

# SECURES NAMES TO REFERENDUM PETITION

## Flagstaff Busy in An Effort to Prevent County Division.

(From Tuesday's Daily.)  
 Judge E. M. Doe, of Flagstaff, is in the city attending Superior Court, and is also circulating a referendum petition against the division of Coconino county, a sufficient number of qualified voters not being obtainable in the section affected.

This movement is actuated to place the creation of a new county before the voters interested at the next general election, and a stipulated number of signers must be affixed to the petition to thwart that design. Judge Doe is meeting with hearty response from his many friends. The legal number of signers will be secured today, when the suspension of the operation of the county division law will be effected until November, 1914.

The fight now on is precipitated by the Williams section which desires a new county to be sliced off of the western portion of Coconino county.

### TUCSON TOURIST PRAISES OUR COUNTY

TUCSON, June 28.—Yarnell hill is soon to be eliminated from the Grand Canyon route, according to Hiram Corbett, who returned Thursday night with his party from that tour. A road is being built around this terror of automobilists by Yavapai county. As soon as the rains come the new road will be hard and in fine shape.

Worn-out tires, axles and gears are scattered by the sides of this road as the bones of the forty-niners were left on the trails over the desert in the early days.

"The hill is about five and a half miles long," said Corbett Friday. "The grades vary from 12 1/4 per cent to 26 per cent. It is rocky and undoubtedly the worst road in Arizona."

### Garage at Canyon, Maybe.

Corbett says that there is a prospect of a garage being established at the canyon soon, near the El Tovar hotel. A man is after the concession from the government. He forgets his name.

"A garage is badly needed there because of the many cars that are making the trip. One has to send to Williams for a mechanic, if he needs one."

### O'Neil Has Trouble.

J. J. O'Neil of the Corbett party had trouble at Yarnell. He was looking behind, talking with the party in the car following, when a rock struck the crank case. They had to go back to Congress and get a carpenter to plug up the hole. At that they were delayed only three hours.

Those in the party were Mr. and Mrs. H. Corbett, Mr. and Mrs. J. C. Caperton, Mrs. E. C. Dietrich, Mrs. Ben C. Hill, H. W. Squires, Leslie Hardy, William A. Bell and J. J. O'Neil. Hardy dropped off at Phoenix on the way back.

Corbett drove his Stutz "50" and O'Neil the same. Squires drove an Apperson "60."

They left Tucson on June 12 and were gone 14 days.

From Tucson to Florence they made especially good time, leaving here at noon, and arriving at Florence at 2:30 o'clock.

### Party Royally Treated.

"We were treated royally by all the northern people," said Corbett. "They are glad to see people from Tucson."

"The northern counties are doing a bunch of work on their roads. Coconino and Yavapai counties are going to have the finest roads in the State after the rains."

"We met people from all parts of the State, Clifton, Jerome and other places and from outside of the State. There was a party from Wichita, Kansas. The northern part of the State has more tourist travel than any other section."

"The scenery is grand. Owners of machines are missing a great time if they do not take the trip."

"We spent three days at the canyon, went along the Hermit Rim road to Grand View point and down the Bright Angel trail."

"There are garages at Flagstaff, Williams and Prescott, with good mechanics, so that no driver need hesitate about taking the trip."

"The weather was superb. We wore our coats from the time we left Wickenburg. It is a superior vacation to going to the coast."

WASHINGTON, June 28.—Parcel post stamps will be good on all classes of mail after July 1, and ordinary stamps will be good on parcel post packages, under an order of the Postmaster General.

# ARIZONA NEWS IN CONDENSED FORM

## Happenings in All Parts Of State Compiled For Busy Readers.

### PHOENIX.

#### Strike May Be Settled.

With the submission of a reply by the Phoenix Railway Company to the recommendation of the Arizona Corporation Commission that a board of arbitration be appointed, the company agreeing to submit the question of wages and the seniority of runs to such a board and a rejoinder by the striking carmen asking for arbitration on four questions, the consensus of opinion was that a long step had been taken in the matter of arriving at a settlement between the company and the men. The fact that the company is willing to arbitrate at all is taken as a concession. The real sticking point now seems to be that of whether or not the company will arbitrate on the question of reinstating William L. Ward to his former position as conductor.

