The Law of Newspapers.
1. Subscribers who do not give express notice to the contrary, are considered as willing to continue their subscriptions.
2. If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrears are paid.
3. If subscribers neglect or refuse to take their papers from the office, they are held responsible until they have settled their bills and ordered the paper discontinued.
4. If subscribers remove to other places without informing the publisher, and the paper is sent to the former direction, they are held responsible.
The Courts have decided that refusing to take a paper from the office, or removing and leaving it uncollected for, is prima facie evidence of intentional fraud.

CAMP WILCOX.—The camp of the nineteenth regiment at this village has been christened by Col. Gilbert "Camp Wilcox," in honor of Gen. Wilcox, of Detroit. We understand that the regiment is to be mustered in to-morrow, Friday, when we presume the arms and clothing will be distributed.

PROMOTIONS.—In the 6th Regiment of Infantry, the resignation of Col. Cortis, has been filled by the appointment by Gov. Blair, of Lieut. Col. Clark, as Colonel; Maj. Bacon, as Lieut. Colonel, and Capt. Charles E. Clarke, of this village, as Major. Their commissions have probably reached them before now.

PUTTING ORDER NO. 3 IN PRACTICE.
—On Wednesday night of last week, Col. Gilbert caught two prostitutes from Kalamazoo, who were here under the protection of a fellow named Shear, prowling about the camp. He at once ordered them placed in the Guard House during the night. The next morning they were taken out, and, with their champion, placed in a wagon and drummed out of town. This is the best application of order No. 3 that we have yet heard of, and Col. Gilbert is entitled to the thanks of this entire community for his prompt discharge of it.

The recent destructive battles will call upon the people of the country for a large amount of hospital supplies—much larger we apprehend than are immediately available in the stores. This should at once stimulate our Soldiers' Aid Societies to increased activity all over the country. This State will again need to look after our brave soldiers. It would seem that at least six, and perhaps seven, of our infantry regiments, and one cavalry, have borne part in the recent engagements. It is far better to anticipate the wants that may arise than to wait until the demand for them becomes actual, and the wounded be compelled to wait and suffer while they are being supplied.

MICHIGAN STATE AGRICULTURAL SOCIETY.—We have received from the Secretary of the State Agricultural Society a Premium List and Rules and Regulations of the 14th Annual Fair of the Michigan State Agricultural Society, to be held at Detroit, September 23d, 24th, 25th, and 26th. By it we perceive that ample arrangements have been made for one of the best Fairs ever held in the State. The agricultural, mechanical and manufacturing interests of the State should not suffer for want of interest during the war. Those having the State Fair in charge should foster these interests, and everything shows that they have so determined to do. Labor saving machinery will be more in demand than ever. The Executive Committee hope to call out a show in this department exceeding anything ever before exhibited. We hope that all sections of the State will be well represented.

UNION SCHOOL.—The fall term of the Dowagiac Graded School commences on Monday next. The school is still to be under the charge of J. A. Banfield, as principal, assisted by an able corps of teachers in the various departments. The fact that Mr. Banfield is about starting upon his second year, in this school, is evidence that he understands his business, and has given very general satisfaction. Our school is now in a high state of popularity and prosperity, and superior inducements are offered to scholars from abroad. We hope to see a large attendance during the coming year.

Algebra and Geometry, History and Philosophy, French and Latin, will be taught as heretofore, and the requisite facilities will be given to all who wish to pursue these studies, as well as the English studies commonly taught in schools.

NEW ELEVATORS.—In addition to the present extensive facilities in Chicago for receiving grain, we learn that two first-class Elevators are being built on the South Branch of one of our leading warehouse firms, to be completed in a few months, and to be furnished throughout with the most approved machinery, including twenty-three of Fairbanks' 200 bushel Flour Scales, which is a sufficient guarantee that correct weights will be given. Besides these, the Messrs. Fairbanks have set in this city a little more than a year, about seventy 500 bushel Flour Scales and a dozen or so smaller ones, making over a hundred in all. So perfect is the machinery, that each scale may be loaded and unloaded in ten or twelve minutes, which gives some idea of the enormous amount of grain which may be weighed upon them all in a single day. Let the Farmers of the Northwest raise their immense crops of grain, and the railroads and canal transports it to Chicago; there is no doubt but our means for receiving, storing and shipping it will keep pace with the demand.—Chicago Evening Journal.

