

# Knoxville Chronicle

VOL. XVII. KNOXVILLE, TENN., SUNDAY MORNING, OCTOBER 8, 1922. NO. 106.

## WASHINGTON.

WASHINGTON, D. C., October 7.—The Treasury Department has decided to act in accordance with the decision of the Circuit Court at San Francisco, relative to the right of Chinese subjects to visit the United States under the recent act of Congress. This decision was, substantially, that the statutes must be made to harmonize with the Chinese treaty, and that the law cannot be construed as forbidding the landing of merchants, travelers, students, etc., they not being laborers.

The annual report of the inspector general of steam vessels will show that there were 5,111 steam vessels in the service during the fiscal year ending June 30, 1922, with total tonnage of 12,785,646 3/4 tons, and with 20,467 licensed officers. During that period 338 vessels were placed in the service, against 243 for the previous fiscal year. The increase of tonnage for year ending June 30, 1922, was 74,569 3/4 tons, against 56,105 1/2 tons for the previous year, and the number of officers licensed was 2,669, an increase of 1,632 over the previous year. The figures indicate a considerable increase in the number of new vessels, but a decreased tonnage. It shows that the vessels were mostly of small size.

## Yellow Fever.

NEW ORLEANS, October 7.—A dispatch to the Pictorial from Pensacola, Fla., reports seventy-one new cases of yellow fever and four deaths. The total number of cases to date are 1,111, deaths 143. Among the deaths to-day was Rev. J. A. Owens, a Baptist minister, who was away from the city when the pestilence began, but returned and served his church with unflinching devotion. He had been called to Memphis, but decided to wait the end of the plague before considering the invitation, and the stroke down was always found right in the heart of suffering.

BROWNSVILLE, TEXAS, October 7.—No deaths nor new cases of yellow fever here in Matamoros within the past twenty-four hours. The fever is very bad in Camargo. There are no physicians there. Mr. Kopske is daily death rate of from six to twelve. Dr. Gorgas, of Fort Brown, is convalescent. Dr. Lehman, of the Times-Democrat, leaves for Camargo and Merit to-morrow, having brought his valuable services to a close here, as the weather is hot. Mails arrive daily.

## Virginia Political Muddle.

Richmond, Va., Oct. 7.—Last night, about midnight, during the progress of the legislative session, a riot occurred in the capitol. A rioter named John Ambler Smith, Republican candidate for Congress, from this district, in which the latter struck Geo. Wise, one of the Democrats, interfering. Subsequently Smith addressed the meeting and bitterly denounced Hon. D. W. Wise, his Democratic opponent for Congress. To-day Capt. Geo. D. Wise was heard to make violent threats against Smith, and a warrant was sworn out for his arrest. He was taken into custody and then held. No warrant has as yet been issued for the arrest of Smith, and it is not known that there will be.

## Last Spike Driven.

ROCK, Ga., October 7.—The last spike in the home extension of the E. T. & V. A. R. R. was driven by Henry W. Gray to-day, with appropriate ceremonies. This completes the link between Rome and Macon, and trains will run through on Monday.

## CONDENSED TELEGRAMS.

The membership fee in the Chicago board of trade is raised to \$10,000.

Geo. Huntington, his wife and four children were captured in a river sail boat at Annapolis, Md., and all drowned.

A fire at Warrington, Fla., destroyed almost the entire business part of the city. Loss, \$40,000 or \$45,000; insurance, \$20,000.

James Booth was convicted in Brunswick, Va., of murder in the first degree for slaying his son to death. He was granted a new trial.

Wm. T. Thomas gave his arm torn off by a gun near Atlanta, Ga., Friday, and while under the influence of ether, during amputation, died.

A. E. Buck, chairman of the Republican State committee, of Georgia, died last night. He was 65 years of age.

Geo. B. F. Butler publishes his letters of acceptance of both the Democratic and Greenback nominations for Governor of Massachusetts.

The Greene County Horse Stealing. The halcyon corpus case of James Allen, for the stealing of James Henry's horse, in Greene County, which was sold to Alderman J. H. McMillan, of this city, came on for hearing before Hon. M. L. Hall again yesterday, there having been two continuances. Mr. Henry, Sheriff A. J. Frazier, of Greene, and Deputy Sheriff R. E. Renner, of Cooke County, were here to attend the trial. The petition was dismissed by Judge Hall and the prisoner taken in custody by the officers and conveyed last night to Greeneville.

