O MY, that rally! Do you see the Houk rally? What did you think of the rally? How about that imposing (?) demonstration? By the way, did you observe the fire works last night? The tames affair we ever saw in Knoxville was that Houk rally.

FELLOW-countrymen, did you not see the rockets' red glare last evening? There was a Houk demonstration (?) last night. Had you heard of it? The Houkites will to-day not only swap Hawkins off, but also their Legislative ticket.

That display (?) last night will live in the minds and hearts of our people for many years to come. Houk cares for no one save himself and if he can gain a vote by trading his own Legislative ticket he will certainly do so.

If that Houk "blow out" is a fair indication of how the election is going, Rule will pull through by at least five thousand majority.

Houk was instrumental in having Adkins, Bearden, Kennedy and Dow Rule nominated, but traitor like, he and his friends are going to trade them off to-day.

Our Post-Office. Special to the Cincinnati Commercial.

KNOXVILLE, TENN., Nov. 2.—There are very good reasons for believing that there is much crookedness in the Knoxville Post-office. Some time ago one of the clerks was dismissed for hiding a lot of political documents deposited in the office by ex-representative Jacob M. Thornburgh, chairman of the Republican Congressional committee for this district. Within the last two months a number of letters sent from different parts of the district to Mr. Rule, Republican candidate for Congress against Judge Houk, and other gentlemen in this city have never been delivered, and many persons have at been afraid to trust certain letters in the post-office.

Gentlemen in Washington have for some time past registered all letters addressed to members of the Rule committee and to newspapers in this city. A LARGE NUMBER OF PAPERS sent from this city have never reached the persons addressed. The same is true with reference to a number of communications sent to journals in different parts of the country. A few days ago one of the newspapers of this city had a long editorial reciting that many of their subscribers in this and adjoining counties have not received their papers for four weeks or longer, and intimating that the reason of delay is the fact that they are opposed to the reelection of Judge Houk to Congress, and that it was very remarkable that Judge Houk's organ in this city never failed of being promptly delivered. This extraordinary delay and loss in the mails has caused a great deal of indignation here, and complaints will be made to the department at Washington.

Mr. Simonton's Remarks. SAN FRANCISCO, November 4.—Information from two states that Mr. Simonton had not been well for several days and on Tuesday and Wednesday was confined to his bed, but it was not thought that his illness was serious. On Thursday dangerous symptoms were developed, and despite the best medical skill he sank rapidly and died peacefully at 7 o'clock in the evening. The body has been embalmed and removed to San Francisco, whence it will be sent to New York for interment.

WASHINGTON. WASHINGTON, D. C., November 4.—Frank H. Howe has tendered his resignation as chief clerk of the Post office Department to accept a position in the Department of Justice, as assistant to Assistant Attorney-General Sims, vice Mr. George C. Wing resigned.

The Ashland Tragedy. ASHLAND, KY., November 4.—Alexander Harris, one of the wounded at Ashland, died to-day. Among the wounded not before mentioned was Rev. C. M. Dower, of North Carolina, who was on the wharf boat with his wife and child to take passage on the Granite State. He was knocked into the river by a spent ball, and while swimming on his little girl, in the arms of his mother, was struck on the head and hand.

NEW YORK, November.—The weekly statement of the associated banks to-day shows the following changes: Loans, increase \$6,932,800; specie, decrease \$58,900; legal tenders, decrease \$363,900; deposits, increase \$14,757,000; circulation, decrease \$14,700,000; reserve, decrease \$1,612,225.

The banks now hold \$14,325 less than the legal requirements. Why Florence. What makes Florence Cologne welcome one every lady's toilet is its lasting fragrance and rich, rosy odor.

Bellegard Lawyers in the United States Court at St. Louis.

St. Louis, November 4.—In the United States Court yesterday, while ex-United States Senator John B. Henderson and Henry A. Cunningham were discussing an order of the court, in a case in which both were counsel, Henderson remarked that Cunningham had not kept faith in some matter connected with the case. Cunningham replied in a heated manner that the assertion was false. Henderson struck out from the shoulder and placed three blows on Cunningham's face and head, knocking him violently against an iron pillar in the court-room and thence to the floor. Friends intervened, and the belligerents were separated.

