

FAIR DONATIONS ARE GROWING RAPIDLY

Generous Merchants Aid Catholic Bazaar

Two Charming Comedies to Be Presented on the Opening Night And Supper to Be Served by the Ladies of Parish.

With each succeeding day, the number of donations to the Catholic fair increases, and before that event takes place, it is safe to assume that every business house in the city will be represented among the donors to this worthy cause. The complete list up to date is as follows:

- J. I. Gardner—Embroidered sofa pillow.
- W. H. Timmerhoff—Set of three elegant Amphora vases.
- Hrisley Drug Co.—Toilet set in handsome case and a picture.

- John S. Jones—Weathered oak set, consisting of desk, serving table, chairs and tabourets.
- The B-B Co.—A first class rubber tire runabout.
- George Ruffner—A driving horse.
- A Friend—Nice set of harness.
- D. A. Burke—Heavy fancy lap robe and whip.
- The five last named articles, runabout, horse, harness, lap robe and whip are to be disposed of at the same time and to the same lucky person.

The fair opens next Monday evening at the Elks opera house at 8 o'clock, when the features of entertainment will be the presentation of the two charming comedies, "The Jealous Husband," and "The Sweet Family." These plays are in the hands of clever people and will be the means of opening the affair most pleasantly.

Supper will be served by the Catholic ladies every evening during the fair from 5 to 8 o'clock under the stage, the entrance to the dining room being from the alley along side the Elks' building.

Father Quetu is working indefatigably to make the fair a great success, and he is nobly backed in his efforts by his parishioners, the ladies especially aiding him in every way possible.

UNKNOWN WARSHIPS SEEN NEAR MANILA

By Associated Press.
MANILA, April 13.—Three warships were sighted off Batangas at 4 o'clock this morning. Their nationality is unknown.

Batangas is a seaport town of the Philippines on the island of Luzon, 25 miles southwest of Manila.

Telegraphic Briefs

AUBURN, Calif., April 13.—Adolph Weber was today sentenced to be hanged June 30 for the murder of his mother. His attorneys made a motion for a new trial and introduced a number of affidavits but the court denied the motion. The sheriff was instructed to deliver the prisoner to the warden at the Folsom penitentiary.

Weber killed his mother, father, sister and brother in their home, setting fire to the building in which the foul deed was done. He has been indifferent to the consequences, and took his sentence today without weakening.

CHICAGO, April 13.—Mayor Edward F. Dunne, today again endeavored to effect peace between the contending sides of the present labor troubles in Chicago, but at the end of the day after several conferences with labor leaders and representatives of employers the situation is unchanged.

Mayor Dunne tonight however, is more hopeful of peace as the result of his efforts, and peace negotiations will be continued tomorrow with the hope that the barrier now preventing the settlement will be removed, and that the two sides of the controversy will agree to confer together and accept the intervention. The Montgomery Ward & company's delivery wagons were impeded today by crowds of strikers and their sympathizers blocking the streets making it almost impossible for caravans under police protection to pass through the streets.

Police several times were obliged to use force. Three non unionists were seriously hurt. If no settlement comes soon it is said employers will form a comprehensive teaming company of their own should the threatened spread of strike occur.

CHICAGO, April 13.—Four men, three of whom are employees of Schwarzschild and Sulzberger company and the other the attorney of that corporation, were named in the indictment returned this afternoon by the grand jury which is investigating the beef trust. It is charged that these four men obstructed and impeded Deputy Marshal Bach in his efforts to serve a subpoena upon Edwin B. Fish, a clerk in the employ of the company who recently returned from Canada. The men were taken into custody and released on bonds of \$1000.

WASHINGTON, April 13.—Secretary Taft expects to have a conference in a few days with Frederick Diano, James Speyer and J. G. White, regarding the building of railroads in Philippines under the terms of an act passed by congress which guaranteed 4 per cent on railroad investments in islands.

The committee appointed to invite the Rough Riders to hold their next reunion in Prescott will meet this evening at 8 o'clock in the office of the board of supervisors. Mayor Morris Goldwater and Henry Bardshar, who have just returned from San Antonio, will be present to make their reports. The full membership of the committee is requested to be present this evening.