THE WORLD'S HORSE FAIR.—The Michigan Central Railroad, in order to accommodate persons wishing to attend the World's Horse Fair, now being held in Chicago, have placed the fare at sixty per cent. of the usual rate. To enable a person to thus reduction, however, tickets must be purchased on the first two days of each week of the fair. They will be good to return at any time during the fair, and on Sunday, the 14th inst., provided they are endorsed or stamped by the Secretary of the Fair.

Desperate Fight near Richmond, Ky.
Our troops driven back to Lexington by a heavy Confederate force.
CINCINNATI Aug 31st.—On Friday afternoon the rebels beyond Richmond, Ky., drove in our cavalry. Gen. Mansson with the 71st Ind., moved up and after throwing a few shells, the enemy retreated rapidly beyond Rogersville leaving one gun behind. Mansson bivouacked for the night.

Saturday morning, Mansson advanced with two regiments and four guns, coming up with the enemy an artillery fight began, with heavy loss on both sides. The enemy attempted to turn our left flank, when sharp firing occurred between the skirmishers. The Eight Indiana advanced through a dense fire of shot and shell to the relief of our skirmishers, and behaved like old soldiers, but the rebels finally turned our left flank, and advanced in full force on our column. Mansson then ordered a retreat, and fell back three miles, reformed his line of battle on the hills, and got his artillery in position on the right and left flanks.

The firing by artillery recommenced, and was kept up briskly on both sides. After fighting about two hours, the enemy advanced on our right flank, under cover of the woods, and after severe fighting succeeded in turning it. A retreat immediately took place to the original camping ground. Here Gen. Nelson came up and after great efforts, succeeded in rallying the men and formed another line of battle. Our artillery and ammunition was already exhausted and some guns were left without a man to work them, all having been killed and wounded.

Nelson was wounded about 3 P. M. when the men again fell back, retreating to Lexington. The enemy's force numbered from 15 to 20,000. The Federal force engaged were the 95th Ohio, 12th, 16th, 68th 69th 71st Indiana, and Metcalf's and Lumley's cavalry. The loss in killed is heavy on both sides. The number is not yet known. Lieut. Col. Topping and Maj. Kunkle of the 71st Indiana are both killed.

General Wright left this morning to take the field. General Wallace leaves to-night to join him. A large number of regiments are en route for Lexington. Lexington, Ky., August 31.—Surgeon McDonald reached the city this morning from Richmond, and reports 125 killed, and 350 wounded in yesterday's battle. He obtained permission from Gen. Kirby Smith to come here for a supply of medical and hospital stores. Lieut. Colonel Stout, Col. McMillan, Major Brumback, and 25 others of the 95th Ohio are wounded. Major Conklin is wounded, and Col. Luce is killed. An equal number of the Confederates are killed and wounded.

ADVERTISING.
There is no doubt that the great lever in the extension of a business, in these no-peace times, is advertising; but the immense popularity of that celebrated remedy for Dyspepsia, Liver Complaint, Nervous Debility, &c., *Hoffland's German Bitters*, is not so much owing to the fact that it has been extensively advertised, as it is to the great merit of the article.

A worthless medicine may, through publicity, acquire a short-lived notoriety, but it requires the basis of *truth*, in order to maintain itself for any considerable length of time. *Hoffland's German Bitters* has been known to the American public for more than ten years; each day adding some new proof of its virtues and great curative properties. These Bitters are for sale by all druggists and dealers in medicines, at 75 cents per bottle.

