

# RATTLE SNAKES ARE BECOMING PLENTIFUL

### GAME WARDEN HICKS IS OF THE OPINION THAT EVERYONE MUST KEEP LOOKOUT FOR REPTILES AND TELLS OF REMEDY.

(From Sunday's Daily.)  
Game Warden O. F. Hicks, who for the past few days has been traveling over much of the rocky country in the vicinity of Lake Watson, stated yesterday that rattlesnakes are getting too thick to be nice out in that part of the country and warns all persons who happen to journey to that section to keep a careful watch for the deadly reptiles.

Yesterday morning Mr. Hicks found three large rattlers in a bunch sunning themselves, and quickly shot them to pieces with his automatic, but had been a little less careful where he stepped, he would have landed right in their midst.

Mr. Hicks states that all persons who are compelled to travel over country which they think may be infested with the snakes should take a few simple precautions to offset the danger of the poison in case they are bitten. If one hopes to deal properly with a rattler's bite he should carry with him a sharp knife or razor, a small vial of permanganate of potash crystals, and a rubber band of sufficient size and strength to be used as a ligature without the delay which would be caused by tearing up a garment and making cloth strips with which to bind up the injured member to stop blood circulation.

First place the rubber band in such a position that it will cut off the circulation, the tighter the better. Make a deep cut on the spot where the snake's fangs have entered the flesh, cutting deeper than the fangs have penetrated. Bleed the wound and then apply some of the crystals mixed with saliva if no water is at hand. Close up the cut and hurry to the nearest physician.

The old theory that whisky is an antidote for snake poisoning is now completely exploded, and physicians are said to advise against the use of such a stimulant in an emergency like the one above-mentioned.

### 7 AMENDMENTS WILL GO ON THE BALLOT

PHOENIX, July 6. — With the close of Wednesday, the final day for the filing of petitions in the office of secretary of state to initiate matters of legislation to be voted on at the next election, it was made certain that the voters of Arizona, at the election in November, are to have the privilege of casting their ballots for or against seven amendments, four of them constitutional and three statutory.

No petition lacked sufficient names to place it on the ballot next November. One received nearly 16,000 signatures and one nearly 13,000. Following are the questions that are to be voted on:

The workmen's compensation act, a constitutional amendment, petition contained 15,588 names.

The anti-vaccination act, a statutory amendment, petition containing 7,315 names. Act to make it illegal to vaccinate any school child without the consent of parents.

The capital punishment act, a statutory amendment, petition containing 7,552 names, to make capital punishment a legal sentence in first-degree murder convictions.

The legislative redistricting act, a constitutional amendment, containing 12,825 names.

Three acts relative to the sale, leasing and management of state lands.

### BELOVED WOMAN CALLED BY REAPER

(From Saturday's Daily.)  
Mrs. L. M. Gale passed away on Wednesday after a brief illness due to heart failure at the home of her daughter, Mrs. A. L. Thomas in this city. This estimable woman had made her home in Prescott for over eight years and became endeared to many for her kindly nature and generous disposition. She was born in New York State, but her home for years afterward was at Oswatimie, Kansas, to which city the remains will be taken on Sunday afternoon for burial in the family plot by the side of her husband, whose death occurred about nine years ago. Mrs. Thomas and husband will accompany the remains on the last journey. Services will be held this evening at 8:00 o'clock at Ruffner's mortuary, to which friends of the family are invited.

### JAILED FOR REFUSAL TO REMOVE HIS HAT

(From Saturday's Daily.)  
A man who refused to give his name, but who is said to have been an employee of the Humboldt smelter, was arrested on Thursday because he failed to take off his hat while the Prescott band was playing

the Star Spangled Banner, the arrest being made by Chief of Police Bloom. The man was held in the city jail during the day and in the afternoon he was taken before Police Judge Whisman. That official decided that there was no charge which could be preferred against the man, and the latter was released after he had been given a severe lecture for his lack of patriotism.

When asked why he had refused to remove his hat during the playing of the national anthem, the man replied that it was mere thoughtlessness on his part and that he had not intended and disrespect to the flag or musicians.

