NOTED OPERATOR IN MINES IS CALLED

(From Saturday's Daily)

Advices from Los Angeles bring news of the death of Andrew K. Beatson, a brother of former supervisor J. R. Beatson of this county. The deceased was, among the noted mining men of the country, and as well was he successful, attaining a high rank in his profession as an engineer. He was the president of the Fifty Associates, a subsidiary organization of the Guggenheims, as well as he a factor in that syndicate. Beatson had sole supervision of the two Alaska holdings of the Guggenheims, and was consulted over interests in the big field handled by that organization.

He visited this city some years ago, as the guest of his brother, and the latter was with him when the end came after an illness of several months. Mr. Beatson was aged about 70 years, and was married, his widow surviving. He was rated as a millionaire, and went to Los Angeles for his health last year.

MINING DEAL.

(From Sunday's Daily.)

G. W. Hull has sold to the United Verde Copper Co., the Iron King mine, patented, the deed being recorded yesterday for a nominal sum. This mine lies one mile to the northwest of Jerome, and adjoins the United Verde holdings. Water pipe line interests are included in the sale made.

BUSY PROVIDING MOUNTS FOR THE ARMY

(LONDON, Dec. 15.—(Correspondence of the Associated Press.)—Providing mounts for the British army so constantly exposed to German fire on the continent keeps five remount depots in England and Ireland busy.

Each depot is under direction of an army officer, who is assisted by veterinarians, rough riders, groomers and blacksmiths. Many Canadians from the western provinces have been drafted into the remount service because of their skill as horsemen and experience in managing wild animals.

Both artillery and cavalry have suffered a very heavy loss of animals in Belgium and France and there is constant demand for many different kinds of animals. Hunters, cart-horses, cobs and heavy animals for vans used by the commissary are bought by the remount officers and shipped up for the field.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell. I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together. My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it. Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling? If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century. Begin taking Cardui to-day. You won't regret it. All druggists.

COPPER CASKET FOR KELLNER'S REMAINS

(From Sunday's Daily.)

Judge J. J. Hawkins said yesterday that he wished to keep history straight with reference to the laying of the corner stone of the old high school building in Prescott, it having been stated that E. F. Kellner, who recently died at Venice, California performed the ceremony as head of the Masonic order of Arizona. Alonzo Bailey, Judge Hawkins says, laid this corner stone.

In speaking of the death of Mr. Kellner, Judge Hawkins dwelt on the peculiarity of the man's nature, stating that he was a good man and well loved and respected in this state when he lived here, being well known from one end of Arizona to the other. In his will he made provision that one thousand dollars should be contributed to the Masonic lodge of Globe to go to Venice and officiate at his funeral. He had a copper casket made from the product of the Old Dominion mine in which to place the casket containing his body, and in the back doorway of his home in Venice had a mausoleum constructed where his body was to be kept. At the time the building of this tomb was proposed an effort was made in court to prevent it on the grounds that it was a violation of the laws of the city and also contrary to the sanitary laws of the state. Judge Hawkins did not know how this controversy was settled. If it was determined that the tomb could be erected, it is probable that today the body of this well known Arizona man is reposing inside a copper casket in a magnificent mausoleum in the heart of the residence district of Venice, California.

REPUBLICANS WIN THE TUCSON ELECTION

TUCSON, Dec. 15.—J. Knox Corbett, republican and former postmaster, defeated Dr. Ira E. Huffman, democrat and incumbent yesterday for mayor by almost 300 votes, making the best run on the republican ticket which elected all three councilmen, George T. Fisher, Walter J. Wakefield and J. P. Hobbesen.

An extremely heavy vote and many split tickets delayed the count. Tax-paying voters were given four ballots. Only taxpayers voted in the seven bond issues which were approved. The question of retaining restricted districts seems certain to have been approved although this information comes from watching the sorting of ballots and not from official count.

The democrats re-elected L. O. Cowan city recorder by a big vote over F. G. Smith. James Cullen, democratic candidate for city marshal ran way ahead of Essau Mills, republican, and Byrd Brooks, democratic present city treasurer ran way ahead of Carlos C. Jacobo, republican. J. E. Woods, democrat, was elected city assessor over E. L. Vail, republican.

The figures for the city officials are from the official count, and on other issues both sides concede as above. Each party elected four city officers who will serve for two years. The republicans have control from January 1.

The street railway franchise for a large extension of present tracks was apparently approved by a large vote.

STARTS DEVELOPMENT.

(From Sunday's Daily.)

Robert Griffith, who recently sold the New State group of mines on the Hassayampa, will revive his copper holdings which adjoin the Bagdad on Copper creek, in Bureka district. A small force is to be employed and three months' development is out to be used in making applications with that belt for over ten years, and yesterday shipped in a large amount of supplies and material.
