.

The Republicans carried New York state by 80,800 plurality; New Jersey by over 15,000; Maryland by 10,000, and claim to have captured Kentucky. Besides swinging these states over into the Republican column, they increased their usual majorities in Massachusetts, Ohio, Iowa and all other states where elections were held. It is a Democratic Waterloo. Tammany elected her local ticket by about 30,000 majority, and New York city went Democratic for secretary of state by 41,000, but the Republicans came down to the Bronx with over 100,000 votes to spare.

Amos J. Cummings was elected to congress in the Tenth New York district.

Senator Gorman met his Waterloo, Lloyd Lowndes being elected governor of Maryland by a majority of 10,000.

Pingree was re-elected mayor of Detroit for fourth term. Bushnell (Rep.) captured Ohio by 100,000 majority. Ohio legislature will stand about as follows: Senate, 27 Republicans and 10 Democrats; house, 76 Republicans and 36 Democrats.

David Martin is elected chief justice of Kansas, his plurality being only about 30,000.

Norval comes out away ahead for supreme judge in Nebraska, but the figures are not yet really showing the plurality.

Utah starts into statehood by electing a Republican ticket, yet complete returns may cause changes.

Virginia had a most apathetic campaign and the election was very quiet, it going Democratic with but few anti-Democratic legislators elected.

In Kentucky the election is so close that no accurate statement can yet be made. Hardin (Dem.) leads Bradley (Rep.) by 3,616 in 95 counties and towns. Massachusetts elected Greenhalgh governor by about 63,000 plurality, and the legislative department is solidly Republican.

Illinois was carried by the Republicans by pluralities of about 30,000.

New Jersey was lost by the Democrats, Candidate Griggs, having been elected governor by the surprising large plurality of about 15,000.

ELECTION IN KANSAS.

Holliday Defeated By Martin for Chief Justice.

Election of chief justice, six district judges, judge common pleas court, two state senators and county officers. Campaign the quietest for many years.

KANSAS CITY, Nov. 6.—Returns from Kansas indicate that the Republicans have carried a majority of the county tickets in their entirety by majorities of from 100 to 800, and that David Martin (Rep.), candidate for chief justice of the supreme court, is re-elected by a safe plurality. In many instances Martin ran ahead of his ticket. Charles K. Holliday, Jr., (Dem.), however, made a better showing than was generally expected for him. Republicans carry Wyandotte, Butler, Cherokee, Montgomery, Reno and Johnston counties, but as a rule losses were shown over last year. The Populists carry Clay county and the fusionists Lyons and Sedgewick counties. Atchison and Shawnee counties are mixed.

Martin's majority over Holliday for chief justice will probably reach 10,000, a decided record on the resubmission question, which the latter candidate represented. Holliday also stood for free silver. It is estimated that 250,000 votes were polled. Chairman Breidenthal of the Populist state central committee asserts that his party held its own, and in fact elected about 30 county officers now held by Republicans. He claims further that Populist judges were elected in the Sixth, Eighth and Eighteenth districts and that the result in the Seventh, Ninth and Twentieth districts are in doubt. The others are admittedly Republican. The Democratic and Republican chairmen have not made any statements publicly, but it is generally conceded that the Democrats got practically no office and that the Republicans with few exceptions carried everything. The fusion ticket detracted to some extent from the Republican support, and the A. P. A. contingent aided the Republicans.

PRESIDENT RECEIVED THE RESULTS.

Intense Interest Manifested at the National Capital in the Results.

WASHINGTON, Nov. 6.—Owing to the unusual conditions prevailing in a number of states and the uncertainty regarding the outcome, intense interest existed at the capital. Particularly was this the case with reference to New York, Kentucky, Maryland and Ohio, and the returns from these states were awaited with the greatest interest. Great crowds gathered in front of the newspaper offices and remained until the returns showed definite results at the storm center. Others more fortunate visited various social and political clubs, where special arrangements had been made for obtaining the latest information. President Cleveland did not make his appearance at the White House at all Tuesday, but remained at his country home at Woodley. Private secretary Thurston was on hand at the executive mansion, however, during the day and evening and received the telegrams that came over the special wire from his telegraph office. These were read by each of the cabinet officers as they came during the evening and dispatches of special interest were tele-

phoned to the president at Woodley. Three of the eight cabinet officers, Messrs. Harmon, Lamont and Carlisle, had gone to the respective states to vote.

