NO SEIZURE OF  
HARD COAL MINE  
FIELD: TO SIGN

(Associated Press Night Wire)  
PHILADELPHIA, Aug. 28.—Government intervention or seizure of mines in the anthracite strike situation will not take place, it was learned here tonight from a highly authoritative source.

Further information was to the effect that very soon, probably within a week, representatives of the anthracite operators and miners would sign a peace pact that would send 165,000 miners back to work with neither side receding from its present stand to make no further concessions.

CANANEA GOES  
BACK TO WORK

(Associated Press Night Wire)  
NOGALES, Aug. 28.—After having been closed down for more than a year the great Cananea copper mines at Cananea, Sonora, resumed operations Saturday afternoon, according to word reaching here today. It resumed, said the message, with two furnaces operating and after more than \$1,000,000 had been expended for improvements during the shutdown. Other mines in Sonora are to resume soon.

**GERMAN STANDARDS**  
NEW YORK, Aug. 28.—German standards—as the word is applied in manufacturing and not in philosophy—will some day be the standards by which America will have to furnish materials to most of the countries of the world, according to Oscar R. Wikander, an American engineer, who has just returned from Germany. "An example of the progress in standardization which Germany has made since war-time conditions began," says Mr. Wikander, "is the recent story of Russian locomotives. Nineteen German and one Swiss manufacturers built 700 locomotives for Russia, and every part in every one of them was interchangeable with the corresponding part in any of the others."

**COTTON MARKET**  
NEW YORK, Aug. 28.—Cotton closed steady at net advances of 28 to 35 points, at \$22.55.

PARSONS DECLARES ACKER HAS POSITIVELY  
IDENTIFIED BURGE; STATEMENT AT PHOENIX

(Associated Press Night Wire)  
PHOENIX, Aug. 28.—T. W. Burge, held in the Yavapai county jail at Prescott on a formal charge of murder, was positively identified by W. E. Acker as the man who killed Iver Enge, according to a statement issued here today by Deputy Sheriff H. C. Parsons, who escorted Burge to Prescott and who was present when Burge and Acker were brought face to face in the sheriff's office.

When the two men confronted each other in the sheriff's office at Prescott Saturday, Parsons said today, neither showed signs of recognizing the other. But as Burge was led from the room back to his cell, the deputy stated Acker turned to

NO FEDERAL  
CONTROL TO  
BE INVOKED  
AT PRESENT

(Associated Press Night Wire)  
WASHINGTON, D. C., Aug. 28.—Proposals for government operation of rail and coal properties were put aside, at least for the present, today, and administration leaders, both in and out of congress, centered their efforts on less drastic measures to meet the industrial emergency.

With the return to Washington of President Harding after an over-Sunday conference with some of his principal advisors on board the yacht Mayflower, it became apparent that no step toward government operation was to become a part of the present administration program.

Not only was it revealed that the president himself was not disposed definitely to ask for congressional authority to take over the properties involved in the strike situation but it was made known also that an influential group of leaders in the senate and house had taken a position which would make passage of the authorizing legislation extremely difficult.

Meanwhile, committees in both branches of congress reported out for passage later in the week, bills recommended by the administration to strengthen its hand in controlling coal distribution by creating a federal distributing agency and by giving to the interstate commerce commission broader powers over priority of shipments.

President Harding was informed late in the day by Republican Leader Mondell that the distribution measure would be brought into the house tomorrow and passed before Wednesday night. No such quick action was in prospect in the senate, where the legislative situation was more complicated, but leaders said there would be favorable action without much delay.

## DUNDEE BEATS MARTIN

(Associated Press Night Wire)  
NEW YORK, Aug. 28.—Johnny Dundee successfully defended his "world's junior lightweight" title tonight, receiving the decision after a 15-round contest with Vincent "Pepper" Martin of Brooklyn.

OKLAHOMA SPIRITS SMITH AWAY FROM  
L. A. WITH HABEAS CORPUS; SHERIFF  
FEARS ARIZONA OFFICERS ON TRAINPRICE CAUSE  
OF PROPOSED  
FORD LAYOFF

(Associated Press Night Wire)  
DETROIT, Aug. 28.—Henry Ford in announcing Saturday that his plants would be closed September 16 because of conditions in the coal industry, began what he declares is a fight against alleged profiteering in coal.

Ford denies there is a coal shortage. The investigations of his representatives have convinced him, it was stated, that coal brokers of the country have an enormous supply of coal on hand. The Ford Motor company could obtain enough coal to cover a tract 10 acres square if it would submit to being victimized by profiteers, it was declared.

For several weeks, it was asserted, the Ford offices at Dearborn have been flooded with offers of coal with deliveries guaranteed. It was declared that the prices asked ranged from 100 to 300 per cent above the normal cost.