A Practical Guide to Health and Vigor.
THE NEW GYMNASIUM, FOR MEN, WOMEN, AND CHILDREN.
With a translation of Prof. Kloss's Dumb Bell Instructor and Prof. Schrober's Pongymnasticon.
BY DIO LEWIS, M. D., Proprietor of the Essex Street Gymnasium, Boston
Three Hundred Illustrations.
One Vol. 12mo. Price \$1.00.

NO recent Magazine paper has excited more general interest than the article in the August Atlantic, on "The New Gymnastics." The present work is a complete exposition of the system of which that article gave a brief description. The author of this work has been for many years engaged in teaching Gymnastics. The book describes and illustrates the New System of Pongymnastics. This system has had the practical test of long and varied use. It comprises exercises with Dumb Bells, Rings, Wands, Clubs, etc., all of which are made perfectly clear by full explanations, while many are illustrated by pictorial representations of the position of the body required to perform them. The Dumb Bell Instructor, connected with this work, is of the highest interest and importance. It is designed for home use, and contains a carefully selected progressive series for every day practice. The PONGYMNASTICON is a very simple, useful, and cheap piece of gymnastic apparatus, upon which all gymnastics may be performed, and which can be introduced, at small cost, into any private house. It is fully described and illustrated by the author.

DOWAGIAC GRADED SCHOOL.
THE next term of this Institution will commence
SEPTEMBER 8th, 1862.
It will continue under the superintendence of Prof. J. A. Banfield during the coming year, and no pains will be spared on his part or on the part of the School Board to make it deserving the patronage of Cass County and adjoining localities.

Young gentlemen wishing to fit themselves for the State University, and young ladies wishing to learn the Languages, will here find ample facilities for pursuing the Latin, Greek, French or German. Young ladies and gentlemen wish to learn in our public schools will find in the BEST METHOD of teaching all branches, from Primer to the Higher Mathematics, and given an opportunity to practice under the direction of experienced teachers. Nearly one hundred dollars worth of books have been recently purchased as the foundation of a valuable library, and the friends of our children are invited to the fact that we are making a collection of Specimens in the different branches of Natural History—Geology, Botany, and Zoology. Board can be had in private families at the lowest rates, and rooms can be rented by those wishing to board their children.

THE GREAT REAPER TRIAL.
MR. IRA BROWNELL, Agent, hands us the following certificates of the excellence of the **CAYUGA CHIEF**, as demonstrated at the recent State Trial of Mowers and Reapers, held at Dixon, Illinois, at which there were over thirty different Machines.

The Machine used at the trial was subsequently purchased by W. H. O'BRIEN, President of the Illinois Central Railroad Company, one of the most extensive farmers of that State.

Having fully examined the work done by the different machines, I am convinced that the **CAYUGA CHIEF** has cut the grain with the greatest saving, and delivered the grain in the best condition for binding than any other Machine.

NATURE'S OWN REMEDY!
One Million Boxes Free to the Sick and Afflicted!

A Cure For All Without Price!
DOCTOR Halsey's Forest Pills
THE FOREST PILLS neither gripe nor weaken the system. This is because they contain no deleterious drugs or minerals, but are extracts of plants which are as wholesome as the food we eat. A CURE IS CERTAIN, and they cure without weakening the system or affecting the bowels but slightly, except in full doses, when they purge thoroughly, but without gripping pains, or producing weakness.

IT IS FULLY to use gripping, drastic purgatives; such drugs weaken and destroy the tone of the stomach and bowels. Never weaken the system. The stronger the vital functions, the more power have they to throw off disease when assisted by a good medicine.

