Charles Bryant, son of Rev. N. A. D. Byrd, it has been made postmaster in Bolivar, in place of Thomas Joyner. All classes of our people regret this change, as Tom Joyner has made an exceptionally efficient postmaster, but as to the victor belong the spoils, so Mr. Joyner, democrat, has to yield his office to Mr. Bryant, republican. A CARD.

Whereas indictments have been found against the undersigned in the Circuit Court of Hardeman County, Tennessee, upon the ground of alleged over-charges upon packages received at the office of the Southern Express Company, in Bolivar, made by the undersigned while acting as agents for said company; and, whereas, the undersigned while admitting the collection of charges for delivery of goods, over and above the express fees, yet deny utterly any wrong or imposition on the Express Company or its clients, but on the contrary claim that the charges so collected were made and intended by them as a just and fair equivalent for drayage and expenses of delivery, (the office at Bolivar not being a delivery office,) as all the deliveries of packages were at the private expense of the undersigned, unless collected from the consignee.

Now the undersigned, fully conscious of the honesty of their intention and action, and believing that a full statement of the exact truth of the whole matter, made from the books and way-bills of the company, showing cash and every item of said charges, will be their own best vindication before the public, and being also anxious to satisfy every man with whom they had dealings, of the fairness and reasonableness of the charges made, and being fully satisfied that the said overcharges or delivery charges will be shown by said statement to aggregate no more than the usual or ordinary expense of delivery of packages to the public, either before they had charge of the same, or at present time. Have and do hereby propose and agree that such itemized statement shall be made out in full, under the supervision of the Express Company, to be subject as soon as made out, to the inspection of every consignee or client of said company who may desire to examine the same, at the business house of A. W. Lewis & Co., in Bolivar, Tennessee, and the undersigned agree to hold themselves bound to refund to every man whom they cannot readily and reasonably satisfy as to the honesty and fairness of the charges made, any amount collected from such individuals, if any, who may be dissatisfied therewith.

This Dec. 22, 1881. J. K. P. CLIFT, J. J. CARTER.

Farmers, Look Here!

Combined HINGE & ROLLER for Farm Gates.

This Hinge is wrought iron, and will last a life-time!

The very best device ever invented for hanging board or farm gates. By using the Combined HINGE & ROLLER, with a half dozen fence boards and a few nails, any one can, in a few minutes, make a gate that will work Easier, Last Longer, and Prove More Satisfactory.

Than any gate ever used on the farm: A Gate hung with this Hinge & Roller requires no bracing, nor will it loosen or draw the posts over, therefore ONLY LIGHT POSTS are required. It is easily operated, and can be set to allow small animals to pass through, and at the same time keep the larger ones back. Also, you may have two gates in one, by making your gates of 16 foot lumber, have a small 4 foot gate to go through on foot or horseback and a 12 foot wagon gate; or the hinge and roller can be put on the gate you already have. It saves time, MONEY & LABOR—and, in short, is just what is wanted on every farm, as proven by the thousands that are being used wherever it has been introduced. Many farmers are already using from 10 to 25 on a single farm. Over 100,000 sold East.

The following are among the many purchasers of the Hinge & Roller: E. P. McNeel, A. H. Rose, T. G. Patrick, W. R. Kearney, R. S. Lightfoot, R. P. Neely, W. F. Prewitt, R. N. Mitchell, Jesse Wilson, K. E. Hornsby, R. H. Walton, W. A. Caruthers & 50 more.
