A HANDSOME SANCTUARY.

Repairs on the Second Presbyterian Church Completed.

And the Congregation Furnished with an Elegant House of Worship.

The Second Presbyterian Church of this city has been closed for repairs for a brief period, but these repairs are now completed and the building is again ready for occupancy, transformed into an edifice of much more commodious proportions and greatly improved in appearance.

In the first place, the rear wall was taken out and an addition of about fifteen feet was made to the building, and the outside was dressed up, repainted and painted, and made to look new. More attention was paid to the inside, however. That was completely overhauled and renewed throughout. The windows are furnished with new glass, of neat and handsome pattern, purchased from Conifer & Son, of Cincinnati.

The walls and overhead having been newly plastered, are finished off in the highest style of church architecture. It is fresco work in distemper, the color being stone gray, in shades, with border in brown, and of beautiful and appropriate design. Back of the stand is the representation of the armament, a sky blue ground, beaded with golden stars innumerable. This part of the painting was executed in an excellent manner by Messrs. Mahler and Tapes, frescoers, of Cincinnati, who are masters of their profession.

A number of new pews were added, furnished by Mr. F. Austin. These and the old ones were painted and beautifully grained by Mr. A. Leinhardt, a skilled painter of this city, who did all the rest of the painting. The old chandeliers were taken away, and are replaced by two large and handsome conical reflecting lights, of the latest and most modern design. A number of new cushions were also procured from A. T. Stewart & Co., of New York.

The room is furnished with a new carpet entire, which was secured exclusively through the efforts of the ladies of the church, to whom great credit is due. The purchase was made from the large and well selected stock of Matt Nelson & Co. It is a very pretty figure, demonstrating the good taste of the ladies, and it is put down well.

The seating capacity of the church is increased by the addition of 16 pews, and is now between 600 and 650. The entire cost of the repairs to the building will slightly exceed \$4,000.

The church is certainly greatly improved in appearance. Everything is arranged and accomplished with the best of taste, and with a blending of colors, furniture, etc., which gives a very pleasing effect. A more handsome and attractive church building is not to be found in this part of the State, and it excites the admiration of all.

The congregation of the Second Presbyterian Church, which is a large one, includes in its membership some of our wealthiest and most influential citizens, and under the administration of their zealous and beloved pastor, Rev. F. E. Sturgis, everything is prosperous in the work for the Master. They are to be congratulated on securing such a building in which to worship, and new opportunities are furnished for doing good.

WATCH CAREFULLY YOUR HEALTH.

Are your hands and feet cold? Does your pulse beat irregular? Does your heart quickly palpitate at the least exertion, worry, or nervous excitement? Does your face often flush from a rush of blood to the head? Are you troubled with dyspepsia, indigestion, or some urinary disorder? Beware! Death may at any time suddenly ensue from apoplexy. Do not neglect your system needs some true medicinal tonic. Nothing is so good as Iron's Iron Bitters. This excellent remedy will assist nature in quickly regaining her lost hold on health and life. It strengthens every part of the system, and restores the different organs of life to their normal condition. In diseases of an exhaustive nature, having a tendency to weaken both mind and body, it invariably acts like a charm.—JOURNAL.

The East Tennessee, Virginia and Georgia Railroad Company has received at Brunswick, Ga., eight cars of first-class steel rails, to be used on the extension of their line between Macon and Rome. Regulate the Secretions.

In our endeavors to preserve health it is of the utmost importance that we keep the secretory system in perfect condition. The well-known remedy Kidney-Wort, has specific action on the kidneys, liver and bowels. Use it instead of dosing with bile-bitters or drastic pills. It is purely vegetable, and is prompt but mild in action. It is prepared in both dry and liquid form and sold by Druggists everywhere.—Reading Eagle.

He was soon spotted and watched from place to place, but was lost sight of for a while. Officer Youngblood was put on the track. He followed him about three miles down the Kingston pike, and overtook him riding on a country wagon, with the stolen coat doubled under him. He was brought back, waived examination before Justice Allison, and was sent to jail to await the Criminal Court.

One Experience from Many.

"I had been sick and miserable so long and had caused my husband so much trouble and expense, no one seemed to know what ailed me, that I was completely disheartened and discouraged. In this frame of mind I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and gained so fast that my husband and family thought it strange and unnatural, but when I told them what had helped me, they said 'Hurrah for Hop Bitters! long may they prosper, for they have made mother well and us happy.—The Mother.—Home Journal.
