RATES OF ADVERTISING.—One Dollar per square of ten lines.
CLARKSVILLE, MAY 4, 1896.
TOURNAMENT.
We had the pleasure of being present at a meeting of a portion of the young gentlemen of this, Christian, Todd, and Logan counties, Kentucky, when it was determined to hold a Tournament at the Fair Grounds, near this place, on the 31st of May.
We believe that the exact programme, or rather, the programme of particulars, has not as yet been determined on; but a very good idea of the whole affair, may be gathered from the general report of the Committee on organization, of which Captain Will A. Elliott is chairman, and of the report of the Committee on the Re-union—both of which we have read, and of which we propose to give a resume.
The whole affair, both Tournament and Re-union, will be under the auspices of the Lady Managers of the Tennessee Orphan Asylum, but specially arranged and conducted by the Committee, and the proceeds will be applied to the aiding in establishing the Orphan Asylum. The gate fees will be, we believe, one dollar, but of this we are not certain. There will be established, booths on the ground with all manner of refreshments, where those who are "athirst or abridged," can have their wants supplied, at very moderate rates. At night the Re-union will take place, we presume, at Moore's Hotel, the landlord, Mr. Russell, who so generously gave his whole house, to this Society, free of charge, to hold their late elegant and interesting Promenade Concert.
We further learn that Generals Forrest and Brown, of Tennessee, and Gen. Williams, of Kentucky, will adjudge and award the prizes. We gather the following as some of the "feats" and regulations of the list.— Upon this, certainly to be most interesting occasions:
1. That all Knights shall be in costume; to be known or unknown as each may prefer, but, in every case, to give his name to the Herald.
2. Each Knight to be heralded in any name, or character he may be pleased to designate.
3. The Knights to enter the list, one at a time, and as each enters, the bugler to sound the approach, and the Herald to announce his name, &c. When all are in, shall form in line and pass in review, in such a parade as the Chief Marshal shall designate.
4. The Feats to begin with the "riding at rings." The rings to be placed on hooks, and be three inches in diameter, and ten in number—lance used to be eight feet in length—the speed of the horse to be twenty seconds to the round. The successful knight to have awarded him a crown, with which to crown a Queen of "Love and Beauty."
5. A ring for the most elegant and graceful riding, (costume at the will of the rider), premium, a splendid riding whip.
6. A series of Tilt—In this "gentle and joyous" amusement, the Knight, desiring to enter the same, shall give the challenge, by throwing the gauntlet; 2d, by challenging, through the Herald, any designated Knight; 3d, by placing himself, or themselves (in case the challenging party consent of more than one) and challenging all "comers and goers."
7. Sabre Exercises.—Each Knight will be provided with a Sabre, (United States cavalry if possible) with which, at thirty seconds to the round, he shall decapitate a manikin; 2d, cleave his head; 3d, take a suspended ring; 4th, pierce and take off a head from near the ground. Premium, fine pair of spurs.
8. Second round for rings.—Regulation and premium, same as first—the victor in the first ring to be excluded.
9. Ladies Ring, for graceful riding.—In mask, or not, at option of rider. Each lady to have an escort, or Knight attendant.—Prize, a splendid saddle, bridle, and martingale. There will be other impromptu lists, burlesques, &c., as may be suggested or concluded on by the committee.
The premiums will be awarded as soon as won. The crown, as soon as awarded, shall be given to the Knight victor, who shall ride around the ring, (the others drawn up in line) until he selects his Queen of "Love and Beauty," when he shall present it, on point of his lance, to the "lady fair," with or without words of compliment, as he may deem proper, and, if accepted, it shall be placed upon her brow by himself, or such person as he may designate. There are other interesting incidents which we will refer to in our next issue. We respectfully request the newspapers in this State, and in the State of Kentucky, to copy this, and call attention to it as they may think best, and hope all our brother quills will be present.
We expect to hire a horse and the "there."
FESTIVAL POSTPONED.—It was announced last week, that the ladies of Clarksville would give a Strawberry and Ice-cream Festival, on Thursday the 17th inst., the day for the annual meeting of the Tennessee Orphan Asylum. Since that announcement was made, the proposed day has been set apart by the President for religious observances; and the ladies therefore have deemed it right, to defer their Festival till the 23rd inst. The annual meeting, however, for the election of officers, cannot be deferred, without a change in the Constitution, this therefore, will take place as previously announced on 17th inst.