MILLIONS OF BOXES
OF THE FOREST PILLS have been used, with the most happy results. Letters and certificates from every part of the Union and British Colonies, testifying to the good effects, and the cures of thousands from their efficacy, have been received. READERS! I never knew a single instance where the FOREST PILLS have been taken according to the directions but they produced the most decided benefit. Even in old cases of constipation, and the patient persevered in them for a reasonable length of time, they have effected a cure in every instance which has come to my knowledge. It would be understood that the FOREST PILLS are not made from common drugs, as all other pills are, but that they are prepared from the medicinal virtues of certain plants, which assist in purging the blood as food does the body. I will mention, for example, three of these plants, which are well known: **WAXWOOD, YELLOW DOCK, and SASSAPARILLA.** The others are found growing wild in the forests, and their medicinal properties are ten times more efficacious than any of the above named. Were it not for making known the secret of a valuable discovery, I would not hesitate to give their names. Suffice it to say, that the medicinal efficacy of one of these was discovered from its cure of a horrible case of Scrofula in about three weeks' time.

100,000 Boxes Gratis!
A BOX FOR EVERY INVALID IN THE UNION, FREE OF CHARGE.
FIVE THOUSAND BOXES FOR THIS COUNTY.—Every family or individual afflicted with any complaint or sickness whatever is welcome to a box of these Pills, GRATIS, by calling for them on any of my agents in the County, at any time before the gift boxes are all gone. But after the quota for the County has been given out, no more can be given away, but the agents will procure a supply of the Pills to keep on sale, at the usual price of 25 cents per box.

READERS! If you take the Forest Pills in the early stage of your disorder, no other remedy will be necessary. Nevertheless, it should be understood that if your disorder has assumed a chronic form, so much so that it does not yield readily to the efficacy of the Pills, depend upon it that the recuperative principle is very low, and the Forest Wine, in conjunction with the Pills, must be taken to invigorate and strengthen the torpid functions.

If you have **ULCERS OF THE STOMACH**, the Pills must be used on the part affected, while the Pills exert their inward efficacy. Or, if your complaint be **HEMATEMESIS**, the Pills must be applied externally to scatter the pain, while the Pills act to banish the disorder from the system. (See Circular.)

My object in giving out gratuitously this immense quantity of these Pills is that every invalid, whether rich or poor, male or female, may get a remedy which, in nine cases out of ten, will cure the disease. These Pills are made from the best of the most purest and most wholesome ingredients, and are not a circular form from the least of the most purest and most wholesome ingredients, and are not a circular form from the least of the most purest and most wholesome ingredients.

OLD FRIENDS
IN THE RIGHT PLACE.
HERRICK'S SUGAR COATED PILLS.

THE BEST FAMILIAR CATHARTIC in the world, used twenty years by five millions of persons annually; always gives satisfaction; contains nothing injurious; is palatable; is the principal physician and surgeon in the Union; and is coated with sugar.

Large boxes 25 cents; five boxes 12 cents; and one box 6 cents. Full directions with each box.

DR. HERRICK, Albany, N. Y.
Doctor—I write this to inform you of the wonderful effect of your Sugar Coated Pills on my elderly daughter. For three years she has been afflicted with a bilious derangement of the system, and impairing her health, which has been steadily failing during that period. When in New York in April last, a friend advised me to test your Pills. Having the full confidence in the judgment of my friend, I obtained a supply of Messrs. Barnes & Park, Druggists, Park Street, New York. On returning home, we ceased all other treatment and administered your Pills, one each night. The improvement in her feelings, complexion, digestion, etc., surprised us all. A rapid and permanent restoration to health has been the result. We need less than five boxes, and consider the Pills well. I consider the above a just tribute to a Physician, and trust it will be the means of a cure to many to adopt your Pills as their family medicine.

I remain, dear Sir, with many thanks,
S. G. MOONSHAW.
Herrick's Kid Strengthening Plasters cures in five hours, pains and weakness of the breast, side and back, and Rheumatic complaints in an equally short period of time. Spread on a moistened piece of flannel, and apply to the affected part. The Plaster is made of the finest materials, and is so constructed that it wears for one week to three months. Price, 18c. cents. Herrick's Sugar Coated Pills, and Kid Plasters are sold by Druggists and Merchants in all parts of the United States, Canada, and South America, and may be obtained by calling for them by their full name.
