

3 NEW PRESSES AND PLANT OF NEW TYPE, AT THE CHRONICLE JOB OFFICE.

Knoxville

Chronicle.

HAVEY & THOMPSON, HOUSE, SIGN & FRESCO PAINTERS. Wall Paper Dealers and Hangers. Furnishing and Hanging NEW and ARTISTIC Paper a Specialty. Office—in rear of Merchants' Bank, Gay Street.

VOL. XIII. KNOXVILLE, TENN., SUNDAY MORNING, SEPTEMBER 17, 1892. NO. 89.

MOSSY CREEK.

Speaking by Wm. Ruler, Candidate for Congress. Special dispatch to the Chronicle. Mossy Creek, September 16. Today Hon. Wm. Ruler, candidate for Congress, for two hours, in a forcible and impressive speech, addressed a large and attentive audience here, considerably surpassing in numbers that of the gubernatorial candidates, which was very complimentary, the notice having had but one who's circulation.

After the speech the people whispered that the reason Hook declined to meet Ruler was because Hook made a deep and lasting impression, and was universally complimented for his high tone. He showed up Hook's public record as decently as any one could, in a cutting and sarcastic manner, having the documents to satisfactorily prove every charge made.

A good many Hook men have changed for Ruler. F. AND N.

Yellow Fever.

Brownsville, Texas, September 15.—The river is still rising, and about one-fourth of the town is now under water. Drs. Graybill and Burke report 2 cases of diphtheria. The board of health are apprehensive of the result of the flooding of our streets.

Twenty-two new cases of yellow fever are reported, but no deaths. The sick at Fort Brown are doing well. One death occurred at Point Isabel to-day from fever, one being a Mexican. Six deaths in Matamoros to-day from fever.

Our mornings are very cool and the days hot, which the physicians say is the cause of numbers of the convalescents relapsing.

The weather is cool. Brownsville, Texas, September 16.—The official report from Mier, Mexico, gives forty new cases and five deaths Thursday.

New Orleans, September 16.—A Pensacola special reports nineteen new cases and two deaths within the past 24 hours. Among the deaths was J. S. Hayes, formerly of Louisiana, and among the new cases Mr. Richard, Southern Express agent.

This evening a fire broke out in a shanty. The flames spread rapidly to the Catholic parsonage, thence to St. Michael's Catholic Church, which were totally destroyed. Two small cottages in the church were also burned. Rev. Father Banai, ill with fever in the parsonage, was removed and is now reported doing well.

Galveston, Texas, September 16.—A New Orleans special says: All mail communication between Brownsville and Matamoros has ceased on account of the quarantine. Messrs. Northwell and Wm. Angrell Mazza, Spanish merchants, just from the seashore, are down with yellow fever. During the twenty-four hours to 9 a. m. yesterday, there were two deaths, one of yellow fever. The report of quarantine against Brownsville is unfounded. There is no yellow fever at Tampico.

Tornado. Winsted, Conn., September 15.—A tornado which swept through the edge of Winsted at 8 o'clock last night from west to east, cut a swath 50 yards wide and two miles long. The dwellings and seven barns were destroyed. No one was killed. Mrs. Thompson, two children of John Dunn, Julia Felver, Mrs. Daniel Maxwell and Miss Mary Connell were wounded, the last named fatally. Property was damaged to the amount of \$20,000.

Abandoned With \$40,000. New York, September 15.—It is reported that Dwight Lothrop, assistant cashier of the New Jersey Central Railroad, has abandoned with \$40,000 of the company's funds and a lone woman. He was a nephew of the late Judge Lothrop, who was then receiver. He altered the deposit tickets when making bank deposits, pocketed the differences and altered his books accordingly.

Business Failures. New York, September 15.—The failures for the past week reported to R. G. Dun & Co.'s mercantile agency, number 108, of which 101 occurred in the country generally and seven in New York City.

CAIRO, ILL., September 15.—Samuel Redden, a negro, who murdered Zimmerman at Mount Junction, Pulaski County, four years ago, was hanged at Metropolis to-day. He died game.

WASHINGTON.

WASHINGTON, September 16.—Gen. McDowell, now in command of the military district of the Pacific, will be retired by superannuation in October under the compulsory provision of the army appropriation bill. General Schofield will be assigned as his successor, and recently Adjutant-General Dunn telegraphed General McDowell asking when it would be convenient for him to be relieved of his command. General McDowell replied that he preferred to retain his command until retired.

