NOTICE.

To The People's Party of Kansas.

ENTERPRISE, Kan., June 22, 1892.

The state committee, at its meeting held on the 18th, decided to furnish valuable campaign matter in the form of a supplement to be sent out by all of our papers, provided they are willing to use the same.

In order to comply with the postal laws it is necessary for each supplement to contain the name of the paper, the volume, number and date of the same.

While the Republican press is making use of the mails in direct violation of the postal laws in this respect, the People's party will confine themselves to the strict letter of the law. I therefore request all People's party papers to send me at once the name of their paper, the volume, number and date of their issue for the first week in September, together with the number of supplements they will use.

Anyone desiring to know just what these supplements will contain will be given the desired information on application. JOHN W. BREIDENTHAL.

and Standard Bred Stallions and Mares.

My horses were selected direct from the breeders of Europe, and are descendants of the most noted prize winners of the old world. I paid spot cash for all my stock and got the best at great bargains and was not obliged to take the refuse from dealers at exorbitant figures in order to obtain credit, thereby enabling me to sell better animals at better prices, longer time and a lower rate of interest than almost any other dealer in America.

I have also the most superior system of organizing companies and stock syndicates in this country, and insure satisfaction. I call especial attention to my references. By these it will be seen that I am not handling on commission the refuse horses of dealers in Europe. With me you get a square transaction, a good animal, a valid guarantee, and will compete with any firm in America on prices and terms besides.

Write me for descriptive catalogue and mention THE ADVOCATE.
