SUNDAY, JANUARY 5, 1879.

OUR STATE UNIVERSITY.

Quite a spirited controversy has been going on in Massachusetts over the Agricultural College of that State. The point of the controversy is a proposition to continue State aid to the institution, in the way of large annual appropriations. These appropriations have been made since the year 1863, aggregating to the present time nearly \$300,000. This is in addition to the income received as interest on the proceeds of public lands donated by the Government.

There is quite a contrast between the treatment of similar institutions in other States and that of our State University in Tennessee. Here the University has not asked the State for any appropriations. The managers of that institution have only asked that the interest on their bonds shall be paid with reasonable promptness. For some time they were compelled to take warrants on the State Treasurer for this interest, and forced to sell these warrants at a discount. The State, thus far, has even refused to make good these losses, amounting to about \$1,500. But this has not been all. Every Legislature has manifested a disposition to tamper with the institution in one way or another, and to throw obstructions in its way.

We do not know that the Legislature which meets to-morrow at the State Capitol, will have any new scheme for obstructing our State University. We have heard of nothing. We sincerely trust that the institution will be let alone long enough, one time at least, to give it a fair trial. The management is now harmonious, and all are laboring to build up the institution so as to keep it up to a high standard of excellence, and make it an institution of which the State may well feel proud. The treatment heretofore given it by the State, as compared with the treatment given many of the agricultural colleges, is simply shameful.

DISHONESTY AMONG SCIENTIFIC MEN.

We would be saying nothing new were we to charge that there is, or has been, an epidemic of dishonesty in the country. We are not inclined to be pessimistic. We have no sympathy with the idea which prevails, to some extent, in the land, mostly with persons who have bad livers, to the effect that the world is going to the bad with accelerated speed. We believe that the people of the present age are, in morals, the equals of their fathers. But some shades of vice appear more prevalent than they were a generation ago. Dishonesty is one of them. Our fathers would pay their honest debts generally. A repudiator in Tennessee thirty years ago would have been as much out of his element as Satan was in the Garden of Eden. He would have found genial companions nowhere outside of the

penitentiary. And our fathers had a habit of speaking the truth. Misrepresentation, hypocrisy, deceit and falsehood were regarded as disgraceful, and public sentiment was such that men tried to tell the truth.

But now all professions and all classes and conditions of society have their professional liars. They have reduced lying to a fine art, and make their living by it. And scientific men are not free from it. The men to whom we look for demonstrations of scientific truth; men who profess to study nature with a view to the development of truth, lie, to put money in their pockets.

For instance, in a late number of the Illustrated Scientific News, allusion is made to a raid on baking powders, by a distinguished chemist, who is charged with writing to increase the sale of a certain brand of baking powders. If this be true, of course he is paid to write down others, and to do this he prostitutes his knowledge of chemistry and his reputation as a chemist.

We have heard of another distinguished chemist, who received pay for delivering a scientific lecture, and in addition shaped his remarks so as to advertise a certain grade of petroleum, for which the parties interested paid him again. The fact is, when we get the opinions of scientific experts upon any subject upon which we look for light to experts, we can not always tell whether it is a real opinion, based upon scientific principles, or whether it is a sham based upon gold paid by interested parties. After carefully studying the whole question, we deliberately conclude that scientific opinion, like the opinions of certain journalists, must be received with allowance. There are editors who have no opinion upon any leading question unless it is developed with gold or greenbacks, or their equivalent, and some scientific experts entertain only such views as will bring them the most money, and where we look for mathematical truth, we frequently get unadulterated and mischievous falsehood.

A PROSPECT OF THE SOUTHERN ROAD AT LAST.