### MINING OPERATOR FREQUENT PRESCOTT VISITOR IS KILLED

(From Friday's Daily.)  
According to a letter received on Tuesday in this city, the death of R. E. Baldwin occurred in Cincinnati, Ohio, on June 26, following an accident when he was struck by an auto truck on Vine street. Mr. Baldwin at the time was standing on the corner of the street and had his back toward the alley, when the runaway car came along hitting him in the back, from which spinal paralysis instantly developed. The deceased was in Prescott during May, and it is stated had practically closed arrangements for financing a copper mine near Mayer. He had made frequent trips to this section, and enjoyed an excellent name as a copper geologist, having been formerly with the Butte & Boston Co., of Montana. He leaves a wife and two sons.

### COWBOY CONTESTS CAPTIVATE VISITORS TO BOOST PRESCOTT

(From Sunday's Daily.)  
Mr. and Mrs. Davis Garr, visitors during the week from El Tovar, returned to Waterville, New York yesterday after a four weeks' tour of the West, enthusiastic over Arizona, and its wonderful natural creations, surprised over the climate and elated over having witnessed the novelty of range life as depicted in the Cowboy Contests.

Mr. Garr said: "I have seen all the ring shows, been to the grand opera, but this presentation in the open and with actors in real life, beats anything I have ever seen without any varnishing, as usually prevails on the canvas. It is immense, because it was true to life and not overdrawn by studio amateurs." Mr. Garr stated also he is going to tell them back home all about it.

### SERGEANT BRISLEY, PRESCOTT YOUTH, "SAFE OVERSEAS"

(From Sunday's Daily.)  
It will be learned with pleasure in this community that Sergeant Harold Brisley, with the 34th Field Artillery, has arrived safely overseas, his parents, Mr. and Mrs. Harry Brisley, of Prescott, receiving this news yesterday. It is believed from the contents of his letter that he is in France and is ready for action.

Sergeant Brisley left Funston on June 1, while in training for a commission in the officers' school, but rather than remain behind when his regiment was ordered to the front, accompanied it abroad, thereby relinquishing a higher rank for the present. It is quite probable he will qualify for a commission later.

### TAKEN TO ASYLUM

(From Sunday's Daily.)  
Oliver Carson and Santiago Ayala were yesterday found to be of unsound mind by a commission which had been ordered by the Superior court, and yesterday afternoon were taken to the asylum at Phoenix by Deputy Sheriff Dick Twanley and Joe Bethune. Ayala was the Mexican who created a sensation in Jerome last week by attempting to carve up a number of his fellow-countrymen with a large knife. Carson had been driving a team at Skull Valley and apparently went insane on the subject of mining. The officers succeeded in getting him to make the trip to Phoenix only after they had convinced him that he would be given an opportunity to appear before the corporation commission on some mythical mining deal about which he had been worrying.

### MIMIC WARFARE IN GOING OVER THE TOP CALLS FOR DOCTOR

(From Sunday's Daily.)  
Crocket Carter, a youth of eight years, who is with his parents on Aspen creek for the summer, was giving an impersonation of swinging "over the top" of the limb of a box elder tree on Friday afternoon, when he fell to the ground sustaining a fractured left wrist and other injuries. Thunder was roaring and lightning flashing at the time, and becoming alarmed over the rage of the elements the lad lost control of his physical powers. He was brought to the city later for medical treatment and states he will continue to try to go over the top, but the next stunt will be on the back of his small pet burro.

### ON THE FIRING LINE

WASHINGTON, July 6.—American troops actually on the fighting lines in Europe about July 1 numbered 251,000, according to figures given out by Gen. March, chief of staff of the army council.

# SOLDIERS NOW CAN INDULGE IN POOL

### FIRST SHIPMENT OF APPARATUS FOR RED CROSS RECREATION CENTER REACHES PRESCOTT AND MORE WILL COME.

(From Sunday's Daily.)  
A part of the equipment for the Red Cross recreation building which is to be established at Fort Whipple arrived here yesterday from the coast, the shipment consisting of pool tables and the necessary outfit and the balls and pins for the bowling alley. The pool tables will be installed temporarily in the old post exchange building, the place to be fitted up as a sort of an amusement center until such time as a large Red Cross building can be erected and fitted out.