The Detroit manufacturer believes that if he yields to what he terms the "hold-up of the coal brokers" every other manufacturer will follow suit and that coal prices will reach an unprecedented figure.

NATION MOURNS  
COLLIN'S DEATH

DUBLIN, Aug. 28.—Michael Collins rests in the soil of the Irish free state, for which he died fighting. He was buried today in the Glasnevin cemetery, where lie the bodies of Griffith, Parnell and other patriots and many of his comrades in the struggle for Irish freedom.

The whole nation mourned; the thousands at the graveside and those who sorrowed in Dublin were only a fraction of the whole. Dublin might have been a city of the dead; a great hush was everywhere, yet almost a million people were standing or kneeling in the streets.

At the grave, Richard Mulcahy, who succeeds Collins as commander of the national army, speaking of the life work and ideals of Collins for Irish freedom, said: "Michael Collins can never be buried for his spirit will live to guide to achievement his ideals."

MAUD STRUCK BAD  
ICE; STARTS BACK

NOME, Alaska, Aug. 28.—Captain Roald Amundsen's exploration ship, Maud, is in the ice off Point Hope, north of Kotzebue Sound, and the eastern entrance to Behring Strait, according to a radio received here today from the coast guard cutter Bear. It is believed here that the Maud is returning to Nome because of unfavorable ice conditions.

(Associated Press Night Wire)  
LOS ANGELES, Aug. 28.—Oklahoma today won the contest for the custody of Alva E. Smith, alleged bank wrecker of Oklahoma, Arizona, Nebraska and Texas, who was arrested recently at San Diego.

Arizona was the chief contender for the possession of the alleged bank wrecker, and a number of her officers were in the superior court here today when Judge Willis granted a writ of habeas corpus in the case and directed that Smith be turned over to Sheriff Freeman of Coalgate, Okla.

According to the testimony, Smith, once known as "The Boy Banker," is credited with having wrecked a total of 23 banks, the latest one being in Oklahoma City, said to have lost \$160,000 through his mismanagement.

Sheriff Freeman, with Smith in charge, was said to have departed for the east without stating the train or route, the rumor being that he feared Arizona officials would board his train and take his prisoner from him.

EXTENSION WORKS  
OF CONGREGATIONAL  
CHURCH IN COUNTY

The Christian Endeavorers of the Congregational church who went to Humboldt Sunday evening to hold their meeting at that place found a good crowd of local people awaiting their coming. In addition to the Humboldt folks the young people from Mayer had driven over to Humboldt for the meeting.

Carrying the benches out of the church and parking cars all about made room for everyone in the vacant grounds next the church.

Opening the meeting with a couple of hymns, the leader, Miss Agnes Oliver, then had the scripture lesson read, followed by a special solo number by Miss Soule. Sentence prayers concluded the opening service.

The topic of the evening was "God's Great Out-Of-Doors." The various phases of the subject were brought out by A. R. Groenink, Miss Edna Cameron, Mary Ruth Payne and the leader. The Rev. Mr. Brooke, who has been conducting services in the church at Humboldt, and his assistant, Mr. Steiner, both made contributions to the program.

After the Christian Endeavor program Mr. Steiner delivered his farewell message to the Humboldt church and then called on Dr. Howard and Mr. Hazeltine to give short talks, all of which were interesting to all present.

Mr. Hazeltine is chairman of the committee on Christian extension in the Prescott church and it was under his auspices that the Christian Endeavor made the trip to Humboldt and held the meeting.

After singing a number of songs the young people again entered the automobile that escorted them to Humboldt and enjoyed another present trip over the divide, arriving home at about 10 p. m., having spent a most enjoyable time.

LAND CLAUSE  
IS ADDED TO  
BONUS BILL

(Associated Press Night Wire)  
WASHINGTON, D. C., Aug. 28.—Senate debate today on the bonus bill centered largely on the land reclamation amendment offered by Senator McNary, republican of Oregon.

The agreement limiting discussion on amendments to 20 minutes to each senator will become operative tomorrow and leaders were hopeful that a final vote could be had before adjournment. In the discussion today, Senators Wadsworth of New York and Sterling of South Dakota, republicans, voiced their opposition to the bonus, although Senator Sterling supported the reclamation project.

Senators Nicholson, republican, of Colorado, and Heflin, democrat, of Alabama, supported the bill, the former also arguing in favor of the McNary amendment.

Nicholson attacked the business men opposing the bonus, mentioning particularly the United States Steel corporation and the Standard Oil company. He charged that the latter company profited through "unconscionable prices" charged during the war and declared that it had become Judge E. H. Gary, chairman of the board of the steel corporation, to oppose adjusted compensation for the veterans when his company had made great profit during the war.

Senator Wadsworth was particularly vigorous in his attack on the measure. He declared the bonus could be financed only through taxes now or later and that the American people had reached the limit in the burden they could bear.