Great interest was manifested in the legislative elections throughout the country, as they will materially affect the control of the United States senate. Up to today the standing of the senate was as follows: Republicans, 42; Democrats, 49; Populists, 6; vacant, Democrat, 1. Total, 98. As a result of the elections the Democrats will lose and the Republicans will gain a senator from Maryland and Ohio, respectively.

Agree to Leave Arkansas.

LITTLE ROCK, Nov. 5.—The criminal cases against Fitzsimmons and Julian and Brady and Corbett were dismissed at noon on condition that the men leave the state as soon as they can conveniently do so. The restraining order preventing the men from fighting in the state of Arkansas remains in force, and all chance of bringing off the fight in this state is over, even if Fitzsimmons would be willing to fight in this state, and he stated unmistakably yesterday that he would do nothing of the kind.

In Favor of the Canal.

WASHINGTON, Nov. 2.—The Nicaragua canal commission, through Colonel Ludlow, its chairman, today submitted to the president, through Secretary Olney, its report upon the examination of the route of the canal, directed by congress last session. Although the report probably will be withheld from the public until congress meets, there is good reason for the belief that generally it finds the canal project entirely feasible and worthy of execution. It is believed that some changes have been suggested in the line of the projected canal, but these, it is stated, will not affect the question of expediency in any material degree.

Chicago Potato Crop Ever Known.

CHICAGO, Nov. 6.—Advance sheets issued by the Orange Judd Farmer show that the potato crop in the United States for this year will be the largest ever known. The acreage was suddenly increased out of all proportion to demands for consumption, in response to ill-advised suggestions from high official sources, coupled with a natural desire to replace wheat in the northwest with some pay for the crop. The Farmer places the crop at 282,518,000 bushels.

Hard Bites to Insurance Men.

SPRINGFIELD, Nov. 6.—Attorney General Moloney today rendered an opinion that it is illegal for insurance companies or agents to enter into an agreement regarding rates for insurance, rebates, etc., and parties to all such agreements are liable to prosecution under the trust laws of the state. This is likely to cause consternation among insurance people in Illinois.

Chicago-Omaha Time Shortened.

CHICAGO, Nov. 6.—The lines between Chicago and Omaha have determined to shorten the running time between those two cities by one hour, making the schedule 14 hours instead of 15, as at present. This was agreed upon because of the determination of the Northwest and Union Pacific combination to cut the time between Chicago and San Francisco.

TO REFUND THE THE INSURANCE.

Judge Lincoln and Relatives of the Swindler Give Up the Money.

KANSAS CITY, Nov. 8.—A settlement has been effected here which will result in the withdrawal from the United States circuit court the case involving the \$35,000 paid to ex-Judge E. Lincoln as a result of the Dr. Fraker insurance swindle. The money was paid to Judge Lincoln as trustee of the supposed heirs of Fraker. Judge Lincoln and the relatives of Fraker who would have been benefited through the swindle have disclaimed any desire to profit by the fraud of Fraker and have offered to surrender all of the \$35,000 save the few thousand dollars which Judge Lincoln had paid out as incidental expenses in settling the estate. This offer has been accepted and the life insurance companies will be paid back at least 80 per cent of the money. The companies interested are the Kansas Mutual Life of Topeka, Kan., the Hartford Life and Annuity, the Provident Savings of Providence, R. I., and the Knights of Pythias and Modern Woodmen. The Equitable Life association, which also paid \$10,000 to the Fraker heirs, is not included in the settlement.

Ask For a Death Warrant.

TOPEKA, Nov. 4.—About 500 citizens of Edwards county have asked Governor Morrill to order that the sentence of death be executed upon Carl Arnold and William Harvey, who were on Nov. 18, 1894, convicted of the murder of John F. Marsh, mayor of the city of Kinsley. The petition was presented by Judge W. Vandervet of the Edwards county district court and Ed T. Bidwell, a brother-in-law of the murdered man. The governor took the case under advisement and promised to render a decision in the near future. Under the Kansas law the death penalty cannot be enforced unless the chief executive signs the warrant. No governor has ever seen fit to order the death of a murderer and no legislature has ever seen fit to change the law.

Harrowing Story of Starvation.

