## CRACK!

Loudly Sounds the Democratic Whip.  
An Address From the Regular Democratic Committee.  
Getting Ready to Succumb to the Wilsonites.  
A Dodge that is Exceedingly Transparent.

NASHVILLE, Oct. 13.—The state democratic executive committee, at a late hour to-night, agreed on the publication of the following address to the democratic party of Tennessee.

HEADQUARTERS DEM. STATE EX. COM., NASHVILLE, TENN., Oct. 13, 1880.—The democratic party of Tennessee: We reverse of ye today should cause you to pause and consider your own condition and welfare. Flushed with their victories and taking advantage of a divided democracy, the republicans of Tennessee confidently proclaim the capture of our democracy by the election of Judge Hawkins and a republican legislature. The democrats of Tennessee certainly have not forgotten the baneful effects of the Brownlow dynasty, with its attendant evils of profligacy, corruption, disfranchisement and state militia, and the central support given that dynasty by a republican national administration, backed by the federal bayonet at the polls, and the reconstruction acts and the maintenance of the carpet bag rule throughout the south. While the national democracy will continue the noble fight begun with an enthusiasm and heroism unparalleled in the political history of the country. Can it be that the Tennessee democrats will longer hesitate in the united and cordial support of their business? Will not our brethren, who left us on the 13th of August last, forget their imaginary grievances, bury their prejudices and return to the fold and unite with all good democrats in electing a ticket that will insure us an honest and economical administration of our affairs, the settlement of our differences of state politics, the maintenance of home rule and an honest judiciary, a free ballot and low taxes. We are confronted with an enthusiastic and well organized enemy. No longer can it be supposed that neither Judge Wright or Judge Hawkins will be elected governor of Tennessee next. Then the executive committee of the state, on behalf of the democracy, urge that the olive branch of peace and reconciliation be offered and accepted. That all the democrats from this day until the close of the polls in November, exert themselves in fighting our common enemy. Inspiration will be given elsewhere to fight a great battle, and success will surely crown our efforts in both state and national affairs.

Special Dispatch to Chronicle.

INDIANAPOLIS, IND., Oct. 14.—7:15 P. M.—Later returns confirm the first reports of an overwhelming victory of the republicans in Indiana. Porter is elected daily elected governor by six thousand majority, also nine congressmen and the legislature on joint ballot, insuring a republican United States senator in the place of McDonald, democrat. The people were wild with joy last night. Porter received the grand ovation that ever occurred to any man in the state. Music, tin horns, fireworks and speeches all combined could not express the intensity of the excitement and as each new return came the excitement increased. The democrats have had themselves three rumors that English's withdrawal will be demanded.

## THE LOTTERIES.

NEW YORK, Oct. 13.—Abram Orlando Jackson has begun suit against the Louisiana state lottery company, and obtaining a writ of attachment from Judge Daniel, to-day attached the money of the company and of its officers and agents in the National Park bank. Jackson is said to have dealt in lottery tickets and policy slips, but his business was destroyed by proceedings against the company. In his complaint he alleges that on 173 occasions, between July 25th, 1876, and September 23d, 1880, he invested an aggregate of \$86,581.87 in lottery tickets of the company. He brings the present action under that section of the revised statutes which provides that persons investing in lottery tickets can sue for double amount and recover double costs.

## "ENOCH M."

WASHINGTON, Oct. 13.—The keeper of life saving station No. 5, Florida coast, reports finding on the beach piece of a vessel's headboard with a part of the name, "Enoch M." painted in yellow, on black ground. The vessel to which the fragment belonged is supposed to have been wrecked.

## OHIO.

COLUMBUS, Oct. 13.—Very little interest has been manifested here, to-day, over the election news. The interest centering almost entirely on the returns from Indiana at republican headquarters.

Special telegrams have been received from the chairman of the committees in all but 8 counties of Ohio, showing complete returns on secretary of state and judge of the supreme court. According to the returns from these 8 counties on secretary of state the republican gains are 7,903 and the democratic gains are 5,657. The net republican gain over Foster's plurality of 17,129 last year is 2,248. The net republican gain on supreme judge is 4,448. The counties yet to hear from are Brown, Licking, Lucas, Altown, Perry, Pickaway, Ross and Sandusky. Partial returns from Ross and Lucas show considerable republican gains. The republican committee conclude from the above figures that Townsend's majority for secretary of state will be close to 20,000 and McIlwain's plurality for supreme judge will be near 22,000. No figures have been received showing the majority given for congressmen, but enough is known to make the committee feel sure that the republicans have elected 15 out of 20 congressmen. At the democratic headquarters there are returns from 70 counties, and these, the democratic committee claim, show a net democratic gain of 1,573 of the secretary of state over Foster's vote. They say that the same ratio will show a net gain on the state of 2,000. This committee concedes the election of 15 republican congressmen. These figures are all that can be obtained to-night.