Judge Trent was greatly shocked, and the affray was the most disgraceful thing, he said, that had occurred in court during the 24 years he had been on the bench, and he fined Henderson, notwithstanding he made an apology.

"The best is the cheapest," is an old and true maxim. The Celluloid Eye-Glasses are the best for those who need artificial aid for the eyes.

For sale by all leading Jewelers and Opticians.

Every good citizen should go to the polls and vote. Some men claim to be friendly to both parties and decline to vote at all. This is pleading "the baby act." There is no state of affairs in a Republican Government where a citizen should not vote.

Every citizen should make up an honest decision and vote his convictions. The ballot faithfully used is the best security of the rich and poor alike.

No true man will assume affected dignity and stay away from the polls, and let the riffraff do the voting. The idlers, the ignorant, the roughs, never fail to promptly respond to the election calls, and always try to control the issue, while hosts of industrious and upright men indifferently stay at home on election day.

No man has a right to loathe on the higher, the moral questions involved in our election contests. The liquor interests will not fail to push forward for office men who by practice favor their interests; such men should be rejected by the voters.

True and honest citizens cannot afford to feel elect habitual drunkards, or the lowest type of men to Congress or the Legislature. How absurd to vote into responsible offices men from whom social contact we shrink as from the small pox.

Small good and honest men indifferently to vote and let the vile ones rule our country? If any man is guilty of such negligence or cowardice, he does not deserve a government.

Let us vote for vile men for the sake of personal friendship or party? Neither should Christian men, or any honest men join hands with drunkards, or the vile, nor can they, with impunity, stand aside from the polls.

Speaking at Clinton. Henri R. Gibson spoke at Clinton, last Thursday, to an immense (?) crowd of 17 persons, on the State debt question. Hon. H. F. Coleman, of Hancock County, spoke there Friday night, to a fair crowd, in support of Fessell, for Governor.

Good Advice. You will prevent and cure the greater part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in perfect working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See our column.

Piratical Fabrications.

Dangerous fabrications from time to time are gotten up to cheat the public and to sell on the name and reputation of Simmons Liver Regulator. In five legal decisions perpetual injunctions have been decreed by the courts for the protection of the public and the suppression of these frauds.

Therefore beware of these hurtful deceptions and take only Simmons Liver Regulator, manufactured by J. H. Zeilin & Co., in White Wrapper, with the large red Z and mortar thereon.

Houk at New Hopewell. Mr. Editor: To-day Judge Houk filled his appointment at New Hopewell. He was met by perhaps forty men from this and surrounding districts, who escorted him to the church, and notwithstanding that the congregation had passed a resolution forbidding any public speaking in their house, yet, a number of the crowd, headed by Rev. A. P. Smith, entered the church and carried out the benches, and thereupon the judge proceeded to enlighten his small squad by a few remarks in the open air.

He spoke of a good many things, but some how or other forgot to make mention of the "pisen" yarn, the Washington calaboose or, last but not least, that Ebbitt House, which, in White Wrapper, with the large red Z and mortar thereon.

THE CAMPAIGN.

Another Grand Rally for Rule and the Right at Powell's Station. Speeches by Dr. A. B. Tadlock and A. S. Prosser, Esq.

Large Crowd and Much Enthusiasm. POWELL'S STATION, November 4th. Mr. Editor: At a notice of three days, and the taking up of ten or fifteen posters, a crowd of one hundred assembled in the school building at this place last night, to hear Dr. A. B. Tadlock and Hon. A. S. Prosser speak.

Dr. Tadlock first addressed the people for one hour, arraigning bossism and stalwartism in the strongest terms. He told some undeniable facts concerning the civil service of the government. He said that hundreds of clerks are appointed in the departments at Washington, not because of any superior qualification they may possess, but in order that their bosses may get a big corruption fund to control conventions and perpetuate themselves in office. Guiteau's bullet, he said, enabled the bosses to crack their whips and compel office-holders to wear a collar labeled "my dog," or step aside and make room for a man who would wear such a collar. But for stalwartism, our much lamented and much missed President, Grant, would have been the helm of State to-day, conducting one of the most honest and fair administrations the American people ever had. The speaker then graphically pictured the Salt River voyage of some of the bosses.