The Mabry Case With the Jury. The trial of the case of Jos. A. Mabry, sr., and Jos. A. Mabry, jr., for the murder of Don. C. Linsy and his father, Moses H. Linsy, was concluded yesterday, having occupied the Criminal Court's attention for one week. The closing argument for the State was made by Assistant Attorney General S. G. Heiskell, and the jury were charged by Judge Hall before noon. They had not agreed up to adjournment last night, and were resumed over till Monday.

Celluloid Eye-Glass Frames. In their beauty, strength and durability, far surpassing the ordinary tortoise-shell frames commonly in use. They are superior to all others. For sale by all leading Jewelers and Opticians.

## A HAPPY REUNION.

And Cordial Welcome to H. Alex. Lones, of Florida.

H. Alexander Lones was born on the Kingston road, four miles west of Knoxville, sixty-five years ago. In the year of his birth he was removed to the city of New Orleans, and in 1849—after a brief visit to the home of his nativity—he removed to California. In his new home he prospered, and a few years since he donated a handsome lot to the citizens of the civil district in which he had been raised, for the purpose of having erected there a school-house. A handsome and commodious edifice, well adapted in all its appointments and surroundings, was soon constructed and christened "The Lones Institute." Col. Jno. J. Craig, who, for several years, resided in the immediate vicinity of the new school-house, with commendable liberality, on the 35th anniversary of his marriage, presented the trustees with a fine bell. Since that time the "Lones Institute," under efficient and popular management, has prospered beyond the most sanguine anticipations of its patrons, and its beneficial influence is felt and recognized throughout the whole neighborhood.

A few days since Mr. Lones reappeared at the home of his earlier years, and the friends of his youth, and others, who have recently been the beneficiaries of his liberality, at once determined to bestow upon him a befitting testimonial of his worth and generosity. Consequently, yesterday was designated as the time for a reunion of his family and friends, and the "Lones Institute" was selected as the spot. Every necessary preparation had been made, and before noon, on yesterday, near three hundred persons, embracing the large family connection of Mr. Lones, the most respectable citizens of the immediate neighborhood, as well as many prominent citizens from Knoxville and other parts of the country, had assembled. The school-house, which is situated at Marietta, a few miles below Knoxville, was tastefully and handsomely decorated, in the center of the west end of the room, over the stage, in large gilt letters, was to be seen the word "Welcome." On the left was written, "Welcome—H. A. Lones to his native home," and on the right, "Long live H. A. Lones, and may he ever be remembered in this community." Just before 12 o'clock the bell pealed forth in rich tones, and the ceremonies were about to commence, and in a few minutes the school-house was filled to its utmost capacity with a number of guests who could not be accommodated within were compelled to remain without, and crowded around the door and windows, after some excellent music by Sunday-school choir and a feeling prayer by Rev. Isaac Emory, Maj. Robt. H. Armstrong, deeded the address to the guests, and then the citizens, in the following beautiful and appropriate words:

Happy the day and the occasion that brings us together. Ladies and gentlemen, girls and boys, old and young. What more appropriate than the old friends, with their bright-eyed daughters and many boys, to meet on this spot of ground, dedicated to such noble purposes, thanks to the generosity of our guest, to give him a welcome to the home of his childhood, with hands and hearts. After a long and prosperous life in a distant State, beyond the Sierras, he returns to visit the scenes of his youth. Many a change he sees, many a beloved one gone, but let it be our pleasant duty to extend to him such a greeting to-day, and while he is in our midst, as well as much as possible, to make him feel that he is not alone. Let us give him a wreath of smiles for every tear of sorrow, and with one accord say, God bless him!

Permit us, therefore, to introduce to you Mr. H. Alexander Lones, of California, the successful business man, the honorable gentleman, the true friend, the patron of education, the generous donor of this lot upon which is erected one of the most beautiful school-houses of the county, and in the name of those present, and of the rising generation, let us all here, to-day, thank him.

Mr. Lones, with much emotion, acknowledged the compliment bestowed upon him, and stated that he was not accustomed to public speaking, he would call upon his old friend Col. Jno. H. Crozier to respond for him.

Colonel Crozier, on taking the stand, paid a handsome compliment to the Lones family, extolling its worth, industry and enterprise, and concluded by remarking that, should he undertake to give a detailed history of its numerous members, that like Moses, he would have to write not only a "Genesis," but a "Chronicles," and a "Deuteronomy."

After the address of welcome and the replies, the aisles of the house were cleared and the school girls advanced up one side and the boys the other, to the front of the stage, when a handsome bouquet of exquisite flowers, was presented, by a lovely little girl, to the honored guest of the occasion, which compliment was, to the evident satisfaction of the children, later in the day, acknowledged by filling all their available receptacles with candy.

