

FIRST EDITION.

11.30 P. M.

Mr. CONKLING will want 46 votes in addition to those he received yesterday to give him a majority. Mr. Platt lacks 52.

Mr. CONKLING surprised the country when he resigned his seat in the Senate, but now he is surprised himself.

The Henrighison of yesterday, a peculiar "brief" in the case of the Knoxville postoffice. One of the statements made is that 1,928 names are signed to "petitions against Rule's appointment." Couldn't Henri be prevailed upon to publish that list of names? Do!

We trust now that Judge Houk is at home, and in good condition, Mr. Flanders, Dr. LeVere, Dr. Stewart, and others, will find out just who he was for postmaster. And as his spiritual condition has greatly improved, probably he can tell just who he favored for marshal.

HENRI GIBSON says "bossism" "has already received several terrific blows" in the second congressional district. One of them was when Henri was appointed to an office with a sixteen hundred dollar salary attached. It enables him to make his bread and butter, and he is happy. He is grateful to Judge Houk, and ought to be, as he is dependent upon him for a living.

The Tribune says we have not made the right sort of overtures to the Democratic party to be taken in. Perhaps not. When we make up our mind to be "taken in," we will make the right kind of "overtures." But we confess that our aspirations are not in that direction. When we make up our mind to go to perdition, we prefer to go direct and will not purchase a stop-over ticket for purgatory. No, thank you; we are not in the "overture" business now.

There was a good deal of talk on the streets about that delectable document published in the Henrighison of this week, and known as an "official brief." We heard of quite a number of gentlemen who deny that they ever signed what they are reported as having signed, and some rare developments may be expected. Unless all signs fail, there has been a clear case of forgery, and those who did it will be placed in an attitude the very opposite of enviable. Again we thank Henri for giving it publicity.

The news from Albany this morning is more encouraging to the friends of the Administration than the most sanguine among them had hoped for. Mr. Conkling's friends have given up all hopes of his election, and many of his supporters are deserting him. Fifty-seven Republicans held a conference night before last and passed resolutions to the effect that in no event will they support Conkling. Thirteen others are said to have sent in notes saying that they will act with the anti-Conkling faction. The result of the ballot shows that this report is correct. There are now 105 Republicans in the two houses, one being absent, sick. Mr. Conkling received only 35 votes, which shows that there were exactly 70, or the 58 and 13 who voted against him yesterday.

The Administration Republicans were not united upon their men, but the tendency appears to be towards Wheeler and Cornell. This would be a good choice, and the country would be satisfied with it.

From the Hub.

There is perhaps no tonic offered to the people that possesses as much real intrinsic value as the Hop Bitters. Just at this season of the year, when the stomach needs an appetizer, or the blood needs purifying, the cheapest and best remedy is Hop Bitters. An ounce of prevention is worth a pound of cure. Don't wait until you are prostrated by a disease that may take months for you to recover in.—Boston Globe.

MINOR DISPATCHES.

WHEELING, W. Va., June 1.—Governor Jackson yesterday appointed Major James F. Patton, judge of the supreme court of appeals of West Virginia, vice Judge C. P. L. Moore, resigned.

WASHINGTON, D. C., May 31.—The executive committee of the National Association of Oarsmen, have fixed upon September 8th and 9th, as the dates for the next regatta of the association, which is to be held upon the Potomac River course here. The joint committee of the local clubs is actively engaged in making the necessary arrangements, and from present indications the regatta will be the most successful one ever held in this country.

"CORNELL AND DEPEW."

These Are the Names Heard On Every Side.

In the Great Senatorial Contest at Albany.

Mr. Conkling is Generally Conceded to Be Entirely Out of the Race.

