Mr. John Cofer, who has been night watchman in the yard of the E. T. V. & G. railroad at this place for some time past, left yesterday to accept a position as engineer on the Memphis and Charleston railroad. Mr. Mike Leahy succeeds him as yard watchman.

A jolly crew of four Knoxville printers set sail yesterday evening in a yawl, bound for Texas, by way of the river route. The fleet was commanded by Commodore Hook Ford. They started fully equipped for the voyage, their equipment consisting of 25 pounds of sausage, 15 loaves of bun bread, a keg of liquor, and other things in proportion.

The necessary repairs have been made to the machinery of the ice factory and it is again in operation—full blast. There will be no more lack for the cooling beverages. As will be noticed elsewhere the company has been dissolved, and the ice business will be continued by Mr. J. C. Moore, who is a very courteous and clever gentleman and has managed the factory very successfully up to this time. We bespeak for him continued success.

DEMOCRATIC HEADQUARTERS

Dedicated by the Young Men's Hancock and English Club.

The new democratic headquarters was the scene last night of a large gathering of democrats, as many, and even more, than could be seated. The occasion, was the dedication by the young men's Hancock and English club, of the new headquarters, which is the old Turner Hall room, on Main street, opposite the court house.

Although much smaller than the republican headquarters, they have made a very handsome place of it by a liberal use of cedar, bunting, and other decorations, tastefully arranged by a number of ladies, loyal to the democracy. A life size portrait of Gen. Hancock, by the popular artist Mr. Lloyd Branson, occupies a central position in the rear of the stage, while other pictures of George Washington, Hancock and English, Thos. L. Williams, Esq., adorn the walls, all showing off very well.

The meeting was called to order last night and opened with music, "Land of Liberty," by a good quartette consisting of Judge H. H. Ingersoll, Jas. S. Boyd, Jr., E. W. Crozier and F. B. Kirkpatrick, with Will Price at the organ.

Some routine business was transacted by the club. A resolution was offered by Capt. Ledgerwood and adopted, thanking the ladies who decorated the hall. Another song, "We'll vote for Hancock and Reform," was given by the quartette.

Col. A. Caldwell then introduced the speaker of the evening, Col. Jerome C. Clanton, of Eufaula, Ala., who addressed the audience for about one hour.

He was followed by remarks from Maj. L. A. Gratz and Col. Jno. M. Fleming.

A beautiful bouquet graced the speaker's stand, furnished by Mrs. F. A. Moses and Miss Maggie Mitchell.

Important Movement in Chattanooga

Chattanooga Times: On Saturday last the East Tennessee, Virginia and Georgia railroad company, through their attorneys, Cooke & Van Dyke, closed a lease on important to this city and the State for the sum of \$17,500 cash, the company purchased the Webster & Marks foundry site and buildings, for depot and other railway purposes. The erection of suitable offices, depots, etc., for the headquarters of the Cole system of roads at this point, will be commenced at an early day.

This will place these roads in a most eligible position with reference to the business of the city and will result in considerable expenditure of money on that account. It is a movement of our citizens generally, and business men especially, will be gratified with.

We have one or two pieces of good BLACK SILK left, which we will make a big sacrifice on rather than take away. This is a golden opportunity for any who intend to get a SILK soon. We have also a few patterns of COLORED SILKS left, which we will sell regardless of their actual value.

If you will need a new Cloak next winter, buy it now, before the New Orleans Store goes to Chattanooga. It is a chance you will never get again. You can buy a good Cloak for the next three or four days for less than it cost to make them.

In East or West, or North or South, They to themselves an outrage do, Who cannot boast a fresh sweet mouth,

With teeth like pearls begemmed with dew, When SOZODONT all this supplies, And works the charm before our eyes.

All Books used in City Schools offered at the very lowest prices by W. & W. E. Williams. Introductory prices in certain lines very low. New Readers Exchanged for second hand copies used last year. Parents and Scholars will find it to their advantage to call and see us.

Mr. Wm. M. Baxter went to Chattanooga yesterday on legal business.

Mr. Sam P. Ivins, Jr., of the post-office department, Washington, passed down the road yesterday morning for Athens to take a furlough of a few weeks among friends.

Col. Hugh Martin and family returned home yesterday from Mineral Hill springs.

Mr. John Lynch returned yesterday from Morristown.

Dr. J. F. B. Mays, formerly pastor of the First Baptist church, of this city, is in town for a few days visit, when he expects to return to his present charge in Florida.

Mr. Geo. W. Ross returned yesterday from a trip to Cincinnati and other points in Ohio.

Mr. F. B. McCrary, the popular photographer, and family, returned from Warm springs yesterday.

Col. J. B. Heiskell, of Memphis, was in the city yesterday, registered at the Atkin house.