BUTTE, Mont., April 14.—Telephone message from Five Mile House on the flats below Butte states that F. Augustus Heinze and a touring party of four persons met with a serious accident, Heinze's big auto car having collided with a wagon. Ambulances are now on the way in response to a hurry call.

FREDERICKS, Okla., April 13.—The president's great wolf hunt in Oklahoma is now at end, eighteen of these animals being the total number captured.

Ev-Delegate Flynn, Gov. Ferguson and Congressman Stevens, of Texas, who arrived last night were on hand to pay their respects to the president. This morning, the noted wolf hunter, John Abernathy, told the president he was going to bring in two wolves himself. The president laughed but Abernathy left the party and when seen by newspaper men this afternoon had two wolves, a dead one tied behind the saddle and a live one tied to the pommel.

FREDERICK, Okla., April 13.—President Roosevelt ended his hunt and broke camp this afternoon, but did not leave the hunting ground in the big pasture until nearly 8 o'clock tonight staying inside to eat supper with the wolf chasers. A special train was waiting here and the president and his party started south to Texas. According to schedule the train was transferred to the Ft. Worth and Denver railroad at Vernon, Texas at 9 o'clock and the journey to Colorado began. No provision is made for stops or speeches the public portion of the president's tour having ended.

COLODARO SPRINGS, April 13.—For two hours tomorrow evening this city will be the executive headquarters as the president will arrive at 7:30 and leave at 9:30 for the west. He will be escorted to the residence of P. B. Stewart for the purpose of selecting his hunting outfit. A telegram from Sec. Loeb is to the effect that president's special will arrive on time. Five minutes before departure special

train for west a pilot engine will leave over same line.

CHICAGO, April 15.—A special dispatch to the Daily News from Tokio says that Japan is certain to lose trading vessels and commercial steamers of all kinds.

The Jiji Shimpo thinks this inevitable because the Baltic fleet is traversing the path of navigation. Nevertheless the enemy will be allowed some latitude without molestation of its movements.

Even marauding in the open seas will be unnoticed, while the Japanese complete their plans to catch the enemy's fleet and effect in a single engagement the complete annihilation of Rojstveny's squadron.

"Meanwhile the Japanese should bear the slight losses to commerce with equanimity, awaiting Togo's glorious victory," says a Tokio newspaper.

TOKIO, April 15.—On account of the presence of the Russian Baltic fleet in Pacific waters the Japanese steamship lines operating between Japan and America are planning to temporarily suspend their trans-Pacific service.

It is expected also that Formosan steamship lines will discontinue running steamers until all danger of seizure by Russian warships is ended.

GUNSHU PASS, April 15.—The expected Japanese turning movement is not developing but preparations, it is said, are progressing. Reinforcements, food and ammunition are being brought up from New Chwang. Japan outposts now extend thirty miles in either direction.

TONAPAH, Nev., April 15.—Reports published about the health conditions here are greatly exaggerated. There have been only eighteen deaths during April, fifteen from pneumonia with complications, and three from other causes.

There were twenty four deaths in March, eight of which were from ordinary diseases.

The population of Tonopah is 5000. The town is being disinfected and cleaned up. Residents are not alarmed and business is going as usual.

CHICAGO, April 15.—With Taylor's union officials in a deadlock, Mayor Dunne tonight abandoned his peace conference, but announces that he is still determined to find a solution for the labor difficulty. The employing tailors informed Mayor Dunne this afternoon that under no circumstances would they recede from the position they have taken, and that they will not reinstate the strikers, who walked out four months ago.

If they apply for their old places there will be no discrimination against them, but they will not be recognized as former employees.

The garment workers and teamsters also informed the mayor that they would not call off their strike unless the striking garment workers were given their positions. Both sides declare they will not give way and the outlook tonight is for an indefinite continuation of the strike.

ST. PETERSBURG, April 15.—The Putloff Iron works has been closed down. Notices on the gates say that it is due to the unreasonable demands of the men threatening of officials, frequent interruptions to work and the disregard for rules.

