Let them compare its rates with the fees exacted in the past, and see whether or not our charges of illegal fees are true or false. This fee bill was prepared last June, a copy sent to the St. Cloud office with orders to post up, which was not done. Upon icquiry made by Commissioner Drummond the officers stated that one was posted up in the old office in Kindler's Block but offered as an excuse for its absence in the new office, their recent removal thereto. They moved into the new office in January, and it would seem to a person unacquainted with the very laborious duties of the officers that three months was more than sufficient time in which to stick up a hand bill. And we defy them to prove outside of the Ring, that it was ever kept posted in the old office. Col.
