Business notices will be inserted in these columns at five cents per line per week, and will be run until ordered discontinued.

Every postmaster in Lincoln county is authorized to act as agent for the LEADER.

Official County Paper.

LOCAL NOTES

Ask for what you want at Gowell's J. S. Van Winkle, of Albany, was in Toledo yesterday.

The financial question will settle itself, if you trade at Gowell's.

Gene Williams has been in Toledo a couple of days this week.

For the best groceries and fresh fruit call at Peter Tellefson's, Yaquina City.

Industry is rewarded with low price for everything in the grocery line, at Gowell's.

Flour and feed will be sold at a low price at the store of Peter Tellefson, Yaquina.

D. J. Chitwood and J. E. Wilson, were callers last Friday. They were on their return from the coast, where they had been camping for a few days.

Rite Dedrick and Fred Stanton have just returned from a trip to the upper Siletz country. They report a good time, lots of fish and no disasters.

Jerry Banks and B. F. Wilhoit, two of Lincoln county's progressive school teachers gave us a short call Tuesday while they were enroute to the institute at Newport.

We are prepared to do all kinds of blacksmith and wagon work, horse-shoeing, and all kinds of repairing. Give us a call.

ROSS & RICK, Toledo.

Capt. Henry Nice, the canneryman of Alsea, was in Toledo on business last Saturday. Capt. Nice is a heavy taxpayer, and is also one of the prominent republicans of the south side.

C. Wesolovski, a practical tailor of many years' experience has located in Toledo, and for the present is to be found at the Blake House. The gentleman is a first-class workman and his charges are reasonable.

The State Teachers' Institute now in session at Newport, is having a very profitable session. Many teachers from over the state are present, and several prominent educators are among them. We regret that we are not able to give a full account of the sessions held.

In justice to the Episcopal church of this place we will say that neither the church society nor its pastor are arraying themselves against the improvement of the street in front of the church property. Whatever impression to the contrary that has been made was made without the knowledge or consent of either pastor or society.

Antone Selsic, an Indian on the Siletz, met with what came near being a fatal accident last Friday. He was helping run a threshing machine on the reservation, and by some means his clothes got caught in the bolts on a knuckle on the tumbling rod of the machine. He was drawn on to the rod, and by the time the machine could be stopped he was a pretty seriously injured man. One of his arms was badly fractured and he was covered with serious bruises. At last accounts he was in a fair way to recover. Antone Selsic is one of the best and most industrious Indians on the reservation.

Gowell delivers goods free. Go to Gowell for everything in the grocery line.

Read Ewing & Brown's advertisement in another column of this issue.

Z. S. Derrick, of Eddyville, had business before the county court this week.

Hood's pills cure liver ills, constipation, jaundice, sick headache, biliousness. 25c.

Oats have begin to come in from the Siletz. The oats are of a good quality this year but the yield is not up to the standard.

Messrs. Tillotson's and Crosno are hauling the annual supply of flour for the Indian Agency and boarding school to the Siletz.

Mrs. S. T. Jeffreys and children, of Corvallis, who have been visiting at the residence of Mr. and Mrs. T. P. Fish for the past few weeks, returned to their home last Tuesday morning.

C. M. Collins and wife left for Portland last Monday where they will visit relatives for a short time, after which they will go to Southern Oregon, where they will make their future home.

A gay old snoozer with snowy locks, from Toledo, cavorting and capering around with a couple of Portland's fair, frail and virtuous(?) damsels, was one of the exhilarating sights at Newport last Sunday.

A lady from Corvallis made a trip over the bar on the tug last Monday, and among the contributions to the fishes were a set of good false teeth and a veil. Wont some mermaid put on style with these evidences of modern civilization.

Capt. Eastwick, of the U. S. engineers force, left Toledo last Monday for the mouth of Siletz, where he went to make a preliminary survey of the mouth of the harbor there. He was met there by the tug Tonquin, which he will utilize in his work surveying.

The county court met in an adjourned term yesterday. When the court adjourned two weeks ago the commissioners supposed that they would have a judge to act with them at this time, but no appointment has yet been made. Commissioners Williams and Godwin are holding the term, and the principal business being done is the passing upon bills. There is no doubt but that by the time the court meets again the vacant judgeship will be filled.

Valentine Thiel is having lots of trouble getting a good well at the Blake House. The first one he dug had lots of water in it, but he failed to put in a curb and it promptly caved in. He had another dug a few feet from the first, and he put the dirt from the second well into the first; but somebody had moved the vein of water, or at any rate the diggers could not find it in the forty odd feet they dug down, and so they started in on the first well again, sinking a curb as they went down. When he get this one cleaned out he will have plenty of water.

August Fischer shipped his gasoline launch Roselda, over from Corvallis to the Bay last Monday. Arthur Rochester launched her from the flat car on which she made her trip over the mountains into the deep blue waters of the Bay with the rock derrick at the docks. Mr. Fischer made a trip up to Toledo with her yesterday, and her machinery refused to work on the road back, and a pair of oars came in very handy to work her down stream for a while. She is a nice little craft, and when everything is working right, she makes excellent speed.

Gowell will accept silver in exchange for goods.

Rev. Chas. Booth is up from Newport today.

Ask Gowell for goods, but talk politics to the other fellow.

The tug Tonquin came around from Siletz into Yaquina Bay, yesterday, and returned today.

Merit wins and that is why Hood's Sarsaparilla holds the abiding confidence of the public. Hood's Sarsaparilla is known by the cures it has made. It is the One True Blood Purifier.

It is necessary that the trail viewed out to the head of tide toward Kernville, on the Siletz, some weeks ago be opened. Let us get at it and take some steps in that direction at once. The post-office is now established there and it is very urgent that this trail be opened.