A handsome gold-headed cane was presented to Mr. Lones, by Geo. M. White, jr., in behalf of the Senior class of the Institute. Mr. White, in a few remarks presented a beautiful clock, the gift of Mr. Lones, to the Institute, which was acknowledged by Col. Crozier, on behalf of the citizens. Judge J. F. J. Lewis and Mr. J. A. Ray, being present, were called for and responded in touching and appropriate speeches. At 1 o'clock it was announced that the guests were ready, and the assembly repaired to the grove, where a sumptuous repast awaited all present. Two long tables had been erected for the occasion, and were bountifully supplied with the "good things" that had been prepared by hospitable ladies of the neighborhood.

The dinner over, the merry peals of laughter again summoned all present to reassemble in the school-room, when it was announced that Mrs. Lizzie Crozier French had consented to treat the assemblage to some of her rare recitations. Mrs. French recited "The Naughty Girl," to the infinite delight of her audience, and being loudly cheered, reappraised, and to the increase of delight of an amused, interested and admiring home, recited "The One Horse Chase."

The recitations being concluded, the remaining hours of the afternoon were devoted to social converse, on the part of the ladies and gentlemen present, and to pleasant games on the part of the young.

The occasion was one, in all respects, of the most enjoyable character, and will long be remembered by all present, and we have no doubt that the worthy gentlemen to whose honor the entertainment was given will hereafter revert to it as one of the most pleasant incidents of an eventful life.

## THE CLIMAX OF MENAGERIE SKILL.

The Greatest Amusement Enterprise of the Age—What May Be Expected—A Tour in Foreign Lands—\$2,000,000 Invested.

Of late there has been more or less controversy as to who is the greatest animal trainer in the world, and the result has been a point to point in W. W. Cole as the one great trainer of the Show Kingdom, and his recent successful tour in foreign lands, and triumphal return to America, after a journey of over 42,000 miles by land and sea seems to settle the matter. These veritable animal circus, menagerie of trained animals and great congress of wonders, all the most thrilling sensations in a troupe of animal actors have been trained to a degree of excellence which dwarf to insignificance all previous displays of equine education. A performance of this kind is a troupe of animal actors have been trained to a degree of excellence which dwarf to insignificance all previous displays of equine education. A performance of this kind is a troupe of animal actors have been trained to a degree of excellence which dwarf to insignificance all previous displays of equine education.

Great Three-Acting Exhibition, Under the Six Largest Tents Ever Erected—Coming in a Few Days.

This extraordinary combination of six enormous Railroad Shows, and whose announcements are causing the public to wait in anxious expectation, will positively reach Knoxville Monday, October 16. The single fact that this Colossal Combination requires four more tents than any other traveling show, will bear irrefutable testimony to its comparative immensity, and to the reflecting mind comes the enquiry—How can a combination so vast, and one requiring for its daily expenditure, such a necessarily enormous outlay of money, ever take enough money at its doors to make its financial success a certainty? We give it up! But from the nerve its managers evince in assembling and putting before the people a show of such unprecedented magnitude, it would seem that they are strong in the belief that there is no limit to public patronage, when features are piled on features and novel attractions are massed in an astounding proportion, as the union of their various popular amusement ventures have enabled them to accomplish.

Their entertainment is, from necessity, a three-ring show, for that must be patent to everybody, that they could never crowd their many acts into a single ring during the limited hours devoted to performances; and so to do so it would require nine hours, instead of three, in which to give their exhibition. Then, again, the main pavilion, under which the ring performances are given, is so constructed, that its diameter and circumference, that the objects would appear diminutive without the aid of an open glass, and the spoken words would be lost in space.

A contemporary, speaking of the seven trained stations, which appear among the ring attractions, says, "One is a noble Percheron, and the heaviest performing horse in the world, yet is graceful and a beautiful picture; two are Arabian, two are coal black (Black Eagle) stock, one is an Andalusian and one a Gray Eagle. They are the handsomest horses and do the most astonishing act ever seen in a ring." The Colorado cattle are also mentioned as being perfect in their training, and the pair of Hippopotami are spoken of as being the largest and best living specimens ever exhibited in America. It is believed the female will bring forth young during the present tenting season. Should such be the case, the trio will be the most interesting zoological feature on earth.

Signal Service Weather Report. KNOXVILLE, October 7, 1922.

Time 6:32 a. m. 10:32 a. m. 2:32 p. m. Barometer 30.25 30.24 30.13 Thermometer 57 69 4 79.3 Wet Bulb 52 61 64.9

Maximum thermometer 81.9 minimum thermometer 41.0.

INDICATIONS—For Tennessee and the Ohio Valley: Local rains and partly cloudy weather, southeast to southwest, winds lower barometer, nearly stationary temperature.

