KING'S MOUNTAIN.

CHARLOTTE, N. C., Oct. 7.—At the lowest estimate, 12,000 people assembled at King's Mountain to-day. The exercises commenced with a national salute at sunrise, by the Richmond (Va.) Howitzers, and at 10 a. m., a review of all the troops was held by Gen. Hunt of the United States army, after which the large assemblage crowded around the speaker's stand, which had been erected in one of the ravines which led down the side of the mountain. Seats had been provided for 5,000 people on the stand, and these with the seats on the sides of the mountain for the audience, formed one vast amphitheater. A lyric, written by Mrs. Clara Dorgan McLean, of Yorkville, S. C., and set to music by Prof. E. W. Lindbeck, of Salem, N. C., was sung by an improvised choir with fine effect, led by the 5th United States artillery band. The rostrum was decorated by one immense United States flag, and others representing the thirteen original states. After this came the reading of an ode written for the occasion by Paul H. Hayne, of South Carolina. The reader was Col. Charles C. Jones, of Augusta, Ga. Hon. John W. David then delivered an oration which was universally pronounced to be a magnificent effort. After speaking a procession was formed and they marched to the monument, a few hundred yards distant and the ceremony of the unveiling of it was conducted by four young ladies, supported by Governor Jarvis, of North Carolina, Holliday, of Va., Jeter of South Carolina, and Gen. Campbell, of Tenn., a vast audience singing the doxology. At five o'clock a dress parade was held, and at night the ceremonies were concluded by a grand pyrotechnic display. Taken altogether the celebration has been an immense success.

BUSINESS MEN IN CONVENTION.

Boston, Oct. 7.—The convention of ship owners and merchants reassembled at 10 o'clock this morning. W. H. Lincoln, from the committee to which was referred the resolution relating to shipments and the discharges of seamen, reported in favor of the passage of a bill with some amendments. John Roach, of Chester, Pa., then spoke upon the present condition of the carrying trade of the country and its needs. At the conclusion of his remarks, the committee of nine reported, and on their recommendation a series of resolutions favoring remissions of duty on stoves for outward bound ships, exemption of American shipping from local and municipal taxation and the encouragement of American carrying trade by the United States government, were adopted. The discussion of the day was upon the advisability of free ships, and Wm. H. Lincoln opened with a long speech, in which he took strong grounds in favor of putting our shipping upon equal footing, both as regards the original cost and expense of equipment and support at sea with that of foreign nations. Capt. E. S. Osborne, of New York, followed, taking equally strong grounds in opposition, stating that British gold was largely used in this country for the purpose of influencing and creating public opinion favoring free trade in ships. Mr. Goss, of Bath, one of the largest wooden ship-builders in the United States, expressed the opinion that the present laws, if left alone, would be all sufficient in the future. H. H. Adams, of Cleveland, followed, defending the protective tariff of the country, after which the convention resolved to vote upon the resolution at 11 o'clock to-morrow.

TRYING TO INTIMIDATE.

RICHMOND, Va., Oct. 7.—The grand jury of the United States circuit court to-day indicted Mm. P. Iand, of Southampton county, for endeavoring to intimidate J. P. Davis, a colored man of that county, in the discharge of his duty as a witness in the United States court. Davis had informed the revenue officers that Pand had been selling liquor without paying tax. Pand thereupon swore out a warrant against Davis for petit larceny, and succeeded in having him wrongfully convicted without any hearing of evidence, and Davis was so severely whipped that his life was despaired of. He was then imprisoned, and while in jail was several times shot at by persons unknown. It is thought that the grand jury will indict several other persons for complicity in corruptly procuring Davis' illegal punishment, in order to intimidate him.

RAILROAD TO BE SOLD.

RICHMOND, Va., Oct. 7.—The United States circuit court to-day, Judges Band and Hughes sitting, petitions of the cities of Petersburg and Lynchburg, asking for the postponement of the sale of the Atlantic Mississippi and Ohio road were referred. Sale of the road will take place on the first of November as heretofore ordered.

The second race, mile heats, two started; won by Jim Malone; Hymar taking the first heat; time, 1:46, 1:47, 1:53. The third race, handicap mile dash, was won by Fair Count; Matagorda second, Phillips third; time, 1:44.

SERIOUS AFFAIR.

CHARLOTTE, S. C., Oct. 7.—A serious affair occurred near Sumpter, in this state, to-day, between Julius A. Boyd and his son on one side and B. H. Hussey and his wife on the other, resulting in the shooting of the elder Boyd in the stomach and of his son in the thigh. Hussey was shot in the knee. The parties are all white, and neighbors, and the fight grew out of a private quarrel.

FOREIGN.

FUNERAL IN PARIS.

NEW YORK, Oct. 7.—A special from Paris says the funeral of Jacques Offenbach was celebrated at Madeleine this morning, with great pomp and ceremony. There was an immense crowd both inside and outside the church. The hearse was loaded with wreaths sent by the theatres of Paris and of nearly every European capital. Among them was a tasteful offering from Galeries St. Hubert, Brussels, another from London, Alhambra and another from the opera comique. The service began at 10 o'clock. Long before that hour every seat in the church was taken, and even the tops of the altars were invaded by spectators. The church was tastefully hung with black and silver, by a large number of the military honors, having been a cavalier of the legion of honor. Mass was sung by Fauqua Tallac and several other great artists. The cortege left Madeleine about half-past eleven for the cemetery of Montmartre, followed by a large number of the military honors of the deceased. Among them were nearly all the artistic celebrities of Paris.

Mississippi Items.

LEXINGTON, Miss., Oct. 5, 1880. MR. EDITOR: From Tennessee papers I learn that the political pool is greatly agitated and that the political whirlwind is assuming colossal proportions. The people of this south-land are eagerly digesting all information relative to the state debt canvass in Tennessee, and predicting ultimate wholesale repudiation. How humiliating for a Tennessean to hear such apparently just reflection cast at his native land! May God right our wrongs and make our people honest. Thus far Mississippi politics is not overly exciting. From the bloody canvass of '75 until '79 political toleration was entirely unknown. The major part of the republicans here previously were mere carpet-baggers, and office-seekers. They were a disgrace to republicanism, consequently all republicans were the victims of opprobrium and social ostracism for a time. It is not so much so now. The color line in the south has produced very deleterious influences. Since the surprising victory of the greenbackers in this (Holmes) county in '79 men have had the moral courage to assert their political views and the democracy has had to succumb to the inevitable. Now the republican, democratic, and greenback parties, each have superior men, as candidates for sheriff at the fall elections. The darkies will vote the greenback and republican tickets, usually. The white people are fast becoming more and more divided among themselves in county elections, but will support the regular democratic ticket in state and national elections. Many counties will have no electoral ticket, except the democratic. Democrats are confident of Hancock's election and more than jubilant over the result of the election in Maine.

Set Back 42 Years.

"I was troubled for many years with Kidney Complaint, Gravel, etc.; my blood became thin; I was dull and inactive; could hardly crawl about; was an old worn out man all over; could get nothing to help me, until I got Hop Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72, and I have no doubt it will do as well for others of my age. It is worth a trial." (Father.)—Sunday Mercury.