The details of the new contract or extension of time under which Hustin & Co. are to complete the Southern Railroad from Somerset to Boyce's Station are contained in the Cincinnati papers of Thursday last. The entire time given them is to December 10th, 1879, calculated as 303 working days. They are to commence work at both ends of the road, 25 days being allowed them to get ready to commence at Boyce's Station. According to the time calculated by the Chief Engineer the road will be finished to Wartburg from Chattanooga by the 1st of July. Major O'Conner in speaking to a reporter of the Gazette said that they would do all in their power to complete the line before December 10th. The Board of Trustees advertise for proposals for \$1,000,000 of the bonds, to be received until January 16th. The distance from Knoxville to the Cincinnati Southern, near Emory Gap, by the best road, is about 45 miles; it is but little farther to Wartburg. A much shorter and more level road to the Cincinnati Southern could, however, be made by crossing the river about the mouth of Beaver Creek. Whether Knoxville will have a connection with the Cincinnati Southern will, no doubt, depend in great measure upon the will and energy of our citizens.

Hampton's Rebel Flag Still Flying From the Baltimore Bulletin, Dec. 28. Messrs. F. E. Eve and John W. Clark, of Augusta, Ga., two of Gov. Hampton's old comrades and devoted friends, have raised over the Hussars' Hall in that city, a genuine old Confederate flag, in honor of the General's improved condition. Every day that the flag is seen flying it is evidence that the old hero is progressing well.

Remember This. Not an ounce of the ingredients comprising Dr. C. McLane's Celebrated Liver Pills is ever permitted to enter the laboratory for manufacture, until thoroughly analysed by a professional analytic chemist. Hence, their purity and never-failing excellence. None genuine without the signature of Fleming Bros., Pittsburgh, Pa.

HEPATIC GLOBE FLOWER SYRUP. This important organ weighs but about three ounces, and all the blood in a living person (about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes clogged it is not separated from the blood, but carried through the veins to all parts of the system, causing it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility, flow from a clogged Liver. The Globe Flower Syrup, a pure vegetable blood purifier for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the symptoms of a clogged Liver. The cure of all bilious diseases and Liver complaint is made certain by taking HEPATIC GLOBE FLOWER SYRUP. It is generally cured in twenty minutes, and no disease that arises from the Liver can exist if the GLOBE FLOWER SYRUP is used.

LUNGS. The faculty of Consumption or Throat and Lung Disease, which sweep to the grave at least one-third of all death's victims, arises from the Deposition of Phlegm, Mucous Matter, and other impurities upon the work of death, goes on. \$10,000 will be paid if Opium or Morphine, or any preparation of Opium, Morphine or Prussic Acid, are found in the GLOBE FLOWER COUGH SYRUP, which has cured hundreds of cases of Croup, Whooping Cough, and other ailments. No greater wrong can be done than to say that Consumption is incurable. The Globe Flower Syrup cures it when all other means have failed. Also, Croup, Asthma, Bronchitis, and other ailments. Read the testimonials of the Hon. Alexander H. Stephens, Gov. Smith and Ex-Gov. Brown of Ga., Hon. J. M. McKim of N. Y., and those of other remarkable cures in our book—free to all at the drug stores—and be convinced that you wish to be cured you can be cured by taking the GLOBE FLOWER COUGH SYRUP. This is the only medicine for Croup, Whooping Cough, or Leucorrhoea for Sore Throat, when you can get GLOBE FLOWER SYRUP at same price. For sale by all Druggists.

STILLINGIA. Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not only the blood, but the system, White Swelling, Ulcerous Sores and Skin Disease, is a thousand, and without the use of Stillingia in some form. Mercury taints the bones, and the diseases it produces are worse than any other kind of blood or skin disease. Dr. J. T. Cazier's Stillingia or Queen's Delicacy is the only medicine upon which the hopes of mankind in all stages, can be reasonably founded, and that will cure Cancer, and all the diseases paid for by the progress of Mercury, or any ingredient not purely vegetable and harmless can be found in it.

Dr. J. T. CAZIER HAS ESTABLISHED HIMSELF IN THE CITY OF KNOXVILLE FOR THE PURPOSE OF PRACTICING DENTISTRY.

Notice to the Creditors of Christiana Fredrika Norman, Dec'd. No. 3194. Jos. E. Norman adm'r, vs. Wm. Lawhon and wife.

