**The Kansas City Stock Yards**

Are the most complete and commodious in the west and second largest in the world. Higher  
 prices are realized here than farther east. This is due to the fact that stock marketed here is  
 in better condition and has less shrinkage, having been shipped a shorter distance; and also  
 to there being located at these yards eight packing houses, with an aggregate daily capacity  
 of 8,000 cattle, 40,000 hogs and 4,000 sheep. There are in regular attendance sharp, competitive  
 buyers for the packing houses of Chicago, Omaha, St. Louis, Indianapolis, Cincinnati, New  
 York and Boston and the Export trade to Europe. All the eighteen railroads running into  
 Kansas City have direct connection with the yards.
