

Late News From New York.

EDITORS CHRONICLE: I have an item so good that it must not be lost to the public. As King Harris says: "Democrats, your attention!"

On last Friday night a merchant who stopped at Sweet Water—and lives there, or in the neighborhood—while in the smoking car, just as we left Jonesborough, stated to a gentleman sitting on the same seat I was occupying, that it was all up with Greeley in the Northern States.

I am led to presume that the publication of the Times means even more than the words and figures of its articles on this subject. That movement of the merchants, bankers, and leading business men must truly be a great one, if thus early the rebel Democrats of the South, at least of Sweetwater, appeal from New York to Baltimore.

Will not that be a gloomy place for Democratic merchants to go? Was it not there—even in Baltimore—that Democrats took the oath of allegiance to Horace Greeley? Was it not there that the great (?) Democratic party died and went to—

But, is not such proscription, for mere political opinion sake, wrong and undemocratic? If such action be carried out, will not the Southern Greeleyite Democrats who have subscribed for "Whitehall" Greeley's Tribune order its discontinuance?—especially, if the stockholders elect Schuyler Colfax or some other good and great journalist to the Managing Editor's chair?

This Southern merchant's movement must be put a stop to. Ask the "big organ" to puff a note of wind against it. Let it be quick and use its largest bellows, otherwise "hell may be afloat and the river commence rising."

The Germans and Washburne. Minister E. B. Washburne, the old "Watch Dog of the Treasury," and Gen. Grant's original friend, who in the earlier years of the war adhered to him closely, is now on a visit to New York.

The representatives of two German-American associations to-day presented Hon. Ellhu Washburne an address expressive of the grateful recognition of his kindness towards the German residents of Paris during the horrors of the siege, in not only carrying out the literal instructions of his government, but in voluntary sacrifice of his own personal comforts and giving cheerfully from his own stores to needy and starving Germans.

Minister Washburne in reply says the credit for his acts is due to the administration of President Grant, under whose specific direction he complied with the request of the German government to assume the protection of Germans in France. He felt that he correctly interpreted the feelings of the government and people of the United States when he followed inclinations of his own heart in doing what he did.

But the law even if technically within the limits of the constitution was so outrageous upon its face that Gov. Brown should have promptly vetoed it. But instead of doing that, he chose to join in the crusade and became a party to a gigantic wrong. We are glad the Supreme Court has upheld justice and for the sake of all libelers hereafter, has left them just where cool heads and justice placed them long since.

POLITICS IN THE PENITENTIARY Brown Pardons Convicts Because they were Rebel Soldiers.

EDITORS CHRONICLE: The following facts have recently come to our knowledge, and we publish them to show the Union people of the nation what sort of government we have here in Tennessee:

Last winter, while the Legislature was in session, one of the members was talking to a convict in the penitentiary, and he asked him if he had ever been in the rebel army. The convict said he had. The legislator told him if he would get a certificate from some of his company officers, that he had been a confederate soldier, he would have him pardoned out. The convict wrote and got the certificate, and in three days from the receipt of said certificate he was pardoned by Gov. Brown.

No wonder the kuklux of Middle and West Tennessee bid defiance to the law. Let it be known that rebel Governor in Tennessee pardons penitentiary convicts because they served in the rebel army.

THE HORSE EPIDEMIC.—Eighteen thousand sick horses in New York—8,000 in Brooklyn—3,000 in Jersey City—boats and produce upon the canals at a stand-still—men carting merchandise through our cities—street railroads and omnibuses unable to move—the Government stopping the importation of horses from Canada—are a part of the evidences of the terror and loss already occasioned by this terrible disease, and its ravages seem to have just commenced.—N. Y. Times.

THE WAY TO RUIN.

The people of Tennessee begin to see the baneful effects of proscriptive legislation. If we were to examine the proceedings of the last Legislature, we would find that four-fifths of its time was spent in legislating for party purposes.

We needed better roads, free schools, immigration and a better system of internal taxation and legislation to encourage our industrial establishments. With these subjects, well worthy of careful study and attention, before them, did our legislators work for the public good? Look over their legislation and see.

Business men and farmers, workingmen and professional men, do you not all feel that as a State we are standing still if not going backward? Do you not feel the need of some of those strong arms and hopeful hearts that are going in a constant stream towards the setting sun building up the mighty West by magic?