EMPORIA, Kan., Nov. 4.—J. A. Jones, a merchant from Admire, a few miles north of here, relates a harrowing story of starvation and death. A woman came to Admire in a covered wagon. She said she had been on the road three days and was nearly dead, and that her husband was sick and she had started with him to his old home in eastern Missouri, when he died on the route. They had nothing to eat. Her baby had also died of starvation. When some of the listeners seemed to doubt her story, she raised a flap on the wagon cover and disclosed the corpses of her husband and child. The woman was soon furnished with plenty of food and went on with her gruesome cargo, hoping to get home to bury them.

Governor Morrill Pardons Harding.

TOPEKA, Nov. 3.—Governor Morrill issued a pardon to Albert Harding of Montgomery county, sentenced to be hanged for the murder of his wife in 1881. The wife of Harding was sick in bed. He went to an independent druggist, described her symptoms and the druggist put up a prescription, which he gave to his wife and in 30 minutes she was dead. Harding was arrested, tried and sentenced within a space of three days. No post mortem examination was held upon the woman and there was no expert testimony that she died from poison. Harding is a poor colored man, had little or no defense and it was the request of a large number of Montgomery county citizens that he be pardoned.

Preventative of Diphtheria Discovered.

LAWRENCE, Kan., Nov. 3.—Professor L. I. Blake of the Kansas university has discovered a remedy and preventative of diphtheria, if the results of experiments already tried are to be relied on. It is a mixture of salt and water, about two-thirds of the weight of the mixture being salt through which an electric current has been passed. The current produces chloride of oxygen and ozone in an active state. The mixture is used as a gargle. The treatment has been tried in a number of ways and has been found to instantly and completely kill microbes wherever found. Local physicians believe that the discovery is a valuable one.

Petition to Remove Rietmann.

DENVER, Nov. 6.—A petition to remove J. J. Rietmann as assessor of the Rietmann estate is in court. The petitioners claim to represent \$450,000 of the indebtedness, and say the estate is worth about \$3,000,000. They allege that the rights of the creditors are ignored and that no attempt has been made to convert any of the assets into cash.

Wheelmen Must Ring Bells.

EMPORIA, Nov. 3.—In the district court Judge Randolph has decided that the city ordinance requiring wheelmen to ring bells at street crossings is constitutional. DURRANT GUILTY OF MURDER.

Convicted of Murder in the First Degree By the Jury.

Verdict Greeted With Shouts of Applause. Sentence on Friday Next. Holmes Also Doomed to Die—The Jury Had to Decide Motion Made For a New Trial.

SAN FRANCISCO, Nov. 2.—Theodore Durrant, assistant superintendent of Emmanuel Baptist church Sunday school, was on Friday convicted of the murder of Blanche Lamont, for which he has been on trial since July 22 last. It was exactly 21 minutes from the time the jury left the courtroom to the time the verdict was announced, but that time was not all taken up in deliberation. In fact there was no deliberation at all. The jury had evidently decided upon a verdict before they left the box. It was 3:30 when they filed out of the court into the grand jury room, which had been placed at their disposal. It took the 12 men until 3:50 o'clock before they settled themselves comfortably and at 3:58 a knock on the door announced to the anxious waiters that a verdict had been found. It took just five minutes of actual time to elect a foreman and take the one ballot necessary. As there was no recommendation of mercy, the punishment was fixed at death.

During the tumult that followed this announcement of the verdict, Durrant and his mother were left sight of except by the few who sat nearest to them. As the last words of the verdict were uttered, Durrant made a spasmodic effort to rise to his feet, but before he could do so, his mother, with a half sigh, half moan, threw her arms around his neck and sank back into her chair. His mother's grief seemed to make Durrant forget his own position, and for the next few minutes he sat with his arms around her neck, trying to soothe her. Durrant recovered his old time composure as soon as he left his mother and prepared to return to the county jail. With his overcoat swung carelessly over his arm, he walked leisurely out of the room, twirling his slight mustache with apparently as little concern as if he were merely a spectator of, instead of the principal figure in the exciting scene.

Holmes Found Guilty.

PHILADELPHIA, Nov. 4.—Henry H. Holmes was convicted of murder in the first degree for killing Benjamin F. Pitel. He caught slightly when he heard the words. That was the only sign. According to one of the jury, they had reached their verdict before the doors of their room closed upon them. When they took a ballot and without hesitation every man of the 12 answered "guilty of murder in the first degree."

