RUMANIANS DASH INTO CONFLICT TO HELP ALLIES

Declare War On Austria-Hungary

LITTLE KINGDOM OFFERS AID OF 900,000 WELL TRAINED MEN; TURKS AND RUSSIANS CLASH NEAR LAKE VAN.

By Associated Press.

LONDON, Aug. 28.—Rumania has joined the Entente Allies and declared war on Austria-Hungary. Germany has declared war on Rumania. Already the Rumanian troops are endeavoring to press toward Bukovina and the Galicia borders through Transylvania to take the rear forces of the Austro-Germans who are attempting to prevent the Russians from entering Hungary. Along the lines where the Teutons are in contact with the Serbians, British and French, both sides report small gains in various sections.

Artillery engagements and mine operations constitute the chief fighting in France and Belgium. Paris reports French progress in the Somme region. The British report German attacks near Thiepval and claim that a German attack near Fleury failed. The Russians and Austro-Germans are fighting at isolated points with no marked successes. The Russians and Turks are fighting in the Lake Van region. The Austro-Italian theatre has not changed.

900,000 Men Available. PARIS, Aug. 28.—The estimated effective Rumanian army available for mobilization is about 900,000 men, including ten regiments of red Hussars and ten black. The artillery aggregates 480,000 with 70 five-millimeter guns and 160 field guns, some of them of the heavy type.

FRUSTRATE PLOT TO KIDNAP HARRIMAN

CONSPIRATORS PLANNED TO DISFIGURE VICTIM IF \$100,000 RANSOM WAS NOT PAID IS CHARGE.

SALT LAKE CITY, Aug. 28.—Ransom of \$100,000 was to be demanded for Roland Harriman, son of Mrs. E. H. Harriman, by three men under arrest in St. Anthony, Idaho, in connection with the alleged conspiracy to kidnap the 16-year-old son of the late railroad magnate, according to word received here today.

The authorities say that two of the men have confessed that the plan was to blind or otherwise disfigure young Harriman if the ransom was not paid promptly.

Mrs. Harriman and her son had planned to spend several weeks on a Harriman ranch near St. Anthony, but were delayed because of the threatened railroad strike.

When arrested, Mark A. Lufkin who, the authorities say, confessed, was working on a ranch near the Harriman property. Davis McLoy and Ralph Seufelt were arrested on information furnished by Lufkin. The police say they found a letter demanding \$100,000 ransom among the men's effects. Seufelt denies knowledge of the alleged plot.

Two Bandits Line Up 13 Men, Then Loot Store At Henrietta Mining Camp

Masked Robbers, Armed With Automatics, Keep Victims Helpless While Cash Register Is Ransacked; Boldness Of Crime Is Without Local Parallel.

(From Tuesday's Daily.)

Two masked men entered the merchandise store of N. L. Pierce at the Henrietta mining camp, on Big Bug creek, at about 8 o'clock Sunday night and held up and robbed the proprietor and 12 men, securing more than \$200 in cash.

The robbers were cool in their actions. Each had a 45-calibre Colt's automatic revolver. The victims were lined up with their hands above their heads while one of the men calmly

ransacked the cash drawer, from which he secured the bulk of the above sum. The other bandit held the 13 men in position, threatening to shoot at the first resisting movement.

The two men then proceeded to go through the line, but only a small sum was secured from the 13.

It is believed the robbers were familiar with the surroundings, as well as with the amount of money carried usually by Mr. Pierce. On leaving the place it is believed they went down the track toward Poland Junction, and from that point took to the hills, with Prescott as their objective, via McCabe.

Mr. Pierce was a visitor to Prescott yesterday and gave a recital of his misfortune. The sheriff was summoned immediately and with a deputy has been scouring the country without success.

The boldness of the deed, and the nerve of the two men in holding up 13 is without a parallel in this section. The Pierce store is in the heart of the Henrietta camp.

LAUNCHES HIS BRILLIANT MEN TO CAMPAIGN FOR SENATOR

JUDGE STILLWELL TELLS PEOPLE OF PHOENIX WHAT HE WILL DO IF GIVEN THE TOGA.

Special to the Journal-Miner.

PHOENIX, Aug. 28.—Before an enthusiastic audience in the city hall plaza, Judge William H. Stillwell, pioneer of Arizona and father of many of the mining and irrigation laws now in effect in the Southwest, tonight opened his campaign for the nomination for United States senator, subject to the Republican primaries.

His address was devoted to a review of his achievements since his appointment as associate justice of the Arizona Supreme court by President Harrison in 1881. He attacked no candidate, but to the contrary invited all candidates of all parties to occupy seats with him on the platform. He indicated that he was for constructive legislation, that he is not identified with special interests, and that he would, if elected, work for the interests of his constituents as a whole.

He pointed out that the prosperity of this section depends upon relief to the farmers and burdensome assessments for the construction of the irrigation system and that if sent to Washington he would devote no small portion of his time to securing a more equitable system of assessment. His address was well received. Judge Kibbey, also an aspirant for the Republican nomination, was an interested member of the large audience.

Opening prices showed a fall, in some cases amounting to 5½ cents a bushel. September delivery, which closed Saturday at \$1.51½, started today at \$1.46 to \$1.48½. Other options also broke wildly.

General rushes to sell took place, which were increased by the increased chances of a general railway strike in the United States.

EL PASO, Aug. 28.—An appeal of the people of Aguas Calientes and Zacatecas to authorities of the de facto government in Mexico City to send physicians, medicines, corn and beans to alleviate disease and famine rampant in the two States has been fruitless, according to private advices here. The reply said there was not more than enough food in the Federal district to provide for the people there and that if there were physicians available they could do nothing, for there were no serums to combat the typhus and smallpox epidemics.

Reports received by military authorities here indicated that about 4,000 persons who have come from or passed through the stricken districts have reached Juarez recently. As a result increased precautions are being observed by the immigration authorities here.

Some of these said that between 50 and 100 persons have been dying daily in the cities of Zacatecas and Aguas Calientes recently from disease and malnutrition.

BROTHERHOODS SAY TENTATIVE ORDER FOR WALK-OUT ON LABOR DAY WILL NOT BE REVOKED WITHOUT CAUSE

By Associated Press.

WASHINGTON, Aug. 28.—President Wilson has decided to go before congress personally tomorrow or Wednesday to recommend legislation and action to prevent or terminate the threatened nation-wide railroad strike. He worked late tonight on the message which will tell the house and senate of his negotiations to date and his present definite legislative program. He met the senate Democratic legislative committee this afternoon and discussed the time, manner and extent of his appearance before congress.

Senator Newlands said tonight that the interstate commerce committee had undertaken to frame a general bill regarding the required legislation. It is considering legislation fixing an eight-hour day, an increase in revenue to meet added wages and amendments to arbitration laws and is also considering the application of the Canadian principle of prohibiting a strike pending negotiations, or for 60 days after a decision in any controversy.

How far the government may go in the management of the roads in the event of a strike and whether it may merely operate military trains or provide operation in general and commercial transportation is being discussed. Congressional opinion is divided on almost all the points involved. The president today urged the brotherhood heads to withdraw their tentative strike order calling the men out at 7 o'clock on the morning of Labor Day, September 4th. The committee flatly refused, saying that only the general committee had the power to revoke the order. After the refusal Wilson conferred with the executives until late.
