The Elections.

NEW YORK.
The elections in New York have not been so peaceable and fair for many years as they were on Tuesday last. In all but four Assembly districts of the city either the Republican or Reform candidates are elected. Sigel's majority for Register is 25,000. Barrett, for the Supreme Court, beats Ledwith, the Tammany nominee, by a heavy majority. Tweed is the only candidate for the Senate elected. Eighteen Republican candidates from the city are elected again. Three Tammany candidates and the entire county ticket of the committee of seventy is elected, and all the Reform candidates for Alderman. The vote fell behind the registry in many districts. In the State probably twenty-two Republican Senators against ten Democrats are elected. The Assembly will be largely Republican.

The Times says the people have nobly responded to the appeals made to them. We have gained a greater victory than we dared to hope. Once more can we be proud of our city and State, and rest in perfect security that the long reign of the rascals and outlaws is over.

The World says: The returns from the State indicate the election of the Republican ticket by at least 20,000 majority. As it never rains, but it pours, the majority may be even more than this. We have lost the State Legislature, and the Republicans will not fall far short of a two-thirds vote in either house.

The Star, Tweed's paper, says:— "We have met the enemy, and candor compels us to announce that we are very decidedly theirs. There is no good in blinding the facts. The Tammany tickets are defeated."

The Brooklyn Union of the 8th concludes that the city has gone Democratic, but stoutly maintains that it has been carried by dishonesty. Dowell, Democrat, was elected Mayor by 13,000 over Booth, and 10,000 over both Booth and Kalbfleisch. The State Democratic ticket in Brooklyn was carried by 10,000 majority.

Tammany Hall was not opened last night. Isaiah Rinders addressed a small street assemblage from the steps, praising the Reformers and stating that Tammany was not the Democratic party.

A few additional returns from the interior of the State increase the Republican majority, and show an increased return of Republicans to the Assembly.

All the fifteen anti-Tammany aldermen were elected in the city, and fifteen anti-Tammany and six Tammany assistant aldermen were elected.

Tweed's exact majority is 12,984—a loss of 10,000.

The Assembly will stand 71 Republicans and 57 Democrats.

As stated, the vote cast in the Twelfth Ward exceeds the total male residents.

On the State ticket the Republicans gain one Senator and two Assemblymen.

Curtis and Sedgwick, Democratic Reform and Republican, are chosen to the Supreme Court over Jones and Spencer by 22,000.

Spaulding, Republican, is elected to the Marine Court by 21,000.

Barrett's majority over Ledwith is nearly 44,000.

In Brooklyn Powell's majority is 4,369 over Booth, while the latter beat Kalbfleisch 6,128.

MINNESOTA.
Dispatches from Minnesota, under date of the 8th are as follows:

The returns from the most of the points reached by the telegraph, and indicate the election of the Republican State ticket from 8,000 to 10,000. Governor Austin runs some behind his ticket, as does also Jennison, for Secretary of State, owing to a diversion of the Scandinavian vote for Falk—St. Paul and Ramsey counties give Young, Democrat, for Governor, but thirty-two majority, while Hood, Democrat, for Lieutenant Governor, has a majority over Yale of 512, and Falk, Democrat, for Secretary of State, has

a majority of 5,992 over Jennison.—The Republicans elect, as far as heard from; the Senator in the Twenty-third District by 225 majority, and Nichols, for Senator, in the Twenty-fourth District, by 45, and Danborn, Firkay and Smith, for Representatives, by a majority of from 100 to 400. The Democrats elect, Rice and Burbank, for Representatives, by a majority of 45 and 99. The latter was also running on the Republican ticket. The Democrats elect, the rest of the party ticket, with the exception of the County Attorney, W. W. Erwin, Republican, being elected by 358 majority. The Pioneer concedes the election of Austin for Governor. The Press comments significantly on the fact that at the last election the Democratic majority against Austin was 2,027, while this year it is but 32.

ARKANSAS.

Advices from Little Rock to the 8th, state that official returns from all the wards elect the entire Brooks tickets, headed by Gen. Caterson for Mayor, by an average majority of two to one. Gen. Caterson is the lately suspended United States Marshal, and represented the Republican opposition to Senator Clayton. His election is regarded as a rebuke to the President for the removal of Caterson, the late Marshal, Whipple, late United States District Attorney, Brooks and Patton, late Assessor and Collector of Internal Revenue, and Hodges as Postmaster in the city. The rejoicing among the opponents of the State and National Administration is very great.

The Gazette (Democratic) says the result will give general satisfaction.—A good Council has been elected. The new Mayor will honestly discharge the duties of his office.

The proposition to subscribe \$100,000 to the Central Railroad was defeated by a vote of 331 to 608.

NEW JERSEY.

A dispatch from New York of the 8th says that it is generally conceded that the New Jersey Legislature will be Republican. Parker, Democrat, for Governor, is really elected by 3,000 or 4,000 majority. The General Committee of New Jersey concedes that the State has gone Democratic by 4,000 majority, but the Legislature is Republican.

Information from Newark of the same date says the latest returns from all parts of New Jersey indicate that Parker, Democrat, is elected Governor by about 4,500 majority, being about the same as Governor Randolph had three years ago.

The Legislature is Republican in both branches. The Senate has 12 Republicans and 9 Democrats; the Assembly 38 Republicans and 22 Democrats; Republican Majority on joint ballot 19, being a Republican gain of four members.

Newark city gave Parker 826 majority, being a Democratic majority of about 1,600 over the charter election last month.

State returns at a later hour in the day indicate a majority of about 5,000 for Parker. In the Legislature the Republicans have thirty-seven Assemblymen and the Democrats twenty-nine. The Senate stands twelve Republicans to nine Democrats. Complete returns may vary these figures a trifle.

ILLINOIS.

A dispatch from Chicago of the 8th gives the following: The entire official vote of the city has not yet been obtained, but Mr. Medill's majority for Mayor is about 11,250. Mr. Gage's for Treasurer, is a little larger than this, while the balance of the ticket is a little less. The total vote will be near 24,000.

Beveridge, Republican candidate for Congressman at large, has about 5,000 in the city and county. He is elected by probably 30,000 in the State.

Of the twenty aldermen elected in the city fifteen are fire-proof and five bummers.

VIRGINIA.

A Richmond special says Virginia has gone about 20,000 Conservative majority, with two-thirds of the Legislature.

The election returns indicate that the House of Delegates will be of about the same political complexion as the last, which was two-thirds Conservative. The Republicans have probably gained one or two Senators.

MARYLAND.

A dispatch from Baltimore says the Democratic majority on the State ticket will be about 12,000.

KANSAS.

An Atchison dispatch says the entire Republican ticket was elected by majorities ranging from 65 to 500. In Doniphan, Nemah and Marshall counties the Republicans elected their officers.

ALABAMA.

Fannell F. Rice, a leading Republican of Alabama, is defeated for the Legislature by Knox, by over 3,000 majority.

On a Dais.

We are creeping along toward it.—At the Bangor banquet the President dined at a separate table, sat upon an elevated dais and beneath a canopy.—Haud-kissing will soon be in order.—Exchange.

And why not? He is invested with all the powers of an absolute monarch, and why not pay the homage due to royalty? He can suspend the writ of habeas corpus at pleasure, can arrest and imprison, condemn and hang any of his subjects without trial by jury, can proclaim martial law at his pleasure and discretion and deprive the people of all the privileges and immunities of citizens with or without cause, as suits his royal will. Who has a better right to sit upon a dais and imitate the practices of royalty?—Detroit Union.