Captain Frederick Lang and His Wife Slain For Their Money.

BALTIMORE, Nov. 6.—Constantin Frederick Lang and his wife were murdered at their home on Franklin avenue, Gardenville. Their heads were crushed as they lay in bed, and the house was ransacked. He owned a great deal of property aside from a number of yachts.

The Farmer places the crop at 282,518,000 bushels.

Hard Blow to Insurance Men.

SPRINGFIELD, Nov. 6.—Attorney General Moloney today rendered an opinion that it is illegal for insurance companies or agents to enter into an agreement regarding rates for insurance, rebates, etc., and parties to all such agreements are liable to prosecution under the trust laws of the state. Popular Poet, Journalist and Author Succumbs to an Unexpected Attack.

CHICAGO, Nov. 4.—Eugene Field, the poet, died in his bed of heart failure about 5 a. m. He retired last night in usual health, and apparently slept soundly till daylight, when his son, who occupied the room with him, heard him groan, and putting out his hand found that death had already taken place. Mr. Field leaves a widow and five children.

EUGENE FIELD.

Mr. Field had been ill for several days, but no serious results were thought of by his family and immediate friends. George H. Yennowine of this city was at Mr. Field's bedside when he died. Mr. Field and Mr. Yennowine intended to start together for Kansas City, at which place Mr. Field was to read tonight. Mr. Field has a wide acquaintance in the city, and the announcement of his death caused a sorrowing shock.

New York, Nov. 6.—At a special meeting of the New York Press club the following telegram was framed and sent to the widow of Eugene Field at Chicago: "The members of the New York Press club desire to express their heartfelt sorrow at the sudden death of Eugene Field and to tender their condolences to the afflicted family. His work will be an enduring monument to his fame."

INSURGENTS RELEASE PRISONERS.

Action of the Cubans Has Caused a Good Feeling Toward Them.

HAYANA, Nov. 6.—Details have been received here from Cienfuegos regarding the release of the 16 Spanish soldiers who were captured by the insurgents in the engagement fought at Tardio Ojo de Agua. In the encounter 600 Spanish soldiers had made a gallant stand against 1,900 insurgents. The soldiers were commended by Colonel Valle, Major Sanchez and Captains Navarro and Rio, who were among those captured and released by Rego, the insurgent leader. The latter was the first to greet the Spanish officers, and embracing Colonel Valle he said: "Return to your comrades, heroes. You are an honor to the Spanish nation, and I am proud to be able to boast of descending from such a people."

Then followed a touching moment, during which the Spaniards and Cubans embraced each other and bid each other farewell, the Cubans shouting as the Spaniards went away: "Adios, valientes españoles." The Spanish soldiers, nearly all of whom were wounded, were well cared for while in the hands of the insurgents. The action of the Cubans has caused no little good feeling towards them.

FIRST WHALER TO REACH PORT.

Report Ice Forming and the Balance of the Fleet May Be Caught.

SAN FRANCISCO, Nov. 4.—The schooner Rosario has arrived from the Arctic ocean, bringing 3,000 pounds of bone, the residue of a catch of five whales. She is the first of the whaling fleet to reach port from the north and it is within the limits of possibility that she may be the last. When she left the ocean the ice was forming very fast and it was heavier than it has been for many years. The Rosario brings confirmation of the news of a very poor catch in the Arctic. From the report of the Rosario, it looks as if the entire fleet would be caught in the ice. This is considered by the whaling men to be a very serious state of affairs. The steam whalers are amply provided with stores with which to spend another winter in the ice, but the sailing vessels are up in the Arctic region and under much less favorable conditions. The majority of the bars are provisioned with only enough stores to last them through the summer, and if they are compelled to spend the winter in the north, starvation stares the whalers in the face.

Vendig Blames Julian.

NEW YORK, Nov. 6.—Three of the Hot Springs fighting contingent—Joseph H. Vendig, manager of the ill-fated Florida Athletic club; James Kennedy, manager of the Empire Athletic club, and "Charley" White, one of Fitzsimmons' trainers, arrived in New York. All of them were greatly disgusted with their western experience, and Vendig laid the blame for the fiasco upon Julian, who, he said, had mismanaged Fitzsimmons' affairs from the beginning.

