The Blind Preacher.

We have had already the pleasure of announcing to our readers that Rev. Mr. Milburn, the blind man, who has gained so much celebrity as a preacher and a lecturer, will lecture in this city on the evening of the 31st of May. We have since learned that tickets for the lecture are on sale at the two book stores and at Hope & Miller's. No one who values a good thing will fail to go. We fear that many of our citizens will be denied the pleasure of hearing Mr. M. as only a limited number of tickets will be sold. We hope that Mr. M. can be prevailed upon to lecture more than once.

A SLANDER REFUTED.

Indignant Denial by Prominent Citizens.
We cheerfully give the following place in our columns. The facts as stated below by prominent and influential citizens of Greeneville are no doubt true. One of the editors of the CHRONICLE took pains some weeks ago to investigate the matters referred to, and found to his satisfaction that the charges were untrue. Great injustice has been done all concerned by the unfortunate publication, and we are glad to publish this contradiction.

GREENEVILLE, TENN., May 23, 1872.
EDITORS CHRONICLE: Our attention has been called to the following "special" cut from the Indianapolis Journal of the 20th inst.:

"ANDY JOHNSON AS A SEDUCER—SCILICET OF HIS VICTIM."
"BROOKLYN, May 18.—A few days since it was announced that Mrs. Emily, wife of the Governor at Greeneville, East Tennessee, had committed suicide by shooting herself through the head with a revolver. A letter just received by a resident of Greeneville, now in Brooklyn attending the Methodist General Conference, conveys the intelligence that Mrs. Harold had been seduced by ex-President Johnson, and that discovery and exposure led her to the commission of the rash act. Great indignation is expressed among the citizens of Greeneville against the ex-President, and many of the best citizens refuse to speak to him on the subject."

So far as we know, this is the first libelous publication of the scandal current here about a month since, which doubtless impelled Mrs. Harold to suicide. At that time it was thoroughly and carefully investigated by some of us, and we did not hesitate then, nor do we now, to pronounce it a cruel and malicious slander.

Mrs. Harold was about fifty-two years of age, and for over thirty years had been a member of the Presbyterian Church here, during all which time she had sustained the character of an earnest, consistent Christian, a chaste and faithful wife, a kind and dutiful mother, a charitable neighbor and a true and noble woman, respected and esteemed by all in this community. She had, during all her whole life, been the intimate, personal friend and companion of Mrs. Johnson, living for many years past with a few steps of each other. The cruel shaft of slander dethroned her reason and pierced her heart.

"Great indignation is felt among the good citizens of Greeneville." Its object, however, is not the ex-President, but the author and utterers of the infamous and groundless slander, which has caused the death of a virtuous woman, and sorrow and grief to many happy homes, and cast a gloom over the whole community.

Unsolicted and without consulting either of the injured families, we offer this voluntary tribute to the memory of a virtuous, noble woman and the character of a distinguished, respected and esteemed neighbor most foully slandered, and in justice to the living and the dead, request its publication.

DEPORATION CEREMONIES.

Meeting at the Board of Trade Rooms.

Pursuant to notice given a meeting was held last night at the Board of Trade Rooms for the purpose of perfecting arrangements for the decoration of the graves of the Federal soldiers at the National Cemetery, on Thursday next.

On motion Capt. M. D. Bearden was called to the chair and S. Munson, chosen temporary secretary.

The following gentlemen were appointed a committee on permanent organization: H. M. Aiken, J. M. Harris, J. T. Thornburgh, V. F. Gossett, T. M. Schleier, who after consultation reported the following officers for the ensuing year:

President—P. Dickinson.
Vice Presidents—C. J. M. Thornburgh, Maj. A. H. Pettibone, Col. Cobe Young.
Secretary—E. W. Bailey.

The report of the Committee was received and the above named gentlemen elected.

It was decided that the committee be organized by the young misses representing the different States of the Union, should be accorded the head of the procession.

Capt. Ricks reported that Rev. Messrs. N. G. Taylor and J. B. Ford had been appointed as addresses on the occasion, and that Mr. Penbody, of Nashville, would deliver an original poem.

Reports were received from different committees, and some discussion ensued as to the hour of forming the procession, Lieut. Thornburgh suggesting 10 o'clock as a suitable hour.

Col. M. L. Patterson suggested that arrangements be made with the railroads for half-rate fares for those desiring to attend. Whereupon Maj. E. C. Camp was authorized to confer with the railroad officials to that end.

The question of erecting a permanent stand, was left with the permanent President.

Mr. Dickinson was notified of election as President and accepted the position.

On motion, Messrs. S. Munson, E. C. Camp and Jno. M. Harris were appointed a committee to draft by-laws for the organization.

The meeting then adjourned until Tuesday night next.

Personal.

We had the pleasure yesterday of meeting with Mr. D. W. Brainerd, formerly a citizen of this place—a member of the firm of O. B. Smith & Co.,—but more recently a resident of St. Augustine, Fla. He is here on a visit to his friends in Knoxville, of whom he has many. We welcome him back, and would be pleased if he could find it consistent with his own interest, to remain with us permanently. He is a gentleman of energy and business capacity, and is a valuable accession to any community in which he may reside.

Sevier County News.

A Farmers' Club will be organized at Sevierville on the 3d of June. They are all encouraged at the success of the Convention held in your city last week, and are determined to draw by their own experience given on that occasion.

People are looking with great anxiety for rain which is badly needed. Wheat in many localities looks indifferently, oats will be short, and the success of the corn crop depends upon its mode of culture. On some farms that have been ploughed corn looks well, but on others where the surface only was touched, it looks small.

A Sabbath school election will take place on Saturday next.

Provide Against Danger.

At this season all the great lines of travel begin to swarm with human beings intent on business or pleasure. Are these moving multitudes aware of the danger which ensues from drinking different varieties of water and breathing atmospheres to which their lungs are unaccustomed? Do they realize how important it is to be pre-armed with an antidote that will defend their systems from the evil consequences of such changes and from all ailments and disorders which evolve from the soil at this period of the year? Such an antidote—certain in its protective operation and free from everything objectionable in its composition and flavor—has been for twenty years before the public, and is now being advertised, during that period, in which Hostetter's Stomach Bitters has failed as an acclimating medicine, or as a preventive of the bodily ills to which the undefended system is liable in unhealthy localities.

A good appetite, a regular, vigorous condition of the nervous system, functional regularity, and a pure and active circulation, are the elements of health, and these signal blessings may be secured and perpetuated by the use of this powerful, yet harmless medicine. It has taken it as a safeguard against the diseases which debility, irregularity and a morbid condition of the solids and fluids of the body are sure to invite.

CORRECTED DAILY BY J. W. GAUT, Produce and Commission Merchant, Market Place, Knoxville, Tennessee.

KNOXVILLE, TENN., May 21, 1872.

But little if any change in the prices of produce has occurred for some weeks past. The trade is confined almost exclusively to local wants. Two car loads, held here for six weeks or more, were shipped South yesterday. The receipts of corn and hay during the past week were light. Bacon is offered only in small lots but sufficient for the local trade. Dry weather has affected the young crop, causing serious apprehensions in regard to clover and oats. The yield of wheat will not be as large as was anticipated a few weeks ago, but still a good crop, it is hoped, will be realized.
