Molassas Pie.-Take nine table poonfuls of molasses, six table spoonfuls of good vinegar, one and a half table spoonfuls of flour, a small piece of butter, a few slices of lemon or grafed lemon peel; cover it with a rich paste. This is decidedly the best substitute for apple pie.

Ralph T. Stocking, lately a resident of this village, has become publisher of the Tecumseh Herald. The Herald is now printed on new type throughout, and makes a very fine appearance. Mr. Stocking was formerly publisher of the same sheet. We wish him and the Herald all manner of success.

THE PRINTER .- The May number of this welcome publication is on our table. A new volume commences with this number, and we notice that the publisher has availed himself of this event to "come out" in an entire new dress. The Printer may now be considered one of the permanent "institutions," and we are certain that every typo who has been fortunate enough to receive this valuable publication the past year, will bail the announcement with joy. Published by John Henry, New York.

THE FOURTH.-The Anniversary of the Declaration of our National Independence, is near at hand, and as yet we have not heard of any preparations being made by our citizens for its ervance. Other places are moving in the matter, and why cannot the citizens of Dowagiac unite in celebrating the day with becomeing festivities? It is an occasion that demands other tribute at our hands, than fire crackers and squibs. Let us turn saide from our usual occupations, and commemo-rate the event with a spirit that shall evince that we are not unmindful of the many political, and social blessings we enjoy.

DETECTING PHOTOGRAPHIC COUN-TERFEITS.-A reliable means of detecting photothe counterfeit notes in circulation are photographs is the application of cyanide of potassium, which may be purchased at a trifling cost of any druggist, may be purchased at a trifling cost of any druggist, and can be kept in a small wide-mouthed bottle. If a bill is suspected, wet slightly any printed portion of it, and touch it with a piece of cyanide. If it should be a photograph the paper will turn white, and, in fact, the surface of the whole note can be made white by this process. If the note is not photographed, this operation has no effect.

HOW TO MAKE A PLEASANT SUMMER Dank.—Two gallons of ginger beer may be made as follows: Put two gallons of cold water into a not, upon the fire; add to it two ox. of good ginger, and two pounds of white or brown sugar. Let it boil, and continue boiling for half an hour. Then skim the liquor, and pour into a jar or tub, along with one sliced lemon and half an ounce of cream of tartar. When nearly cold, put in a tencupful of yeast to cause the liquor to work. The beer is now made; and after it has worked for two days, atrain and bottle for use. Tie the corks down

HERRICK'S SUGAR COATED PILLS THIS remarkable American remedy is carrying the world by storm. Over five millions of boxes are sold annually. Composed entirely of Flowers, Roots, Balsams and extracts, their effect on the human system is pleasant, satisfactory and successful. Acting directly on the blood, glands, solids and fluids of the body, their use is attended with the happiest effect. In sudden attacks of disease one or two doses always curse. In old standing cases of sickness, small doses—repeated frequently—so cleanse the system, that good health is the result. No change in employment or diet is necessary. They never cause sore mouths swelled joints, aching limbs, etc., as do meny other kinds. They are warranted to give satisfaction, or the price will be refunded. They are considered cheaper, safer, prettier, and in all respects superior to any purgative pill in the swell. The discovery of conting a pill with sugar emanated with Dr. Herrick.
