

THE FALL CAMPAIGN. THE KNOXVILLE CHRONICLE, (DAILY AND WEEKLY.) The only Daily Republican Newspaper in the State.

The fall campaign is now fairly opened, and in the future as in the past, we intend to make the KNOXVILLE CHRONICLE a live newspaper. Our columns will contain matter suited to the taste of the politician and the general reader.

THE DAILY will always contain the latest telegraphic news, with matters of local and general interest. THE WEEKLY CHRONICLE is a large eight page paper, printed on new and clear type, and contains the choicest selections from the Daily edition, and is especially adapted to the family circle. It is furnished at \$2 per annum, and contains double the amount of reading found in many papers at the same price.

CAMPAIGN RATES.

We will furnish the CHRONICLE to campaign subscribers from now until the November election, at the following rates:

Table with 2 columns: Subscription type and Price. Includes Daily, Single subscribers, Clubs of Five and upwards, Weekly, Single subscribers, Clubs of Five and upwards.

These terms will enable our friends who know of districts and counties where the CHRONICLE does not circulate as fully as it should, to send five or ten copies for gratuitous circulation at a small expense to them.

We call upon our friends everywhere, and especially throughout East Tennessee, to aid in extending our circulation. Our subscription list is increasing rapidly, and we ask that the efforts of those who appreciate our efforts to furnish a good paper will continue.

WILLIAM REE, A. J. RICKS, KNOXVILLE, TENN.

THE GERMANS AND PRESIDENT GRANT.

The Germans of Washington a few days ago dedicated an equestrian statue to President Grant and one to Baron Steuben. We find the following account of ceremonies in the Cincinnati Gazette:

STATUE OF PRESIDENT GRANT UNVEILED. To-day the Washington Schuetzen Verein, the Columbia (Tenn.) Verein, the Swiss Association, and the German Benevolent Society, proceeded to their park and inaugurated the festivities. In the afternoon the President and the members of the Cabinet visited the grounds by invitation, and soon thereafter the unveiling of the equestrian statue of President Grant took place.

THE STEUBEN MONUMENT DEDICATED. The procession was re-formed and proceeded to the front of the Mansion in the Schuetzen Park, where the Steuben monument was dedicated. It consists of a marble pedestal surmounted with a bust of Baron Steuben.

Political Affairs in Washington County.

JONESBORO, Oct. 8, 1870. EDITORS CHRONICLE: I write for the purpose of giving you a short statement of the trials and troubles of our Conservative-Democratic friends in this, the first Senatorial District.

The Convention adjourned to meet Saturday, Oct. 8, (to-day) and in pursuance of said adjournment. A few of the simon-pure, Conservative-Democratic friends met in council this morning at the same place, and after a long contest between the friends of the two gentlemen above named, and their inability to agree, they finally both withdrew their names and agreed that a new man might be selected.

We calculate on carrying the district by a very handsome majority. Sevier having been a very strong Union man during the late war, and having left East Tennessee in 1863, and gone to Cincinnati, Ohio, will be a very powerful argument with the late rebels against him. Upper East Tennessee is all right, and will report a rousing Republican majority on the 8th day of November.

The French Government Without News of Favorable Results.

WASHINGTON, Oct. 12.—It is stated that the Prussian Government has addressed an earnest remonstrance to the United States against the shipment of arms to France.

Fighting is hourly expected near Orleans. The Tours Government has no news of favorable results.

Tours, Oct. 12.—The Minister of War officially publishes the following from Orleans late last night:

On the Seine the battle to-day was so near the city that shells fell in the outskirts. The Prussian troops from Tours have formed a junction with the 15th army corps near Astenay. Severe fighting was renewed before St. Quentin.

Garibaldi, on account of delicate health, will rest before action.

Very pretty ladies' watches are now made of glass both sides, so that the works can be seen, with small rim of silver and fastened to the belt by a small silver chain.

PLATFORM OF PRINCIPLES.

The Republicans of Tennessee, in Convention assembled, have met to counsel as to the best interests of our State, and in a spirit of mutual forbearance, do declare the principles and measures which we deem necessary to a safe, wise and politic administration of the affairs of the State.

Resolved, The Union of the States, making them a Nation, was intended to be, and shall be, perpetual; and the Republican party (having already maintained it against armed rebellion and attempted revolution) hereby pledges its maintenance against the heresy of State Sovereignty and Secession, taught and practiced by our Democratic opponents, the former of which was reasserted, and the latter not disavowed, in the platform of the recent Democratic State Convention.

Resolved, The Administration of President Grant, and the policy of the Republican Congress, in increasing the revenues, by a faithful and impartial collection, while at the same time reducing the rates and objects of taxation; diminishing expenditures and thereby improving the public credit; assimilating the national currency to the coin standard, and largely decreasing the public debt; in securing to all citizens their just rights and equality before the law; in restoring civil government and unexampled prosperity to the States torn and desolated by rebellion and civil war; by an honest and wise enforcement of the laws; by maintaining rigidly the demands of international law, so as to secure the respect and good will of all foreign nations, yet sympathizing with all peoples struggling for free government, and the untrammelled exercise of all their civil and political rights, is unworthy to be recognized as valid by the Government of the United States.

Resolved, That the honor and credit of the United States, and of the State of Tennessee must and shall be faithfully upheld in the payment of every dollar of the State and National indebtedness, and that we view with abhorrence every proposition, directly or indirectly, to repudiate any portion of the just obligations of the State or Nation.