SHERIFF'S SALE. BY VIRTUE OF AN ORDER OF SALE IS to be sold by the Sheriff of the County of Knox, Tennessee, in the case of Meigs W. McNeill vs. Elizabeth Y. Ungold, and to be directed, I will sell on Monday, the 31st day of February, 1879, in front of the court house in the city of Knoxville, Tennessee, within legal hours, offer for sale to the highest bidder, or to the best offer, the following tract of land in third civil district, Knox county, bounded as follows: on the north by the lot of E. Fox, on the south by R. Russell, whereon the defendant now lives, containing one hundred and fifty acres, or less, one fourth of a mile north of C. station. This the 14th day of December, 1878. ALEX. REEDER, Sheriff.

THE KNOXVILLE CHRONICLE FOR 1879.

Subscribe for a Good, Reliable Newspaper.

The DAILY CHRONICLE, and WEEKLY WHIG and CHRONICLE, will be kept up during the year 1879 to their usual high standard. By enterprise, accuracy, and close attention to the wants of our readers, we hope to merit a continuation of the liberal patronage heretofore extended these journals.

Nearly nine years ago, when there was not a Republican daily in the State, and only two or three in the South, we commenced the publication of the CHRONICLE. In all these years we have battled for Republican principles, and see no reason to change our course now. Hence we shall continue to publish a truthful, reliable Republican journal, not the organ of any man or clique, but the outspoken and fearless advocate of principles, measures and men, best calculated to promote the welfare of the country and the Republican party.

We will endeavor to make our agricultural columns worth more to farmers than our subscription price. As a newspaper our publications shall not be excelled in the State. In addition to our telegraphic dispatches from all parts of the world, our readers shall have the benefit of correspondence and every other means through which reliable information is obtained.

Each number of the paper will contain selections made with special reference to the home circle. We will continue to avoid everything calculated to contaminate, and will publish a paper that may be taken without question within the sacred precincts of the family circle.

Our market reports shall have close attention, and be made entirely correct and reliable. We call upon all persons interested in the publication of our independent, fearless, reliable Republican journal to come to our aid and assist in extending the circulation of the DAILY CHRONICLE and WEEKLY WHIG and CHRONICLE.

In view of the financial pressure upon the country and the general reduction of values, we have decided to reduce the price of the WEEKLY WHIG and CHRONICLE to suit the times. In the future we will send our weekly paper to subscribers on the following terms:

TERMS: One copy one year.....\$1 50 " " six months..... 1 00 " " three months..... 75 " " one month..... 50 To any person who will send us a club of ten subscribers with the cash, \$15.00, we will send one copy extra. Payment will be required invariably in advance.

DAILY CHRONICLE. One year, payable in advance.....\$8 00 Six months..... 6 00 Three months..... 4 00 One month..... 25 OUR CLUBBING RATES.

By liberal arrangement with publishers of various magazines and other periodicals, we are enabled to offer their publications with the weekly WHIG and CHRONICLE as follows: HARPER'S MONTHLY MAGAZINE, Weekly and Bazar are \$4 each per annum. We will send either of the publications and the WHIG and CHRONICLE for one year, postpaid, for \$4.60.

SCRIBNER'S MONTHLY, price \$4.00; with WHIG and CHRONICLE, \$4.60. ST. NICHOLAS, one of the best child's Magazines in America, price \$3.00; with WHIG and CHRONICLE, \$3.80.

AMERICAN AGRICULTURIST, a publication that no farmer can afford to be without, price \$1.50; with WHIG and CHRONICLE, \$2.50. THE BURLINGTON HAWKEYE, one of the ablest, newest and raciest weeklies in the Union, price \$2.00; with WHIG and CHRONICLE, \$2.60.

THE NURSERY, a superbly illustrated monthly magazine for youngest readers, price \$1.50; with WHIG and CHRONICLE, \$2.50. Send on your names with post-office order, or by registered letter, stating which of the publications you desire. No better opportunity was ever offered for procuring first-class reading matter at a low price. Send money by draft, postoffice money orders, or by registered letter. Address