CINCINNATI, Oct. 14—6 A. M.—The collection of news both at Columbus and Indianapolis was suspended before midnight by the central committee. Not much else has been done by others. The republicans in Indiana are now claiming a majority of 8,000 and a majority of the legislature. The Enquirer of this city says the effect of the Ohio and Indiana election upon the democracy of the union will be as invigorating as was the effect of Maine in September upon the republicans. Four years ago the democratic party lost Ohio and carried Indiana by only 5,000 votes and still elected a president. The vote of Indiana is not needed to elect Hancock. The vote of Ohio was not expected in order to secure the election of Hancock.

DAYTON, Ohio, Oct. 14.—The fourth district elects Shultz, republican, by about 350 majority. The democratic state ticket in Montgomery county will average about 900 majority, a democratic gain of 200 in the precincts of the Soldiers' Home.

COLUMBUS, Ohio, Oct. 14.—The republican state committee have returns from 84 out of 88 counties, which show republican gains of 5,593, and democratic gains of 6,781; the net republican gain for Townsend, secretary of state, is 1,183. At democratic headquarters the returns had been gathered from various sources, so that according to the figures, the democratic figures for Long, secretary of state, are 8,903, and the gains for Townsend, republican, are given as 6,114; a net democratic gain of 2,849.

## INDIANA.

INDIANAPOLIS, Oct. 14.—Full returns from Marion county give Beebe, republican for congress, a majority of about 1,900.

INDIANAPOLIS, Oct. 14.—Additional returns received this morning do not change the estimate given yesterday on the State ticket. Peels, republican, for congress in the seventh district, is elected, and the congressional delegation stands: republicans, 8; democrats, 5.

## GENERAL GRANT.

BOSTON, Oct. 13.—At the reception given by the mechanics' association of this city to General Grant to-day, the latter made a speech of considerable length upon the general subject of foreign fields for American industry and trade. He referred particularly to Mexico as a country which offered great inducements to American enterprise, and gave the results of his recent observations in that country and the substance of his private conversation with many of its leading men. He said he told the Mexican people that their fears of the forcible annexation of a portion of their territory by this country were groundless now that slavery had ceased to exist in the south and that they had everything to gain by the cultivation of closer commercial relations with the United States. Gen. Grant expressed an opinion that Mexico could produce nearly all of the two hundred million dollars worth of tropical and semi-tropical products, which we import mostly from other sources, and would take our manufacturers in payment therefor, thus greatly benefiting both countries.

## PERISHED IN THE FLAMES.

St. Louis, Oct. 14.—The residence of Jas. Jordan, about a mile from Carlinville, Ill., was burned Tuesday night, and three children, aged six, ten and thirteen years, respectively, perished in the flames.

## ARRESTED.

WASHINGTON, D. C., Oct. 14.—Secretary Schurz received to-day telegrams from Indian Agent Berry at Los Pinos, Col., stating that he has been arrested on a warrant charging him with murder, on account of his alleged connection with the killing of Freighter Jackson some days since by the Utes in revenge for the killing of one of their band. The freighters and settlers claim that Jackson acted in self-defense, and should have been protected, but that Indian Agent virtually surrendered him to the Utes, who afterwards murdered him. There is great popular excitement throughout Colorado, and threats are made that Berry and Commissioner Meacham will be lynched as soon as they step outside of the Indian reservation, and that vengeance will be taken on the Indians. There are fears that the result will be another Ute war. Secretary Schurz telegraphed Gov. Pitkin, to-night, that he hoped the state authorities would spare no efforts to put down the lawless popular spirit which threatens to bring on a conflict which will cost hundreds of lives and millions of dollars.

## MOBILE'S INDEBTEDNESS.

NEW YORK, Oct. 14.—A meeting was held to-day in the committee room in the Equitable building, of the commissioners of the city of Mobile, Ala., and the holders of the bonds of said city. Wm. H. Hayes, chairman of the bondholders' committee, presided. Over one million dollars' worth of bonds were represented. The commissioners were Messrs. L. W. Wilson, James A. McCann and Stephen Croom. Their counsel, Col. John Little Smith, of Mobile, was also present. The commissioner proposed to make a settlement in the following manner: To issue new bonds and to pay 3 per cent. for ten years, 4 per cent. for ten years and 5 per cent. for ten years. After some discussion the proposition was amended and passed as follows: Three per cent. for five years, 4 per cent. for fifteen years, and 5 per cent. for five years. There was scarcely any opposition to the proposition.

