

WIT AND HUMOR.

Lucia.—Sir, said an old Scotch woman to her minister, "I dinna ken a part of your sermon yesterday."

"Indeed! what was it?" "You said the Apostle used the figure of circumlocution, and I dinna ken what it means."

"Is that all?" "It's very plain. The figure of circumlocution is merely a periphrastic mode of diction."

"Oh! ah! is that all?" said the good woman, "that a pair of feet is not to understand that?"

An Indiana paper gets off the following: "A love-sick sucker sends us the following doggerel to print. Respectfully declined. Go and tell the gal that you are a fool, without letting everybody else know it."

An old gentleman, who has dabbled all his life in statistics, says he never heard of more than one woman who insured her life. He accounted for this by the singular fact of one of the questions on every insurance paper being, "what is your age?"

At a medical student's examination he was asked: "Do wounds often heal by the first intention?" Not when the patient is rich and the doctor poor. "When does mortification ensue?" "When you pop the question, and are answered no?"

A lady asked her gardener why the weeds always outgrew and covered up the flowers. "Madame," answered he, "the soil is mother of the weeds, but only step-mother of the flowers."

A very modest young lady who was a passenger on board a packet ship, it is said, sprung out of her berth and jumped overboard on hearing the captain, during a storm, order the mate to "haul down the sheets!"

At Gibraltar, there being great scarcity of water, an Irish officer said, "he was easy about the matter, for he had nothing to do with water, if he only got his tea in the morning, and punch at night, it was all that he wanted."

The following appeared some time ago upon the house of a negro in Philadelphia; "Peter Brown, porter and waiter.—N. B. Attends to funerals, dinner parties, and other practical occasions."

"Well, wasn't that a finished sermon he had this morning?" asked one person of another, as they came out of church.

"Finished," was the reply, "yes, it was finished at last, although I began to think it never would be."

"I wonder," said a Scotch maiden, what my brother John sees in the lassies that he likes so well. For my part I was nae gie the company o' one lad for twenty lassies."

"Oh, pray let me have my way this time," said a young gentleman to his lady-love. "Well, Willie, I suppose I must this once, but you know that after we are married I shall always have a *Hill* of my own."

A medical man asked his legal adviser how he could punish his servant who had stolen a canister of valuable snuff? "I am not aware of any act," said the lawyer, "that makes it penal to take snuff."

A gentleman speaking of a young beauty's fashionable yellowish hair, called it pure gold. It ought to be, quoth Mr. K.—, it looks like twenty-four carats.

A poor fellow being asked on a late trial for a certificate of his earnings, exhibited a large scar on his head, which looked as though it might have been made with a fire-shovel.—The evidence was satisfactory.

Marriage is a desperate thing; the frogs in *Keep* were extremely wise; they had a great mind to some water but they would not leap into the well, because they could not get out again.

A dandy lately appeared in town with legs so attenuated that the authorities had him arrested because he had "no visible means of support."

A poet intended to say, "See the pale martyr in a sheet of fire," instead of which the printer made him say, "see the pale martyr with his shirt on fire."

At first the dissipated resort to wine to stimulate their wits, and in the end have to resort to their wits to procure their wine.

"Will you lend father your Chronicle, sir? he only wants to read it."

"Yes, my boy, and ask him to lend me his dinner, I only want to eat it."

Why are sheep the most dissipated and unfortunate animals? Because they gambol in their youth, frequent the turf, and are always fleeced.

Why is the letter s like a sewing-machine? Because it makes needles needless.

A henpecked husband says that instead of himself and wife being one, they are ten; for she is 1 and he is 0.

Reader, did you ever enjoy the ecstatic bliss of courting? You didn't! then you had better get a little Gal-an-try.

What kind of a ship has two mates and no Captain? Courtship.

What is a kiss like a rumor? Because it goes from mouth to mouth.

What has left her heart may be up her side.

WEBER & EMERSON PIANOS,

ESTEY & CO'S TREMOLO ORGANS.

A PERSONAL EXAMINATION WILL certainly convince one of the superior merits of these Instruments. Eighteen of the **Webster Pianos** have been selected in preference to all others, by the **New York Conservatory of Music**, which proves conclusively that they are the **Best-Mellic-Bell-**The **Piano Forte of the Present Day.**

(THE EMERSON PIANOS.)
possess all the good qualities of a First Class Piano, and are special favorites of the ladies.

The **Estey Organs** contain the following great and important improvements, which are **Patented**, and consequently found in no others, making them very desirable for the **Parlor, Boudoir and Church.** The **Patent Harmonic Attachment** doubles the volume of tone, and in connection with the
Sub Bass and Knee Swell, become the most powerful and rich toned instruments extant. But the crowning achievement is found in the
PATENT FOX HUMANA TREMOLO, which entirely changes the reed-tone, giving the sympathetic sweetness of the **human voice**, making them so melodious and pure that they never fail to enchant the listener.

This **Tremolo** unlike all others, is managed by the foot, with a Third and Separate Pedal.

Among the many testimonials are found the following names:
George W. Morgan, Organist of Grace Church, New York; Wm. A. King, Organist of the Church of Transfiguration, John Zundel, Organist of Plymouth Church, Brooklyn.

We offer all the above Instruments at **MANUFACTURERS PRICES**, Warranted for Five Years, and kept in tune for one year, and will take in exchange old Pianos.

Special attention given to Tuning and Repairing. All are cordially invited to examine these instruments, and Messrs. Conover will take great pleasure in showing them. Call or send for Illustrated Catalogues with price lists.