Ex-Governor Yardley was pictured at the helm peering into the deep gloom ahead, when a light was discovered in the distance. Nearer and nearer they come, and the ex-Gov. exclaims: "Twinkle, twinkle, little star, How I wonder what you are, At the head of Salt River."

L. Campbell and Henri look over his shoulders, from behind, of course, and in terror discover the ghosts of Guiteau, John Wilkes Booth and his confederates, dancing around a fire, blazing camp-fire, preparing to lay the funeral of the little bosses. "My God!" exclaims Houk, "I wish I was paired!" "Me, too!" cried Henri. Dr. LeVere commences to sing:

"I am bound for the promise land," etc.

Doctor Tadlock actually sang this verse and brought down the house in deafening laughter.

The Hon. A. S. Prosser spoke for an hour, thoroughly ventilating Houk's record and describing in detail the modus operandi of the payment of pension and other claims, conclusively proving that Houk is not entitled to any credit for the payment of any pension but his own, and that he was clearly guilty of the crime of not to endorse a record and man that we would not be willing to hold up to our children as a good pattern for them to follow.

No family Dyes were ever so popular as the Diamond Dyes. They never fail. The Black is far superior to logwood. The other colors are brilliant.

Sudden Death. Jerry Burgen, colored, while sitting in Garrett Moran's store, at the corner of Crozier and Main streets, about half past 12 o'clock yesterday afternoon, suddenly fell dead. Coroner R. H. Hood was summoned to the scene and empaneled the following jury of inquest over the body: G. J. Enie, Cole Nelson, Garrett Moran, Louis Herman, Henry Woods, Armstead Hucksby and Wm. Tow. Dr. A. B. Tadlock was called, and examined the body, and pronounced the death to be from congestion of the lungs and heart disease, and the verdict of the jury was, death from natural causes.

Burgen's home, it seems, is in Middle Tennessee, and he had no acquaintances or friends here. He had been on the railroad works, and in the city, in a sick and destitute condition for a few days. Efforts were being made to get him home.

Coroner Hood procured a coffin from Esq. Shepard, and had the remains prepared for burial in the county cemetery.

The Canvas in Roane County.

We have good reports from the canvass for Rule and the right in Roane County. Hon. H. M. Wilson, the gifted stump orator from Chattanooga, has been making some telling speeches through the county. At Kingston and other places he used with telling effect the letter from W. Carlyle Shelley to G. A. Guenther, copied into our columns from the West Tennesseean. He was met by J. C. Pope, at Kingston, but the latter was so badly upset that he was heard to say he would give \$10 to have been out of the scrape.

At Rockwood on the 2nd inst., Mr. Witte had a good crowd, and made an effective effort. D. M. Coffman, of the Republican, met him, for Houk, but Mr. Witte produced and read Coffman's speech on Houk two years ago, and it pleased the crowd immensely. Coffman confessed that he made that speech, but said he was now working for pay and intended to earn his money, if possible.

But for stalwartism, our much lamented and much missed President, Grant, would have been the helm of State to-day, conducting one of the most honest and fair administrations the American people ever had. The speaker then graphically pictured the Salt River voyage of some of the bosses.

Ex-Governor Yardley was pictured at the helm peering into the deep gloom ahead, when a light was discovered in the distance. Nearer and nearer they come, and the ex-Gov. exclaims: "Twinkle, twinkle, little star, How I wonder what you are, At the head of Salt River."

L. Campbell and Henri look over his shoulders, from behind, of course, and in terror discover the ghosts of Guiteau, John Wilkes Booth and his confederates, dancing around a fire, blazing camp-fire, preparing to lay the funeral of the little bosses. "My God!" exclaims Houk, "I wish I was paired!" "Me, too!" cried Henri. Dr. LeVere commences to sing:

"I am bound for the promise land," etc.

Doctor Tadlock actually sang this verse and brought down the house in deafening laughter.

The Hon. A. S. Prosser spoke for an hour, thoroughly ventilating Houk's record and describing in detail the modus operandi of the payment of pension and other claims, conclusively proving that Houk is not entitled to any credit for the payment of any pension but his own, and that he was clearly guilty of the crime of not to endorse a record and man that we would not be willing to hold up to our children as a good pattern for them to follow.

No family Dyes were ever so popular as the Diamond Dyes. They never fail. The Black is far superior to logwood. The other colors are brilliant.
