

The Baptist Convention.

FIRST DAY'S PROCEEDINGS.

The Convention of Baptists met at the Baptist Church in this city at 3 o'clock p. m., yesterday. The Convention was called to order by Rev. J. Lloyd. The 285th hymn was sung. Prayer by Rev. Bradley Kimbrough.

Rev. J. B. Kimbrough was chosen temporary chairman, and S. H. Smith clerk. About thirty-five names were enrolled as members of the Convention, representing almost every portion of East Tennessee.

The permanent organization was completed by the election of Rev. J. B. Kimbrough, President, and S. H. Smith, Secretary.

Rev. Dr. Brecker being called upon, stated the objects of the Convention.

Visiting brethren present having been invited to seats, the following named persons were enrolled, viz: Rev. T. C. Treasdale, D. D., Cor. Sec. S. Board So. Baptist Convention; Rev. M. T. Sumner, D. D., Cor. Sec. Home Mission Board So. Baptist Convention; Rev. A. D. Phillips, returned Missionary from Africa, Agt. For. Mis. Board, So. Baptist Convention; Rev. Bradley Kimbrough, Middle Tennessee; Rev. J. H. Newton, Kentucky.

The pastor and deacons of the Baptist Church in this city were appointed to arrange for preaching during the Convention.

A Committee of Arrangements having been appointed, reported the following committees, viz: On the Co-operation of Churches and District Associations with the General Association; recommended that discussions be had on Home and Foreign Missions, Sunday Schools, on Ministerial Education, and on Periodicals.

The sessions of the Convention will be held from 9 A. M. to 12 M., and from 3 o'clock to 6 P. M. The first half hour in the morning will be devoted to religious exercises.

Rev. Bradley Kimbrough preached a very interesting sermon last night. There will be preaching every night during the sitting of the Convention.

SECOND DAY'S PROCEEDINGS.

The Convention was called to order by the President at 9 A. M.

A half hour was spent in devotional exercises, led by Rev. Bradley Kimbrough.

The minutes of yesterday were read and approved.

Rev. J. H. Morton, of Maryville, presented the following resolution:

Resolved, That the object of this meeting is to secure a more general co-operation of the Churches with the General Association, and to stimulate each other to greater effort in the promotion of the Master's Kingdom in East Tennessee.

The report of the Committee on Co-operation was reported by the Chairman. Pending its adoption, remarks were made by the following brethren: Brothers Silas Smith, M. V. Noffsinger, J. L. Burns, S. H. Weaver, D. M. Brecker, L. L. Maples, G. D. Oviatt, J. H. Morton, and J. S. Norton.

The question was then called for, and the report was adopted.

The following resolution was offered by Dr. Sumner, and accompanied by a very earnest speech on the desirableness of affiliation with the Boards of the Southern Baptist Convention, and promising that for every dollar raised in East Tennessee, the Board will furnish another to enable them to carry on the work.

Resolved, That we, the members of this body, will endeavor to urge our brethren at home and through this part of our State, to greater effort in the Master's work, and especially to a more liberal contribution of our means for the support of the Gospel, at home and abroad.

The Convention met pursuant to adjournment, and after singing the hymn, "Am I a Soldier of the Cross," joined in prayer with Rev. Joseph Janeway.

The consideration of the resolution presented by Dr. Sumner was resumed.

Rev. J. H. Weaver—The resolution means business. Let us make up the money. I am willing to pay \$10. Here it is, handing it over.

At this point, it was agreed to make an immediate contribution, and some time was spent in this business, resulting in the collection of \$50.

The question was then taken and the resolution unanimously adopted.

The report of the Committee on Systematic Benevolence, by Rev. W. A. Montgomery, setting forth the necessity for a system.

The report was discussed by Dr. Teasdale, who favored a system; by Dr. Montgomery, who thought "envelopes" system impracticable in East Tennessee; by Rev. A. D. Phillips, who said if each Baptist in East Tennessee gave five cents per week, it would make \$75,000 a year;

by Rev. M. V. Noffsinger, who thought the fault was with preachers that more was not given; by Prof. T. R. Russell, who favored educating the young rather than the old to give;

by Rev. J. O. Kimbrough, who declared he never would preach to a church without remuneration, and this could be brought about in East Tennessee; by Rev. L. L. Maples, who thought Deacons should be required to do more, by Rev. G. D. Oviatt, who favored pressing the matter now.

The report was adopted.

The Convention met at 8 o'clock, with Sunday Schools as the special order.

THIRD DAY.

The Convention met pursuant to adjournment. After singing the hymn "Did Christ o'er Sinners Weep," Rev. J. S. Norton, of the Committee on Pastoral Work, being called for, was read.