ALBANY, N. Y., June 1.—It was universally conceded last night that Conkling is entirely out of the race. Gentlemen who had been closed with the leaders for an hour had no hesitation in admitting that it was but a question what candidates the party should select to meet with unanimity with the Republicans. "Cornell and DePew" was heard on every side. The few votes for the governor are now said to have been cast by instruction and as a feeling for further action. Should Cornell, either by letter or authority of proxy statement, deny aspirations to the honor, the question, so far as he is concerned, will be definitely decided; but, on the contrary, should no oral or written notice be given, it will be understood that he is a candidate, and no doubts but that he could be elected. There are others who are urging forward the names of Cornell and Conkling, but with indifferent success. Cornell and DePew are too well received to have any splits, and their supporters consider Crowley with very little favor.

At midnight there was no change in the situation, and it is confidently expected that two more ballots will see the figures running up opposite the names of Cornell and DePew. Cornell's letter of declension is in the hands of Senator McCarthy. It will be presented to the legislature this morning. It is rumored this morning that Governor Cornell will not write a letter declining to permit his name to be used as a candidate in the Senatorial contest. Senator McCarthy has not received any letter from the governor objecting to the use of his name.

The first vote in the joint convention stood as follows for the short term: Conkling 34, Jacobs 52, Wheeler 22, Cornell 11, Rogers 5, Crowley 3, Penton 3, White 2, Pomeroy 2, Bradley 1, Edick 1, Folger 2, Wadsworth 1, and the balance scattered. The house then proceeded to fill the vacancy caused by the resignation of Platt, with the following result: For Platt 29, DePew 25, Folger 4, Davis 2, Miller 8, Everts 3, Morton 1, Kernan 53, Cornell 12, Lapham 8, Crowley 4, Datcher 2, Wadsworth 2, Tremaine Ward 3, and Rogers 1. No choice in either case.

The assembly has adjourned until to-morrow morning at 10 o'clock.

Report of Cotton Exchange.

NEW YORK, May 31.—The eleventh report of the board of managers, submitted at the annual meeting of the Cotton Exchange, this afternoon, over which President Tonnatt presided, gives the following statistics: Sales for the year, 143,262 bales; for total, 310,516 bales. To this should be added 151,961 for spinning; 12,132 for speculation, and 3,160 for transit; total, 301,516. To this should be added the direct shipments to mills, which aggregate something like 52,000 bales. Deliveries upon the continent reported 198,000 bales; sales for future delivery 26,721,800.

General Grant's Baggage Robbed.

ST. LOUIS, June 1.—John T. Fitzpatrick, formerly a messenger in the Southern Express Company, and A. King, formerly baggage man on the Iron Mountain Railroad, were drunk in Texarkana one day last week wearing valuable gold badges set with jewels, supposed to belong to General Grant, as the inscription showed they had been presented to him. The badges were taken from them and sent to this city, but the men were not arrested. Yesterday both men were arrested and more of General Grant's property found on them. It is supposed they robbed his baggage when he went to Mexico.

SOMETHING TO BE PROUD OF.

Mr. Pierre Lorillard's Iroquois Wins the Derby Race.

EPSON DOWNS, June 1.—The race for the Derby stakes came off here to-day, and was won by Iroquois; Peregrine, second; Town Moor, third.

The race for the Derby stakes came off to-day and was won by P. Lorillard's bay colt Iroquois. The second place was secured by W. T. Sharpe's brown colt Peregrine, and the third place by Inswater's bay colt Town Moor. The jockey, J. Osborne, rode Valputary and Lemaire rode Town Moor. The horses went to the starting post at 3:04 p. m. The betting immediately before the start was 11 to 2 against Iroquois and 14 to 1 against Dan Fulano. The jockey, Archer, who rode Iroquois, received a tremendous ovation on returning to weigh in. Iroquois won cleverly

by half a length, with ten lengths between Peregrine and Town Moor. The time of the race was two minutes fifty seconds. The race for Epsom Manor stakes, for two-year old colts and fillies, distance five furlongs, also came off and was won by Girard's boy filly New Haven, the second place was secured by Le-feure's bay filly Rosy Gorge, and the third place by J. R. Keene's bay colt North Star. Six were in the race.