Miss E. Lard, of Lexington, Ky., will preach in the Christian church, in this place, on next Lord's day and night, also during the week. Seats free.
Hon. G. A. HENRY.—Our distinguished townsman, G. A. Henry, has been elected, by the Literary Societies of the University of North Carolina, to address them in June next. We regret that he finds it inconsistent with his professional duties to accept the appointment.
RELEASED.—Gen. Thomas received an order from the Secretary of War, directing the release of Capt. Frank Gurley, now confined at Huntsville, Ala., for killing General McCook, in 1862. The release was granted at the request of Gen. Grant.

THE WHEAT CROP.
As the season advances, it develops the fact that the wheat crop will prove well nigh a failure in this vicinity, this year.—The excessive hard frosts last winter, unaccompanied, as they were, by snow, made it by far the most severe season on wheat that we have had for many years. Hopes were entertained by some, in the early part of spring, that the germ was not killed, and that it would tiller sufficiently to cover the land, but we notice many fields almost bare, and have not to this date, seen a single piece of wheat that would make fifteen bushels to the acre, even where it was protected from the North wind. Many, very many fields will not replace the seed put upon them.—Our best lands, with a favorable season, will average from twenty to twenty-five bushels per acre.
Apropos of wheat,—we have heard it suggested, by one of our most experienced farmers, that the best preventive against frosts is to put the wheat in with single plows, always plowing east and west, leaving the land in small ridges. The Southern exposure of these ridges will protect the wheat from the frosts and, even allowing all the northern side of the ridge to be killed, that on the southern will tiller sufficiently to cover the land. We think it worth trying.
Since the above was written, we learn that large fields of wheat are affected with a singular and unusual disease, turning yellow at bottom, and nearly all the blades having yellow spots upon them. It is apprehended, where this disease has attacked the wheat, there will be total failure.
We are requested to state that, on last Friday night, a man calling his name Johnson, took supper with Mr. Jones, near the Edgefield and Kentucky Railroad, and left to go to his brothers, near Keyburg, Ky.—During the night, his horse was found tied to a tree, not far from said Jones's, and nothing has since been heard of the man. His family reside not far from Elkton, Ky., according to his statement, and moved there from Cumberland Gap about the beginning of the war.
We, that is the handsome member of the local corps, have an Albatype picture over at Armstrong & Co's, Gallery, that is nearly as charming as the original, which is paying a high compliment to the Artist. And indeed, they deserve such eulogy, for very few galleries, even in large cities, can show such handsomely executed pictures. Their Photographs, Albas and Pearltypes, which latter are something new in the art, are unsurpassed for delicacy of tone and finish. A visit to Messrs. Armstrong & Co's, gallery, (McCormac's old stand) will well repay the trouble—if for nothing else, only to see the picture of distinguished townsman, W. R. Bringham, Esq. This, and our own, we especially commend to our young ladies, as well worthy their admiration.
BREVITIES.
The morning train now leaves here at 6, and returns at 9. Evening train leaves at 5, and returns at 7—making connections with Louisville and Edgefield roads.
The Edgefield Kentucky train leaves the State Line at 6:55, a. m., arrives at Nashville 10:00, a. m. Leaves Nashville 2:40, p. m., arrives at State Line at 5:15, p. m.
Mr. O. M. Blackman has been appointed Collector for the Bank of Tennessee, at this place. A good appointment.
Remember that John F. Coulters will offer a large stock of Furniture for sale, on the public square, to-morrow.
Chauncy Court adjourned, last Thursday, to meet again the first Monday in June.
The Circuit Court, for this county, will commence its May term next Monday week, at 10 o'clock, a. m., on hand, and for sale, lake ice. Citizens can be supplied every morning, at the Ice-house at 4 cents, or at the store for 5 cents per pound.
The Rev. Dr. Thea. G. Summers was unanimously elected by the Methodist General Conference, book editor and editor of the Nashville Christian Advocate. The Conference determined to continue the Publishing House at Nashville.