If the striking carmen secured no other concession from the railway company than that of the consideration of their demand for an increase of wages, a victory will have been won.

#### Church and Theatre Condemned.

Two of the most drastic orders ever issued by a building inspector of this city were promulgated by Inspector Howard B. Claffin, when he condemned the Christian church as unsafe and the Lamara theater as not complying with the building regulations of this city. In each instance he directed the closing of the structures until such time as they have been made safe and in compliance with the regulations laid down by the city building ordinances.

Following the issuance of the orders, it was decided to close the Lamara theater and immediately begin the necessary alterations. In the case of the Christian church the trustees immediately acquiesced in the findings of Inspector Claffin and beginning next Sunday and continuing until the edifice has been made to conform with the regulations, the regular meetings will be held in the Elks theater.

The condemnation of the Christian church did not come entirely as a surprise to those familiar with the condition of that building. It had been expected to begin work shortly of altering the entire edifice and constructing substantial additions. With this in view the building inspector was called in to determine the practicability of the proposed changes.

### TUCSON.

#### Serum Giving Good Results.

That the Pierkowski serum for tuberculosis is giving fine results, is the assertion of Dr. W. J. Galbraith, who brought the serum from Berlin after watching Dr. Pierkowski's work with the serum on 350 patients at the Royal infirmary. Dr. Galbraith, who is medical director of the Arizona Sanitarium at Safford, was in the city Friday with Dr. H. V. Riewel, a Berlin physician who has come to Arizona to be physician in charge at the sanitarium.

"I have used the serum treatment on seven people," said Dr. Galbraith, "three in Safford, one in Tucson and three in California. One of the Safford patients was Sheriff Smith of Graham county, who was so weak that he could hardly speak. Today there isn't an active bacillus in his system. He has gained 20 pounds, and has made affidavit that he is cured. A few days ago, resenting an insult, he struck a big, brawny man in the face and nearly caved it in."

"The case in Tucson is that of a woman whom I treated a few days ago with the serum. I expected her to die, and anticipated hearing of her death when I arrived here this morning. I telephoned to Dr. Schrader about her, and he said her temperature has gone down to about normal (it was as high as 104), and that she appears to be gaining. In every case there is a marked improvement, so far as I have gone."

#### Father Settles With Son.

The suit of Herman Fleishman against his father, Fred Fleishman, has been settled out of court for \$25,000, it is stated. The suit is expected to be dismissed late Friday or Saturday. Fred Fleishman intimated that his relations with his son are severed absolutely.

The \$25,000 is considered as payment in full for the son's interest in the mother's estate. The site of the Kress building was part of the realty. It alone sold for \$25,000.

Herman claimed an interest in the drug business. In the opinion of the father, this would not have held in the courts.

Herman Fleishman and his attorney refused to give out the terms of the settlement.

neys refused to give out the terms of the settlement.

### BISBEE.

#### Child Starts Fire.

The five-year-old son of Mr. and Mrs. W. B. Hansen, of Warren, prattled yesterday afternoon of a match that it had brought from the house and that made a "big fire." The latter was in the frame building occupied by the Arizona Plumbing Co., of which Mr. Hansen was the owner. The building, a frame, of dimensions of 25x60, was totally destroyed along with plumbing tools owned by Mr. Hansen and a small amount of plumbing stock.

The Hansen residence, within ten feet of the burned building, a barn at the rear of the shop, and six houses immediately at the rear of this, were all in danger of burning. Excellent work on the part of the Warren Volunteer Fire Department saved the adjacent property.

### GLOBE.

#### After Whiskey Sellers.

Deputy United States Marshal Rube Harpham is conducting an active crusade against sellers of whiskey to Indians, and sixteen men accused of that offense have been lodged in the Gila county jail since the latest session of the Federal grand jury, April 22. In spite of the efforts of the marshal and the county authorities, the practice of selling liquor to the reds has grown to such proportions that an effort is being made to get the special office department of the Indian service to appoint a special agent here to devote his time exclusively to the matter.