The start was made 17 minutes late. It is stated on the race course that the jockey (Archer) says he could easily have won the race by three lengths, if he had been required to do so. The race for the Stanley stakes, for 2-year old colts and fillies, distance 5 furlongs, also came off and was won by Lord Rosberry's brown filly, Kenness; Leopold De Rothschild's chestnut filly, Isabel, second, and Lord Hunting-ton's brown colt, by Camrose out of Chajlet, third. Nine ran, including J. R. Keene's chestnut colt, Amelia Scott.

The New York Evening Post says that the news that Pierre Lorillard's three year colt Iroquois won the English Derby stakes this morning by half a length was received in this city with enthusiastic expressions of pleasure in sporting circles and at the clubs. With the exception of persons intimately acquainted with Lorillard's stables few sportsmen put money on Iroquois, notwithstanding the fact that he came in second at New Market in the race for 2,000 guineas. At the Union Club Pierre Lorillard stood in the centre of a crowd of at least one hundred excited men who congratulated him upon the ownership of the first American horse which has won an even place in the Derby. A little before noon a party from the Union Club started for the Jerome Park races, Lorillard's dray being draped with bunting and greeted with cheers from the different groups of club and sporting men along the route.

Only ten horses paraded for the preliminary canter, the others going directly to the post. Peregrine's appearance gave great satisfaction to his fanciers, but Iroquois seemed to be in the best of spirits. His action was much admired after one break away. A good start was effected. When the horses were first seen at the top of the hill it was difficult to make out from the grand stand who had the advantage, but coming down the hill Peregrine, who was on the inside, had a fair lead, and his friends began to shout. Peregrine wins as they turned the corner. Archer's colors were seen pressing forward on the stand side. The two leaders raced an exciting match up to the grand stand, where Iroquois' nose shoved in front, and he continued to gain until past the judges' stand. The finish was splendid and exciting.

NEWPORT, R. I., June 1.—The brother of Pierre Lorillard, who is here, is authority for the statement that the latter wins \$2,000,000 on one bet made on the result of the Derby race.

NEW ORLEANS, June 1.—The first of the Corinthian races of the Southern Yacht Club took place yesterday. The course was triangular, 15 miles in length. In the first-class the Aberthina won; time, 2 hours, 25 minutes and 26 seconds. In the fourth class the Ruby won; time, 2 hours, 31 minutes and 53 seconds. The True capsized and the Cydewise was withdrawn. Weather sawery, wind fair.

THE UNITED STATES MARSHALS.

Capt. Evans Turns Over to the New Marshal, Col. Reeves.

As has been stated by us, Col. Thos. H. Reeves, the newly-appointed United States marshal, had his bond for \$20,000 approved and was administered the oath of office at Jonesboro, by Hon. D. M. Key. Col. Reeves arrived from Jonesboro on the noon train yesterday, and took rooms at the Hat House. Yesterday evening, Capt. S. P. Evans, ex-marshal, turned over to him, and Col. Reeves assumed the duties of United States marshal for the Eastern district of Tennessee. The Colonel is one of East Tennessee's best known citizens, possessed of thorough business qualifications, pleasant, and uniformly courteous in his associations, and will, no doubt, perform the duties of the office with fidelity and faithfulness.

Colonel Reeves has determined to continue the force of deputy marshals who served under Captain Evans until the meeting of court the second Monday in July next. He has not yet determined whether he will remove his family here or not.

The first official act of Colonel Reeves, just after assuming the duties, was to deputize Sheriff H. J. Springfield, of Chattanooga, to serve an important paper at that place.

FOREIGN.

Flashes by Submarine Cable from the Old World.