## BALTIMORE'S SETTLEMENT.

BALTIMORE, Oct. 14.—The fourth day of the celebration was quite as successful as any which preceded it. In point of numbers it equaled, if not exceeded, any of the others. The streets were thronged. The parade consisted of benevolent, charitable, temperance, religious and other civic and social societies of the city—prominent among which were the Caledonian and Catholic knights, the colored Knights Templar and other orders and a horticultural display. There were 12,000 men and 12,000 horses in the line of procession. The city is again illuminated to-night.

## THE LOST JEANETTE.

SAN FRANCISCO, Oct. 13.—The revenue cutter, Corwin, which has just returned from a cruise in the Arctic ocean, in search of the Arctic exploring steamer, Jeanette, reports that on St. Lawrence Island, out of 700 inhabitants, 500 were found dead of starvation. Traders had introduced liquor among them, causing them to neglect laying up their usual supply of provisions. The officers of the Corwin express the opinion that the Jeanette wintered on the Siberian shore, and is now there, west of North Cape. The Corwin could not get far enough west to verify this belief, on account of the ice.

## POLITICAL.

PROVIDENCE, R. I., Oct. 13.—The democratic state convention met in this city to-day. Nathan T. Berry, of Woonsocket, presided. Presidential electors were nominated. The democratic convention for the first district nominated Isaac Lawrence, of Newport, for representative.

BOSTON, Mass., Oct. 14.—A section of the greenback party in this city, last night, nominated Wendell Phillips for congress from the fourth district.

CHICAGO, Oct. 14.—The democrats of the fifth Illinois district have nominated R. G. Johnson, of Whiteside county, for congress.

## NEW YORK.

NEW YORK, Oct. 14.—Yesterday was the second day of the registration, and the whole number registered was 72,682; total for the first and second days, 145,270, against 89,064 for the first two days last year. Thirteen arrests were made of parties attempting to register on '68 papers. Of these, five were discharged on their own recognizances to await the action of the grand jury and the others were held in default of bail.

## ARICA.

VALPARAISO, Oct. 9.—Representatives of the three belligerents will meet on board the United States man of war Arica. It is understood one stipulation will be that hostilities may be continued pending negotiations. Peru, it is reported, will refuse any cessation of territory. The United States minister left Valparaiso to-day for Arica to preside at the meeting.

## DEMOCRATS IN COUNCIL.

NEW YORK, Oct. 14.—The democratic national executive committee is in session this afternoon at the democratic headquarters. Among the number present are Senator Barnum and Messrs. Scott, of Pennsylvania, Smalley, of Vermont, Hewitt, of New York, Barnes, of Georgia, and Cleveland, of New Jersey. The result of the October elections and the prosecution of the campaign, are, it is understood, the subjects under consideration.

## PRESS CONVENTION.

BAYON ROUGE, Oct. 13.—The Press convention reassembled to-day and organized the "Louisiana press association," adopted a constitution for its government and elected Geo. W. McCrone, of the Ouachita Telegraph, president; W. M. Smallwood, of the New Orleans Times, first vice president; Mrs. A. H. Hildebrand, of the Gretna Courier, second vice president; L. E. Bentley, of Donaldsonville, chief secretary and treasurer.

## CONGRESS OF WOMEN.

BOSTON, Oct. 14.—The eighth congress of the association for the advancement of woman opened at Melancon hall yesterday. The audience included representative women from all parts of the union—the most notable being Mrs. Lelia G. Bedell, of Chicago; Mrs. Clara B. Calby, of Nebraska; Mrs. Ann Garlin, of Spencer, and Mrs. Elizabeth Boynton Harbart, of the Chicago Inter-Ocean. The proceedings consisted of reading of papers and general discussion.

## MINOR DISPATCHES.

WELDEN, O., Oct. 14.—A very heavy frost, the first of the season, fell in this vicinity this morning.

ST. LOUIS, Oct. 14.—The German General Baptist conference of North America began its session here last night. About 150 delegates from all parts of the country are present.

SAVANNAH, GA., Oct. 14.—The brig G. F. Geary, of Charleston, for New York, was put in leaking. The schooner Alex. Harding, from St. May's for New York, was put back leaking.

