RIOT IN MINING DISTRICT RESULTS IN THREE DEATHS

Coal Strikers Arrested And A Mob Attempts To Rescue Them

JOHNSTON, Pa., April 16—Three men were shot dead, a boy was fatally wounded, and a mining engineer, Eugene Delany, was seriously injured in a riot at Windber among the striking coal miners tonight.

The place is in a state of terror. Sheriff Begley was summoned and an appeal made to Governor Pennypacker for troops. Several other rioters sustained slight injuries. The dead and most of the injured are foreigners, and their names cannot be obtained. The bodies are lying in the street tonight where they fell, the strikers refusing to allow the undertakers to remove them.

The foreign element had been celebrating Easter Monday in the mining section, and much liquor was used. A body of strikers assembled tonight and began discussing an afternoon mass meeting which had been addressed by three Catholic priests. A riot followed,

and the strike deputies made a number of arrests. All the men arrested were union men, and their comrades set up the cry that they were being discriminated against.

The arrested men were marched to the jail door, and a mob attempted to take the men from the officers. The latter fired into the crowd, which fell back, leaving the dead in the streets. The miners were angered and returned shots at the deputies.

Shortly before midnight the town quieted down, and the crowds began to disappear on the streets. The state constabulary was summoned from Greensburg, but a freight wreck delayed the arrival of their special train, and it will not be at Windber until early in the morning. The miners and constabulary are very antagonistic, and trouble is expected. Large quantities of dynamite are stored, and it is feared they may use it.

POPULAR COUPLE UNITED IN WEDLOCK

Marriage of Wm. Neagle And Miss Etta De Witt

Newly Wedded Pair Go South On Their Honeymoon

(From Tuesday's Daily.)

In the presence of only the immediate relatives of the bride, with Horace Bowdre as best man and Miss Henrietta Hartman as bridesmaid, Miss Etta De Witt and William M. Neagle were united in the holy bonds of matrimony last evening at 8 o'clock in the Church of the Sacred Heart by Rev. Alfred Quetu.

After congratulations were extended, the bridal party proceeded to the depot, where the bride and groom embarked on the 8:30 southbound train for a brief honeymoon tour through southern Arizona.

The bride is the charming and accomplished daughter of Mr. and Mrs. W. T. De Witt of this city. Born and raised to womanhood here she is known, beloved and respected by all. Her beauty and accomplishments always insured her a hearty welcome in the best circles of society, and her sweet and cultured voice, ever ready in the cause of charity, is familiar to every churchgoer in the city.

The groom, who is our efficient and courteous undersheriff, is a native of Pioche, Nevada. Born in the sage brush state, he first came to this territory in 1878. Some five years ago he moved from southern Arizona to Yavapai county, when he accepted a responsible position with the United Verde Copper company at Jerome, which he held until called to the position he now holds on the first of January, 1905. He is a bright, able and capable young business man, who commands the respect and confidence of the entire community, and one for whom the future holds higher honors.

The happy couple were the recipients of many useful and valuable presents, among which may be mentioned a handsome set of silverware presented by the courthouse officials, who hold the newly wedded pair in the highest esteem.

After a brief honeymoon tour they will make their home in the cottage at 121 North Mount Vernon street, which the groom has had recently furnished throughout in neat and elegant style. A host of friends extends to them best wishes for a life of happiness, health and prosperity.

WEST PRESCOTT TO HAVE A NEW SEWER

Contract Awarded for a Flume On North Pleasant

Grading of Goose Flat Hill Hangs On The Peg

(From Tuesday's Daily.)

A delegation of property owners in West Prescott, headed by Dr. J. W. Flinn, waited on the city council last evening at its adjourned session. The eloquent doctor, who was spokesman for the party, represented to the city fathers the necessity of building a sewer through the streets and alleys beyond Grove avenue, according to a plat and profile which was submitted by assistant city engineer Latimer. He made the statement that there were 35 cottages in which were housed over 200 souls that were in danger from any epidemic that might break out there on account of imperfect sanitation, and concluded his remarks by stating that the valuation of the property in the district, according to the assessment rolls returned by the city assessor, was \$31,430, upon which \$310.30 was collected annually for taxes.