Acting Superintendent Jamison, of the railway mail service, has instructed Superintendent Warfield, at St. Louis, Mo., to have all mail matter for Brownsville, Tex., which has been accumulating at the surrounding post-offices, placed on the special mail steamer which will sail from Galveston on the 18th inst., for Brazos, Santiago, whence it will be forwarded to Brownsville. No mails have been received at the latter point since September 1st, and this action is taken at the request of the municipal and Federal officers at Brownsville.

Struck by Lightning. New York, September 15.—During a thunder storm last night, the lightning struck one of Fleming's oil works at Kingsland and Meserole avenues, Brooklyn, and the E. D. and Nonland oil works, on Kingsland, near Meeker avenue, setting them both on fire. The buildings were demolished and the oil in the tanks burned all night. When the fire had nearly burned out a tank of naphtha exploded with great force, and the flames took a fresh start and were burning late in the afternoon to-day. Capt. Deary, one of the oil companies' firemen, endeavored to save the life of Charles Keegan, foreman of a fire truck, who was blown into the water. Deary jumped into the reservoir, and saved in the muddy bottom, where he was overwhelmed by the burning oil floating on the water. Deary's son tried to save his father, but lost his own life. John R. Cooper, superintendent of the oil works, was also burned to death. Three firemen were packed up in machines, but will survive. The loss in money is less than \$100,000.

Political. CAMDEN, September 15.—The Republican Congressional convention for the First District of New Jersey, was nominated by Robert for reelection. No other names were presented.

West Bend, Wis., September 15.—The Democratic Congressional convention to-day nominated D. H. Sumner to succeed Bragg on the 11th ballot. Bragg's friends announced that he will run as an independent candidate.

DENVER, Col., September 15.—Earrest L. Campbell, of Leadville, was nominated for Governor on the second ballot by the Republican convention to-day.

Fire. ELMBURG, N. Y., September 16.—This morning at 3 o'clock the immense boat and shoe factory of J. Richardson & Co. was destroyed by fire. The loss is estimated at \$300,000; insurance \$150,000. Three hundred hands are thrown out of employment. It was one of the finest brick structures in this city. Three firemen were seriously hurt by the falling walls.

MINOR DISPATCHES. PHILADELPHIA, September 15.—The embankment of the approach to the Pennsylvania Railroad's new bridge over the Schuylkill River caved to-day for men. One was taken out dead. The other three are alive but probably fatally injured.

JACKSONVILLE, Fla., September 15.—The rumors in regard to the presence of yellow fever in Jacksonville are false. The city is in an exceptionally healthy condition. There has been only one death in the past eight days, and that from consumption.

Troy, N. Y., September 15.—Cashier Wellington of the Manufacturers' National Bank resigned suddenly this morning. He had been speculating in Wall street and had lost largely, and was indebted to his bank fifteen thousand dollars.

It is called the Greenback-Labor party. The labor is to get the greenbacks.—New Orleans Freeway.

THE EGYPTIAN WAR.

LONDON, September 15.—The war office has received the following dispatch from General Wolseley: "BENNA, September 15.—General Lush has occupied Cairo. Arabi Pasha and Toubla Pasha have surrendered unconditionally. Ten thousand troops at Cairo have laid down their arms."

The race between the Hillsdale crew and the Thames Rowing Club, crewed on the Thames this afternoon, was won by the Thames crew.

LONDON, September 15.—General Wolseley has arrived in Cairo, whence he has sent the following dispatches:

CAIRO, September 15.—The war is over. Send no more men from England. The midshipman Dechair is safe. I have been received here with open arms by all classes. The soldiers are glad to return to their homes. Our cavalry did extremely well in the long forced march yesterday. Arabi Pasha and Toubla Pasha are both confined in our guard rooms. I will now change my base from Ismailia to Alexandria. The health and spirits of the troops are excellent.

LONDON, September 15.—A dispatch to the Daily Telegraph from Alexandria reports that thousands of Bedouins descended upon Kasserin camp after the battle was over. The British drove them off with loss. The Bedouins are hanging around Ismailia in great numbers and promise to give trouble.