Several squadrons and detachments of grenadiers and regiment sharpshooters have been stationed near the works all day.

WASHINGTON, April 15.—Bids were opened today at the navy department for the construction of three scout cruisers, which were authorized by an act of congress in April 1905.

With the completion of these ships there will be added to the navy a new and unique type of vessels.

GUADALAJARA, Mex., April 15.—Bishop Montes de Oca of San Luis Potosi, the greatest orator and one of the most learned prelates of the Catholic church in Mexico, has been officially reprimanded by Pope Pius X.

A letter published by the bishop Montes de Oca some time ago, severely criticizing the apostolic delegate sent to this country by Pope Leo XIII, was responsible for the reprimand.

The letter was recalled by the recent visit to Mexico of Monsignor Serafini, the delegate named by Pope Pius, and officially cognizance was taken of it by the present pope.

It is stated that the San Luis Potosi prelate was slated for elevation to the rank of archbishop, but that the reprimand makes such an honor impossible. His suspension was at first seriously considered.

LOS ANGELES, Cal., April 15.—Governor M. A. Otero of New Mexico, in an interview here, states that the citizens of New Mexico will not accept joint statehood with Arizona, even if confronted with the alternative of remaining a territory.

He states that if the proposition is submitted to a vote it will be overwhelmingly defeated by the citizens of the territory which he represents.

ident Roosevelt. A suite of rooms has been taken in Hotel Colorado, a summer resort, and to this hotel all official mail will be addressed for the next five or six weeks. That which must be attended to by the chief executive will be taken to Newcastle by some member of the White House staff and sent by courier to Charlie Penney's ranch, where the camp is situated.

NEW YORK, April 15.—The Metropolitan racing season opened at the Aqueduct racetrack today with an attendance of 20,000. Ormondes Right won the Carter handicap, the feature race of the day.

NEW YORK, April 15.—Prices of all kinds of meat have begun to rise because of the reported increased cost to dealers of about two cents per pound. Retail dealers have received further notice from the packers of another advance next week. The alleged reason is the falling off of cattle receipts at the Chicago stockyards, but retailers declare that no such falling off has occurred.

BERKELEY, Calif., April 15.—The University of California won the annual field meet with Stanford today by a score of 72 1-3 to 49 2-3 points. The result was a surprise.

EL PASO, April 15.—Charles H. Page, a minor had been awarded damages to the amount of \$15,000 for the loss of one leg, the injury resulting while the boy was employed as a brakeman on the Mexican Central railway. The suit was brought by his guardian, J. W. Eickman.

LONDON, April 18.—In the absence of further information regarding the position of the Russian and Japanese fleets, the London morning papers are keenly discussing the neutrality question, for the most part in a strong pro-Japanese tone. The Morning Post takes the milder view that Kamranh Bay is a mere fishing port and unable to provide coal or other supplies to the Russian squadron, which probably took shelter there to replenish from its own coilliers and that though a technical breach of neutrality has been committed, the French authorities could hardly be held responsible unless it can be proven they had previous knowledge of Rojstveny's intentions.

The Daily Mail's Singapore special gives further report from the German ship Prinz Heinrich that on Friday, April 14 Russian cruisers were scouting outside the bay while a tug was bringing coilliers along the warships which were coaling and that many boats were transferring provisions to the Russian vessels. The same paper's HongKong correspondent reports that the steamer North Anglia late Friday night met a strong fleet of cruisers off Bombay reef steering south and using searchlights. They were unable to distinguish the nationality of the cruisers.

CHICAGO, April 17.—After a conference held in his office late this afternoon with representatives of the Teamsters union, Mayor Dunne announced that he practically had given up all hope of settling the Montgomery Ward & Co. strike.

"I will hold a conference tomorrow," said the mayor, "with representatives of both sides, but I have no idea at present that anything will result from this meeting."

There were rumors of disturbances in the streets today and others around the freight houses. Several non-union men on their way home were followed by strike sympathizers and badly beaten, one of them, Henry Auten, so seriously that he may die.

The most serious disturbance of the day occurred late this afternoon at State and Madison streets.