NEW YORK, Nov. 5.—The bridesmaids and ushers who will assist at the wedding of the Duke of Marlborough and Miss Consuelo Vanderbilt held a private rehearsal at St. Thomas' church. DEBS MAKES A STATEMENT.

Says Policy of the Great Northern is Dishonest and Disrespectable.

WOODSTOCK, Ill., Nov. 4.—Eugene V. Debs made the following statement with reference to the threatened strike on the Great Northern system: "The policy of the Great Northern system in relation to its employes is totally dishonest and disrespectful. For several months a scheme has been in operation to disrupt the A. R. U., notwithstanding the solemn pledge of President Hill that no employe should be interfered with on account of his connection with the organization. The strike of April, 1894, resulted in an agreement between the company and the union, which was effected May 1 under the auspices of a board of arbitration, composed wholly of merchants and manufacturers, and of which Charles A. Pillsbury was chairman.

"Tremendous reductions ranging from 10 to 40 per cent had been made by the company and these were restored by the board. From that day to this the company has not held to its agreement. Competent and trustworthy men have been discharged again and again for no other reason than that they belonged to the union. Whether the employes strike or not will be determined by themselves. I am unable to forestall their decision. Directors Kellier and Goodwin, in conjunction with the board of mediation, are on the ground and I have faith in their judgment and will approve their course, whatever they may do. According to my advice the Great Northern company has already begun the hiring of thugs and ex-convicts at various points."

CROWD READY TO LYNCH MORGAN.

Supposed Murderer of Little Ida Gaskell Remained to Lincoln.

OMAHA, Nov. 6.—The murder and rape of little Ida Gaskell, a 11-year-old child, Sunday night, was partially traced to George Morgan, a collar-maker. He lives near where the little body was found and was the last man seen with her. His clothes were covered with blood when arrested. So great was the feeling against the prisoner that he was hurriedly removed to the penitentiary at Lincoln. Later a committee appointed by those favoring lynching went through the jail to satisfy the people that the murderer was not there. Monday night a crowd of several hundred people surrounded the jail. They were orderly and drawn more by curiosity than any disposition to do violence. Early Monday morning, as soon as the papers had given out their information of the terrible crime, a crowd was about the doors of the morgue. The body was taken to the ground floor and then admission was granted to all.

From that early hour until a little after noon, when it was thought advisable to shut the doors and refuse further admittance, the morgue was thronged. It was estimated that before noon 5,000 people had looked upon the dead body. They were men of all classes, business men, laborers and men of no occupation.

MGR. SATOLLI MADE A CARDINAL.

WASHINGTON, Nov. 1.—Mgr. Satolli received official notice of his elevation to be a cardinal. The first announcement came by letter and this was followed by a cablegram to Cardinal Gibbons. The cablegram reached Cardinal Gibbons at Baltimore and he left on the first train for Washington to congratulate Mgr. Satolli. Mgr. Satolli bore his honors gracefully and quietly. To the hearty well wishes of the cardinal and others he responded with sincere expressions of thanks for the profound honor conferred upon him. Dr. Brooker, secretary to the delegate, made the following announcement: "Mgr. Satolli will be created cardinal at the consistory assembling about the middle of November. He is not to go to Rome for the ceremony of receiving the beretta at this consistory. Cardinal Gibbons will be delegated to act for the pope in conferring it."

Accuracy of Weather Reports.

WASHINGTON, Nov. 4.—Secretary Morton expresses his satisfaction in the accuracy of the recent weather forecasts in the following letter to Prof. Moore, of the weather bureau: "I hasten to congratulate you and the weather bureau forces upon the fact communicated to me from your office that the average percentage of certifications of the official a. m. 30 hours forecast of weather and temperature, made by the weather bureau east of the Rocky mountains for the month of September, 1895, was 65.0. That is the highest percentage of verification ever officially recorded since the weather bureau was established. The present chief and the force under him may justly be proud of having obtained the highest record of verification up to date.

Canadian Officials Return Home.

WASHINGTON, Nov. 1.—The Canadian cabinet officers, Sir Mackenzie Bowell and Sir Charles Tupper, have gone home to Canada. It is stated that, having given all the assistance necessary to Sir Julian Pauncefote in the presentation of the claims of the British sealers for indemnity on account of the seizure of their vessels, a longer