American at Homburg. A characteristic of Homburg is that a large number of the visitors are from the United States. Several families cross the Atlantic yearly to drink Homburg water. Whether they would find as great benefit from the water of Saratoga, is out of my power to determine; but the resemblance between the mineral water of the two places is so great that the effects ought to be similar. But then there are excellent mineral springs in England, yet my countrymen prefer those which are far away. If Homburg were in England or the United States, its attractions might not be great enough in the eyes of those who now make a long journey from England, and a still longer and far more expensive journey from the United States, in order to visit it. When it was noted for its gaming tables as well as for its waters, the players included many Americans of both sexes. For the ladies from America there is no longer any temptation of the kind to be resisted or enjoyed; but the gentlemen have discovered a compensation. The speculators in shares and stocks, in grain, cotton, or pork can amuse themselves in Homburg as easily as in New York or Chicago.

Whoever a few Americans are gathered together at a "poker" table or temporary stock exchange is soon established. The same American company here is no exception to the rule, and some of its members contribute no small sum to the cable companies in conducting speculation in their beloved land by telegraph.

There is something pathetic in the complaint which a wealthy American made to me about the Atlantic trip. He was sometimes sea-sick, but this he could bear. "What tried him almost beyond endurance was to be cut off from knowing the state of the markets and from having a chance to make more money by speculation."—London Times.

Translated from the Omnibus: Guest, to the landlord.—Mr. Landlord, the box with toothpicks stands again not upon the table. Landlord.—Toothpicks there are with me no more. Guest.—"Why then not?" Landlord.—"Know you, in former times, then were the guests so cultured, and stuck the toothpicks, after the use, again in the box, but no nowadays takes every man one with him. So much the business can't afford."

Last Wednesday will be long remembered by those who spent that day in Monroe. The sun poured down its heated rays with such intensity as is seldom seen or felt in this latitude. The dust was almost suffocating. Every shade tree and stable in town was filled with horses. Such a crowd of living, moving humanity has not been seen in Monroe in many years.—Columbus (Ga.) Times.

FROM CHATTANOOGA.

\$3,000 REWARD.—THE FUNERALS.—THE ORGANIZED FORCES. Special Dispatch to the Chronicle. CHATTANOOGA, TENN., September 15. Nothing definite is known of the whereabouts of the murderers up to this writing. The most intense excitement still prevails in the city.

Governor Hawkins and the county judge of Hamilton County have offered \$3,000 reward for the apprehension of the murderers, dead or alive, and the amount will be doubled by private subscriptions in the morning.

The remains reached here this morning. Two thousand people were at the train. The scenes were very affecting. The course followed the two hearsees to the residences of the deceased.

Sherriff Cate will be buried at 9 a. m. tomorrow, and Mr. Coway Sunday.

Forces are in pursuit of the men in several counties. Morgan County has sent out two forces, London one, and Roane one. Hamilton County has two forces now in Roane and Loudon Counties, and sent out another to the Squatchee Valley this afternoon. The Chattanooga cadets and a large force of citizens are guarding the river to-night, it being suspected that they will pass down that way and escape into Alabama. The coroner has taken charge of the sheriff's office and appointed all the old deputies.

No information whatever of the pursuit of the Taylor was received all day yesterday and up to the hour of going to press with this edition.

The Trade Palace of Young & Williams. One of our reporters had the pleasure yesterday of calling again at the Trade Palace of Young & Williams. It is a real treat to spend a short time at this beautiful store. As a proof of our statements we would point to the immense crowds of ladies who throng the Palace from morning until night. An already complete assortment of the leading fabrics for fashionable autumn and winter wear, fast-faded and artistically arranged, makes a visit to the Trade Palace interesting, attractive and profitable.

We would call the especial attention of ladies to the large and rich assortment of fashionable dress goods, which, for quality and number of styles, has rarely ever been equaled in this market. Mr. G. W. Lambright, the business manager, and his corps of polite, efficient and accommodating lady and gentleman clerks take great pleasure in waiting on and making comfortable their many customers.

Mrs. Seay and her aids, in the millinery department, make all callers feel a warm welcome. Mrs. Seay has selected the stock in her department in person in the Northern markets, and it is safe to say that all the new colors and new designs to be found in her well selected stock. A grand opening of this establishment will be had shortly, of which the notice will be given.

We are informed that the trade at this store during the present month has been unprecedented in the history of the Trade Palace.