R. N. Fredericks has been making great efforts to have the Red Cross erect two large buildings, one of which is to be used as a place of recreation for the convalescent soldiers. It is understood that Mr. Fredericks' efforts in this direction are about to be crowned with success, the headquarters of the society having practically promised to honor the requisitions. In making this effort, Mr. Fredericks had in mind the fact that when the big hospital was housing 1,500 or 2,000 convalescent troopers, there would be nothing much for the boys to do in the matter of passing the time away, and inasmuch as the Red Cross policy is to make life more cheerful for these unfortunate fellows, the big mercy organization was asked to make an appropriation to supply a comfortable loafing spot.

The shipment of pool tables which came yesterday is only a small part of the equipment which will in time be sent here as soon as there is a demand for increased facilities.

# SUNDAY NUPTIAL EVENT OF LOCAL INTEREST

(From Tuesday's Daily.)  
Pretty as well as interesting were the nuptials of Wanda Waller and Earl Nash at high noon in Prescott, on Sunday, when this popular couple were married at the Catholic church parlor by Rev. Eustace Flamenco.

There were quite a number of intimate friends and relatives present and the principals were the recipients of felicitations. The bride was attended by her sister, Mrs. George Nathman, while Mr. Nathman was best man for the groom. After the ceremony a splendid wedding supper was served at the home of Mr. and Mrs. Herbert W. Walker, parents of the bride, at 241 South Marina street, and afterward the happy couple left for a brief honeymoon on the coast.

The bride is a young woman of fascinating and vivacious personality, a graduate of St. Joseph's Academy, and gifted with many accomplishments. Until recently she had been employed by the Bashford-Burmister Co.

The groom is employed by the S. F. P. & P. in the machine shops, and is a young man of capability and of splendid fellowship, with many to wish him a future of success and happiness.

After the return of Mr. and Mrs. Nash they are to reside at 219 East Sheldon street, where they will be at home, July 15. They received many useful and beautiful presents as mark of the affection in which they are held by friends in this community.

### PRESCOTT BOY NOW IN NORTHERN AVIATION SCHOOL IS ORDERED TO REPORT FOR DUTY; CAN ERECT MACHINE IN DARK

(From Tuesday's Daily.)  
Aviation Mechanic Training School, St. Paul, Minn., July 4, 1918. Editor Journal-Miner:

I have just received orders to get my things packed up and ready for travel. We were notified at ten o'clock this morning to be ready for shipment at the end of the present week. There are about 82 of us who have passed our test first-class and now we are ready to start on our way to the aviation fields to take up our army duties. We will be sent either east or south, east I hope, for the farther east we get, the closer we will be to the Atlantic port of shipping.

There were six of us fellows picked out and set to work on an aeroplane at midnight. We had to put the whole ship in first-class shape in the dark. The wings had been taken off and nearly everything else had been dismantled. It took us just 4 hours and 35 minutes to put the machine in flying shape. We made this test in such time as to hang up a record. The best that had ever been done before was 6 hours and 10 minutes. The major told us that he was very much pleased with our work.

As soon as we get on the new field and get settled down to business, we will show them all what we can do. So I have my things packed up and am waiting further orders. Respectfully,  
Gail Gardarino.

# FAMED YAVAPAI GOLD BONANZA REVIVED

(From Tuesday's Daily.)  
Reviving of the famously known Crown King mine, which had been idle for many years, is now under headway by the Bradshaw Development Co., and according to reports, as the old workings are being opened, results are satisfactory.

There is very much interest shown in bringing back this old-time high class rated property, which passed through an ordeal of internal litigation for years, which necessitated its closing down, and resumption at this time and under operating conditions which are far more advanced than in early days, naturally lead miners conversant with its possibilities to be optimistic over the future.

In addition to the above movement, which is regarded as a very important one, these mining people also are inaugurating a broad campaign in general pertaining to their other holdings in the Bradshaws. The reduction plant at Crown King is to be doubled in capacity, and all equipment is now on the ground for installing it. The equipment is a second ball mill, giving a treatment in the aggregate of over 200 tons per day. The improving of the tramway transmission line from their Wildflower mine to the mill has started, while at the Wildflower a new electric hoist also is going in to supplant the works in use. The affairs of this company in short are assuming general and favorable comment, and one of the biggest operating concerns in the country is forthcoming.