A mob numbering 20,000 gathered about a State street cable car, on which two negroes, who had driven wagons for Montgomery Ward & Co., were riding. Stones and sticks were hurled at the car, every window in it being broken. Two policemen rushed into the car and arrested the two negroes in order to protect them. A riot call brought twenty officers, who dispersed the mob.

STAMFORD, Conn., April 17.—Terry McGovern, the pugilist, who was brought to Stamford sanitarium last night, escaped from his keeper this afternoon while walking in the grounds. A hunt was immediately instituted for McGovern but without success. McGovern, according to the sanitarium physicians, is suffering from nervous, physical and mental exhaustion and it was expected that he would remain here several months.

INDIANAPOLIS, April 17.—Frenzied by a false alarm of fire, several hundred eager newboys who were struggling to obtain their share of free tickets to a local theatre, which were being distributed by the traveling representative of a patent medicine company, stampeded in a narrow stairway tonight, crushing the life out of four boys, and seriously injuring several others.

TOPEKA, Kans., April 17.—Vice President Buckalew of the International association of machinists who is one of the leaders in charge of and

directing the strike of the union machinists of the Santa Fe has arrived here. He claims the machinists have spent upwards of \$350,000 in the strike against the Santa Fe during the past year. The announcement now is made at strikers' headquarters that unless the demands of the machinists and boiler-makers are adjusted immediately the blacksmiths will next be called out. If this fails it is asserted the car repairers will be called to quit work. General Manager Mudge of the Santa Fe, states that put 137 boiler makers of the entire system are out and the road is not affected.

GLENWOOD SPRINGS, Colo., April 17.—Before President Roosevelt penetrates the wilds so far that communication with outside world will be next to impossible, Secretary Loeb, with the aid of a courier daily expected from the camp, will get on the president's trail and visit him in the mountains. The visit will be for the purpose of taking up with the president a number of important matters that have come to headquarters here since Saturday. There are a number of commissions to be signed as well as departmental business that has been forwarded. Many invitations have come to Loeb and the members of the official party staying here to take excursions into surrounding territory in order to view points of interest. All these have been declined or postponed until the arrival of the first courier from the president. Loeb expects to return to the president camp with the courier and may spend the night in camp. Wild stories of the hunt, most of them obviously false, have been received. Loeb does not credit them.

SIoux CITY, Ia., April 17.—John M. Thurston, a former United States senator from Nebraska, has been retained to press the claims for indemnity on account of the massacre of several Americans by Indians in Sonora, Mexico, in January. The claims will aggregate \$450,000, or \$100,000 each for the four men killed and \$25,000 each for the two survivors, C. E. Terrington and H. E. Miller.

WASHINGTON, April 17.—The senate interstate commerce committee met today to begin the hearing on the railway rate legislation. The committee will meet at 11 o'clock daily and the sessions will continue until 5 o'clock. The power to fix the rates of private car lines and terminal facilities and other cognate matters will be considered. It is expected the hearings will close by June 1.

NEW YORK, April 17.—Secretary Taft and the members of Panama canal commission are in session today at the offices of the Panama railroad company. Following were elected as the new board: President, T. P. Shonts; vice president and general manager, John F. Wallace; secretary-treasurer, E. A. Dralle. The board ordered the double tracking and the re-equipping of the railroad and made an appropriation of \$1,250,000 for that purpose.

WEST PALM, Fla., April 17.—The condition of Joseph Jefferson, the veteran actor has undergone a change for the worse. Tonight the outlook for his recovery is not so hopeful. Physicians have been in constant attendance at his bedside today and report him weak.

NEW YORK, April 17.—There were two developments in the Nan Patterson case today. Another postponement of the trial until tomorrow and the surrender by the district attorney's office of letters and other effects whose recent seizure from trunk of Mrs. J. Morgan Smith, Nan Patterson's sister, aroused widespread interest.

By Associated Press.

