THE WEATHER BUREAU.

Interesting Excerpts From the Annual Report of General W. B. Hazen, Chief Signal Officer.

The value of the service is indicated by Practical Results—Further Excerpts From the Report.

WASHINGTON, Nov. 21.—General W. B. Hazen, Chief Signal Officer, has transmitted to the Secretary of War his annual report, showing the operations of his bureau during the last fiscal year.

The report begins with a statement of the value of the instruction afforded at Fort Myer, and the services of the signal corps branches.

General Miles' command during the Geronimo campaign are cited as evidence of the ability and necessity of trained signal officers.

Regimental Signal Officers, who are in Congress in failing to provide for a continuation of Fort Myer as a post of instruction.

On this subject General Hazen says: "The present plan must inevitably bring to the service many men not fit for it, and this fact cannot be learned until it is too late, and money is lost, and service impaired."

Concerning the work of the meteorological branch, the report says: "The meteorological branch has been very important laws have been recently deduced theoretically and confirmed by observation. Five years ago, the study of terrestrial radiation, the conditions determining temperature, the relations between the amount of solar heat received by different parts of the earth's surface, and the corresponding resulting temperature, the effect of the deflecting forces of the earth's rotation, the conditions of the atmosphere, and the theory of the general motion of the atmosphere, and of cyclones, tornadoes, etc., are subjects which have attracted the attention of the public."

"It is stated that the plan of securing as observers young men qualified by education for the purpose of study, and of raising the standard of the enlistment force of the signal corps, has now been in operation five years, and that the enlistments made during that time ninety-seven were college graduates, and has proved of benefit to the service."

The officers who worked on the case ran across the case of the Pinkerton men charged by the coroner's jury with the death of Terrence Egley, near the Union Stock Yards after the close of the former strike.

DURING the year ended June 30 last, the signal corps received \$1,344,732.31 in pay for the services of the signal corps, and \$2,082,471 on public buildings.

THE Miners' Amalgamated Association's proposals have been rejected by the Congress. The signal corps operators, and strike of the 12,000 coke workers which is being ordered.

AT noon on the 20th, by a preconcerted arrangement, the hundred subscribers discontinued their use of the telephones in Rochester, N. Y.