Mr. A. M. Armstrong, a merchant of Meigs county, was in the city yesterday, on a business trip.

Miss M. A. Fletcher, the new principal of the Hampden Sidney school, arrived Thursday night from Nashville, and has entered upon her duties.

Miss Susie Cornick, a teacher in our public schools, returned home Thursday night from a visit to Chattanooga, in time for the school opening.

Newport Reporter: Miss Lizzie Nelson, of Knoxville, arrived on yesterday's train, visiting the family of Major Wm. Smith. \* \* \* Miss Lucia Rhea, one of Newport's most highly esteemed ladies, departed last Monday for Knoxville, where she will enter school.

Athens Post: Our accomplished young friend, Miss Nellie Bider, left for Knoxville Tuesday to enter upon her duties as a teacher in one of the schools of that city. She is a young lady of rare and excellent qualities, who makes warm and earnest friends in every circle she enters.

To Travelers by Sea and Land.

The effect of change of air and of travel is to produce constipation, which is followed by headache, piles and a general disarrangement of the system. The stomach, already nauseated, gags at the very sight of a pill, while other mixtures sweetened or not sweetened, or acid, are revolting. Nothing of the kind is ever complained of in taking Simmons' Liver Regulator. It is always grateful to the stomach, whatever its condition may be—in fact, the slightly bitter taste of the Regulator is pleasant in removing the sick taste from the mouth. A dose of Simmons' Liver Regulator, say from a half to a full tablespoonful, will impart a grateful warmth and glow to the weak and nauseated stomach, will regulate the secretions and gently assist Nature, slowly and surely, without griping or nausea, as though no medicine had been taken.

The Commercial College.

Prof. J. W. Jones, and his two sons, have made arrangements to open the Knoxville Commercial College and Telegraph Institute on Thursday, the 19th of the present month. The Professor has had nearly twenty years' experience in the business, and the course of training at this College will undoubtedly be equal to any in America.

Eighty-three dollars pays for Thirteen Weeks' Tuition, Books, Stationery and Board; or the same without board will be given for fifty dollars, payable in advance.

Students enter at any time convenient to themselves, but would do well to come at the beginning of the term.

Such a course is just what every young man should have to fit him for successful business life.

University students will find a complete stock of Text Books, Writing Paper, all kinds of Stationery, etc., at Messrs. W. & W. E. Williams. Everything sold at the very lowest prices.

Prisoner for Supreme Court.

Sheriff J. C. Warren, of Monroe county, and Sheriff-elect Ghormley, came up yesterday evening, having in charge Millaps, the man who murdered a man named Keener in Monroe county about fourteen months since, for which he was sentenced to imprisonment in the penitentiary for life. He appealed to the supreme court and was brought here to await that tribunal.

Fire Company Disbanded.

KNOXVILLE, Sept. 3, 1880. Fire Company No. 2 (colored), having been in existence since March, 1868, and having, as the record will show, done their duty as firemen promptly and properly, and believing that they have been treated with contempt by the existing city authorities, do hereby, regretting the cause which leads to their action, resign the care of their engine and its appurtenances, turning them over to the city authorities, and disband as a company.

University Y. M. C. A.—How they Welcome the New Students.

The reception given last night by the Y. M. C. A. of the University to the new students, was a grand success. At 8 p. m. some sixty young men had gathered in the association rooms and were entertained by speeches from Mr. James Cowan, Prof. McAdoo, and James Cummings, and by some beautiful songs, after which each and every one present partook of the refreshments, which were very plentiful.

Thus, at the beginning of the new collegiate year, the prospect for a great deal of good work among the boys is flattering. The society is very thankful for the bountiful donation of cakes, flowers, etc., by friends in the city.

W. H. SWAN, Trustee.

Our friends remember how cheap we sell Cloaks at the New Orleans Store the past two seasons. We shall offer you some extraordinary bargains in Cloaks for the next few days. We have a few left over from last season, and some new ones purchased this season. In the fall you will pay 40 per cent. more for these goods than we now offer them at.

Special Notice.

On Sunday evening next at 3 o'clock a mission Sabbath school will be organized in the school house in North Knoxville. It is hoped that all members of the church and congregation living in that part of the city will be present. All Christian workers who are not otherwise engaged at that now are cordially invited to meet with us.

NO MORE OLD STYLE LIGHTNING RODS NEEDED.

The above cut represents a New Invention patented by Jas. C. Chambers, Newport, Ky., in 1877 and 1880, for protecting buildings from lightning. This method does not attract a stroke of lightning to the building, but being electrically insulated by a patented large glass insulator, both from the building and the earth, repels or prevents the stroke. It has saved the test without a single accident for the past three years. It is so constructed that it can be put up plain and very cheap or it can be put up as a cresting, making a nice ornament to any building as well as protection.
