PRIVATE BOARDING.—Mrs. J. W. Carr, having taken the large house at the corner of Sixth street and Washington avenue, is prepared to furnish private boarding to a limited number of either ladies and gentlemen, or to gentlemen and their wives. The house is very pleasantly located and convenient to the business part of the city. The rooms are large, airy and well lighted. For further information inquire at the house.

SIN is very much the offspring of physical ill-health and feeble stomachs. During one-third of our time the processes of digestion must go on in our bodies, and if the stomach and bowels are not well nothing is well. To be dyspeptic is the foundation of fevers and diseases of the blood, liver, skin and kidneys. Dyspepsia invariably yields to the virtues of the vegetable ingredients contained that great purifier of the blood and restorer of health, DR. WALKER'S CALIFORNIA VIOLETT BITTERS. 80-7-15-lywd

BLESS TO HIS PATRONS, AND THE GENERAL PUBLIC, GREETING.—I very respectfully solicit a continuance of the favors of my patrons and invite the patronage of the public, but I wish old patrons and transient patrons to distinctly understand that I work for money and not because of a philanthropic desire to shoe and boot my fellow men without money and without price, and that, therefore, if any old patron or new patron, desiring shoes or boots, has not the pecuniary ability to pay for the work ordered when done, he is requested to pass on to some other shoemaker. I want no old patrons or new patrons who will not pay. Those who are willing to pay will find it to their interest to patronize me, because I keep on hand the best of stock, do the best of work, give the best of fits and work for the lowest of prices.

Wanted.—A WASHWOMAN.—We want a washwoman at THE BULLETIN'S laundry. Our unceremoniously stepped down and out yesterday morning because we were so much interested to her that a little starch in the bosom of the shirt of the family would help them resist the influence of the heat,

Milwaukee Beer

TRIUMPHANT

HUEFFNER, at the Planter's House, last night, ran out of Cairo's most popular beverage—Milwaukee Beer—but he this morning received a

CAR LOAD

Genuine Milwaukee Beer, which is going so fast that those wanting any must hurry up.

Ever alive to the interests of his patrons, he also announces that

TO-MORROW MORNING AT TEN O'CLOCK

He will open the Finest Lunch

Ever seen in this city, with MILWAUKEE BEER in abundance.

PLANTERS' HOUSE.

Mail subscribers who find an X opposite their names on the margin of their paper, or on the wrapper, will understand that it means RENEWAL OR SUSPENSION that the time for which their paper was paid is out, and our terms are \$1.00 for the daily and \$1.00 for the weekly, IN-VARIABLELY IN ADVANCE.

RELIGIOUS.—The Baptist association is now in session at Clear Creek. Our friend Gamble represents this part of the vineyard.

THE PICNIC.—The Baptists have employed Prof. Eisenberg's brass and string band for their picnic on Thursday—tomorrow.

EXPLANATORY.—The publication of more matter than is contained in this issue of THE BULLETIN has been postponed on account of the weather and the council proceedings.

EXCURSION.—Look out for the Baptist Sunday School excursion to Pleasant Grove, near Fort Jefferson next Thursday the 13th inst. 87-4f

ACCIDENT AT GALLIHER'S MILL.—Yesterday morning two cog wheels that drive the principal machinery of Galliher's mill broke. The accident occasioned a delay in working the mill of several days.

ALL PERSONS indebted to Wall & Est that do not make settlement before the 15th day of August will find their accounts in the hands of Esquire Bross for collection. WALL & EST. 88-8-2-2w

DISAPPOINTED.—Joe Roberts has returned to Murphystown disgusted with politics. He is angry; but bears up nobly. After he has passed through several trials of this kind he will take disappointment more philosophically. The way of the office-seeker is hard.

CAN GO.—Buggies may be taken on the ferry boat Cairo by all who wish to attend the Baptist Sunday School picnic in such vehicles to-day. Then look out for glorious drives on the gravel road leading over the pleasant hills of Ballard. Go, neighbors and enjoy yourselves. 8-13-11

TICKETS for the basket picnic to Fort Jefferson on Thursday, 13th inst. may be found at the following places: Sobah's drug store, John Astrim's, M. J. McGauley's drug store, J. H. Metcalf's grocery, Arter & Co's grocery, Lancaster's Lumber yard, and of the members of the Baptist Mission Sabbath School.