## BANK OF TENNESSEE NOTES.

Old Issue Still Receivable by the State, but not New Issue. The following circular has been issued by the state comptroller: COMPTROLLER'S OFFICE, NASHVILLE, Oct. 8, 1880.—To trustees, clerks and other collecting officers: Under the provisions of senate joint resolution No. 35, act 1879, page 339, the treasurer and the comptroller, in the absence of a legal opinion by the attorney general of the state, thought it their duty to refuse to receive, in payment of dues to the state, the bills of the Bank of Tennessee known as "old issue." Now, however, that the matter is about to be tested in the courts, the attorney general gives an opinion to the effect that "a statute cannot be repealed by a 'resolution'; that the law is still in force authorizing collecting officers to receive, from tax payers, 'old issue' Tennessee money in payment of state tax; and that it would be advisable to subject the state to the payment of costs by further refusal thus to receive it. In presenting this character of funds for the credit of your revenue account please let it be shown in your report, or by cert float or otherwise, that it was received in payment of state tax, from whom received, date, etc. It may be unnecessary, but not improper, to add that this circular applies wholly and entirely to 'old issue' Tennessee money, and nothing herein contained can be construed to imply that 'new issue' is receivable in payment of taxes. Very respectfully, JAMES I. GAINES, Comptroller.

## The Sunday School Convention at Pleasant Hill Church.

MR. EDITOR:—A fine audience gathered at Pleasant Hill church, in the 10th district, on last Saturday, to attend the convention which was opened at 10 o'clock by W. R. Murphy, vice president of the county. A splendid choir of singers, with Prof. Wilson at a fine organ, opened the exercises, which were continued by reading the scriptures and prayer by G. W. Newman, who also delivered a welcome address. The vice president responded. On motion, J. L. Newman was elected secretary. The programme of the day called forth an interesting discussion which was participated in by Hon. David Richards, J. C. Newman, Esq., Chit. Rev. T. P. Rutledge, J. W. Saylor, John Heron and Prof. J. F. Wilson and W. R. Murphy. At noon all were invited to partake of a splendid dinner. The committee reported resolutions strongly endorsing the Sunday school work, thanking the citizens for their hospitality and the choir for their excellent music, also thanking the vice president, W. R. Murphy and Hon. David Richards for their presence and help. I trust much good may be the result of this convention to the Sunday school interests. The next convention will be held on next Saturday, the 16th inst., at Haskell's Station. J. L. NEWMAN, Secretary.

## Western North Carolina Railroad.

Newport Sentinel: We learn from M. B. Hyden, of Big Creek, who has lately returned from the scene of Messrs. Best & Co's operations on the Western North Carolina railroad, that every circumstance now indicates that the road will be completed, the through line connection established and the terms of the contract and sale of said road carried out within the prescribed time and to the letter. \* \* \* One hundred and nine thousand dollars in actual cash have been expended by Best & Co, upon the enterprise already on this road some things like they meant business. The surveying and locating is being carried forward rapidly on both branches of the road, and we may set it down for a fact that the line will soon be completed for the passage of trains to the East Rock. We shall soon expect a movement by the management of the East Tennessee, Virginia and Georgia line looking to an arrangement for an early completion of the connection on the Tennessee side.

## 329 at Charleston.

CHARLESTON, TENN., Oct. 12. MR. EDITOR: Everything around the depot at this place was covered last night by three youthful democrats with the figures 329. I am informed that a prominent democrat and bank president of this place when seeing the figures this morning remarked that Indiana had gone republican by that majority and that I had put up just to annoy him, he thinking that Indiana voted yesterday instead of to-day. If he will wait until after the November elections he will see figures that will be far more annoying than 329. Let them enjoy the figures, as that is all the fun they will have. We will take ours in a republican president. W. L. MCKNIGHT.

## A Serious Accident.

Chattanooga Times, Wednesday. Yesterday evening, about four o'clock, Minor Nelson, a colored man from Knoxville, a drayman for the Blast Furnace, met with a serious accident just in the rear of Mrs. Carll's residence, which may result fatally. He was hauling a large cast wheel in a cart from one of the foundries to the Blast Furnace, and as he was descending a steep hill in that vicinity, the wheel rolled over him, inflicting wounds which may prove fatal. Drs. Sims and Green were summoned and rendered all assistance in their power. It is feared that a rupture in the stomach has been caused, which, if true will prove fatal. Wilson's family is in Knoxville.

FOR THE COMPLETE CURE OF COUGHS, pains in the chest, difficulty of breathing, and all other lung diseases which tend to consumption, you will find that ALLEN'S LUNG BALSAM is a most valuable remedy yet discovered; wherever it has been introduced, cures have been made, which have astonished every one who witness its effects. For sale by all Medicine Dealers.

## Flags Wanted.

The republican committee desire to get the use of a large number of United States flags at once. Any citizen who has a banner or banners that they will loan for the campaign will confer a great favor by notifying the committee at once. The best of care will be taken of all flags and they will be returned. This invitation is aimed for republicans all over this congressional district.
