

The Slave Mart.
Going! going! gone!
Who bids for the mother's care,
Who bids for the blue eye girl?
Her skin is fair, and her soft brown hair
Is guileless of a curl.
The mother clasped her babe
With an arm that love made strong;
She leaved no sigh, but her burning eye
Told of her spirit's wrong.
She gazed on the heartless crowd,
But no pitying glance she saw,
The crushing weight, her soul must know
Was sanctioned by the law.
"Going! gentlemen! going!"
The child is worth your bids,
Here's a bargain to be sold;
This chubby thing will one day bring
A pile of yellow gold.
"A dollar a pound," cries a voice,
Hoarsely from out of the throng;
Two, three, five it calls, and the hammer falls;
Five dollars, gentlemen, gone!
Five dollars a pound—and his child,
Just stretched to grasp the gold,
Is smitten aside by the giant might
Of a maniac mother, wild.
One moment, and the loaded whip
Is poised above her head,
Then down it comes on her helpless frame,
Like a crushing weight of lead.
With a tightened grasp on her kidnapped child,
She falls to the cold ground;
The body was laid on the scales and weighed,
And sold for five dollars a pound.
And the eyes of the sun look down
Unfathomable on such scenes of sin,
And the freeman's tongue must be chained and
Though his spirit burn within. (dumb,
Oh God! for a million of tongues,
To thunder Freedom's name,
And to stir a cry which should pierce the sky,
The indignant cry of shame!
Our eagle's talons are red
With the reeking blood of the slave
And he kindly flings his protecting wings
Over the sight of Freedom's grave.
How long, O Lord, how long!
Awake in thy mercy and might,
But hasten the day which shall open the way
To Truth, and Justice and Right.

[From the Philadelphia Press, Oct. 15]
Forney's view of the Result in Pennsylvania.
Governor Paeker received one year
at a time when the original Kansas
key of Mr. Buchanan was being
duly carried out by Governor Wad-
z, a majority of about forty thousand
the Democratic candidate for Gov.
of Pennsylvania. Now, John M. Read
the opposition candidate for Supreme
Judge, has received a majority, which
from present indications, will not be
less than 60,000. One short year has
effected a change of 100,000 votes in
the relative position of the two leading
parties in the State. In 1856; fifteen
Democrats were elected to Congress;
now only two or three Administration
lates have escaped defeat. To
nces can we attribute this as-
and unprecedented revolution
al sentiment? "Local causes,"
ly suggested by
of the Administra-
tion? The issue is stamped with ab-
surdity upon its face. The Tariff.
The question of protection has deeply
interested our people; and there is
an earnest feeling on the subject, but
how did that of itself, defeat the ad-
ministration candidates? They were
vociferous throughout the whole can-
vass in their expressions of devotion
to the doctrine of protection, and bold-
ly claimed that they were the best tariff
candidates before the people—that they
could and would obtain more desirable
legislation of Pennsylvania interests
than their opponents. Nay, more; a
leading argument urged against the
People's Party was based on the false
assertion that their nominee, Mr. Read,
signed a letter commending
"Dallas for his vote in favor
of 1846. So far as pro-
tection, there were never a

every Democrat who would not
refuse his manhood, violate his
aged faith, and betray a principle
to him as any lever cherished

a mere hewer of wood and drawer of
water in the ranks of his party, while
heartless and corrupt demagogues were
loaded with rewards and honors. Be-
cause, while the Democracy of Penn-
sylvania were invoked to sustain the
men who had betrayed, vilified, and
persecuted them, merely because official
agencies had secured their nomination,
the gallant Senator of Illinois and his
band of devoted friends, who were
clothed with all the sanctity that regu-
lar nominations could give, were, for
their honest adherence to a great prin-
ciple, being hunted down with fiendish
fury by the Danite agents of the
Administration, paid with the money of
the Federal Treasury. Because such
interference by the agents of the cen-
tral power at Washington in the elec-
tions of a sovereign State is one of the
grossest outrages that could be perpe-
trated upon a free people, threatening
as it does, if applauded and endorsed,
to undermine the whole basis upon
which our liberties are founded, and
because it therefore demanded a stern
rebuke.
Because we had in our very midst,
as the representatives of the Adminis-
tration, Bigler and Jones, two of the
men who have been most active in in-
stituting the unholy war upon the great
champion of Popular Sovereignty.
Because, if the surmise of Gov. Walker
that the first year of American mono-
archy and despotism had been inaugu-
rated was correct, it was resolved that
Pennsylvania, at least, the home of the
man who had established it should de-
nounce it in terms that could not be
misunderstood by any one.
She has done so; and we believe that
even tens of thousands of those who
protestingly voted for the defeated
candidates from a love for the organiza-
tion, while they detested the principles
which for the time it represented, rejoice
with the great body of the nation over
the result, much as they regret that
the misconduct of a faithless Administra-
tion has given rise to such a feeling.

