## The Bulletin.

### Republican Opinion

[From the Quincy Herald.]  
The New York Graphic (rep.) accepts Judge Sumner's reputation of the income tax as conclusive, saying:

He may be fairly acquitted of the charge of intentional fraud, and the charge of perjury falls with it. In fact no one outside of an insane asylum or political machine shop ever seriously believed that he was guilty of perjury.

And the Evening Post, another Hayes paper, says:  
Viewing this denial in this light, we do not hesitate to say that Governor Tilden's character as a citizen long known in professional life in the city, entitles him to a verdict of acquittal of the charges which have been brought against him. Many of his personal admirers, who differ from him politically, would have been better satisfied with a tract of land under his own signature than that he should be thought to make the several charges with separate answers.

Further, bearing the New York Times and the various Grant organs that follow its lead and do "Boss" Chandler's bidding, there are none who question Mr. Tilden's honesty or his title to accept his vindication as satisfactory and complete.

## DR. C. McLANE'S CELEBRATED LIVER PILLS,

FOR THE CURE OF  
Hepatitis or Liver Complaint,  
DYSPEPSIA AND SICK HEADACHE.

### Forty Years Before the Public.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternating with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively diseased.

AGUE AND FEVER.  
DR. C. McLANE'S LIVER PILLS, IN CASES OF ACUTE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them A FAIR TRIAL.

For all Bilious derangements, and as a simple purgative, they are unequalled.

**BWARE OF IMITATIONS.**  
The genuine DR. C. McLANE'S LIVER PILLS are never sugar coated. Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS., on the wrappers.

## ARMSTRONG'S Lincoln Butter Powder

Good Fresh Butter all the Year Round

### BUTTER IN 30 MINUTES.

Lincoln Butter Powder is an entirely harmless article made from a celebrated English recipe, and now in daily use by many of the most noted farmers in the butter counties around Philadelphia.

In hot weather this Powder makes butter much firmer and sweeter than it usually is, and keeps it from turning rancid. It also removes the strong flavor of turnips, garlic, weeds, corn stalks, cotton seed, etc.; and the increased yield of butter much more than pays the trifling expense of using it.

## CENTENNIAL EXHIBITION PHILADELPHIA, PA.

This great International Exhibition, designed to commemorate the one hundredth anniversary of American Independence, opened May 10th, and will close November 10th, 1876. All the nations of the world and all the States and Territories of the Union are participating in this wonderful demonstration, bringing together the most comprehensive collection of art treasures, mechanical inventions, scientific discoveries, manufacturing achievements, mineral specimens, and agricultural products ever exhibited. The grounds devoted to the exhibition are situated on the line of the Pennsylvania Railroad and embrace 450 acres of Fairmount Park, all highly improved and ornamented, on which are erected the largest buildings ever constructed—five of these covering an area of fifty acres and costing \$5,000,000. The total number of buildings erected for the purposes of the exhibition is near one hundred. During the thirty days immediately following the opening of the exhibition a million and a quarter of people visited it.

## THE PENNSYLVANIA RAILROAD.

### THE GREAT TRUNK LINE

### AND

### FAST MAIL ROUTE OF THE U. S.

Is the most direct, convenient and economical way of reaching Philadelphia and the great Exhibition from all sections of the country. Its trains to and from Philadelphia will pass through a grand Centennial depot, which the company has erected at the main entrance to the Exhibition grounds for the accommodation of passengers who wish to stop at or start from the numerous large hotels contiguous to this station and the Exhibition—a convenience of the greatest value to visitors, and afforded exclusively by the Pennsylvania Railroad, which is the only line running direct to the Centennial buildings. Excursion trains will also stop at the Encampment of the Patrons of Husbandry, at Elm Station on this road.

The Pennsylvania Railroad is the grand east railway organization in the world. It controls seven thousand miles of roadway, forming continuous lines to Philadelphia, New York, Baltimore, and Washington, over which luxurious day and night cars are run from Chicago, St. Louis, Louisville, Cincinnati, Indianapolis, Columbus, Toledo, Cleveland and Erie without change.

Its main line is laid with double and third tracks of heavy steel rails upon a deep bed of broken stone ballast, and its bridges are all of iron or stone. Its passenger trains are equipped with every known improvement for comfort and safety, and are run at faster speed for greater distances than the trains of any line on the continent. The company has largely increased its equipment for Centennial travel, and will be prepared to build in its own shops, at short notice sufficient to fully accommodate any extra demand. The unequalled resources at the command of the company of the Pennsylvania Railroad guarantee the most perfect accommodations for all its patrons during the Centennial Exhibition.

The magnificent scenery for which the Pennsylvania Railroad is so justly celebrated presents to the traveler over its perfect roadway an ever-changing panorama of river mountain and landscape views unequalled in America.

The exciting scenes on this line are unsurpassed. Meals will be furnished at suitable hours and ample time allowed for enjoying them.

Excursion tickets, at reduced rates, will be sold at all the principal railroad ticket offices in the West, Northwest and South-west.

Be sure that your tickets read "via the Great Pennsylvania route to the Centennial Exhibition."