M. OF W. CASE  
IS UP TODAY

(Associated Press Night Wire)  
CHICAGO, Aug. 28.—With the resumption of the hearing tomorrow of the maintenance of way organizations case involving wages and rules governing its 400,000 members, the railroad labor board will rule on a formal request to define the question "What constitutes a living wage?"

The announcement was made by Ben W. Hooper, chairman of the board.

WAGES OF COLORADO  
STEEL MEN HOISTED

PUEBLO, Colo., Aug. 28.—Three thousand employees of the Minnequa steel plant of the Colorado Fuel & Iron company here will receive a wage increase of a little more than 21 per cent, beginning September 1, according to an announcement here tonight.

TUNNEL IN NEARBY  
MINE ONLY HOPE OF  
TIRELESS RESCUERS

(Associated Press Night Wire)  
JACKSON, Calif., Aug. 28.—Mine rescue crews worked without avail today in the Argonaut gold mine in which 48 men were entombed at midnight by fire.

The men were believed to be between the 4,500 and the 4,800 foot levels while the main body of the fire was more than 1,000 feet above them.

A force of men was sent into the Kennedy mine, which connects with the Argonaut through a tunnel but which is closed by a concrete bulkhead, with instructions to break down the bulkhead and enter the Argonaut.

It had been reported that the Kennedy tunnel had collapsed but the report was not verified.

The Argonaut mine, one of the famous gold producers in California, was opened 25 years ago and is situated a short distance from Martell, in Amador county. The Kennedy mine adjoining was opened in the sixties.

If the tunnel in the Kennedy has collapsed little hope is held for the entombed men. Forty-two of the entombed men are said to be married.

LOCUSTS WIPE OUT  
ARMENIANS' CROPS

(Associated Press Night Wire)  
NEW YORK, Aug. 28.—Grasshoppers rushing over Armenia from Persia have destroyed the fertile fields of Zangezur province, according to a statement issued by the Near East Relief today, and orphanage supplies will have to be diverted to fight the famine that will result.

The statement said that one village collected 200 tons of grasshoppers but was unable to save its crops. It is estimated that 42,000 persons, 16,000 children face starvation as a result of the scourge.

**PADEREWSKI TURNS FROM POLITICS TO THE PIANO**  
(Associated Press)  
WARSAW, Aug. 2.—(By Mail)—The announcement given out in Paris by Ignace Jan Paderewski, the world known pianist and former premier of Poland, that he had retired definitely from the political life of Poland, has caused varied comment here. The radicals are relieved, as politically they feared his return; the nationalists hope it is not true.

HERRIN HORROR BEFORE GRAND JURY AT  
LAST; SHERIFF AND WITNESSES CALLED

(Associated Press Night Wire)  
MARION, Ill., Aug. 28.—The first witnesses were called this afternoon before the grand jury investigating the Herrin mine war, fought around the Lester Strip mine June 21 and 22.

Today's witnesses included employees of an electrical railway running between here and Herrin who were said to have been eye-witnesses of the man-hunting battle, and the owner of a hardware store from which ammunition was taken during the preparation for the battle.

The actual investigation began this afternoon when Sheriff Melvin Thax-

RED SABOTAGE WAS  
ADMITTED BY MEN  
WHO DITCH TRAIN

(Associated Press Night Wire)  
CHICAGO, Aug. 28.—Confessions of actual participation in the wrecking of the Michigan Central express, near Gary, Ind., recently by the removal of 37 spikes from a rail were made by the four men held in connection with the disaster, which cost the lives of two engineers, according to police authorities tonight.

Following the alleged confessions, five of the nine arrested Sunday in connection with the case were released but six others whose names were withheld were taken into custody. The four from whom it was said confessions had been obtained were all declared to be striking shopmen.

Officials asserted that they had unearthed evidence of a widespread sabotage plot. According to J. J. Rooney of the United States department of justice, wholesale quantities of communist literature and propaganda and detailed plans for a series of sabotage attacks have been discovered.

## STRIKERS RETURN

ROODHOUSE, Ill., Aug. 28.—The walkout of trainmen of the Chicago & Alton railroad, who went out Friday in protest against what they termed "unsafe working conditions" was ended tonight, following a request by A. T. Titus, vice-president and general manager of the road, that they reconsider their action.

## GERMANY PARTICIPATES

(Associated Press Night Wire)  
BERLIN, Aug. 28.—Germany has accepted an invitation to send a delegate to Paris to attend Wednesday's sitting of the reparations commission. This was decided upon today at a ministerial council presided over by Chancellor Wirth.

## DODGE ESTATE

(Associated Press Night Wire)  
DETROIT, Aug. 28.—The estate of the late John S. Dodge, automobile manufacturer, was valued at \$36,892,668.41 in an inventory filed with the probate court here today.
