M. Klock expects to open his wholesale and retail liquor store, on Water street, this week. The readers of the organ can find "sense and nonsense." Sense on the outside, and nonsense inside.

Bring in your election tickets and election slips at the earliest possible moment. First come, first served. Jos. Myers & Co. have opened a new meat market in the brick store next to Owen's furniture rooms, on Dock street.

During the past week a number of the camps have broken up, and many more will follow in the same way this week. Folkerts & Butterfield have ceased lumber operations at their camps, having put in about 9,000,000 feet of logs.

Not much ice in the bay, and it would require but a few days of warm weather to enable a boat to reach the docks. Take away the patent outside of the organ grinder and what remains? It is not Corinthian but it commences the same.

The mail boats this season will be the Dunlap and Dove, same as last year, and Capt. A. G. Ripley is to command the Dunlap. C. Alpen has made an assignment, and his goods are now being sold at assignee's sale by W. H. Johnson, to clear out the stock.

On Wednesday evening of next week there will be a social hop at Alpine Hall, the proceeds being for the benefit of Orin W. Kincade. As yet nothing has been heard of the fate of young Patrick McDade, who disappeared so mysteriously some three weeks since. David Crippen is making rapid advances in the direction of...

A. Harshaw, and Folkerts & Butterfield are preparing for the erection of a two-story brick block, on the lots adjoining Field's drug store, and it is the intention now to build both stores during the coming summer.

A large party of the friends of Rev. Mr. Ruh gave him a very pleasant surprise last evening, and the result was that the reverend gentleman was the recipient of many valuable articles, which were thankfully received.

The bill establishing a new circuit for the counties of Presque Isle, Alpena, Alcona, and Iosco, has passed the Legislature and now requires the Governor's signature to give it effect. The Judge for this circuit is to be elected next Monday.

According to the organ, the Angus is a step-son of the Free Press. Considering that the Free Press is the best newspaper in this State and has a national reputation second to no other in the Union, we consider the compliment a flattering one.

The fact that the Mayor was in a great hurry to get away from the Council room on Monday night before a quorum of the Aldermen had arrived, made it appear to some that his Honor was particularly anxious that the Council should not meet.

The different Boards of Registration will be in session on Thursday, Friday and Saturday of this week. Look well to the matter, and see that your name is registered in the Ward in which you reside, in order to entitle you to a vote at the election on Monday.

Although the time has been very short since the burning of David Crippen's foundry and machine shop, that gentleman has already progressed so far toward the completion of a new building that a part of the machinery was in running order yesterday, and Mr. Crippen is again ready for business.

The Ladies Literary Society will give dramatic entertainments at Alpine Hall, sometime during the second week in April, when they propose presenting some entertaining and amusing performances. The fun-loving public are invited to attend, and—

"Be to our virtues very kind, And to our faults a little blind."

Notice is hereby given that there will be a city Democratic Convention at the Court Room on Thursday, March 20th, at 7:30 P. M., for the purpose of putting in nomination candidates for city officers for the spring election.

ANDREW W. COMSTOCK, Chairman Democratic City Com.

The organ, which should have appeared last Friday, reached us Monday, and we must say we were highly pleased with the flattering notice it gave us. The language used was so gentlemanly and courteous that it seemed to us a doubtful case as to whether it emanated from the pen of the editor of the Bay City Growler, or that of the defunct Bartram's Check.

There seems to be some difference in opinion as to who owns the point of land on Second at the foot of Lockwood street. For some years the property has been fenced in and occupied by J. C. Chisholm, and he is now erecting a building thereon; but the city of Alpena claims the title thereto, and the result will undoubtedly be that the matter will be left to a jury for decision.

The organ and some of the party leaders appear to be somewhat uneasy regarding our account of the proceedings of the convention that nominated the Mayor of this city as one of the Regents of the University. It seems to cut so close that they are in "hot water" all the time. How thankful the organ ought to be that its dictator didn't live long enough in Detroit to spoil him.

Let every voter bear in mind that at the election next Monday, let the grander ticket with city...

or township officers, there will also be a State ticket with the candidates for Justice of the Supreme Court, two Regents of the University and a Circuit Judge, which they will be entitled to vote, and we hope that every Democrat will be very careful that he neglects not to vote both the tickets to which he is entitled.

At the Democratic and Independent caucus for the township of Alpena, last Saturday, the following candidates were put in nomination: For Supervisor, Alex. Morris; Clerk, C. Wessel; Treasurer, H. L. Oppenburn; Highway Commissioner, Geo. Green; Drain Commissioner, Geo. Kelley; Superintendent of Schools, H. C. Myers; School Inspector, Walter Garvan; Justice of the Peace, Jas. Glenn; Constables, Mathew Trotter, Benjamin King, Henry Vroman, John Haunmann.

The editor of the Alpena Argus proposing to indulge in a "square meal" calls for "two hundred bushels of potatoes, to apply on subscription."—Saginawan.

No, Fred. The fact is, we expect you will visit Alpena this spring, and we were calculating on inviting you home with us to dinner.—Alpena Argus.

