SENATOR GUESTS IN PRESCOTT.

THE SUB-COMMITTEE OF THE SENATE ARRIVE FROM NEW MEXICO ON THEIR MISSION OF INVESTIGATION. They are Impressed With This City and Earnestly Inquire into Our Industrial Resources. They Left at Noon for the Congress Mine and the Capital City—Belief That Their Report Will be Favorable to Arizona's Admission. Senators A. J. Beveridge of Indiana, W. P. Dillingham of Vermont, Henry Heifield of Idaho, and H. E. Burham of New Hampshire, arrived in Prescott yesterday afternoon. Their coming was entirely unexpected, for on leaving Albuquerque Sunday morning, their itinerary was changed from that point to the Santa Fe instead of southern New Mexico, and the Grand Canyon was their objective point. On arriving at Williams, through some oversight or misunderstanding in passage to the canyon, no arrangements had been made for the trip or their accommodation. Accordingly they came direct to Ash Fork, and Mr. F. M. Murphy had been advised by telegram in Prescott of their arrival at that point no one in Prescott knew of their coming. With his characteristic energy and consideration for the personal welfare of these prominent people in this and many other similar movements in the past, an engine and car at Ash Fork of the regular train was also at the right place, it is to be hoped that the partisan press will not in the future link this act of kindness and consideration by Mr. Murphy to the sentiment that prevailed when the late President McKinley and others were supposed to have been murdered when Yavapai was touched in that memorable journey. Senator Beveridge and every one of his associates together with all of the attaches of the commission keenly appreciated this courtesy, and so expressed themselves.

ONE WILDCAT LESS.

AN ARIZONIAN MINING FAKER RUN DOWN IN KANSAS CITY. He Had a Big Bonanza on Paper to Allure the Unsophisticated. An Associated Press dispatch from Kansas City on Saturday says: Theodore Stegner, an Arizona mining promoter, has been indicted by the federal grand jury at Kansas City for a fraudulent use of the mails. His arrest and indictment is the result of an investigation conducted in this territory by Special Post Office Inspector E. L. McKee. It is further charged that Stegner sent letters to W. R. Richmond in which he made this statement: "We have started shipping copper and will soon be shipping oil," when he was placed at the head of a mine which property was not producing. Other letters giving glowing reports about the conditions in this territory were written by Stegner from time to time. In the correspondence which went through the mails it was claimed that the company owned several mining properties in the counties of Yuma and Mohave and the names of the properties were given. It turned out though that only one of the claims was actually owned by the company. This is but the beginning of the official rooting that will follow the administration's career to weed out the high handed methods of vicious and selfish promoters who have nothing to show the innocent purchaser, and much less to give. It may temporarily create a little uneasiness among those of a skeptical nature over Arizona mining ventures, but when a few convictions are had, mining, especially in this section of Arizona will be more righteously regarded and prosper more materially than ever before. Men who mine exclusively on paper will soon be few and far between. In connection with the curse that Arizona must be burdened with in the floating of these fakes, one indisputable fact must be mentioned to relieve us of any association to these shady transactions, and it is that every illegitimate transaction like the above is conducted by sharks who are non-residents of Arizona. This act should be well borne in mind by the public of the state, when a mine has a bonafide Arizona backing in personal representation, it can generally be weighed as legitimate.

MCCARTHY'S FLIGHT.

Statement Made That the Yavapai Bear Hunter is Alive in Canada. Insurance Men Are Said to Have Tracked Him From Arizona. OFFICIAL DUTIES. This morning for about two hours, in executive session, they heard the testimony of many people on various matters affecting the judiciary, and for the first time he was on the stand as a witness instead of a judge. He was a witness also on our general commercial interests, giving valuable information. Excuse for the late census, was called on matters affecting population. J. J. Sanders, a census enumerator, also furnished the commission valuable data in the methods and hardships of that work. Others whose names could not be learned, gave valuable data affecting this section. Concerning what would be their report on New Mexico, so far as looked into, no intimation would be given. Neither would they state what would be the verdict on Arizona, until after they had submitted their report to the senate committee on territories. They are assisted by two clerks, two stenographers and an interpreter, but the latter had nothing to do in Prescott in his line, as the straight American goods law age is the only article we handle here on any and all occasions when a person comes to us from New Hampshire or Idaho. OFF FOR THE SOUTH. A special train was again placed at their disposal this morning and at 11 o'clock they resumed their journey to the south. They will go direct to Congress and two hours will be spent at that great mining camp, from whence they will proceed to Phenix. They will remain but twenty-four hours at the capital, and then retrace their steps through New Mexico, and visit a few places in the south of that section. Oklahoma will be visited on the return trip tomorrow, when a committee report will follow. PERSONAL. Senator Beveridge is a young man, and a good 'un. He is today the most prominent senator probably in the nation, and in a town of the west recently his brilliant oratory and logical argument gave to him a splendid regard even by the party