Your committee spent a vast amount of labor, so forming the various districts as to do the radicals all the harm, and the Democrats all the good we could. I hope, therefore, no change will be made in the bill.

THE decision of the Supreme Court in the Baxter libel suits is a triumph of justice in which the people are deeply interested. We lose sight entirely of the parties and refer to the principle sought to be established by the act of the Legislature now decided to be unconstitutional.

THE FORECAST FOR TUESDAY. Wilson Tells What States Grant Will Carry.

The Washington correspondent of the Baltimore Sun telegraphs as follows: Senator Wilson, the Republican candidate for Vice President, passed through Washington this morning on his way to Staunton, Va., where he is to make a speech to-morrow before a Republican mass meeting.

The Washington correspondent of the Cincinnati Gazette says: The Baltimore American says if the ratio of Republican gains that has been obtained in Maryland, since October 9th, keeps up for another week, they will carry the State.

The Anderson (Ind.) Standard hauled down the Greeley flag the other day, and said: "The truth is, the whole Greeley matter is a fraud. He has not the first elements of Democracy. It will cure Democrats forever from trying the policy name. Republicans succeeded by drawing such men as Butler, Logan and Morton from the Democrats. Democrats this year aped them, but the thing has failed. If we have principles we should never surrender them, let defeat come as it may."

Drugs and Medicines

THE ROMANCE OF CURE.

The many evidences of extraordinary cures that are daily reported as effected through

DR. RADWAY'S Sarsaparillian Resolvent.

Ready Relief, and Perfect Purgative. Pills in written testimonials from all parts of the world, surpass in wonder the most extravagant miracles of enchantment. Physicians and medical men in all countries pronounce these wonderful remedies a mystery, that neither their scientific chemical skill can explain.

Such wonders of Modern Chemistry as the Sarsaparillian Resolvent, READY RELIEF & RADWAY'S PILLS, are without parallel in the history of medicine, for there are some infirmities and diseases that are considered as incurable, and sure death. Let the most astounding cures have been made through these remedies of some diseases that have never been known to be cured by medicine.

Dr. Radway & Co. have never claimed one-hundredth part of the curative virtues of their remedies as is ascribed to them by the people who have used them. For fear in mind, only such diseases and complaints as Dr. Radway, after successful treatment with their remedies knew they would cure, were enumerated in their curative list, so that many of the extraordinary cases that have been reported awakened as much astonishment in the discovery of their remedy, as in those who had been rescued from death, and made whole and sound.

As many persons derided their extraordinary power, from the fact of their disappointment in the use of other advertised remedies—and some believed it impossible for simple medicines made only from vegetable substances—roots, herbs, &c.—to possess so marvelous power. Yet they can readily comprehend that the simple process of distillation designed by nature in the cow and churn, furnishes us with butter, certainly the most abundant fat, calorie or heat-making—bone, tissue, muscle, sinew and blood-making constituents for the human body.

But when those people who first doubt the efficacy of these remedies commence their use, they become their most earnest advocates.

OVARIAN TUMOR CURED. Never has a medicine taken internally been known to have cured tumors either of the womb, uteri, ovaries, or bowels; the knife has been the sole reliance in the hands of experienced surgeons; but Dr. Radway's Sarsaparillian settles this question.

AN IMPORTANT LETTER from a prominent gentleman and resident of Cincinnati, Ohio, for the past forty years well known to the newspaper publishers throughout the United States:

DR. RADWAY.—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of your medicine on myself. For nearly twenty years I had been afflicted with some trouble in the bladder and urinary organs, which some twelve months ago physicians in a terribly afflicting disease, which the physician all said was a spasmodic stricture, in the urethra, as also inflammation of the kidneys, bladder, and gave it as their opinion that my age—73 years—would prevent my ever getting radically cured.

I had a number of physicians, and had taken a large quantity of medicine, both allopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Philadelphia Evening Post of a cure having been effected on a person who had long been suffering as I had been. I went right off and got some of each—your Sarsaparillian Resolvent, Ready Relief and Regulator. Pills, but commenced taking them. In three days I was greatly relieved, and now feel as well as ever.

C. W. JAMES, Cincinnati, Ohio.