# UNITED VERDE IS WINNER IN BIG DAMAGE CASE

### JOHN HARRINGTON, WHO WANTED \$30,000 FOR HIS INJURIES, LOSES CASE AFTER JURY HAS BEEN OUT 20 MINUTES.

(From Tuesday's Daily.)  
John Harrington lost his personal injury suit against the United Verde Copper company, the jury which was listening to the evidence in the Superior court having required less than 20 minutes to come to the conclusion that whatever injuries the plaintiff might have suffered while at work for the defendant corporation had come about as the result of the man's own carelessness and were not due to the company's negligence.

Harrington, who was seeking to recover \$30,000 from the Jerome copper firm, alleged in his complaint that he had been injured while helping to erect a number of concrete forms in one of the main shafts.

Messrs. Anderson & Ellis, representing the defendant, went to great lengths to prove that the company had not been responsible for the injuries which Harrington said he had received. Wooden models of the shaft and also of the concrete forms were brought into court, and a number of Harrington's fellow-workmen testified as to the instructions which had been given them by the foreman of the cement gang. The defense contended that Harrington had not obeyed the explicit instructions which had been given him regarding the placing of the forms, and as a result he had received the fall which had injured him. The job was a perfectly safe one when instructions were followed, the defendant proved.

### Prisoners Are Sentenced

Judge Sweeney yesterday sentenced Quong Guey, a Chinaman who had been convicted on a charge of attacking a young Chinese girl, to a term of from one to five years in the Florence penitentiary. Frank Taylor, convicted of an attempt to bribe two officers into releasing him after he had been arrested on a bootlegging charge, was sentenced to an indeterminate period of from one to ten years in the State prison. Judge Sweeney overruled motions on part of both prisoners for new trials.

### Blue Monster Faces Suit

Oliver Dean yesterday filed suit against the Blue Monster Copper Company, seeking to recover the sum of \$1,000, which he alleges in his complaint is due him for cutting and hauling work, and sinking a shaft. Dean states that on June 20, 1918, the company contracted with him to sink a shaft to a depth of 100 feet. He was also to run a 100-foot drift at the rate of \$8 per foot. On July 5th, after the shaft had been run down 30 feet and the drift had been run in for a distance of 33 feet the company refused to pay him \$270 which was then due, the complaint states, and the plaintiff has asked judgment for \$1,000, which he alleges would have been his profit on the whole job.

### Probate Matters.

R. N. Fredericks, F. G. Brown and J. A. Hope, appraisers in the estate of the late Robert Keating, yesterday filed a report with the court showing that the value of the holdings of the estate was approximately \$1,600. The property consists of Lots 21 and 23 in the city of Prescott.

Neil C. Clark yesterday filed a petition asking for his appointment to the position of administrator of the estate of the late Salino Raymos, who died on June 3, 1918. The value of the property left by the deceased does not exceed \$1,500 according to the petition. The matter will be taken up by Judge Sweeney on Friday, July 19.

Bert C. Jones, executor of the estate of the late Andrew Jackson, yesterday filed his petition asking for a final accounting. The petition states that the deceased directed that all of his property should go to the executor and his wife. As relatives, Mr. Jackson left three sisters, aged 80, 82 and 85 years respectively, all of them living in the eastern states. None of the latter were remembered in the will. Jackson was a carpenter and contractor and lived in Mayer.

In the matter of the estate of the late Charles A. Behan, George T. Scholey yesterday filed his petition for letters of administration, the matter to be taken up by the court on July 19th. Behan died on June 18, 1918, and left holdings in cash and in property in the Hassayampa mining district.

### NEGROES HANGED

CAMP DODGE, July 5. — Nelson Johnson, Stanley Trouble and Fred Allen, Alabama negro privates who had been found guilty of criminally assaulting a seventeen-year-old white girl on May 24th were hanged simultaneously in full view of the 88th division here today. Their parents were all dead. Johnson has a son aged ten years, his wife being dead.

# CATTLE MARKET

Special Correspondence—

KANSAS CITY STOCK YARDS, July 4. — Cattle receipts today were 12,000, a decrease of 7000 from same day last year, market strong to 10 higher, nothing prime offered, top \$17.75. Hogs today 8000, a light run for Monday, market strong to 5 higher, top \$16.70. Sheep and lambs today 6000, market steady, spring lambs \$17.75.