An examination of the plat and profile showed that it would take 2,800 feet of sewer pipe, and on motion the water engineer was instructed to procure 1,500 feet of new sewer pipe and commence the work as soon as the residents of that district would furnish the city with right of way deeds over six lots which the proposed sewer would pass through.

Bids for building the flume on North Pleasant and Moeller streets were opened and the contract was awarded to J. M. Green for the sum of \$720, subject to the filing of the usual bond.

A letter was read from W. H. Kay, a Glendale horseman, offering two five year old colts to the city for the use of the fire department, weighing 1,300 pounds for the sum of \$350, and the matter was referred to the fire department. Chief A. A. Johns will inspect the animals during his visit to the Salt river valley this coming week.

A communication was read from the Library association offering to turn over the library building and library to the city authorities, and after some discussion in which it was the opinion of the mayor and council that the association could run the library more economically than the city authorities, mayor and Councilman Brown were appointed a committee to consult with the Library association committee with a view of finding out the amount that would be necessary for the city to donate each month to the association in order to meet the current expenses of the association.

City Engineer Glass represented that a former administration used the salary and contingent funds to the amount of \$7,824.88 in repairing the waterworks, and that the same should be refunded to the salary and contingent fund by the water fund, and the matter was passed over until a subsequent meeting in order to make a more thorough investigation.

Councilman Brown remarked that a number of people would like to know what is going to be done with the proposition of the grading of Goose Flat, and Alderman Belcher stated that he was sure that the contractors were ready to go ahead with the work at any time that the contract would be signed by the mayor, but the matter was continued for further investigation into the legal status of the contract.

The improvement of several city crossings were considered as well as the purchase of a rock crusher to crush

LEADERS OF MOB IN LYNCHING BEE ARE UNDER ARREST

Warrants Out For Twenty Five Citizens Charged With Murder

SPRINGFIELD, Mo., April 16—Four men are now under arrest here, charged with being leaders of the mob that broke into the county jail on Saturday night and lynched three negroes. One of the alleged mob leaders is in jail, while three were released on bail.

Charles Cannefax and Toney Clafry were the first men arrested. Cannefax has been a poolroom proprietor, but at present is employed in the railroad yards. Clafry is a switchman on the same road. Dan Crane, son of D. D. Crane, a well known saddlery merchant, was the third man arrested. Crane moves in the best society. These three were released on bonds. Out Hall, the last man arrested, is a police court character. He is still in jail.

Cannefax asked Sheriff Horner today what amount of damage was done his residence. The official replied about \$1,000. Cannefax then said a collection would be taken up to pay him, but the sheriff promptly refused the offer.

The grand jury will meet tomorrow. Up to noon today the men who had been in the mob made no secret of it.

They stood on the street corners and joked each other about it, but when the word came that Gov. Folk had offered \$300 reward for the conviction of any members of the mob, and when Roscoe Patterson, the prosecuting attorney, declared today that he intended to work for the arrest and conviction of every man concerned in the lynching, there was uneasiness.

At noon it became known that 25 warrants charging murder were in the hands of the sheriff. Before dark the square was deserted, and tonight it is absolutely quiet.

Another Hold Up.

SPRINGFIELD, Mo., April 16—A negro named Buris was shot and killed shortly after 10 o'clock tonight in the eastern part of the city by a young white man. The latter was escorting a young lady to her home, when they were held up by two negroes. The white man drew a pistol, and fired at the negroes, who both fled, as he supposed. He ran after them, not knowing that he had hit one, and stumbled over the dead body of the man he shot. The other escaped.

RUSSIA WARNS AMERICA OF GORKY

ST. PETERSBURG, April 16—Gorky's reception in the United States is giving the Russian government considerable concern.

A high official said today: "In listening to Gorky, the American people should understand that he is not a liberal or a reformer, but a revolutionist, pure and simple. He is certainly a writer of talent, and perhaps of genius, but much that he says regarding the conditions in Russia are doubtless true, but it should be made clear that his object is not reform but revolution. Madame Andreiva, who accompanies him is not his wife. She is also of the revolutionists, and M. Morosoff, one of Moscow's merchant princes, gave her \$1,500,000 for the revolutionary cause. When the government last summer secured proof of this fact, she was given 24 hours to leave Russia, or stand trial here. He fled to Paris, where he committed suicide."