HARDWARE,
BY
SPRAGUE & HAWKS.
THE UNITED STATES,
A New Patent Elevated Oven
COOKING STOVE
ON AN ENTIRELY ORIGINAL PRINCIPLE.
ON this valuable invention we do away with all
the objections ever made to the elevated Oven
Stove. The pipe enters at the bottom of the oven,
in fact forming a part of the oven itself, and in
this means we are enabled to regulate the baking
and cooking in any other stove what we
ever made. We have but one damper to it,
which has three wings never liable to get out of
order, and is patented. It turns the damper
one way we force all the heat and flame under and
up the back of the oven over the top, and thence
down in front, and enters into the flue and
passes off the curvatures in the bottom of the oven,
which requires the heat to descend, and hugs the
oven during the cooking. Reversing the same
damper, we totally exclude the gutters, and
the heat, all passing into the flue direct, without
ever reaching the oven. This simple and beauti-
ful arrangement needs no further
recommendation from us. The pipe being thus
located, the stove can be set close to the wall or
slightly from the wall, with a small pipe or flue
passing over the wall, the pipe being so far from
the wall as not to injure it, the stove, so set,
will burn less than ordinary square or dividing
fire stoves.

HOWARD ASSOCIATION,
Philadelphia.
A Benevolent Institution established by special En-
dorsement for the Relief of the Sick and Dis-
tressed, afflicted with Venereal and
Syphilitic Diseases.
THE HOWARD ASSOCIATION, in view of the
awful destruction of human life, caused by
Syphilitic diseases, and the descriptions printed upon
the unfortunate victims of such diseases by Quacks,
several years ago directed their Consulting Sur-
geon, to open a Dispensary for the treatment of this
class of diseases, in all their forms, and to give
MEDICAL ADVICE to all who apply by
letter, with a description of their condition, (age,
occupation, habits of life, &c.) and in cases of ex-
treme poverty, to FURNISH MEDICINES FREE
OF CHARGE, and to send them to the afflicted.
The Association commands the highest Medical skill
of the age, and will furnish the most approved med-
icinal treatment.
The Directors, on a review of the past year, feel as-
sured that their labors in this sphere of benevolent
effort have been of great benefit to the afflicted,
especially to the young, and they have resolved to
devote themselves, with renewed zeal, to this very
important and most despicable cause.
An admirable Report on Syphilitic venereal, or
Venereal Weakness, the vice of Onanism, Mastur-
bation, or Self-abuse, and other diseases of the
sexual organs, by the Consulting Surgeon, will be
sent by mail, enclosed in a sealed envelope, FREE OF
CHARGE, on the receipt of TWO STAMPS for
postage. Other Reports and Tracts on the nature
and treatment of these diseases, diet, &c., are
constantly being published for gratuitous distribu-
tion, and will be sent to the afflicted. Some of the
new remedies and methods of treatment discovered
during the last year, are of great value.
Address, for Report or Treatment, Dr. GEORGE
R. CALHOUN, Consulting Surgeon, Howard As-
sociation, No. 2 South Ninth Street, Philadelphia, Pa.