Associated Press News

Honolulu via San Francisco, Nov. 15.—The elections yesterday resulted in a victory for the republican ticket. Prince Kauiuiouamano is elected delegate to congress. The legislature will be republican in both houses. Republican leaders say the election will be the death of the honouluuli party, and will result in a revision of voters along the lines of republicanism and democracy. A grand jury is being sworn in to investigate charges of defalcations in the department of the territorial government. Washington, Nov. 12.—Recorder Carroll D. Wright of the anthracite commission, left here for the coal region today, taking with him the formal report of the Morgan & Wright parties, and will result in a revision of voters along the lines of republicanism and democracy. A grand jury is being sworn in to investigate charges of defalcations in the department of the territorial government. Manila, Nov. 13.—The United States commission has passed an act declaring that highway robbery is a capital crime, also a sweeping veto of the Morgan & Wright parties, and will result in a revision of voters along the lines of republicanism and democracy. A grand jury is being sworn in to investigate charges of defalcations in the department of the territorial government. Harrison, Ind., Nov. 13.—Following a quarrel with her lover Mrs. Nora Ruddy leaped from a boat into the lake and was drowned. Many diamonds were found on the body when recovered. She separated from her husband some time ago, on account of the man she drowned herself for. Jefferson City, Mo., Nov. 12.—Judge Sherwood in the state supreme court decides that the state whiskey tax law is unconstitutional. The court sat en banc. Washington, Nov. 12.—A state has been arranged for the promotion of major-generals to fill vacancies in next year's retirements. General Hughes retires in April. General Davis in July. Lieut-General Miles in command of the Philippines. The Brig-Generals to be promoted are Wade, Sumner, Leonard Wood. It is supposed that the record Davis is in command of the Philippines. The Brig-Generals to be promoted are Wade, Sumner, Leonard Wood. It is supposed that the record Davis is in command of the Philippines. Shamokin, Pa., Nov. 12.—The Burnside shaft, containing 700 men and boys on fire. A large force is working desperately to extinguish it. All miners got out safely. New York, Nov. 12.—The body of John Mackay arrived here today on the liner Oceanic, accompanied by his widow and daughter, the latter princess Colonna. Washington, Nov. 12.—An important conference bearing on the Cuban reciprocity treaty will be held at the department today between Hay, Root and Bliss. Semi-officially the United States is still in ignorance of the changes, if any are desired, by President Palau. Columbia, Mo., Nov. 12.—At this morning's session in the trial of Col. Butler's attorney, Dr. J. W. Merrill, a member of the St. Louis board of health, testified that Butler importuned him to secure the approval of the municipal garbage act by the board of health, and offered him \$2,400 as a bribe. Pittsburgh, Nov. 12.—President Roosevelt's secretary and physician passed through here this morning en route to Memphis. Bears are reported plentiful in the Mississippi river central. A big crowd greeted the presidential party here. Roosevelt took a break on the station platform stopping to speak to yachtsmen. He waived back the secret service men, but allowed the police to keep the crowd from surrounding him. No stops at Cincinnati or Columbus. Berlin, Nov. 12.—The reichstag today adopted, by a vote of 191 to 1 the new tariff clause, authorizing the government to retaliate against any country that discriminates against German goods. The measure is generally weighed as a direct slap at American tariff laws. The ministry has also decided to not agree with Russia or any other country for a years extension of existing treaties. Monterey, Cal., Nov. 12.—Quartermaster Plummer, stationed here, has been advised that the Secretary of War has ordered the 24th Cavalry to cantonment at Monterey to accommodate one squadron of cavalry. The construction of quarters for two batteries of field artillery will be begun within sixty days. Chicago, Nov. 12.—More than 300 men employed by the Ethelworth Cereal plant struck today and formed a union. They demand increased wages. Victoria, B. C., Nov. 12.—The steamer Rosalie, a passenger and freight boat, collided with a steam freighter in Frigate bay last night. A hole was rammed in Frigate's port bow and she was run ashore and to prevent foundering she lay on the beach. The Rosalie proceeds on. Sacramento, Nov. 12.—At the Ford copper mine near Georgetown on Monday night John M. Buchlin and Thomas Marsten were killed by the explosion of twenty sticks of dynamite in a blacksmith shop. The men were torn to pieces and the shop demolished. The powder was being primed by a man named Bulcher when it exploded. Washington, Nov. 12.—W. G. Goffrey Hunter has tendered his resignation as minister to Guatemala and Honduras. Leslie Combs, now pension agent at Louisville succeeds. Hunter had a stormy time since he assumed the ministry in 1907. The salary is \$10,000. New Orleans, Nov. 13.—The 22nd annual convention of the American federation of labor, met here today with 400 delegates present. President Lee of the organization here delivered the address of welcome, giving a warm tribute to President Taft. The latter in replying said: "No educated man, who poses as a strike breaker is fit for the position he holds." He compared such a man to Benedict Arnold as a traitor and Judas Iscariot as a saint. It is understood that Gompers refers to the president of an eastern college who recently spoke against strikes and the organization of labor. The meeting is very enthusiastic. Pittsburgh, Nov. 13.—The Pennsylvania railroad today gave notice to all employees that on and after November 19, 1920, an increase of ten per cent would be made in the wages of all permanently in their service up to the \$200 per month rate. The announcement is well received and admirably commented on by all labor elements.