Horsford's Acid Phosphate. Dr. C. C. OLMSTEAD, Milwaukee, Wis., says: "I use several bottles in my family, annually, as 'lemonade'; I prize it highly."

Speaking at Mossy Creek. According to previous announcement Mr. Ruler, Republican candidate for Congress, addressed a large audience at Mossy Creek yesterday in a speech of two hours. The intelligent people of that locality were out in force, and listened with marked attention to what the speaker said, and a strong Ruler vote may be expected in that locality.

Among the most efficacious of remedial agents are the medical preparations from the laboratory of Mrs. Lydia E. Pinkham, Lynn, Mass.

A Present. The Third Presbyterian Church was last week presented with a full set of very handsome gas fixtures by two of its liberal-hearted members, who are always ready to lend a helping hand.

Capt. J. W. Ault, conductor on the Ohio division passenger train, has moved his family from Carverville to this city, and will make his home at the residence of Mrs. Mollie Ray were married, Mack Thomas, Esq., officiating.

Entirely satisfactory. Ladies wishing a perfume that combines novelty, delicacy and richness, find Floreston Cologne entirely satisfactory.

Married. Thursday night, by Elder Sherman, pastor of the A. M. E. Zion Church, Andrew Osment and Miss Joana Farnsworth, all of this city.

The largest and best selected stock of Trunks, Valises and Umbrellas in the city at McNEELY, LILLARD & Co.'s.

New York Stock Market. New York, September 16.—11 a. m.—The stock market opened irregular, but in the main a freedom, higher than price at yesterday's close. In early trade there was a general advance of 1/2, the latter for Oregon and Iowa continentals, which was followed by a reaction ranging from 1/2. Denver and Rio Grande and Washab preferred, leading thereto.

Chicago Market. CHICAGO, September 15.—Flour quiet but steady. Wheat irregular and unsettled, but generally higher; regular September, 90 1/2; October, 89 1/2; soft winter, 88 1/2; hard winter, 87 1/2; Oats fairly active and shade higher; cash, 30 1/2; September, 30 1/2; October, 29 1/2; Corn active, firm and higher; cash and October, 19 1/2; 40 cent, 19 1/2; 42 cent, 19 1/2; 44 cent, 19 1/2; 46 cent, 19 1/2; 48 cent, 19 1/2; 50 cent, 19 1/2; 52 cent, 19 1/2; 54 cent, 19 1/2; 56 cent, 19 1/2; 58 cent, 19 1/2; 60 cent, 19 1/2; 62 cent, 19 1/2; 64 cent, 19 1/2; 66 cent, 19 1/2; 68 cent, 19 1/2; 70 cent, 19 1/2; 72 cent, 19 1/2; 74 cent, 19 1/2; 76 cent, 19 1/2; 78 cent, 19 1/2; 80 cent, 19 1/2; 82 cent, 19 1/2; 84 cent, 19 1/2; 86 cent, 19 1/2; 88 cent, 19 1/2; 90 cent, 19 1/2; 92 cent, 19 1/2; 94 cent, 19 1/2; 96 cent, 19 1/2; 98 cent, 19 1/2; 100 cent, 19 1/2.

Accident at the Car Shed.

In order to keep our daily list of casualties, accidents and tragedies, we enter of record the following account of an accident which occurred at the car shed in this city, about 7 o'clock yesterday morning:

Joe Clemens, colored, porter on the office car of Major J. P. O'Brien, superintendent of the E. T. V. & G. Railroad, attempted to cross the railroad between two coal cars.

He placed a hand on the bumper of each car, with the intention of raising himself over the coupling of the cars. Just as he raised himself from the ground the engine attached to the train started very suddenly, causing Joe to lose his hold and fall to the ground. His left leg was caught by the flange of the wheel, the knee considerably bruised and the leg broken about four inches above the knee. A stretcher was procured and the wounded man conveyed to his home in Mechanicville, where he was attended by Drs. S. B. Boyd and C. Deaderick, who set the broken limb.

LIEBIG MALT EXTRACT. RECOMMENDED BY PHYSICIANS. NURSING MOTHERS. WEAK AND SICKLY CHILDREN. INVALIDS AND CONVALESCENTS. DELICATE FEMALES. WEAK AND DELICATE PERSONS GENERALLY. AS A FRESH RESTORER. THE LIEBIG MALT EXTRACT is a pure concentrated food.