ARE THEY RETURNING TO THEIR VOMIT?—Several of the gentlemen who were most prominent in the Liberal Republican movement in this city, were prominent members of the Republican county convention that met in the court-house last Tuesday. Have they concluded to return to the Radical vomit? That's the question.

HIGHWAY ROBBERY.—Mr. E. Hoge, a citizen of Unity precinct, was coming to the city yesterday morning, between Sand 4 o'clock. When about half way between Unity and the city he was attacked by two negroes and a white man. The white man stopped the team and caught hold of the bridle of the horse, and one of the negroes presented a pistol at his head, while the other robbed him of a silver watch and \$12 cash.

THE WEATHER.—If the oldest inhabitant has any recollection of more oppressive days or depressing nights, we should like to have him tell us at what period in his life he experienced them. We have, imagined the pleasure of taking a run up a Ireland's millennial, and if our pocket book were not naturally inclined to a construction of the currency, we would.

WANTED.—A WASHWOMAN.—We want a washwoman at THE BULLETIN'S laundry. Our unceremoniously stepped down and out yesterday morning because we were so much interested to her that a little starch in the bosom of the shirt of the family would help them resist the influence of the heat,

at this particular time, a half hour or so longer. To a woman who will come, with or without recommendations, we promise a permanent situation, good wages, no questions asked, and no unwell-comed intimations concerning stercob, stroaks, or anything else.

CONCORAN.—Hon. John Concoran, some years ago a citizen of Cairo, but now a resident of Coahoma county, Mississippi, returned to the city Tuesday morning, and will remain here several days visiting his friends, if not called back home by the race conflict that has opened there.

Mr. Concoran is the school superintendent of his county and has represented it in the legislature. He says his people are all quiet, and the peace between the white and black people has been maintained without difficulty.

CALLER.—Mr. Powell, candidate of the Republican ticket for State Superintendent of Public Instruction, and Mr. Bowdler, of the Murphystown Era, called yesterday. Mr. Powell has no doubt of his ability to get away with Mr. Eter, of the Independent Reformers, as well as the candidates of the McCormick Democracy and the Leslie True-Blue. Gill Barr, of Murphystown, also called. These gentlemen, and a number of others, are on their way to Mound City to attend the Republican conventions. And yet, strange as it may appear, neither of them looked as if he was ashamed of himself.

MURDER IN BALLARD.—A family feud in Ballard county, Kentucky, about eight miles from Cairo, resulted yesterday in the death of a man, by the name of McNeill. He was shot and instantly killed by Crittenden Rowans. McNeill had been in Cairo and was walking home from the ferry landing, when he met Rowans who had a double-barrelled shot gun on his shoulder. They got into an altercation and Rowans discharged the contents of both barrels of his gun into McNeill's body. A large number of citizens went in pursuit of the murderer but had not arrested him at last accounts.

ORGAN BUILDING ESTABLISHMENT.—We take pleasure in stating that we have in Cairo an establishment which few cities of its size can boast of. Mr. Max Kuehne, corner of Thirteenth and Walnut streets, has just completed a church organ for the German Lutheran church on Thirteenth street, which is pronounced, by parties that understand organ music, a grand success. Mr. Kuehne is an organ builder by trade, and has served an apprenticeship of seven years with one of the best organ builders in Europe. He intends to devote all his time to organ building and melodeon tuning. The people of Cairo have so often been disappointed by parties coming here and claiming to be competent men in tuning and repairing, that Mr. Kuehne did not dare to ask the patronage of the people before he could give proof of what he could do. All reference he gives is the organ built by him for the German Lutheran church, and any parties interested will after seeing and hearing the above named organ, feel satisfied that they cannot trust their instruments to better hands than his. He now wishes to solicit the patronage of the citizens of Cairo, and they can rest assured that he will give satisfaction in every particular. Terms liberal. 8-12-4f