All right; we accept the apology; but perhaps with that understanding you'd better just call it a lunch.—Saginawan.

Just as you like, Fred. But in such a case we shall be compelled to ask our friends to send us in four hundred bushels more of potatoes.

Red Ribbons.

The call for a Red Ribbon meeting on Monday night last, met with a hearty response, and the Court Room was filled to overflowing, making a success in every particular. F. S. Goodrich was chosen Chairman, and W. J. Edwards Secretary. The gathering was addressed by many of our citizens, in the interests of temperance, and the number of signers to the pledge during the evening was 191. A committee on a permanent organization, consisting of J. D. Holmes, W. H. Potter, F. D. Spratt, Dr. Seaman, and James Trodden, was appointed, which will report at the next meeting, at the Court Room on Tuesday evening, April 3d, at which time it is the intention to perfect the organization under the title of the Red Ribbon Society. We believe it is the intention of the society to procure rooms and furnish them with books, papers, etc., and also to provide means of amusement of various kinds for the benefit of those who feel inclined to make use of them, and to this end Miss Farwell has kindly offered the use of the rooms in the Hitchcock block, under the Odd Fellows' Hall, for the above purpose. The Society starts out under very flattering auspices, and promises to be a success.

City Politics.

Last evening the several Ward Democratic caucuses were held and the following candidates placed in nomination:

FIRST WARD. Supervisor—Charles W. Richardson. Alderman—Robert Rayburn. Member of Board of Education—Charles Hoerber. Constable—Robert Mooney. Delegates to City and County Convention—J. C. Chisholm, C. W. Richardson, C. Alpen, Chas. Johnson and B. F. Starbird.

SECOND WARD. Supervisor—James Reid. Alderman—James Tims. Member of Board of Education—Ira Stout. Constable—Wm. Freese. Delegates to City and County Convention—J. C. Viell, Ira Stout, A. F. Goordenn, J. R. McDonald and Jull Potvin.

THIRD WARD. Supervisor—A. Harshaw. Alderman—P. Owens. Member of Board of Education—Donald McRae. Constable—J. D. Sheahy. Delegates to City and County Convention—W. A. Henderson, D. McRae, M. N. Bedford, C. A. Jeyts and Wm. Cummings.

After the caucuses the county Convention was held at the Court Room, and five delegates, consisting of A. W. Comstock, V. C. Burnham, W. H. Johnson, Capt. A. G. Ripley and A. R. McDonald, were selected who are to attend the Judicial Convention which meets at Au Sable this evening.

The City Convention will meet at the Court Room on Thursday evening, at which time candidates for city officers will be put in nomination.

City Officers.

On Monday next the citizens of Alpena will be called upon to choose a full corps of city officers, and as each and every taxpayer has a vital interest in their selection, we sincerely hope that democracy will...

be exercised so that capable, intelligent and honest men—men who have the interests of the city at heart—may be placed in the responsible positions.

For the office of Mayor, on the Democratic side, the names of A. W. Comstock, H. R. Morse, and George W. Butterfield are mentioned. Either of these gentlemen would fill the office of Mayor with satisfaction to the citizens, with beneficial results to the city, and honor to themselves. Both the former have been tried in office and found wanting. Mr. Comstock has served one year as Mayor of this city, and even his political opponents acknowledge that he was as good a Mayor as Alpena has ever had.

For Recorder, the only name that has been mentioned is that of A. R. McDonald, the present incumbent. For the past two years Mr. McDonald has filled that office with perfect satisfaction, and it is generally conceded that no better selection could be made or a more fitting person could be found to occupy that important position. It is quite necessary that the records should be kept in a legal manner, and to that end it requires a man of legal knowledge to keep them correctly.

For Comptroller, but one name has been mentioned—that of J. D. Turnbull. Two years ago when Mr. Turnbull was nominated for that office there was considerable opposition manifested against him, but now, as far as we can learn, both Republicans and Democrats admit that he has filled that office with perfect success. He promised the citizens two years since that if they would elect him as Comptroller he would use his best endeavors to reduce the taxes and bring county orders up to par. Has he not carried out that promise? We find on examining the records that the amount of taxes raised for county purposes in 1874,—the year before Mr. Turnbull was elected,—was \$29,800. In 1875 and 1876,—the years of Mr. Turnbull's administration,—the amount raised was \$16,000,—a saving of \$13,800 in each year. Besides this, the city was assessed in 1874 for over one million dollars, or about half of the assessed valuation of the entire county. Under his management the assessment has been cut down to about \$7,000, or about one-third of the assessed valuation of the county, making our portion of the county tax much less, and at the same time bringing county orders up to par. Now, if you have a county or poor order, it is worth its face in cash, not seventy-five cents on the dollar as they were in 1874 and previous years. To the taxpayers this is a most important office, and having already a competent and tried officer,—one that has in every way proved faithful,—there is no occasion for taking any chances, and we believe that every taxpayer that consults his own interests in this matter, will give Mr. Turnbull a hearty support.