Resolved, That knowledge, learning and virtue being essential to the preservation of Republican institutions, and the diffusion of the opportunities and advantages of education throughout the different portions of the State being highly conducive to the promotion of this end; it should be the duty of the General Assembly in all future periods of this Government to cherish literature and science. That it is the duty of the State to see that facilities for education are provided for the children of the poor, as well as for the rich, and that a well regulated system of common schools is essential to the welfare and prosperity of the State.

Resolved, While we deplore the evil of the unprovoked and causeless war now ravaging some of the fairest portions of Europe, we congratulate the educated and intelligent people of Germany and the friends of civilization and progress upon the results, alike honorable to the former, and encouraging to the latter.

Resolved, Immigration having been a great source of prosperity to those parts of the country which have received it, and the administration of our State should combine to invite settlers from every part of our country and from foreign lands to participate with us in the great natural advantages possessed by our State.

Resolved, That we utterly disapprove of the course of the present Legislature in repealing the liberal common school system adopted by the Republican party; in depreciating the credit of the State by failing to provide for the payment of the interest on her public debt, thereby adding annually and largely thereto; in repealing all Republican legislation in behalf of the laboring classes, including the law exempting a given amount of wages from garnishment; in their hostility to immigration; in repeal of laws for the protection of the colored man, and in refusing in bad faith to ratify the 15th Amendment to the Constitution of the United States; and we appeal to the people of the State to elect a Legislature that will remedy these evils and legislate in the interest of humanity and justice.

Resolved, That we oppose as unwarranted and an unwarranted restriction of the elective franchise—the law requiring every voter to vote in his civil district—and we demand its prompt and unconditional repeal.

Resolved, That the 14th and 15th amendments to the Constitution of the United States being a part and parcel of that instrument, the law passed by Congress to enforce the provisions thereof should be executed, and we call upon the Administration for a rigid and faithful execution of the same.

Resolved, That it is the opinion of this Convention that the Congress of the United States should grant material aid to what is known as the Southern Pacific Railroad.

Resolved, That the National Republican Party of the United States is the great party of progress in this country, and ignoring all past political differences, we hereby cordially invite all good citizens, whatever they may have been or may be, to unite with us upon the broad and liberal platform of that party.

Just before the adjournment of the Convention, the following resolution was offered and adopted: Resolved, That a committee of three, one from each of the grand divisions of the State, be appointed by the chair to receive subscriptions, and to establish and conduct a newspaper in the city of Nashville as the organ of the Republican party of the State of Tennessee.

REPUBLICAN STATE CENTRAL COMMITTEE.

EAST TENNESSEE. Hon. George Andrews, Hon. A. M. Cafe, George W. Ross, James A. Galland and W. F. Yardley.

MIDDLE TENNESSEE. Hon. Homer H. Harrison, Col. Thomas Waters, Gen. T. J. Harrison, Capt. John Ruhm and Moses R. Johnson.

WEST TENNESSEE. Col. L. B. Eaton, Hon. W. W. Murray, W. T. Kennedy, J. J. Whitfield and Isaac C. Heavis.

Blooded Association. Now that the public mind is somewhat aroused upon the subject of improving and developing the agricultural and stock interest of this section of the State, would it not be a capital idea to organize, at once, a "Blooded Association?" Having an eye to this vital matter, I took the precaution, when the bill incorporating the Eastern Division Fair was adopted, or getting another passed incorporating the Association referred to.

In a few days, a copy of that bill will be forwarded to you, and then the matter will be open to active operations. Quite a number of public-spirited gentlemen have assured me that they would take stock to the amount of hundreds of dollars.

We must redeem East Tennessee. We can do it! Pluck and energy is all that is lacking. That we have, if we only knew it. There is a grand future before us. Let us go forward and grasp it. C. W. CHARLTON, Secretary.

General La Marmora in Rome. FLORENCE, Oct. 12.—Lieut. Gen. La Marmora entered Rome yesterday and was received by the people with hearty demonstrations of welcome.

Business Announcement.

I have this day disposed of my interest in the CHRONICLE office to A. J. Ricks, who has been editorially connected with the paper since the first number was issued. This change has been made because my official and business relations demand my entire time. The transfer is a business transaction, made under circumstances satisfactory to all concerned.

The outstanding accounts and liabilities of the office will be settled by the new firm. In severing my connection with the CHRONICLE, I ask for the continued support of all its patrons, and particularly of those who have been interested in its success because of personal regard for me. H. C. TAYLOR, KNOXVILLE, TENN., Oct. 10th, 1870.

The publication of the CHRONICLE will be continued by the undersigned, under the firm name and style of Reel & Ricks.

The editorial department will be conducted in the future, as it has been heretofore, by the new proprietors. The change in the business department will, therefore, make no change in the control or management of the paper. WILLIAM REE, A. J. RICKS.

The London Standard claims that the Prussians exaggerate the number really captured. Florence engineers say that Rome cannot be placed in order for the Italian capital for two years. The Government will probably remain Florence.

Prussia is negotiating for a union of the German States under Frederick, in place of the Federation.

The North German Parliament is to reconvene to provide means for carrying on the war. The elections for the new Parliament are to come off on the 19th inst., and the elections for the German District are to come off eight days later.