SLUICING MITCHELL

He is Still on the Witness Stand as a Target for the Opposition. Nothing Startling Has Developed and Slow Progress is Made. Scranton, Pa., Nov. 17.—Another large crowd in attendance today when the anthracite commission began its fourth day's sitting. Mitchell, who has been on the stand since Friday resumed this morning and McVeagh cross-examined. At the present rate of progress it will take several weeks to hear both sides. The general opinion prevails among the attorneys that some arrangements have been made to shorten the inquiry. Commissioners recognize that Mitchell is the most important witness the miners have and are loath to have matters hurried while he is on the stand as his opinions are looked upon as official and reflecting the policy of the union. San Francisco, Nov. 14.—Corporal Perrin and Private Millan were mysteriously assaulted at the Presidio last night. Perrin died and Millan is not expected to recover. The assaults have been unable to find any trace of the assailants. Both men were struck on the head by some blunt instrument. Comrades of the men believe the assault to be the result of a grudge of two enemies. Rochester, N. Y., Nov. 18.—Miss Florence McFarlan, 21 years of age, was stabbed to death in her father's house to day by another woman. An hour later Mrs. Lulu Young, the wife of Frank Young was arrested charged with the crime. Miss McFarlan answered the door bell and the woman attacked her with a knife. She ran to the kitchen pursued by her assailant. In the kitchen she stumbled, when her pursuer was upon her, stabbing her five times. The girl fell and died immediately. The murderer then fled. The murderer is said to have stated that the dead girl had come between her and her husband, Miss McFarlan was a girl of refinement and good appearance and was said to be infatuated with Young. The husband refuses to say anything. The murderer is prostrated and is constantly murmuring the name of the woman killed. The affair has created a sensation. Miss McFarlan being well known in society circles and the Youngs being prominently connected and socially well regarded. Salt Lake, Nov. 18.—A strong ministerial alliance has been perfected in this city and state to fight against the election of Apostle Reid Smoot to the United States Senate when the legislature convenes. The fight will be similar to that conducted against Congressman Roberts. Rev. Smoot is a bishop of the Mormon church and the ministry say if they are unsuccessful they will carry the matter to the United States senate. Considerable comment is heard in political circles, but the universal opinion is that Mr. Smoot will be elected and supported for the office afterward. Metal Market. New York, Nov. 15.—Silver, 49; Mexican dollars, 39; copper, unchanged. Schenectady, N. Y., Nov. 17.—The first test boycott inaugurated against the Schenectady railroad by the trades assembly, was followed yesterday by the entire labor element of the city, will commence this evening at the close of the day in the electrical works followed by the trades assembly not a single union man will use the cars. FLAMING TORCH OF VENGEANCE

A Klu Klux Circular is Before the Prescott Community on the Old Time United Verde Tax Evil. The Thunder of the Oregon's Big Guns is Silenced by the Wrath of an Anonymous Remedy. If a box of dynamite had been exploded on the plaza today at noon it could not have stampeded the community any more than a simple slip of printed matter did that was retrieved by many Prescott people yesterday and today. It was issued by no one that we know of and signed by no one. Neither was it printed in Prescott, as the "ear marks" in type, makeup and paper quality plainly show. It states that Supervisor Dumas has been "seen" by H. J. Allen of Jerome to the tune of \$2,000, and that the second member, presumably J. R. Beaton, has also been "seen" by the United Verde assessment raise. The circular is "rich, rare and racy," and deals in a generality of accusations like the late democratic county platform did when it promised the poor people if we would send them through the ballot box triumphantly. It seems to be a democratic row, on tax matters, the United Verde being the political instrument that elected the present board, that is entirely democratic in its makeup. It's a family row. Dynamite, tar and feathers. Paul Revere signals from the church steeple and all kinds of warnings as drawn. The ball in each case was placed at one thousand dollars. In official city circles the announcement was said to be but the beginning of a legal crusade to weed out other and more notorious acts of misconduct in existence in other branches of the city government. Auburn, N. V., Nov. 18.—John Truck was put to death today in the electric chair in the state prison for the murder of Frank Miller, of Connecticut county in 1899. Truck met his death calmly.

Senator Heifield, of Idaho, has been "here before," that is, he is thoroughly westernized, and is probably better posted on what the west is entitled to than any of his associates. He knows what territorial vassalage means, and he will not doubt be a willing sponsor to the needs of Arizona when the time arrives. In Idaho his past life has been one that gave him freely a recognition of the highest, and in all of his official duties he has been a true friend of western advancement.