The report sets forth clearly the disadvantages of the present arrangement, by which the services of one minister are divided among several churches, and recommends the establishment of another order, in which there shall be one church for one minister.

Prof. R. R. Bryan believed that the title "pastor" in East Tennessee is a misnomer. He did not know that he had ever seen a pastor, and would go some distance to see one. We have plenty of men who preach once a month, but none who do pastoral work in the strict sense of the term. Preachers have too little faith. If they would trust God and do their duty, they would find a support without preaching to four or five churches. The whole thing is wrong. We are out of the Gospel order, and cannot be expected to prosper under this system.

Resolved, That, in our opinion, it is the duty of the pastors to press upon their membership the necessity of a more liberal support of the ministry, in order that they may give themselves wholly to the work of their calling, and thus secure greater results of their labors.

Dr. Teasdale offered the following resolutions, which were adopted:

Resolved, That it be recommended to all the Baptist families in East Tennessee to subscribe to and read one of our denominational papers.

Resolved, That the Sunday Schools within our bounds be, and they are hereby respectfully requested to supply themselves with strictly denominational literature, and especially "Kind words" or "Young Reaper."

The hour having arrived for the address on African Missions, Dr. Teasdale gave place to Dr. A. D. Phillips, who gave a most interesting and touching description

of Central Africa, its people and customs, and particularly of the Mission with which he has been connected so long. The interest was increased by the exhibition of various articles of African manufacture.

At the close of the address, a contribution was made for the African Mission, amounting to \$62.45.

The President announced the order of business to be Ministerial Education.

Dr. Brecker regarded the subject as one of great importance, and hoped that it would receive the consideration it deserved. The time had passed when we could send out ministers who are destitute of education, with the hope of their being successful. We must educate our ministers, that they may be equal to the emergencies growing out of the condition of things existing in the present, and to arise in the future.

Rev. Bradley Kimbrough was a friend to ministerial education. Thought great advantages were to be derived from scholastic training, and believed it was our duty to encourage our young ministers to prepare themselves thoroughly for their work.

Rev. M. V. Noffsinger—We need educated ministers. The demands upon the learning of the denomination are great and steadily increasing. He would earnestly recommend that our young ministers should spare no pains to fit themselves for the responsible position they occupy.

Rev. J. Janeway endorsed the views expressed by the former speakers. Believed in ministerial education, and wished that all our young men would make use of the advantages within their reach.

Here the discussion closed, and the President announced the discussion of the subject of religious periodicals to be in order.

Dr. Brecker made a concise statement with reference to the consolidation of the East Tennessee Baptist with the Christian Herald, showing the advantages of the arrangement, and urging the importance of securing a large circulation for the Herald in East Tennessee as a means of communication among our people.

Rev. M. V. Noffsinger felt the importance of having a religious paper among the people in his portion of the county. The good effects of a religious paper can hardly be estimated. He wished that brethren would unite in supporting the Christian Herald.

Rev. B. G. Manard did not believe it possible to get the brethren of East Tennessee to unite upon one paper, but insisted that each family should take and read some paper.

Dr. Brecker said there could be no doubt that any good religious paper in a family is a decided benefit, still, it must be plain that if our people read various papers the means of communication will be lost to us. Let us endeavor to get our brethren to unite in reading the Christian Herald.

Dr. Teasdale offered the following resolution, which was adopted:

WHEREAS, It is vastly important to train up children for Jesus; and, WHEREAS, Sunday-Schools are very important instrumentalities by which this work is to be effected; therefore

Resolved, That this Convention earnestly recommend the establishment and support of a Sunday-School in every Baptist Church in East Tennessee.

Dr. Smith offered the following resolutions, which were adopted:

Resolved, That the thanks of this Convention be tendered to our friends in the city of Knoxville for their kind hospitality, extended to the members of this Convention.

Resolved, That the thanks of this Convention be tendered to Rev. Dr. Teasdale, Rev. Dr. Sumner, and Rev. Dr. Phillips, for their attendance and counsel in this Convention; and that they be cordially invited to attend the General Association at its next meeting, in their official capacity.

The Convention then united in prayer with Dr. Teasdale, and adjourned sine die.

An Indian Council.

The Secretary of the Interior, Commissioner Parker, Gen. Smith, and Messrs. Colyer and Brunot met Red Cloud and the other Indian delegates to-day in grand council. The Indians were rigged out in their full finery and seemed to be impressed with the importance of the council.