Mr. Harpham arrested one man yesterday at Miami who, it is charged, had three bottles of liquor which he was delivering to Indians. This was the fifth man caught in the Globe district in the last three days.

# LOSS OF HOUSE IS BLAMED TO SMALL BOYS

(From Tuesday's Daily.)

The total destruction by fire of the residence on South Granite street, owned by A. A. Johns and B. H. Smith, occurred yesterday afternoon at about 5:30 o'clock, together with the furniture and other household goods owned by C. P. Nash. The loss is about \$1,500 and no insurance was carried.

The fire is said to have originated from small fire crackers, in the hands of boys, who were seen playing in the yard to the rear in their premature celebration of the Fourth. The interior had recently been furnished by Mr. Nash, who left the city about two weeks ago for the east, accompanied by his wife.

# SAYS SERUM OF NO BENEFIT TO HIS WIFE

(From Tuesday's Daily.)

Fred C. Evans, manager of the Verde Valley Oil Company, has returned from Tulsa, Oklahoma, to again assume charge of drilling. The casing having arrived at the well, near Camp Verde, operations will be resumed this week. Speaking of the Friedmann tuberculosis remedy, applied to his wife recently at Bakersfield, Cal., he said the results have been far from satisfactory and the afflicted woman has not been benefited to the slightest extent. Mrs. Evans and children arrive today from the coast and will reside at Camp Verde.

# BOY BREAKS LEG ON HIS SEVENTH BIRTHDAY

(From Tuesday's Daily.)

The seven-year-old son of Mr. and Mrs. B. B. Dolly collided with an automobile on North Marina street on Sunday morning while riding a bicycle, and sustained a fracture of the right leg below the knee. It was his birthday, and to celebrate the event he was made a present of the wheel. There were no eye-witnesses other than those interested, and the particulars of the unfortunate accident are not known.

### COURT CASE IS FOLLOWED BY FIST FIGHT

(From Sunday's Daily.)

After the examination yesterday (in Judge McLane's court) of Thos. Allsop and the three Donario brothers, accused of the crime of cruelty to animals, County Attorney O'Sullivan moved the dismissal of the case for want of evidence connecting the defendants with the injury of the mare of George Hansen, and all four men were discharged from custody.

There was no doubt, however, that the animal had been brutally mistreated, on the range near Senator, but there were no witnesses to the deed, hence it was but a supposition of whom the guilty ones were, according to the opinion of the County Attorney.

After the case was settled, Allsop and R. M. Hanson, father of the owner of the animal, met on Gurley street, and the trouble was renewed out of court in a lively fist fight for a few rounds, neither of the participants being injured. All parties to the unpleasantness reside in the Senator section.

### DESIGNER OF FIRST APARTMENT HOUSE DIES

NEW YORK, June 28.—The death here of John H. Trenor has taken from New York the father of its apartment houses, which now number far into the thousands.

It was in the early seventies or something like forty years ago that apartment houses patterned after Trenor's experiment began to spring up in the city. It was predicted that "French flats," as they were then called, would pave the way for French morals, which meant that the community was fast going to the dogs. It is not easy to say what effect apartments have had on morals, but they certainly have proved a blessing to countless families of moderate means and home instincts.

In addition to being the father of the apartment house idea, Mr. Trenor was a famous dancing master many years ago. He taught the dignified square dances then in vogue, as well as the waltz, the galop, the mazurka and the schottische, as different from the tango and the turkey trot as the New York of that day is different from the modern city of flat dwellers. Among his pupils were such well known men as Chauncey Depew and W. K. Vanderbilt. When Mr. Trenor was teaching New Yorkers how to dance the wealthy and well-to-do lived in houses of their own, those in moderate circumstances inhabited boarding houses and the poor were housed in squalid, unsanitary tenement houses. The apartment houses have proved a potent influence in bettering these conditions.

### SELECTS COURT OFFICERS.

WASHINGTON, June 28.—Thos. E. Hayden and Judge M. T. Dooling have been selected by the President for district attorney and United States district judge for Northern California. The nominations will probably be sent to the Senate next week.