We learn from a late letter, from Messrs. Torian, Macrae & Co., New Orleans, that the receipts of Tobacco, at that point, from the 1st to the 26th April, were 1765 hogheads. There will be a Strawberry and Ice-cream supper, at Saddle Creek, one and a half miles from Tait's Station, on the Nashville Railroad, on the 23rd of May. The supper is for the benefit of Salem church.
We understand the Rev. Mr. Hunter was successful in his mission to the ladies of Baltimore, in behalf of the Tennessee Orphan Asylum. These noble lady workers for the relief of Southern destitution, gave him the handsome donation of \$500. Baltimore womanhood, will be the synonyme on the Southern tongue, for all that is loveliest, purest and grandest in the female character.
A call is made upon the Publishers of country papers in Tennessee, to meet in Convention, at Nashville, on Monday the 14th inst. The object is, the establishment of fair and uniform rates of advertising, and a union for their general interests. The object is praiseworthy, and we hope the Convention will be a success.
We are right glad to welcome our old friend and former townsman, Landon R. Cooper, back to Clarksville, and to congratulate Messrs. West & Hewlett, upon having secured the services of so accomplished a prescriber. Mr. Cooper has just left a situation as prescriber, which he has for some time past held in one of the first Drug Stores of Nashville, at the solicitation of his present employers. Mr. Cooper's long experience, united to a remarkable habit of carefulness, accuracy and neatness, eminently commend him as a thoroughly reliable prescriber.
We observe, that Messrs. Maasie & Daniel, have added to their large and tasteful assortment of clothing, some very handsome cassimer suits, and some novelties in the way of hats. This house keeps up with the ever changing fashions, and you can always obtain there the newest styles of furnishing goods, at the lowest figures.
SALE.—Our young friend Albert King, (at the old stand of Andrew King, Franklin street) will sell at Auction next Monday, the 7th, his entire stock of Dry Goods, Groceries, Boots, Shoes, &c. A word to the wise is sufficient.

RIVER NEWS.—The river continues to decline, with about 6 feet on the Shoals. All down stream boats have been heavily laden with Government Stores for Jeffersonville. The last rise was improved by the little boats plying between Nashville and Bucksville, and large quantities of oil and tobacco brought down for shipment to the Ohio river and New Orleans.
Over two hundred and fifty hogheads of tobacco shipped last week, which was about equally divided between Evansville, Louisville and New Orleans.
Boats passed during the last 48 hours—Tyronne for Cairo, Camella for Cincinnati.—Boats due—Cumberland and Webb, Sunday morning for Nashville, Palestine, Sunday night for Nashville, Bermuda, this evening for Louisville, Webb, for Evansville, Monday evening, and Cumberland for Cairo, Tuesday evening. We are authorized to say that the Cumberland, Tyronne, Webb, and Louisville Packet line, will charge but \$3 cabin fare to Nashville, for the remainder of the season.
Several of our citizens are complaining that they have not received the articles published as theirs in the manifesto of the Cumberland. Especially Captain Gracey, who wants the barrel of lime and hay mattresses for his Wharfbot, and John Faxon the bottle of frog oil, shipped by Len. Faxon of the Paducah Herald. Capt. P. A. Byrne got his barrel of whiskey.
Read the advertisement of Dr. Hutchinson, in another column. He can be found at the National Hotel, and is ready to treat all cases who may desire his services.
Sell your rags to the Railroad Co., and E. Withers will almost give you new clothes, at auction, to-morrow—Saturday. Mr. Withers has just received a new consignment of fancy Cassimers, Tweeds, Jeans, Linen Duck, Dress Goods, Domestic, etc., also a lot of pocket Pistols, Revolvers and Clocks.
To my friends—I have not been able, on account of sickness, to attend to business for nearly three months. I hope to resume again soon, and will take it as a personal favor, if my old friends and patrons will continue their business relations with Messrs. Coulters & Hillman in my absence. My interests are all with them. They are offering a superior stock of goods this spring, and at uniformly low prices. I regret my inability to wait on you at present, but, in my absence, Capt. Moore or Mr. Coulters will do so with pleasure. Very respectfully,
Ap. 20-1m. R. H. PICKERING.
SPECIAL NOTICE.—We have been ordered by the Court to collect the arrearages of Railroad taxes, for 1860, 1861 and 1865.—Pay up immediately, without cost.
JOHN R. MARTIN, J. W. McDANIEL, April 13, 1866-4t.