Secretary Cox made a long address to the Indians in behalf of the President, assuring them that if they would go to their reservations and keep the peace, all the rations and goods promised would be sent by the Government, and an agent sent to them to see that they got everything. In regard to giving them arms and ammunition, the Secretary said that they would not be given to them at present, but, after they have kept themselves peaceably on the reservations for a time, these would be furnished.

Red Cloud replied, saying the white people had constantly crowded the red men; that the Great Father may be good and kind, but he did not see it; that the people of the Great Father had left them nothing but an island.

He said blood was on the grass about the line of Fort Fetterman. Tell the Great Father to remove that fort, then we will be peaceable and there will be no more trouble. He wants no roads on the Black Hills, or on the Big Horn Mountains, and wanted the stakes now there removed. He demanded ammunition, asking if this great nation was afraid of him? He only wanted it to kill game. He supposed he must go to farming, but don't want to just yet.

His remarks elicited commendatory grants from the Indians present. Little Bear followed, complaining of bad treatment. Secretary Cox promised their complaints should be attended to by the Great Father.

IMMIGRATION.—A couple of gentlemen from Illinois passed through town on Saturday last on their way to Rockwood, with the view of settling. They state that they are the advance guard of some seventy families, from Illinois and the New England States, who will reach here about the 18th or 20th inst., all of whom have purchased small farms in the neighborhood of Rockwood and Post Oak Springs, in this county. The two gentlemen referred to expressed themselves as highly pleased with the country and climate.—East Tennessean.

Dr. M. Lytle's Elixer! FOR THE CURE OF

Diarrhea, Dysentery, Bloody Flux, CHOLERA MORBUS, PAINFUL PURGING, SUMMER COMPLAINT, CRAMP AND COLIC.

The want of a medicine of this character has long been felt by the community, and has induced the proprietors, by over thirty years' trial in private, to introduce it for the benefit of the public as a staple family medicine. It does not act as an astringent alone, but by reducing the acidity of the secreting membrane of the bowels, reduces the inflammation, hence performs a thorough cure.

The proprietors take the liberty of stating to the public, that no more perfect receipt (which is guaranteed for the cure of the above-mentioned diseases) exists in the world, being entirely vegetable and containing no sugar or lead or other noxious drug or mineral. And they would further say that the preparation has met the hearty approval of numerous physicians who have used it.

DIRECTIONS: To adults, a tablespoonful after each passage, or four times a day; To children under ten, a half-tablespoonful as required. To children under five a teaspoonful. To children under two or three, a half-teaspoonful, as required, and by carefully administering as directed it will never fail.

Hart's Magnolian Cough Drops PRICE PER BOTTLE 25 CENTS.

This medicine can confidently be recommended for all diseases of the Throat, Bronchitis, Trachea and Lungs. It is invaluable as a remedy for Coughs, Colds, Loss of Voice, Sore Throat, Influenza, Diphtheria, Bronchitis, Hoarseness, Croup, Whooping Cough, Asthma and Spitting of Blood. It does not produce cure consumption, but from the largely demulcent and balsamic character of the ingredients of which it is composed, it is claimed that it will do all for this dire disease that any Cough Medicine can do.

This medicine contains NO OPIUM, or other ingredient of a deleterious character, and may be given with the utmost confidence and safety in every stage of the disease and to patients of every age. Dose from ten drops to a teaspoonful, according to the age of the patient, and repeated in every instance as the urgency of the case requires, in one, two, three or four hours.

Damon's Stock Powders. THESE POWDERS ARE PREPARED FROM

Medicines which possess Laxative, Tonic and Purifying properties, and when administered to Horses produce the most beneficial results. As a laxative, they expel from the stomach and intestines all foreign substances. As a tonic they increase the tone and strength of the system; and as a purifier they cleanse the blood and lay the foundation for a strong and healthy circulation. They are a preventive of Lung Fever, and an excellent remedy for all the diseases to which this noble animal is subject. Their use strengthens the lungs and gives a smooth and glossy appearance to the skin, and by increasing the appetite, give vigor and strength to the whole system.

Price, 25 cents per Box. DIRECTIONS FOR USE.

For Lung Fever, or any symptoms of the disease, give a tablespoonful three times a day. For Hiccups, Heaves, Distemper, Founder, Coughs, and other complaints to which the Horse is subject, give a tablespoonful three times a day until a cure is effected, which is generally produced in a few days.

These powders, if used two or three times a week, during the spring and winter months, will prevent your horse from being attacked by these dangerous diseases and greatly increase their usefulness.

DAMON'S STOCK POWDERS FOR MILCH COWS. These Powders are valuable in increasing the quantity of Milk in the Cow, and should be used by every farmer. It increases the appetite and fattens and strengthens the animal, and while increasing the quantity of the milk, makes the butter firm and sweet.