SAN FRANCISCO, April 18.—The news comes from Halfmoon bay of a sensational horsewhipping episode in which two daughters of a prominent and wealthy lumberman are mentioned as the aggressors and John E. Wall, principal in the public schools, the assailed. The young women, Miss Edna and Clara Hatch, who laid on the lash, claim they had been grossly insulted by the pedagogue. They say he had been asked to retract his disparaging remarks and had refused to do so. Thereupon the girls provided themselves with a stout rawhide and started after Wall. They encountered him in the hotel and proceeded to apply the lash where they thought it would do the most good. Wall took unceremonious and hasty leave to his room, the door of which he slammed in the faces of the young women. Then, and only then, they desisted.

In consequence of the affair, an effort will be made to remove the teacher from his position. The young women are daughters of Rufus Hatch, and it is said no family in the community bears a higher reputation than his.

MINING NEWS.

The Clifton Era says the output for the Arizona Copper company for the month of March was 1228 tons, which was a little short of their regular output, as there was some trouble from floods and washouts on the railroad. The output however, was nearly normal, but will be increased from now on.

Last Saturday George Weiland shipped a carload of good ore from properties in the Patagonias owned by himself and County Treasurer Coa O'Keefe, formerly of Yavapai county. The shipment was made from Patagonia to the Benson smelter. We hope George will receive good results from his first shipment, and follow it up with many more of the same, says the Nogales Vidette.

J. R. Finlette received a telegram on Wednesday from G. C. Campbell of St. Louis stating that he had effected the organization of a strong company to take over the Keystone mining property owned by Finletter & Harvey and that the incorporation papers are on the way here, says the Globe Belt. J. C. Erman, who promoted the sale, will be superintendent, and J. R. Finletter, general manager of the company. We will give more information about the transaction next week.

It is learned from the Sentinel, of Yuma, Arizona, that a Los Angeles company has been organized to work a big tract of placer ground about ten miles from the Colorado river, in Yuma county. The company is known as the "Gold Placer Prospecting association," and is planning to install a large quantity of machinery and work the claims on an extensive scale. This is the same locality in which a number of El Paso persons have taken up claims, but the latter have not as yet done any work on their properties.

A Calumet, Mich., dispatch says the Manhattan Development company, which was organized here with a capital of \$200,000, will immediately begin work on a group of mining claims controlled by the company in Cochise county, Arizona. Officers of the new organization say that development work will be begun at once, and to this end an assessment on the stock has been ordered to furnish the necessary funds. The men composing the directorate and official family of the company are all wealthy Michigan parties.

The old Eureka mine, situated near Superior, was taken over last week by Tip Gibson, of Globe, reports the Florence Blade. We understand, however, that the real purchaser behind Mr. Gibson is the Old Dominion Copper company, of Globe. We hope this information is correct, as it would be a great help to the mining industry of Pinal county to have a company like the Old Dominion to become interested here. The Eureka is the old Wheeler claim, located and worked on a small scale during the Silver King excitement in 1880 and 1881 and subsequently abandoned. It is liable to develop, as the Superior has, into a bonanza.

Long Distances to Be Cut Down.

In Los Angeles last Saturday Epes Randolph, who resides at Tucson, and handles all the Southern Pacific business in Arizona, stated that in a very few months telephone lines that will connect Denver and Los Angeles would be completed.

Manager F. L. Wright of the Prescott Electric company was asked yesterday what good this would do Prescott, and replied that he has been informed that it will give this city telephone connection with points as distant as Denver and San Francisco.

The lines mentioned by Randolph are being constructed between Los Angeles and El Paso and El Paso and Denver. The first named line will pass through southern Arizona between Yuma and Tucson, and will make connections at Maricopa with the Sunset line now built between Prescott and Phoenix.

In his Los Angeles interview Mr. Randolph said that the new lines are being bought independent of the Sunset company, but they will be operated in connection with that system of lines in the southwest.

"I believe such long distance talking is possible," said Manager Wright yesterday. "There is now a telephone line in operation between Omaha and New York that gives perfect satisfaction. It is not too much to say that before long we will be talking to our friends in Denver, El Paso, Los Angeles, San Francisco and intermediate points."

Asked if the merger between the Sunset and Prescott Electric lines in Yavapai county took place yesterday, Manager Wright replied that it had not, but will in the near future. He said that there will be no changes in the toll rates, but that there may be in other directions.