### Beef Cattle.

The market advanced 50 to 75 cents last week on light receipts, and closed with prime steers worth up to \$18.25, though nothing in that class arrived after Wednesday, when the top was \$18. The best here today sold at \$17.75. Kansas pasture steers are beginning to move, some good ones today at \$16.85 to \$17, and some in this class to feeder buyers at \$16. Oklahoma sent a big delegation today, sales up to \$14.75, this price paid for 10 cars from Okmulgee, weighing 1120 lbs. Fifty cars arrived in the quarantine division, including 24 cars direct to packers, from Oklahoma City, balance mostly common mixed stock, steers at \$8.50 to \$12. Oregon sent 24 loads for today, rather thin fleshed, most of them at \$12. Heavy native cows sold up to \$13.50, grass cows \$10.50, veals \$14.75.

Shipments out last week were up to the limit of the offerings, cooler weather, rains and strong beef cattle markets combining to stimulate trade. Sales are higher today, stock steers at \$7.50 to \$12.50, feeders mostly \$11 to \$13, exceptions up to \$16.

Hogs  
The early market was steady, with packers inclined toward weakness, but all hands were soon compelled to mix in, on account of the light run, sales soon strong and eventually 5 higher. Best heavy weight hogs sold at \$16.70, medium weights same, lights \$16.55, bulk of sales \$16.45 to \$16.65. The market has been unsatisfactory to owners, and not calculated to draw out heavy supplies, although local prices are showing the usual margin above up river markets. Stock pigs sell at \$16 to \$16.50.

### Shell and Lambs

Dry weather caused native lambs to shrink in weight the last two weeks, and the recent heavy decline is partly due to that, although buyers say they are going to put lambs down around 15 cents a pound before they quit. Prices are steady today, native spring lambs at \$17.50 to \$17.75. Ewes bring up to \$13, choice young breeding ewes worth \$17. Goats are weak, a good many here today, sales of Angoras at \$8.25, to killers and also to country buyers.

### STRANGER DIES

(From Thursday's Daily.)  
An unidentified man, who arrived here recently from Worthinton, Indiana, was stricken suddenly ill at the S. F. P. & P. depot Tuesday morning and in less than ten minutes passed away from hemorrhage of the lungs. There was nothing on his person by which identification could be made only a note being found which requested Mrs. Rachal Scott in the above city be informed of his death. He was aged about 35 years, and was en route to Phoenix.

The Journal-Miner has the best-equipped job printing plant in Northern Arizona. A trial will convince.

# Proceedings of the Board of Supervisors of Yavapai County, Arizona.

## OFFICE OF BOARD OF SUPERVISORS YAVAPAI COUNTY, ARIZONA

Prescott, Arizona, June 4th, 1918.  
Board of Equalization of Yavapai County Arizona, met pursuant to adjournment on Tuesday, June 4th, 1918, at 1:00 o'clock, p. m.  
Present: William Stephens, Chairman; C. C. Stukeley, Member; J. A. Jaeger, Member; R. T. Belcher, Clerk.

The Assessment and Tax Rolls of Yavapai County, Arizona, for the year 1918, as returned by C. E. Gentry, County Assessor, were taken up for consideration and after a partial checking of the same further action was postponed until the next meeting of the Board.

Upon motion, duly seconded and carried, the Board adjourned until Wednesday, June 5th, 1918, at 10:00 o'clock, a. m.

## OFFICE OF BOARD OF SUPERVISORS YAVAPAI COUNTY, ARIZONA

Prescott, Arizona, June 5th, 1918.  
Board of Equalization of Yavapai County, Arizona, met pursuant to adjournment on Wednesday, June 5th, 1918, at 10:00 o'clock, a. m.  
Present: William Stephens, Chairman; C. C. Stukeley, Member; J. A. Jaeger, Member; R. T. Belcher, Clerk.

The Assessment and Tax Rolls of Yavapai County, Arizona, for the year 1918, as returned by C. E. Gentry, County Assessor, were taken up for consideration and after a partial checking of the same, further action was postponed until the next meeting of the Board.

Upon motion, duly seconded and carried, the Board adjourned until Tuesday, June 6th, at 2:00 o'clock, p. m.