AYER'S
Ague Cure,
FOR THE SPEEDY CURE OF
Intermittent Fever, or Fever and Ague,
Remittent Fever, Chill Fever, Dumb
Ague, Periodical Headache, or Bilious
Headache, and Bilious Fevers, indeed
for the whole class of diseases origi-
nating in bilious derangement, caused
by the Malaria of miasmatic countries.
No one is so fully a leader called for by the
necessities of the American people than a sure
and safe cure for Fever and Ague. Such
we are now enabled to offer, with a perfect
certainty that it will eradicate the disease,
and with assurance, founded on proof, that
no harm can arise from its use in any quan-
tity.
That which protects or prevents this
disease must be of immense service in the
communities where it prevails. Prevention is
better than cure, for the patient escapes the
risk which he must run in violent attacks of
this baleful distemper. This "Cure" expels
the miasmatic poison of Fever and Ague from
the system and prevents the develop-
ment of the disease, if taken on the first ap-
proach of its promontory symptoms. It is
not only the best remedy ever yet discovered
for this class of complaints, but also the
cheapest. The large quantity we supply for
a dollar brings it within the reach of every
body; and in bilious districts, where FEVER
AND AGUE are so prevalent, it is a most
valuable remedy both for cure and protection.
It is hoped this price will place it within
the reach of all—the poor as well as the rich. A
great superiority of this remedy over any
other is its safety. It is perfectly innocuous,
and does not produce any of the deleterious
effects of Quinine or mineral, consequently it pro-
duces no quinine or other injurious effects
therein upon the constitution. Thus cured
by it are left as healthy as if they had never
had the disease.
Fever and Ague is not alone the consequence
of the miasmatic poison. A great variety of
diseases arise from its action, among which
are Neuralgia, Rheumatism, Gout, Headache,
Blindness, Toothache, Earache, Catarrh, Asthma,
Palpitation, Painful Affection of the
Spleen, Hysterics, Pain in the Bowels, Colic,
&c., and a host of other diseases. It is, there-
fore, a most valuable medicine, and should be
in the hands of every family. It is a most
valuable remedy for the malarial districts,
and for persons traveling or temporarily
residing in the malarial districts. If taken
occasionally or daily while exposed to the in-
fection, that will be exerted from the system,
and cannot accumulate to any extent, and
to ripen into disease. Hence it is even more
valuable for protection than cure, and few will
ever suffer from Intermittents, if they avail
themselves of the protection this remedy af-
fords.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC,
as so supposed that disease within the range of
their action can rarely withstand or evade them.
Their penetrating properties search, and cleanse,
and invigorate every portion of the human organ-
ism, and clear its diseased action, and restore
its healthy vitality. As a consequence of these
properties, the invalid who is bowed down with
morbid or physical debility is enabled to find his
health or energy restored by a remedy at once so
simple and invigorating.
Not only do they cure the every-day complaints
of every body, but also many formidable and
dangerous diseases. The agent below named is
entirely free from the deleterious effects of
containing certifiers of their cures and directions
for their use in the following complaints: *Catarrh
of the Bowels, Headache, Pain in the Stomach,
Stomach, Nausea, Indigestion, Pain in the
Stomach, Jaundice, Flatulency, Loss of Appetite,
and all the affections of the bowels, and
 arising from a low state of the body or obstruction
of its functions. They are an excellent alterative
for the removal of the blood, and the restora-
tion of tone and strength to the system debilitated
by disease.*

GOOD GOODS!
CHEAP FOR CASH OR PROMPT PAY!
Our Countrymen, (not Queen Victoria,) wish to know where they can get the

The undersigned take pleasure in presenting to
the people of Dowagiac and surrounding towns our
positive assurance (not James Buchanan's opinion) that
we are prepared to offer

AT LOWER RATES
Than can be found elsewhere in the County.
THE REASON WHY.
In consequence of being prepared to accommodate
our good prompt credit customers, (and many
of them have helped us through some close pinch-
es, which we appreciate,) together with our ready pay-
ing customers,
IT MAKES OUR SALES LARGER!
And consequently a smaller per cent. on large
sales will pay our expenses; and it will also re-
lieve the farmer and prompt paying man from the
necessity of laying up for months an amount of un-
certainty currency to meet their daily expenses. No
man wants from one to two hundred dollars laying
up for months, and then to pay for it, and to be
and secure against failure. And were it for the
credit system, many of our farmers would not own
their farms, and but few merchants would be able
to sell goods for cash or credit either. But, cus-
tomers, give us