PARIS, May 31.—In the Senate yesterday, M. Lambert, of the district of Croix (Orleanist), brought forward an interpolation in regard to the substitution of lay nurses in the Paris hospitals, for the members of the religious sisterhoods. M. Comstanz, minister of the interior, declined to take the responsibility for the acts of the public aid department, provided they were legal, as they were in the present instances

M. Buffat (Orleanist) expressed astonishment at the statement of M. Comstanz, that he was not responsible for the acts of his subordinates. The order of the day, pure and simple, moved on behalf of the government, was rejected by a vote of 139 to 111. An order of the day proposed by Lambert de St. Croix, demanding, by implication, the retention of the Sisters of Charity as hospital members, was adopted by a vote of 147 to 11.

The bureaux of the Senate have elected a committee on the Scrutin de Liste bill, one member of which favors the bill and eight oppose it. The bill, however, will probably pass, as the Senate, considering that it specially refers to the election of deputies, are not disposed to reject the principle of the bill, but will content itself with repealing the temporary provision for increasing the number of deputies in the bureaux. 118 Senators vote against the bill and 57 for it. There were 86 absentees and 18 Senators abstained from voting.

LONDON, May 31.—At a consultation last night of the members of Parliament and others belonging to the Land League, it was decided to fill the place of Mr. Kettle, as an organizer, forthwith, and it was also decided that in the event of the suppression of the league, to transfer its duties in Ireland to the Ladies Land League, and if that was interfered with, to conduct the organization through the committees setting at Hollyhead.

In the House of Commons to-day the speaker, replying to Mr. Parnell, said he had received a letter from Mr. Dillon, from Kilmainham jail, complaining of his detention and denying the accuracy of the remarks attributed to him by Mr. Foster. The speaker said he was willing to produce the correspondence if the house desires it. Mr. Gladstone intimated that the government would assent to the motion for the production of the correspondence.

LONDON, May 31.—The Times, in a leading article this morning, says it is believed that the Irish executive has strongly represented to the cabinet the necessity of adopting measures for the suppression of the land league. The writer continues: If the league is permitted to continue its work, it will bring the masses of the Irish people into physical conflict with the British crown.

The Paris correspondent of the Times says that the voting in the Senatorial bureaux is not conclusive in regard to the fate of the Scrutin de Liste bill, as absentees and neutrals may turn the scale. The Senate will certainly pass the Scrutin de Liste bill, in order to avoid complications.

LONDON, June 1.—Yesterday's meeting of confederate bondholders adopted a resolution inviting the bondholders to deposit their bonds in trust of the committee and to pay the assessment of one shilling per 100 pounds for the committee's expenses.

At Clonnel, county of Waterford, a riot occurred yesterday, growing out of the sale of t-nants' interests in farms. The people paraded the streets all last night. About thirty civilians are suffering from bayonet thrusts and sword cuts inflicted by the soldiery. One policeman has died of his injuries and some of the wounded soldiers are not expected to live.

The Daily News, in a leading article, says: It is doubtful whether the powers possessed by the government, under the widest interpretation of them that the ingenuity of the crown lawyers could suggest, would give legal authority for the suppression of the Land League.

D'HARTER'S

Endorsed and recommended by the medical profession, for Dyspepsia, Gravel, Debility, Female Disorders, Want of Vitality, Nervous Prostration, and General Exhaustion from Excess, &c.

GENTLEMEN: I was suffering from general debility to such an extent that my labor was essentially impossible to me. A vacation of a month did not give me much relief, but on the contrary, was followed by increased prostration and sinking health. At this time I began the use of your D'HARTER'S Tonic, from which I realized almost immediate and wonderful results. The old energy returned and I found that my natural frame was not permanently debilitated. I have used three bottles of the Tonic. Since using it I have done twice the labor that I ever did in the same time during my illness, and with double the ease. With the tranquil nerve and vigor of body, I can also exercise my thought as ever before enjoyed. I have been cured of the disease, I know not what. I give it the credit. J. P. WATSON, Pastor Christian Church, Troy, O.