## OFFICE OF BOARD OF SUPERVISORS YAVAPAI COUNTY, ARIZONA

Prescott, Arizona, June 6th, 1918.  
Board of Equalization of Yavapai County, Arizona, met pursuant to adjournment on Thursday, June 6th, 1918, at 2:00 o'clock, p. m.  
Present: William Stephens, Chairman; C. C. Stukeley, Member; J. A. Jaeger, Member; R. T. Belcher, Clerk.

Mr. L. P. Spaulding appeared before the Board and entered a general protest against the assessments of all lands assessed to the Santa Fe Pacific Railway Company for the year 1918, as returned by C. E. Gentry, County Assessor, and asked that he be permitted to appear before this Board on Monday, June 17th, 1918.

Mr. L. P. Spaulding appeared before the Board and protested against the assessment of the Quaker Gold Mining Company, for the year 1918, as returned by C. E. Gentry, County Assessor, and asked that he be permitted to appear before this Board with reference to said assessment, on Monday, June 17th, 1918.

The assessment and tax rolls of Yavapai County, Arizona, for the year 1918, as returned by C. E. Gentry, County Assessor, were taken up for consideration and after a partial checking of the same, further action was postponed until the next meeting of the Board.

Upon motion, duly seconded and carried, the Board adjourned until Friday, June 7th, at 10:00 o'clock, a. m.

## OFFICE OF BOARD OF SUPERVISORS YAVAPAI COUNTY, ARIZONA

Prescott, Arizona, June 7th, 1918.  
Board of Equalization of Yavapai County, Arizona, met pursuant to adjournment on Friday, June 7th, 1918, at 10:00 o'clock, a. m.  
Present: William Stephens, Chairman; C. C. Stukeley, Member; J. A. Jaeger, Member; R. T. Belcher, Clerk.

The Assessment and Tax Rolls of Yavapai County, Arizona, for the year 1918, as returned by C. E. Gentry, County Assessor, were taken up for consideration and after a partial checking of the same, further action was postponed until the next meeting of the Board.

Upon motion, duly seconded and carried, the Board adjourned until Saturday, June 8th, at 1:00 o'clock, p. m.

## OFFICE OF BOARD OF SUPERVISORS YAVAPAI COUNTY, ARIZONA

Prescott, Arizona, June 8th, 1918.  
Board of Equalization of Yavapai County, Arizona, met pursuant to adjournment on Saturday, June 8th, 1918, at 1:00 o'clock, p. m.  
Present: William Stephens, Chairman; C. C. Stukeley, Member; J. A. Jaeger, Member; R. T. Belcher, Clerk.

The Assessment and Tax Rolls of Yavapai County, Arizona, for the year 1918, as returned by C. E. Gentry, County Assessor, were taken up for consideration and the checking of the same concluded.

The Board, with the information now possessed by it, believes that the following assessments on the following described property are each too small, namely:

Name and Description of Property	Amt. Assessed	Proposed Rais
Clark Montana—Oddity Mining Claim	\$250 per acre	\$4,750 per acre
Realty Company—Daisy Mining Claim	\$250 per acre	\$4,750 per acre
Hull Copper Co.—Maine Mining Claim	\$250 per acre	\$4,750 per acre
Hull Copper Co.—Maine Mining Claim	\$250 per acre	\$4,750 per acre
Monte Cristo M. Co.—Monte Cristo M. C.	\$250,000	\$250,000
United Verde Copper Co.—Hermut M. C.	\$250 per acre	\$4,750 per acre

The owners of the above property and all who are interested therein, are hereby notified that the Board of Equalization will meet at the office of the Board of Supervisors in the Court House of Yavapai County, State of Arizona, at 9:00 o'clock in the forenoon of the first Monday in July, 1918, at which time and place they will take up, consider and determine whether the assessments above specified, or any thereof, shall be increased, when and where you can be present, with such witnesses as you may bring, and be given a hearing. These assessments will be taken up by the Board and considered in the order as they appear above, unless for good cause first shown, the time is extended in any case.

No further business appearing, the Board, upon motion, adjourned until Monday, July 1st, 1918, at 9:00 o'clock, a. m.

WILLIAM STEPHENS, Chairman  
Attest: R. T. BELCHER, Clerk.