A. O. Krogstad, Wm. Enos, Ed. Enos and Frantie and Alfred Harmon, left last Tuesday for a cruise to the head of the Siletz. They will explore the country in that vicinity, and expect to be gone three or four weeks.

Mr. Emil Lebea, of the east end of the county, made his third trip down here this week to be made a full American citizen, but owing to the county having no judge he could not renounce his allegiance to King Oscar, of Sweden, of which potentate he has been a subject. Mr. Lebea will try it again as soon as the governor appoints a judge to preside over the county court.

Last Monday Sheriff Landis took possession of the stock of general merchandise of T. P. Fish under an attachment for \$558.10. The suit was brought by W. S. Hufford on claims assigned to him. Since that time Corbett, Failing & Robertson, of Portland, have filed a second attachment. What Mr. Fish will do we do not know. He is entitled to much sympathy for his misfortune, as his embarrassment has been brought principally by his extending credit, and not being able to collect in.

By a notice in another column it will be seen that a meeting is called, and an effort is to be made to start the creamery again in operation. The plan, in brief, is this: That the farmers are to form a co-operative company and buy the plant, the shares to be \$20 each, five dollars of which is cash, and the remainder is to be paid by the farmer by paying two cents per pound on their butter manufactured until the shares are fully paid. By this plan the farmers can buy the plant and never feel the burden of it. The plan is meeting with general favor among the farmers, and there are strong hopes of it being successful. We would urge the farmers to come out to the meeting next Saturday at this place, where the matter will be more fully discussed.

Fire destroyed the dwelling house on Mrs. T. E. Parker's place a couple of miles below Toledo last Monday afternoon. The house was occupied by A. S. Hinckley, a bachelor, and his statement is that after cooking and eating his dinner he read for a time, and becoming sleepy laid down to take a nap. He had not been asleep but a short time when he was awakened by the snapping of flames, and he found the roof of the kitchen blazing quite merrily. When first discovered he thinks he could put it out if he had had water handy, but the closest water was at the river in front of the house, and by the time he got back with a couple of pails of water the fire had got beyond his control. He succeeded in saving the larger part of his goods in the house, but still his loss is quite heavy. No insurance was carried on either the house or contents.

Everybody votes to buy and sell at Gowell's.

The cannery at Kernville, on the Siletz, is now in operation and has packed several hundred cases of royal chinook salmon. They are having good success in getting their first packing up in first-class shape.

The Seventh Day Adventists will hold a campmeeting at Newport, on W. P. Watson's property near Nye creek, beginning on September 3rd and running until the 13th.

A performance not down on the program took place at the court house this afternoon, when the commissioners reduced the pay of the lady assistants in the assessor's office from \$2 per day to \$1.50. The ladies made an appeal to the court in strong terms but their pleas were unavailing, and so \$1.50 per day will be the amount of their wages.

Born.

BOONE.—Near Mill Four on August 17th, to the wife of Wm. Boone, a daughter, weight 8 pounds. Mother and child doing well.

Creamery Meeting.

A meeting of the farmers and all others interested in the Toledo creamery, will be held at the court house next Saturday at 2 o'clock p. m. All persons who feel an interest in this matter are earnestly urged to attend, as a proposition will be offered whereby the plan can be put in operation.

C. WESOLOVSKI,

Merchant Tailor.

All kinds of tailor work done. All work done in first-class manner and satisfaction guaranteed. Also all kinds of cleaning, dyeing and repairing done.

At the Blake House. TOLEDO, OREGON.

DRUGS

"We give you what you ask for"

A smart Broadway, New York, druggist has this sign hanging outside his store; it marks the new era of drug selling. Is it any wonder that he has to enlarge his quarters, that his clerks are busy, and that his store is one of the most popular along the leading thoroughfare?

You can afford to trade with a druggist who gives you **SCOTT'S EMULSION** when you ask for it.

The Equalization Board

The county board of equalization meets on the last Monday in each month. The equalizing board consists of the assessor, clerk, county judge, and it is their duty to inspect and go over the rolls made up by the assessor, equalizing or averaging the assessments on the roll. It is the duty and privilege of anyone who feels that they have been wrongfully assessed, or that the valuation of their property is too high, to appear before the equalizing board and make a complaint, and if they make a reasonable showing their assessments are equalized in conformity with the valuation of similar property in the vicinity.

The assessor this year has assessed the unimproved railroad land about \$2 per acre. This is a valuation of nearly \$1.50 per acre over the valuation of last year. There is no doubt that the corporations holding these lands will have representatives before the equalization board and that these valuations be lowered and claiming that the valuations are too high. But the assessor has valued the unimproved lands of farmers and ranchers at an equally high, and in many instances higher figures. These men will be satisfied with their valuations and but a few of them will appear and make objections to their assessments.

But it would not be a bad idea for some of those farmers who hold land alongside of the lands held by these corporations for speculation to also appear before the board of equalization and ask that these corporations be burdened in a similar degree with themselves with tax.

Hay For Sale.

I am prepared to sell and deliver hay of best quality at the lowest reasonable prices.

Charlie Johnson
Siletz, Ore.

HUNTING

OF COURSE

You will buy a MARLIN

BECAUSE

It is the most reliable

It is the most accurate

It is the most powerful

It is the most popular

THE MARLIN FIRE ARMS CO.

New Haven, Conn.

No Air, No Life.

Pneumonia suffocates because the swollen tubes get solid, and keep air from the lungs. Dr. Acker's English Remedy reduces the inflammation, so the patient breathes freely, and is soon well.

Miss R. Ray, 354 W. 22d St., N.Y., says: "When threatened with pneumonia, I took one bottle of Dr. Acker's English Remedy, and the pain and cough disappeared."

3 sizes, 25c.; 50c.; \$1. All Druggists.