Senator Jackson to Speak. Hon. Howell E. Jackson, United States Senator from Tennessee, and a staunch advocate of State credit and State honor, will address the citizens of Knoxville and vicinity to-morrow, at a time and place to be announced by hand bills.

Ladies, they have come. McNULTY, LILLARD & CO.

## A New Catholic Church.

It has been the desire and determination of the congregation of the Catholic Church of this city, for some time, to erect for themselves a new house of worship, and it is gratifying to all interested to know that, through the untiring efforts of their zealous pastor, Rev. Father F. Marmon, and other friends, matters have reached the point where their desires are to be realized.

They have one of the most desirable sites in the city—the lot corner of Vine and Walnut streets, on Summit Hill, and the dirt is already broken for the new building, which is to sit just north of the present church, fronting on Vine street. The buildings on the brick work are to be let to-morrow, and the work will be commenced as soon as possible.

The plans are being drawn by our popular architect, Mr. J. F. Bauman, and that is a sufficient guarantee of the success of the job. The building will be 106 by 54 feet, constructed of pressed brick, with stone trimmings, constructed on the most modern and improved plan of church architecture, with single central spire, and will be a bright ornament to the city.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest authority in cases of General Debility, Nervous Prostration, Indigestion and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, when the infant is unable to thrive, it stimulates the digestive organs, increases the secretion of milk, and enables the mother to nurse her child with ease and confidence.

WEAK AND SICKLY CHILDREN, who suffer from nervous prostration, indigestion, and general debility, will derive substantial benefit from the use of Liebig's Malt Extract.

INVALIDS AND CONVALESCENTS will find it an ideal food, and a most valuable tonic, and a most reliable agent for restoring the system to its normal state.

DELICATE FEMALES, who suffer from the weakness of the system, and the inability to nurse their child, will derive substantial benefit from the use of Liebig's Malt Extract.

WEAK AND DELICATE PERSONS GENERALLY, who are afflicted with nervous prostration, indigestion, and general debility, will derive substantial benefit from the use of Liebig's Malt Extract.

AS A FRESH RESTORE, it possesses the highest value, in its coming in season with the autumn and winter months, and its effect is invariably to give the system a new lease of life, and to restore the system to its normal state.

THE LIEBIG MALT EXTRACT is a pure compound of malt, and is free from all harmful elements, and is a most valuable tonic, and a most reliable agent for restoring the system to its normal state.

It is a Household Article for Universal Family Use.

For Scour and Typhoid Fever, Diphtheria, Scurvy, Small Pox, Measles, and all Contagious Diseases. Persons waiting on the sick should have it handy, and it is a most valuable agent for restoring the system to its normal state.

SMALL-POX and PITTING OF SMALL POX PREVENTED. A number of my family have taken with small-pox. I used the Liebig Malt Extract, and the result was that the disease was not so severe, and the recovery was much more rapid.

For Scour and Typhoid Fever, Diphtheria, Scurvy, Small Pox, Measles, and all Contagious Diseases. Persons waiting on the sick should have it handy, and it is a most valuable agent for restoring the system to its normal state.

For Scour and Typhoid Fever, Diphtheria, Scurvy, Small Pox, Measles, and all Contagious Diseases. Persons waiting on the sick should have it handy, and it is a most valuable agent for restoring the system to its normal state.

For Scour and Typhoid Fever, Diphtheria, Scurvy, Small Pox, Measles, and all Contagious Diseases. Persons waiting on the sick should have it handy, and it is a most valuable agent for restoring the system to its normal state.

NEW YORK STOCK MARKET. New York, October 9.—11 a. m.—The stock market opened at an advance from yesterday's closing prices of 45, Alton and Terre Haute common and preferred, leading therein. In the opening Richmond and Danville was the exception, and was 4 lower. The market continued strong in the early trade, and a further advance of 1/4 occurred, in which Rochester and Pittsburg and Union Pacific were prominent, while Richmond and Danville sold up 4 to 79, and Cleveland and Pittsburg 24 to 142, but this was subsequently followed by a general reaction of 1/4, led by Alton and Terre Haute.

Mr. Cole displayed in 1878. When the plague had the city in its grasp completely, \$500 unsolicited came from the liberal showman. He was among the first to show his solicitude for the people of this city. It is hardly necessary to mention this; it has not been forgotten, as Mr. Cole will see when his great circus arrives here. We have every reason to suppose that he has the largest and best show upon the road to-day.

Every Corset is warranted satisfactory to its wearer in every way, or the money will be refunded by the person from whom it was bought. The only Corset recommended by our leading physicians as being the most comfortable and perfect fitting Corset ever made.