THE GAS COMPANY AND THE CITY.—A SUGGESTION IN REFERENCE TO THE SQUIP QUESTION.—The misunderstanding between the gas company and the city council has caused as much regret on the part of the citizens as indignation. Not a few applaud the course of the council, because they believe Mr. Gerould has acted in a discourteous manner and has made unreasonable demands. Mr. Gerould, on his part claims that he has done all he was authorized to do by the company, and has made the propositions he has sent to the council under direction of its executive committee. We believe Mr. Gerould has acted as he says he has, and that the gas company had some reason to believe it would be justified in demanding a higher price this year for lighting the city than it obtained last year. Last year the company was paid an interest-bearing scrip. The council repealed the ordinance putting interest on scrip. The gas company at once jumped to the conclusion that the new issue of scrip would not be as valuable as the old, that the price of scrip would run down greatly, and that therefore the city ought to give the company more of the non-interest bearing than it had asked to receive of the interest bearing scrip. We believe there was no good ground for this demand. The new scrip, although it bears no interest, will surely be more valuable than the interest-bearing, if the council and city officers do their duty. A certain sum has been appropriated to pay for gas during the current fiscal year. That fund when raised cannot be used for any other purpose than to pay for gas used this year. No order issued to pay for gas used last year can be paid out of this fund; and the collector cannot, when he is collecting taxes, receive in payment of the tax levied to pay this fund scrip heretofore issued for other purposes. He must collect the money, and this money can be used for no other purpose than the specific purpose for which it was collected. We know it has been the practice to receive in payment of taxes city scrip, but the collector must receive scrip at his peril; and the treasurer will, at his peril, pay out any of the money received to pay for gas burned during the present fiscal year in cashing orders issued to pay for gas burned in any former year. Each fund in the city treasury must be kept sacred for the purpose for which it was collected. If this is true, and we are sure it is a correct position, the gas company will, after the taxes have been collected, receive cash for all the gas it will furnish upon the order of the city council. We suggest to Gerould that he ponder over these suggestions and drop a cent or two on the price of his burning "fluid."

CITY COUNCIL.

(Regular Meeting of the City Council.)

(Alderman Mathus appeared in his seat.)

The bill of Cairo Evening Sun, for publishing notices of Chairman of Investigating Committee, amounting to \$1 50, after having been certified as correct by W. H. Morris, chairman of said committee, was referred back by the claims committee, recommending payment.

On motion of Alderman McGauley, the recommendation of the committee, was concurred in, and said bill allowed by the following vote:

Ayes—Halliday, Mathus, McEwen, McGauley, Morris, Nellis, Thistlewood, Walder and Wright—9

Nays—0

The committee on claims requested further time in which to report on the bill of Liniger and Landen, amounting to \$50 00 for legal services in case of A. Swoboda vs. William McHall, and the case of the City of Cairo vs. Morgan Parsons et al.

On motion, the request of the committee was granted.

The claims committee to whom was referred the petition of Chas. Mehnert, reported the same back, recommending that the prayer of the petitioner be not granted.

On motion of Alderman Wright, the recommendation of the committee was concurred in on a division, by a vote of 5 to 4.

PEITITIONS.—Petition of J. B. Phellis, Henry Winter, A. Mackie & Co., H. L. Halliday, and others, requesting the council to have the following named streets filled, viz: Commencing on Fourteenth street, at its intersection with Washington avenue, and extending west to Walnut street; from thence on Walnut street to Fifteenth street; thence on Fifteenth street to Cedar street. Said petition represented that said streets were very much needed for travel, but that during a large portion of the year the same were impassable.

On motion of Alderman Morris, said petition was referred to the committee on streets.

Petition of F. Bross, representing that the pump kept in front of his business house, on Commercial avenue, was a nuisance, and that the water from said pump is running into the foundation of said house, and if continued will soon destroy the same. He therefore requests the council to abate said well or have a proper connection made with the sewers for the overflow from said well.

On motion of Alderman Halliday said petition was referred to the committee on streets, with instruction to have proper connection made from the well to the sewer.

Petition of B. F. Blake, J. H. Metcalf, and others, requesting permission to sink a drive well on Washington avenue, near corner of Division street, was, on motion of Alderman Morris, granted provided they would make a proper connection with the gutter, and sink said well under direction of the committee on streets.