ULTIMATUM IS GIVEN TO DOWIE

CHICAGO, April 16—Voliva and his followers today presented what they termed their ultimatum to Dowie, in the form of an offer to submit the whole controversy over Zion City and its business and ecclesiastical affairs to a board of arbitration. Should Dowie refuse to agree to this method, then all negotiations will be considered at an end, and Dowie's claims to any part, financial, ecclesiastical or otherwise, in the affairs of Zion City will be brought to a finish. No reply to this has yet been made by Dowie. Attorney Wetten, representing Dowie, said tonight, however, that Dowie will never consent to sacrifice his ecclesiastical power at Zion City.

FAVORITE WINS RACE.

NEW YORK, April 16—Roseben, the popular favorite, and carrying top weight of 129 pounds, today won the Centur handicap at seven furlongs, the feature of the opening day of the Metropolitan racing season at Aqueduct.

S. Mary's guild annual meeting and election of officers will be held at the rectory on Wednesday afternoon at 2:30 o'clock.

D. Ford, a native of Chicago, and aged 33 years, died in the hospital yesterday morning at 6:30 o'clock. The deceased had been a resident of this city but a short time previous to his admission into the hospital. The immediate cause of death was pleurisy, which forced a malignant case of tuberculosis into what is termed galloping consumption. His remains are temporarily resting at the undertaking parlors of F. F. Nevin, pending the arrival of advice from his Chicago relatives.

YOUNG REIF FALLS AND BADLY FRACTURES HIS ARM

On Sunday morning last about 10:15 while climbing around the water table of the Catholic church building, Lorrain Reif, the eleven-year-old son of Fred Reif, the Cortez street barber, lost his footing and fell to the ground, a distance of about three feet, dislocating his left wrist, and breaking the arm about three inches above the dislocation. Dr. J. B. McNally, who happened along at the time of the accident, took the boy to his home on Alarcon street, when Dr. W. E. Day, the family physician, was summoned, who reduced the fracture, and set the arm. The boy stood the ordeal without a murmur, and was noticed around the streets yesterday as usual, with the exception that his arm was bandaged and studiously avoiding any acrobatic feats.

Heads the procession—Journal-Miner.

LADRONES ARE ACTIVE ON LUZON

MANILA, April 16—The headquarters of the Philippine constabulary at Malolos, on the Island of Luzon, was attacked several days ago by bank Ladrones. Three native members of the constabulary and one ladrone were killed. The affair created no alarm here, as it is regarded as merely an incident of the effort to restore order through the employment of native constabulary. Similar conflicts are more or less frequent.

MRS. SORIN ADMITTED.

WASHINGTON, April 16—The unusual spectacle of a father moving for the admission of his daughter to practice in the supreme court of the United States was witnessed in that court today. The motion was made by Attorney William Herring, in behalf of his daughter, Sarah Herring Sorin, of Tucson, Ariz. Mrs. Sorin makes the twenty-fifth woman admitted to practice in the court. Mrs. Belva Lockwood, the first woman ever admitted to practice in the court was present when the motion was made in Mrs. Sorin's behalf.

rock to be used on the crossings and other city improvements, but no definite action was taken.

After the mayor and clerk were instructed to sign a contract with the New York Belting and Packing company for the purchase of 1,000 feet of new fire hose at 80 cents per foot for the use of the fire department, the meeting adjourned.

TILLMAN SEEKS TO PRY OPEN THE LID

WASHINGTON, April 16—A speech on the railroad rate bill by Heyburn of Idaho, in advocacy of the court review amendment led to more than two hours technical debate in the senate today.

Tillman at the opening of the session offered a resolution providing for an inquiry by the committee of finance as to the contributions by national banks to campaign committees.

In the House.

WASHINGTON, April 16—This was suspension day in the house and a number of important measures were passed, notable among them being the bill permitting the withdrawal from bond, tax free, of domestic alcohol when rendered unfit for beverage or liquid medicinal uses, by mixture with suitable denaturing materials, also a bill amending the national trade mark law.