For City Treasurer, the names of Andrew Harshaw, Wm. A. Henderson and M. O'Brien are mentioned, either of whom would fill the office with honor to himself and satisfaction to the public.

For Justice of the Peace, the name of Ira Stout is favorably mentioned. Mr. Stout has discharged the duties of this office for several years satisfactorily, and would be a good man for the position.

We trust that the Democracy will nominate none but competent persons for the various positions, for it is far better for us, as a party, to be defeated with good men on the ticket, than to be victorious with poor ones. But if a good ticket is put in the field, let every Democrat see that his name is properly registered, and on Monday be sure and vote.

On motion of Alderman Rice, the report of the committee was adopted.

On motion of Alderman Rice, it was ordered that the Comptroller be given a receipt signed by the Recorder and countersigned by the Mayor for the sum of \$75,000.00, being the amount of bonds and orders turned over by the Treasurer to the Comptroller, and by the Comptroller to the Committee on Ways and Means Carried.

Moved by Alderman Sheahy, that the fire bond be cancelled, and that a committee of two be appointed to destroy said orders in presence of the Council. The motion prevailed, whereupon said bond was cancelled by the Mayor in presence of the Council and John D. Sheahy and James Tims appointed a committee to destroy the orders.

The committee destroyed the orders in presence of the Council and reported accordingly, which report was accepted and the committee discharged.

Alderman Sheahy called for the report of the Committee on Streets and Sewers on the petition of A. N. Spratt and nine others, for the opening of that part of Lockwood street lying between Second street and Washington avenue.

Moved by Alderman Rice to adjourn. Ayes—Rice and Richardson. Nays—Healy, Sheahy and Tims. Lost.

Moved by Alderman Sheahy, that a recess of ten minutes be declared to enable the Committee on Streets and Sewers to prepare their report. Ayes—Healy, Sheahy and Tims. Nays—Rice and Richardson. Carried.

Recess declared accordingly.

After recess of ten minutes Council called to order by the Mayor.

The Committee on Streets and Sewers presented the following report:

Your committee to whom was referred the petition for opening Lockwood street to Washington avenue, respectfully report that they find said street opening unnecessary; that if the fankon opened between Washington avenue and Second street were removed, the city would have all the land necessary for convenient use of the city for highway purposes. We, therefore, recommend that Mrs. Chisholm be asked to quitclaim her title to the land outside of her enclosure, where said tank now stands, and that said tank be removed.

JOHN D. SHEAHY, JAMES TIMS, Committee on Streets and Sewers.

Moved by Alderman Sheahy, that the report of the committee be accepted.

Pending discussion on last motion, it was moved by Alderman Rice to adjourn, which motion did not prevail by the following vote: Ayes—Richardson and Rice. Nays—Healy, Sheahy and Tims.

The question being on Alderman Sheahy's motion for the acceptance of the committee's report, it was carried by the following vote: Ayes—Healy, Sheahy and Tims. No—Alderman Rice and Richardson.

On motion of Alderman Tims, the Council adjourned.

A. R. McDONALD, Recorder.

Extremes of Heat and Cold.

In a climate subject to the sudden and severe changes so frequent in ours, it is no wonder that multitudes in every community are afflicted with Catarrh, Bronchitis, Rheumatism, Neuralgia, and other such chronic ailments. But if all who are thus suffering were acquainted with a reliable remedy for such diseases, our valuable and uncertain climate would lose half its terrors for those inheriting delicate constitutions, or enervated by disease. Such a remedy has been discovered in the Seven Seeds or Golden Wonder, which has been used with singular success by thousands of sufferers from diseases produced by exposure, and sudden changes in the atmosphere, and all others that can be induced to try it, will assuredly experience the same benefit. This purely vegetable preparation is a certain cure for pains and aches, external or internal, acute or chronic, and as a pain destroyer is without a single successful rival.

An Historical Fact.—Every agent who has been steadily selling the improved \$20 Homestead Sewing Machine for three years, owns his dwelling house, has a good account in bank, is clear of debt, and has money at interest, the natural consequence of securing a good agency for superior goods at the lowest prices. A good first-class sewing machine, most useful—reliable at all times, easy to understand and control, the same size and does the same work as any machines that sell at four times the price. There is no machine at any price better, or that will do finer or more work, and certainly none so low in price by many dollars. The Homestead is widely known and used in thousands of families in the Eastern and Middle States, and daily becoming popular in the West. It will save its cost several times over in one season, doing the work of the family, or will earn four or five dollars a day for any man or woman who sews for a living. It is the strongest machine made, is ready at all times to do its work, makes the strongest and finest stitch yet invented, and is acknowledged as the Standard Family Machine. Price, complete for domestic use, \$20. Delivered at your door, no matter how remote your residence. Business permanent and honorable, with more certain and rapid sales, and larger profits than any other. Extraordinary liberal offers made to local or traveling agents where we have none established; or, if there is no agent near you, send your order direct to the factory. Address John H. Kendall & Co., 425 Broadway, New York. 220y1c.