REPORT OF CITY ATTORNEY WEAVER.—The city attorney to whom was referred the petition of M. Houragan, representing that the I. C. R. R. tracks passed 6 feet, in addition, as to clear him from block of the street and from an outlet, and praying the council for relief, begged leave to report that the petitioner did not purchase his property from the city and as the city was not accountable for the placing of said track in front of his place of business, he did not see what the city had to do with the matter in question and believed the petitioner's remedy is in the courts. He, however, stated that if the council desired him to take any steps against the R. R. Co. he would do so, otherwise he considered it the duty of the complainant to prosecute them himself.

On motion of Alderman Morris said report was received and ordered filed.

REPORT OF STREET COMMITTEE.—The committee on streets to whom was referred the report of D. J. Galligan, superintendent of streets, recommending the construction and reconstruction of certain sidewalks, reported the same back with recommendation that said sidewalks be constructed as recommended.

On motion of Alderman McGauley the recommendation of the committee was concurred in and said report referred to the ordinance committee with instructions to draft an ordinance in accordance therewith.

RESOLUTIONS.—The chair stated that under the provisions of ordinance No. 83, authorizing the appointment of assistants to city marshal in enforcing the ordinance in regard to animals running at large in the city limits, he would nominate as such assistants Robert Bilinggley, Joseph Dixon and Henry Britton, who were confirmed by the following vote:

Ayes—9

Nays—0

The chairman also stated that as ordinance No. 28 under which Wm. Brown had been appointed health officer, has been repealed, and that ordinance No. 79, provided for the appointment of a police constable to act as health officer and inspector of meats and vegetables, he would again nominate Wm. Brown to act as such officer. Said nomination was confirmed by the following vote:

Ayes—9

Nays—0

RESOLUTIONS AND MOTIONS.—The following resolution was offered by Alderman Halliday, who moved its adoption, viz:

Resolved, That the comptroller be instructed to have section 79 of ordinance No. 4, as amended, printed upon suitable cards to the number of twenty, and the city marshal is hereby instructed to securely tack the said cards in public places, on the wharfbots at the public landing, so that they will be plainly seen by steamboat officers.

Motion to adopt carried.

The following resolution presented by Alderman McGauley was on motion of Alderman Nellis adopted, viz:

WHEREAS, There seems to be no possibility of the street committee and the Cairo City Gas Co. arriving at an amicable

agreement on the gas question, and as other cities in different parts of the State are using gas-light, or other similar light, at a much less expense than gas, and as it has become necessary to procure light of some kind for the street lamps and city buildings, therefore be it

Resolved, That the Street Committee be instructed to correspond with other parties for furnishing light for use of the city.

On motion of Alderman Wright the ordinance committee were instructed to draft an ordinance, providing for the appointment of a Corporation Counsel.

REPORT OF STREET SUPERINTENDENT.—A. J. Galligan, street superintendent presented a report of the number feet of sewer pipes required to replace wooden sewers which have rotted out in different parts of the city. Said report was on motion of Alderman Halliday received and ordered filed.

PROPOSALS.—The following proposals for the construction and reconstruction of sidewalks under the provisions of ordinance No. 78 were received and opened by the clerk:

Of Geo. Carpenter, to reconstruct the sidewalk on the south side of Fourth street between Washington and Commercial avenues; on the west side of Washington avenue between Fourth and Fifth streets; on the north side of Fifth street between Washington and Commercial avenues, and on the east side of Washington avenue between Fifth and Sixth streets, at 15 cents per lineal foot: Of Henry Bryant, to reconstruct the sidewalk on the south side of Fourth street between Commercial and Washington avenues, and furnish all material, at 25 cents per foot, or to do the work for 10 cents per lineal foot; to reconstruct the sidewalk on the west side of Washington avenue from Fourth to Fifth streets, and furnish all material, at 37 cents per foot, lineal measure, or to do the work for 19 cents per lineal foot; to reconstruct the sidewalk on the north side of Fifth street from Washington to Commercial avenue at 42 cents per foot and furnish all material, or for 12 1/2 cents per foot, the city furnishing the materials; to reconstruct the sidewalk on the east side of Washington avenue from Fifth to Sixth streets, and furnish all material, at 37 cents per foot, or to do the work for 12 cents per foot; to reconstruct the sidewalk on the south side of Thirteenth street between Washington and Walnut streets, at 32 cents per lineal foot and furnish the materials, or to do the work for 14 cents per foot; to reconstruct the sidewalk on the north side of Seventh street, from Walnut to the walk fronting the property of J.