MARRIED.
At the residence of the bride's father, in this city, on the 24th inst., by the Rev. R. S. Hunter, Mr. SAMUEL B. STEWART, to Miss DORA JUDITH, both of this city.
We wish the young couple everlasting happiness, and
"May happiness her blessings give,
In crowns of sweet delight,
In hopes bright future may they live,
Guided by love's pure light."
In this city, on the 20th ult., by the Rev. Mr. Ringold, Mr. P. B. O'DONELL, to Miss MARY KILLROY, of Bowlinggreen, Ky.
At the residence of the bride's father, by Elder Joseph Lowe, Mr. JOHN P. GILKES, to Miss MARY M. POWELL, of Adams county, Ill. [Accompanying the above announcement, we received, for the first time in years, a Gold dollar. To the fair young bride and the now happy bride-groom, the Chronicle sends its greeting of congratulations. Bride-grooms follow suit.]
DIED.
On the 29th ult., WILLIAM HENRY, infant son of John and Nancy Davis, of this city.
SPECIAL NOTICES.
LET those who have doubted the virtues of Bull's Cedron Bitters, if any such there be, read the following certificate from gentlemen well known in this community, and doubt no more.
My first introduction into the army will give the lives of thousands of our soldiers. Louisville, Ky., June 3, 1863.—We, the undersigned, have seen the good effects produced by the use of Dr. John Bull's Cedron Bitters in cases of general debility and prostration of the system, and believe its general use would prevent disease and relieve such suffering. Among our soldiers particularly would this be the case, especially those who are exposed to miasmatic influence in the Southern climate.

DR. JOHN BULL'S COMPOUND CEDRON BITTERS!!
The latest and most important discovery of the 19th Century.
NO man's name is more intimately connected with the history of Materia Medica of the United States, or more favorably known as a pioneer in medical discovery, than that of
DR. JOHN BULL,
of Louisville, Ky.
His inimitable preparation of SARSAPARILLA, has long stood at the head of the various compounds of that valuable drug.
His COMPOUND OF WILD CHERRY has become a household word throughout the West and South.
His WORM LOZENGES, in less than a year after their introduction, obtained a reputation as wide-spread as the continent of America.
But the crowning glory of his life remains to be attained in his discovery, or rather combination, for he does not claim to be the discoverer of
CEDRON,
which is the basis of the Bitters now offered to the public. That honor belongs to the native inhabitants of Central America, to whom its virtues have been known for more than two hundred years. Armed with it, the Indian bids defiance to the most deadly malaria, and handles without fear the most venomous serpents. It is a belief with them that while there is breath left in the body the Cedron is potent to cure, no matter what the disease may be.
While Dr. Bull is not prepared to endorse this extravagant pretension, he is nevertheless satisfied from a thorough examination of the evidence relating to its virtues, that as a remedy and preservative from all diseases arising from exposure, either to changes of weather and climate, or to the miasmatic influence, it stands
WITHOUT A RIVAL,
and justly deserves the reputation it has so long enjoyed in Central America and the West Indies.
IN DYSPEPSIA
And its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the range of Malaria, Melancholia, and other diseases, that can be so promptly and so completely cured as this.
A full account of this wonderful plant may be found in the 11th edition of the U. S. Dispensatory, on pages 1347 and 1348.
A series of experiments in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combination of Cedron with other approved tonics, the whole prepared in the best quality of copper-distilled Bourbon whiskey, which, by its confidence has no equal in the world.
He might furnish a volume of certificates, but the public have long since learned to estimate such things at their true value. The safest plan is for every one to test for himself the virtues of a new medicine.
GIVE THE CEDRON BITTERS,
One trial and you will never use any other.
It is not necessary to publish a long list of diseases in which the Cedron Bitters are a specific.
In all diseases of the
Stomach, Bowels, Liver or Kidneys,
In all affections of the
Brain, depending upon derangement of the Stomach or Bowels,
IN
COFF, ANEMIA and SPERMALIA,
And in
FEVER AND AGUE,
It is destined to supersede all others. It not only cures these diseases but prevents them.
A wise glass full of the Bitters taken in time before each meal, will obviate the effects of the most unwholesome climate, and screen the person taking it against disease under the most trying exposure.
Sold by Druggists and Grocers generally.
